Rev. Erbaugh, 58 Brethren Church Pastor, Stricken

Rev. Orion Erbaugh, age 58, pastor of Church of Brethren, died suddenly of a heart attack at 5:30 p. m. Saturday, Dec. 16, while he and his wife were making a pastoral call at the home of Mr. and Mrs. Kermitt D. Foster, 202 Eaton Ave., Hamilton, Ohio.

Rev. Erbaugh was born in Montgomery county, Ohio, April 18, 1885, the son of Samuel and Barbara Bookwalter Erbaugh. He was actively engaged as a building contractor some years ago, but more recently had followed the calling of a minister.

For the past 10 years Rev. Erbaugh served as pastor of the Constance Church and for the last two years served both the Church of the Brethren in Constance and Hamilton, Ohio. He had been on the Southern Ohio District Mission Board for 16 years, and for a number of years was chairman of the school board of Madison Township.

Rev. Erbaugh leaves his widow, Omy Kuns Erbaugh, whom he married January 11, 1911, one son, Richard Erbaugh, Chicago, Ill., a granddaughter, Barbara Jo Erbaugh, three brothers Rev. Clarence Erbaugh, New Lebanon, Ohio; Charles Erbaugh, New Lebanon, Ohio; and Howard Erbaugh, Dayton, Ohio.

Services were held at 1:30 Tuesday afternoon, Dec. 19, at the Robert L. Klaus funeral home and in the Church of the Brethren, Webster Ave. and E. Street, Hamilton at 2 o'clock. Burial was in the family lot in Bear Creek Cemetery, Montgomery County.

REVENUE MAN TO VISIT BOONE CO.

JANUARY 12 THROUGH 13 FOR PURPOSE OF ASSISTING IN PREPARING JANUARY 15TH DECLARATIONS.

Collector of Internal Revenue, S. R. Glenn, announces that a deputy from his office will visit Burlington January 12 through 13th for the purpose of assisting farmers in preparing their January 15 declaration returns or final returns. The time for farmers to file was extended from December 15 to January 15 in order that farmers could file their final returns by January 15 and would be relieved of filing a declaration return in December. The farmers will have the option of filing a final return by January 15 or filing a declaration return by January 15 and final return by March 15. Other taxpayers who should have filed an amended declaration can file a final return if they elect to do so. Mr. Glenn says that the new revenue act is in many particulars different from the laws previously in effect. Special attention is called to farmers who will be required to file the declaration returns by January 15 or final returns, if 80 percent or more of their gross income is from farming activities, and their income is sufficient from this source to require the filing of an income tax return.

The collector says that the many changes made cannot be explained in a short notice, but that his deputy is familiar with the law and is being sent here to be of real service to the taxpaying public. The service is absolutely free. Collector Glenn urges the taxpayers of this county to see the deputy and let him help them with their income tax problems.

James Patten, of Cincinnati, announces the engagement of his granddaughter, Miss Jessie Patten, to Juby Huey, son of Mr. and Mrs. Joe Huey, of Burlington. The wedding will be an informal affair.

Bert Layne and His Hill Billy Roundup

BOONE COUNTY TWO INJURED IN CRASH ON U. S. 25

LACERATIONS ABOUT FACE AND HEAD SUFFERED BY EMMA L. CARROLL AND RALPH E. HABERFIELD.

The Boone County Christmas Seal Sale is far short of the goal set at \$800.00, according to a report made to this paper by R. V. Lents, chairman of the committee in charge of the sale. It was reported that only 28 percent of the letters answered contained favorable replies, 25 percent returned the seals, and 50 percent kept the seals without paying for them.

All the schools have not as yet reported and this is expected to raise the sale of the seal considerably. A full report will be given in this paper as soon as it is available.

Mr. Lents further stated that it is not too late to send your check to him.

Spends Christmas Vacation At Home

Cadet Charles Patrick, Burlington, R. I., spent the Christmas vacation with home folks. He is attending Riverside Military Academy of Gainesville, Georgia.

Cpl. Marvin R. Porter, of Langley Field, Va., is enjoying a 15-day furlough with his parents, Mr. and Mrs. George Porter, of Burlington.

Chief Petty Officer J. M. Smith of Tallahassee, Fla., spent the Christmas holidays with his parents Mr. and Mrs. J. G. Smith, of Burlington. His wife Mrs. Marjorie Smith and daughter Madge, accompanied him.

Smith was a recruiter in charge of the U. S. Navy Recruiting Substation in Covington for a year, leaving in October, 1943, to serve in a similar capacity at the Navy recruiting substation in Tallahassee, Fla. He was recently promoted to the rank of Chief Petty Officer.

Cpl. James Gayle Smith, stationed at Topeka, Kans., with AAF, spent part of the holidays with his parents, Mr. and Mrs. Earl Smith, of Burlington.

Ted Cress Purchases Half Interest In Firm

Ted Cress purchased a half interest in the business of his father Calvin Cress, of Burlington, last week.

Mr. Cress and his son will continue to serve the public in the same manner as in the past. They will maintain the dealership for McCormick-Deering farm equipment and are anxious to serve the farmers of Boone County.

Ted, junior member of the firm has been employed by his father for many years, and is well acquainted with the needs of this section.

Roy W. Carpenter

Funeral services for Roy W. Carpenter, 1104 E. Fifth St., Covington, a former resident of Boone County, were held at 2:30 p. m. Tuesday at the Tallahassee funeral home, Erlanger. Burial was in the Carpenter Cemetery, Richmond.

Mr. Carpenter died Saturday at his home after a brief illness. He was 59 years old.

He is survived by his widow, Mrs. Mary Doan Carpenter; a daughter, Miss Rowena Carpenter, Covington; a son, Louis Carpenter, Covington; and two sisters, Mrs. R. F. Deamoley and Mrs. Olive Readnour; a brother, Ralph Carpenter, all of Boone County.

CEILING PRICE ON CORN \$1.11 BU.

WHITE CORN IS FIFTEEN CENTS HIGHER PER BUSHEL THAN SAME GRADE NO. 2 YELLOW PRICES SET BY OPA.

The OPA advised the County Agent's office the past week that the present corn ceiling price in Boone County on the farm based on No. 1 and No. 2 shall corn is \$1.11 per bushel. White corn is 15 cents per bushel higher than the same grade No. 2 yellow corn. Additional mark-ups are listed as follows:

For locally-grown corn, if delivered by the producer elsewhere than on the farm where grown, 1 1/2 cents per bushel may be added to the farm price prevailing in the county in which delivery is to be made.

A wholesaler (selling in 100 quantities) may add 4 cents per bushel over his net cost if corn is purchased by him, or only 2 1/2 cents per bushel if not so purchased. Only one wholesale markup is permitted.

A retailer (from a store) may add 11 cents per bushel over his lawful net cost, or any other sale at retail other than by a trucker merchant, paragraph 17-8 cents per bushel may be added.

Plus, for wholesale or retail sales, transportation to buyers receiving point:

(a) If transportation services are hired, the amount paid for such services.

(b) For distances less than 100 miles in own truck, for car or snapped corn, 6 cents per cwt. for the first 5 miles plus 2 cents for each additional 5 miles or fraction thereof. For shelled corn, 3 cents per cwt. for the first 5 miles plus 1 cent for each additional 5 miles or fraction thereof, or at retail only at option of retailer for distances less than 5 miles, \$1.00 per ton, or for distances over 5 miles \$1.50 per ton.

(c) For distances greater than 100 miles the lowest railroad freight rate between the rail points nearest the points of origin and destination, plus 3 percent federal freight tax, plus 5 cents per cwt.

Any seller may add 2 cents per bushel for sacking plus the value of the sacks used if sacks are supplied by the seller.

For corn originating at points out of the state and sold by "Trucker-Merchants," the maximum deliver price will be the sum of the maximum lawful price at the point of purchase plus transportation calculated in paragraph III, (b) or (c) above.

The Great Toe

N. TULCH
Foot Comfort Specialist at—
PEOPLE'S SHOE STORE
814-816 Madison, Covington

Do you know that the great toe supports the entire weight of the body for an instant, in the last act of walking?

The foot muscles acting upon the four lesser toes preserve the balance of the body by causing the toe to grip in the shoes, and in the last act of walking to give the final spring or "take off." By their attachment the toes flex at their first (hologone) joints and extend at their second and third

joints, so that the ends of the toes are pressed upon and grip in standing so as to form powerful propelling levers as the body swings forward upon the toes. Now, take off your shoes—and look at the bottom of your toes. In every case (there are few exceptions) you will see where the fleshy tissue on the bottom ends of the toes come to a point, from being forced tight together and in many cases the toes themselves lap over one another. This is positive evidence of ill fitted and ill shaped shoes. This continued distortion of toes in many cases leads to bunions. Hammor toes and other toe defects.

Lack of balance will cause you to walk incorrectly and create strain in other parts of the body, inducing fatigue, pain and more misery. NOT ONLY in the feet, but even in the back of the neck and headaches. Resolve right now to correct this condition.

It costs you nothing for a thorough analysis of your foot problems and difficulties. Remember you can't be HAPPY with UNHAPPY FEET.—Adv.

THE CHILDHOOD OF JESUS

LESSON TEXT—Matthew 2:1-23.

GOLDEN TEXT—Behold, I am with thee, and will keep thee in all places whither thou shalt go. Isaiah 41:10.

Matthew is the Gospel of the King and His kingdom. It stresses the fulfillment of prophecy in the coming of Christ, the King. After His rejection, it tells us of the Church, "the kingdom in mystery," and of the death of Christ for our sins, His resurrection, and His glorious coming again.

This then is an important book which we study for the next three months. Teacher and student alike should be enthusiastic and expectant.

The genealogy of the King, and the story of His coming to earth as the babe of Bethlehem (both important matters), are covered in chapter 1. In our lesson we find Him as a little child. Observe how man received Him, and how God cared for Him. Without assigning definite verses to our points we note that:

1. Men Received or Rejected Jesus.

It has always been so. Men, then as now, were either for Him or against Him. The world or today is far different from that of the first century, but the difference is all on the outside. Almost breath-taking have been the developments of modern science, but these have not changed the heart of man. He still fears and hates and fights and sins. His attitude toward Christ is unchanged. There are still only two classes of people in the world—those who have received Christ and are saved, and those who have rejected Him and are lost.

2. Men Are For Christ.

How do men show their rejection of God's Son? Just as they did at His birth, by:

a. Fear. Herod was afraid lest the coming of this One should result in the loss of his ill-gotten gains. His anger and fear made all Jerusalem afraid.

b. Indifference. When the Wise Men asked where Christ was to be born, the priests and scribes knew exactly where to find the facts in the Holy Scriptures, but having done so, they relapsed into utter indifference. They had no interest in the fulfillment of prophecy.

c. Hatred. Herod poured out the violence of his heart by killing the first-born. He was the first of many who have raged against the Christ in futile anger.

d. Sorrow. The tears of the mothers of Jerusalem but foreshadowed the weeping and wailing which characterizes Christ-rejection both in time and eternity.

3. Men Are For Christ.

Thanks be to God, there were those in that day who were for Christ and, like those who follow Him today, they showed:

a. Spirituality. Men have marveled that the Magi knew of the birth of Christ. They must have studied the prophecies of the Word and been responsive to the teaching and moving of the Holy Spirit. Can we say as much for our men?

b. Interest. Not content to know and to marvel, they shared the priests of Israel by their persistent interest in this great thing which had come to pass.

c. Love. They brought themselves in worship and they brought rich gifts from their treasures. You can give without loving, but you cannot love without giving.

d. Action. They came. They persisted until they found the Christ. Then they listened to God and protected His Son by not returning to Herod.

4. God Protected and Prepared Jesus.

The ruin which sin had brought into the world could only be met by redemption which Christ had come to bring. Some men had already shown their hatred for Jesus and His rejection of Him. But God still ruled, and for the sake of those who received Him (and would receive Him in all the centuries since), He kept the Child Jesus from harm. We find Him:

1. Protecting Jesus. Men may hate and seek to destroy God's Son. Satan may inspire them with ingenuity and cunning. But see how the Eternal One spoke to Joseph in dreams, how He prepared a place of refuge in Egypt and ultimately in Nazareth, where the boy Jesus might increase in wisdom and stature and favor with God and men.

2. Preparing Jesus. God knew of the days of public ministry which were ahead, and above all, of that day when on Golgotha's hill Christ was in His own body, to prepare salvation for you and for me. God is never taken by surprise. He moves forward to the completion of His plan with the stately tread of eternity.

He took Jesus to Egypt. He brought Him again to Nazareth. In it all He was preparing His Son for the days of ministry which were ahead. All this was in fulfillment of prophecy (Isaiah 15, 17). God's word is always sure.

THE BAT KNEW IT FIRST

By Rachel L. Carson

Radar, with its power to safeguard night-flying planes against crashes into mountainsides or collisions with other aircraft, is an old story in the world of nature. Its advantages were discovered by that odd creature, the bat, at least sixty million years ago. Ever

since the day when a small, mouse-like animal spread leathery wings and became the first mammal—and to date, the only one—to acquire the power of flight, the bat has been flying about the dark places of the earth and doing remarkably well about avoiding the trees, cliffs and buildings in its path. It escapes mishap by using a system that bears an uncanny resemblance to radar.

As everyone knows, radar detects approaching planes or other objects in the sky by filling the air with a series of high frequency radio waves, then receiving the echo that bounces back from anything in the path of the signals. The bat's method is very similar. Instead of radio waves, he sends out a staccato series of high pitched cries.

These are not the squeaks you hear as he flies overhead on a summer evening; the bat's radar

signals are pitched too high for human ears to hear—too high, perhaps, for the ears of any creature except himself. These super-sonic cries fill the space into which he is flying. They strike some object in his path. No matter whether it is as large as the side of a hill or as small as a single strand of wire, the signals are reflected or echoed back to his keen ears. The echo warns him to change his course and avoid collision.

This amazing system, antedating modern electronics by millions of years, has been revealed by two scientists working in the laboratories of Harvard University, Doctors Robert Galambos, now of the University of Rochester Medical School, and Donald Griffin. Every since 1794, when Spallanzani performed the first experiments on the flight of bats, researchers have been trying to explain the bats' ability to fly in complete darkness without accident.

After proving that bats do not depend on sight to dodge obstacles—blinded bats flew just as well as those that could see—Galambos and Griffin made an important discovery: the bats blundered helplessly if their ears were plugged or if their mouths were taped shut. To detect objects in their path, apparently they had to hear something. But what? Since they also required freedom to open their mouths, evidently they heard sounds they uttered themselves.

To discover whether the bats might be producing sound inaudible to human ears, Galambos and Griffin borrowed elaborate sound-detection apparatus from Harvard's professor G. W. Pierce, a specialist in super-sonics. When the instrument, capable of translating super-sonic sound waves into audible sound, was set up in the laboratory, the bats were again released. In-

stantly the apparatus gave out a tremendous, chattering clamor. The din continued as long as there was a bat in the air, ceased as soon as the last bat had tired of fluttering about the room.

When their tests were finished, the Harvard scientists had a complete picture of the bat's method of blind flying. This is what happens: When a bat is about to take off from his perch or on the inside of your window shutters—he begins to send "out" his signals, a series of super-sonic cries. At first, the cries are uttered at a comparatively slow rate, less than ten per second. Then, as the bat launches out into the air, they come faster, at a steady rate of thirty per second.

Now, something happens. The bat hears a faint echo of his cries coming back to him—trouble ahead! Instantly he speeds up his cries, uttering up to fifty a second. The increased burst of sound apparently gives a stronger echo, telling his alert brain just where the obstacle is. He changes his course until the echo becomes fainter, dies away. Then, as he speeds safely past the tree or post or church steeple, his cries drop back to the cruising level of thirty per second.

Why don't we hear the clamor of the bat's incessant cries as he flits about overhead? It's a matter of the frequency of the sound wave. The bat's signaling voice lies in the wave band of about 50,000 cycles or vibrations per second. Human ears detect sound anywhere in the base from 20 to 20,000 cycles. The limit of hearing for dogs and cats is about 35,000 cycles, and for rats about 40,000. These figures are higher than those for any other mammals tested, except bats, which appear to hear sounds up to at least 98,000 cycles, perhaps higher.

Not only are they equipped to hear their own signals; bats have extraordinary well-developed vocal apparatus for uttering these high frequency sounds. For years, anatomists have marveled at the great development of the bat larynx. In one species, the African hammer-headed bat, this organ is so enormous that it is one third as large as the entire body cavity. In all bats, the vocal cords are short and tough. Large muscles are attached to the voice box in such a way as to put great tension on the cords.

How bats developed their sonic detection apparatus is not known, but of all animals they are most in need of some such device. Practically all bats are night feeders and most live on insects which they capture on the wing, dodging, twisting and turning in intricate aer-maneuvers. Some live in dense forests, where they hunt among the trees. Others use deep limestone caverns as sleeping quarters. Entering and leaving the caverns, the bats must fly long distances through the pitch-black corridors.

The bat's radar system sometimes means more than individual safety. Mother bats carry their newborn young with them during the first days of life. The youngster clings to its mother's fur with claws and teeth, and rides with her

far into the night skies as she searches for food. After a few days, however—perhaps when the young bat becomes too heavy to maintain his perilous hold—mother leaves him at home, hanging him up in good bat fashion by his hind claws on the wall of their cave while she goes a-bundling.

Fossil records, which often tell much about the beginnings of animals, are incomplete in the case of the bat. The earliest known fossil is quite a good replica of present-day models and helps not at all in revealing what the first bats were like or who were their ancestors. The first known bat lived in Eocene days, that curious period some sixty million years ago when tropical plants grew in Alaska.

But long before the first fossil record, the ancestors of the bat, scientists believe, was a shrewlike creature, tree-limbing, flightless. When these forerunners of bats were learning, first to leap from tree to tree, then to make long glides from the treetops to the ground, and finally to launch out into aerial space, they must have developed, along with leathery wings, the special facilities that probe the darkness and make night flying safe. There must have been failures and fatal crashes in those early trials. We know only that those pioneering bats finally succeeded, that they perfected and used the counterpart of radar millions of years before man laboriously developed it.

The above story, reprinted with permission, from Collier's, helps to give you a limited picture of RADAR, the Navy's secret weapon.

Men from 17 years of age up, both volunteers and inductees, may take the Eddy Aptitude test for Radar Radio Technicians. Those who pass are inducted into the Navy as Seamen First Class and given a 10 months' course valued at \$5,000. A majority of the graduates of this course are made Petty Officers. Among the post-war fields open to Radar trained men are Aviation, Radio, Electronic Engineering, and Television.

You can obtain full information—plus much helpful advice about passing the Eddy Test—at your nearest Navy Recruiting Station.

Help win the war and qualify for a splendid post-war job by working for a Radar Technician's rating in America's fighting Navy.

Cooked A Fine Dinner; Then Threw It To Dog

One lady recently stated that she used to throw her own dinner to the dog most of the time. It made her sick just to look at anything to eat. She was swollen with gas, full of bloating, had headaches, felt worn out and was badly constipated. Finally she got ERB-HELP and says she now eats everything in sight and digests it perfectly. Bowels are regular and normal. She is enjoying life once more and feels like "some other woman since taking this New Compound."

ERB-HELP contains 12 Great Herbs; they cleanse blood, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get ERB-HELP. Elsmere Pharmacy, Dixie Highway.

Bangs Test For Cattle Now Available For Boone County Stock

Dr. B. F. Pigg, State Veterinarian, Division of Livestock Sanitation, Department of Agriculture, Frankfort, advised the County Agent's office the past week that the Federal-State Bangs disease test is now available to farmers. Those farmers desiring their herds tested should make application to Dr. Pigg.

Bangs test except by private veterinarians, has not been available for several months. There have been many requests during this period.

Two important Bangs tests are available, one the "Test and Slaughter" plan and the other the calfhood vaccination program. The latter program is principally for those who want to build up an immune herd keeping the old infected cows until immune heifers are grown for replacements.

Keeping
War-vital Power
Flowing

Every year since the war began, more and more power for war production has been supplied by this company.

During 1944, we delivered more power for wartime industrial and military use alone than we delivered for all purposes in any one year prior to 1941.

Today, with approximately three-fifths of our entire output going into the task, supplying the energy for producing the raw materials and finished products of war is more than ever our No. 1 job and will remain so for the duration.

Until victory is won, employees of this company will stay at "battle stations"—on the lines and in the power plants—keeping war-vital power flowing to back the attack.

Service Roll Call To Be Held At Christian Church, Bullittsville

The young men and women of the Bullittsville Church have answered the call to the colors to such an extent that it is hard for the church to carry on in its usual manner, but we would not have it otherwise. If the church has instilled in these young people Christian ideals and a patriotism for which they are ready and willing to risk their lives, the church feels that its labors have not been in vain.

Our pastor has suggested that on Sunday, January 14th at the regular church service someone from the families of each of the following service men and women be present for the roll call. Do this for them:

John I. Anderson, marines; Murrell Birkle, navy; Theo Birkle, Jr., navy; George R. Beacom, navy; James E. Beacom, navy; James G. Bullock, army; Robert S. Garnett, army; Miles Goodridge, army; Lehman Hollis, army; Herman B. Jaber, army; Charles Johnson; Allen S. Kenyon, army; Melvin L. Kenyon, army; Howard S. Ledford, army; David A. Lucas, army; Bernard Lee Marshall, army; Robert W. Marshall, army; Loraine Reimer, army; George H. Riley, navy; Harold R. Williams, army; Maurice E. Willis, army; Mary L. Marshall, cadet nurse; Katherine Souther, cadet nurse.

We have four young men remaining, of whom two have been rejected, one has just become of military age, and one a full fledged fardot about which there is no question.

This is a dark hour for our church in so far as carrying on a young people's program is concerned but our faithful young folks not in the service are doing a wonderful work.

Let us remember that, when Christ hung on the cross it was a dark hour for his followers. Since it is always darkest just before dawn let us hope and pray that our young people may all return and report MISSION ACCOMPLISHED and take their places in our homes, church and community life. If some do not return, but must make the supreme sacrifice, let us see to it that they shall not have died in vain.

—Bullittsville Christian Church.

Florence Youth Graduates From AAF Gunners School

Panama City, Fla.—Cpl. Board Martin has been graduated from the Army Air Forces Flexible Gunners School at Tyndall Field, one of the largest schools of its kind in the Army Air Forces Training Command.

Upon his graduation, the soldier received a pair of silver wings signifying that now he is ready to take his place as a member of the combat crew of an AAF bomber.

At the gunnery school, he was trained in the operation of 30 and 50 calibre machine guns, first on ground ranges and later in the air, learning by simulated aerial battle conditions how to blast enemy fighter planes from the sky.

As an aerial gunner he will join thousands of his "teammates of the sky," carrying the attack to the enemy in all parts of the world as guardians of America's heavy and medium bombers.

He is the son of Mr. and Mrs. J. W. Martin who reside at Russell St., in Florence, Ky.

LANDSCAPING SCHOOL GROUNDS

Members of homemakers' clubs are cooperating with parent-teachers associations in a long-time program of landscaping school grounds in Boyd county. PRICE MINIMUM PLACED ON EGGS

The minimum producer price for candied eggs in 1945 will be 27 cents per dozen, Gavin S. Dudley, district representative of the War Food Administration's Office, of Distribution, Lexington, Kentucky, said this week. This price will be supported by purchases from dealers upon certification that they in turn have paid no less than the support price to producers.

For "straight-run" eggs, in areas where marketing facilities for producers cannot be made available, the support price will be 24 cents per dozen. Purchasing agents will be designated in all areas prior to the beginning of the heavy egg season, and WFA will stand ready to purchase eggs from farmers at all times. It is hoped, however, Dudley said, that facilities for candling can be provided in all sections.

To avoid storage and transportation difficulties encountered in 1944, due to the poor condition of shipping cases and packing materials, WFA will buy only eggs packed in good used cases, complete with tops, or in new fiber cases.

Purchases of dried and frozen eggs will be correlated with the purchase of shell eggs for price support purposes. In this way all sections of the country can be covered.

As to the demand for eggs in 1945, Dudley said WFA will have need for substantial quantities of high grade eggs to meet export requirements. The Armed Forces will also be purchasing eggs of a high quality. Altogether, domestic demand for graded eggs, and demand for governmental agencies can be expected to maintain usual grade differentials in price, Dudley concluded.

WITH OUR BOYS IN SERVICE

Cpl. David A. Lucas, Co. C. 98th Cml. Bn. (MTZ) Camp Swift, Texas, writes:

"I want to thank you again for sending me The Recorder. I have not missed a copy in over two years."

"I really enjoy reading the news, and the whereabouts of friends. Also want to let you know of my change of address, and if you will continue to send The Recorder I will thank you very much."

The following letter was written by Cpl. Samuel B. Walton, APO 63, care Postmaster, N. Y., to his mother:

"I received your letter a few days ago, sure glad to hear from you and that all of you are well and in good health. I am feeling fine to town and have seen a lot of good shows."

"This is a pretty nice town. I don't know when I will be out of the hospital, I am still taking treatment for my arm and it's getting lots better."

"I received the telegram you sent this morning. I guess you will have a nice Christmas this year. I guess I will celebrate another Christmas over the pond. We will have a nice Christmas over here this year."

"I hope by next year I will celebrate in the U. S. Tell all of the folks I said hello, and drop a line in their spare time if they aren't too busy."

A brother of Samuel, William B. Walton is stationed somewhere in Germany. He writes that he is well and extends greeting to everyone. He has been in the service four years, being stationed overseas two years.

We are in receipt of the following letter from Lt. James L. Aylor stationed somewhere in Germany:

"Thought I would take this opportunity to write you and let you know that I'm alright and to wish you a Merry Xmas and a very Prosperous New Year."

"The 'hunting season' is in full swing over here. Very good hunting, too—ferries everywhere. However, some of them resent the fact and sometimes cause the hunting to be rather warm."

"I have not been fortunate enough to meet with any Boone County fellows as yet. I hope to, though, as we surely would get together for a grand old bull session."

I am enclosing a Christmas card that I was able to pick up— isn't much, but the thought is there.

"Sure hope this mess soon ends but would be afraid to try and

guess when. Too many people have been fooled already."

"We have lots of nice, clean mud to wade in and sleep in. However, at times, it's surprising just how good that cold mud can feel—you can't seem to get deep enough in it."

"One of the boys in my platoon told me his girl friend wanted to know if he believed in prayer. He wrote back that since he had been over here he had said so many it would take her 10 years to catch up with him."

"Give my regards to the Boone County people. Hoping for a quick victory."

Pfc. George Loudon, stationed in New Guinea, writes:

"I suppose you will be surprised to hear from me, as I should have written, but time is spent pretty rapidly here. One hardly gets time to write at all. I just want to thank everybody for all the nice Christmas boxes they have sent to me, and I want to thank you for the paper."

"I just received 3 copies at noon today, and I just had to glance over them before I went to chow. I have seen several boys from home since I have been across. I just returned from the Red Cross, where they give out doughnuts three times weekly, and cold Coca-Cola every night."

"I wish you at home could see what a wonderful job they are doing to help our morale out here."

"I suppose I had better stop now and go to bed. I will say again, thank everybody for the nice boxes they have sent me, and hoping I will get to see you all in the near future. Tell everybody hello."

PROMOTED TO RANK OF CAPTAIN IN NEW GUINEA

Somewhere in New Guinea—Worth C. Conner, has been promoted to Captain in the Coast Artillery. He is a graduate of Officers Candidate School at Fort Monroe, Va.

Captain Conner departed for overseas in June 1943, and has been stationed on Fijl, Savo, Guadalcanal and New Caledonia.

The Captain has two brothers in the service, Tech. Sgt. Ivan K., who is somewhere in England, and another brother Staff Sgt. John E. in the Marines, and who has also been overseas since.

They are the grandsons of Mr. Nathan Clements and the nephews of Mr. and Mrs. Lyman Rice and Mr. Ivan Clements of Boone County.

We are in receipt of the following letter from Mrs. Alva Dickerson mother of Pvt. Harry G. Dickerson:

"Received a letter from Harry Glenn Dickerson, now stationed in

Germany, saying he had never received a copy of the dear old Recorder. Will give you his address as to where he is now stationed."

Would like for you to send him The Recorder if you possibly can as I know it would be like a letter from home as many of the boys from home have letters published and I know he would enjoy them."

"Please send him The Recorder to this address: Pvt. Harry G. Dickerson, 35078558, APO 104, care Postmaster, New York, N. Y."

Ed Note: The complete address as to Company and Infantry of Pvt. Dickerson must be omitted due to government regulations. However, by addressing mail to the above address it will reach its destination.

CONSTANCE HOMEOWNERS

The December meeting and Christmas party was held at the home of Mrs. Nell Kottmyer on December 8th. There were 19 members, 5 visitors and our Home

Demonstration Agent, Miss Gillaspie, present. The meeting was opened by our president Mrs. Vera Doiwick by the club singing "Jingle Bells" with salute to the flag and reading our club collect. After the business meeting a delicious dinner was served and enjoyed by all.

The afternoon was spent in playing games and exchanging of Christmas gifts. A most enjoyable day was spent by all.

MISUNDERSTANDING AMONG FARMERS, PUBLIC IN SLAUGHTER OF STOCK

There has been a general misunderstanding among farmers, retailers and the public as to slaughter requirements. Farmers must meet to be in compliance with existing war meat orders, Gavin S. Dudley, district representative of the War Food Administration's Office of Distribution, said today.

As a means of clarifying this misunderstanding, the War Food Administration and the Office of Price Administration have issued the following explanation.

Since May 25, 1944, farmers have been permitted to slaughter livestock they own and sell the meat there from without a license or permit.

A farmer is defined as "any person chiefly engaged in producing agricultural products as the resident operator of a farm," and the term "own" as related to livestock slaughtered by farmers, is interpreted as the livestock which has been grown or fed for 60 days or more by the farmer.

Farmers are permitted to sell such meat providing they (1) Col-

lect ration stamps as required by Office of Price Administration; (2) Observe OPA selling prices; and (3) Mark the appropriate grade on the beef, veal, lamb, or mutton they offer for sale.

Farmers are permitted to either grade their own meat or request a federal grader to grade it for them.

Both licensed slaughterers who have been authorized to grade their own meats, and farmers, must stamp the appropriate grade marks along the chine bone, down along the leg and on the belly with grade stamps not more than two inches apart. All beef, veal, lamb, or mutton offered for sale by anyone, whether farmer or commercial slaughterer, must be stamped with applicable grade mark.

Since farmers are not required

to have a license or permit to slaughter, it is not necessary to have a license or permit number of the meats they sell.

FARROWS FALL FIGS IN BROODER HOUSES

Brooder houses are made to do double duty, on the farm of W. E. Dudley in Adair county, by using them for farrowing pigs in the fall when there are no chickens in them. The only thing done to them is to place a guard rail around the inside, about 10 inches from the floor, where the pigs can keep from being crushed.

R. B. Rankin, county agent, commends the idea to all farmers who raise fall pigs.

JOE DENTON... WHAS' new staff tenor now co-starring on the Fair Weather Hour heard Fridays at 6:30 p.m. is moving rapidly toward the upper brackets on your favorite songster parade. Born in Indianapolis, Denton graduated from high school there, then studied voice with the Arthur Jordon Conservatory after receiving a scholarship. Only 26, now, and single, Joe Denton is a cinch for television because of his rare combination of personality and vocal talent.

Lured from a featured spot in a Chicago night club where he was appearing with a big name band, Joe succumbed to the entreaties of our program co-ordinator, who caught his show during a radio convention in the Windy City. Despite his youth, Joe has travelled the entire country with bands, and had an important west coast radio program called "Out of the Night to You," of ballads, hymns, poems.

Possessing an unusual voice range, our swoon crooner knows how to work with an orchestra, and wins all hearts with his ingratiating smile. Joe also knows a snappy thing or two about elegant attire. His hobby is collecting the latest recordings of big name bands.

Community Agricultural Meetings Are Planned

Ten community agricultural program planning meetings for 1945 will be held during the next three weeks, according to H. R. Forkner, County Agent. Dates for the meetings will be announced in the near future.

Leading farmers for a good many years have met in community meetings, discussed their past year's progress and planned new and improved practices to be carried out in the new year. These meetings have resulted in accelerated use of better farm practices and widespread agricultural improvement. They are the place where new ideas receive the thorough and intelligent discussion of experienced farmers.

It is hoped that all farmers who can conveniently do so will attend the local planning meeting scheduled for their community.

It is estimated that 85 percent of the sheep raisers in Graves county have followed the phenothiazine program.

PAYING HONOR TO THE BUS DRIVERS OF BOONE COUNTY

Yes, we pay honor to our good neighbor, the Defense plants get a large E, the boys at the front are bestowed with medals; but how about the boys at the home behind the wheel, rain or shine, sleet or ice, hearing grumps and grumblers when the bus is late creeping over key roads where chemicals and sand never are scattered due to labor and material shortage.

How about paying homage to the boys who continued through this, all, never missing a trip, Leo Cotton and Bill Maskey. We the riders honor you by means of co-operation of the Boone County Recorder and wish you the compliments of the season. This goes to the owner of the bus line Francis Lee.

—An Early Morning Rider.

CHRISTMAS PARTY
Mr. and Mrs. A. E. Conley, of Constance entertained on Christmas Day with a turkey dinner for relatives and friends.

It was a great source of enjoyment for all, especially Mrs. Conley.

My sister, Miss Nell Hemphill, who is convalescing at their home. Others participating in the gay holiday festivity were Mr. and Mrs. Casper C. Hemphill and daughter Emily Anne, Mrs. Emily Drelling, Mr. and Mrs. Wm. F. Heinz, Mr. and Mrs. Charles Fox, Mr. and Mrs. Ray Hemphill, Mr. and Mrs. Eugene Hollis, Mr. and Mrs. Lee Muschenbach, Mr. and Mrs. John Hemphill, Mr. and Mrs. Edw. Kurtzburger and Miss Jesse Conley.

Marvin Early

Marvin Early, 60, retired Mason County farmer and garage owner died of a heart attack Thursday, Dec. 28th at the home of his son-in-law and daughter, Mr. and Mrs. G. K. Kloppe, Erlanger.

Funeral services were conducted at the funeral home of Alberts, Knox in Maysville, Ky., Saturday at 2 o'clock. Burial was in Flemingsburg Cemetery.

He is survived by his widow Linda; one daughter, Mrs. G. K. Kloppe; two grandchildren Jane Ann and John; one sister and two brothers.

It is estimated that around 7,000 acres of balbo rye were seeded in Todd county, principally for pasture.

Ration Changes Made

The drastic rationing regulation put into effect Tuesday, December 26, was made necessary by a number of circumstances and conditions according to an announcement by Chester Bowles, OPA National Administrator.

Bowles said the decision was "a difficult one to reach" but it was the only solution to the "toughest sort of a problem." "When Americans understand the facts back of the action—I am sure they will welcome the action."

He said there was no alternative to invalidation of outstanding coupons, but that the decision was taken with great reluctance. "Supplies are just not large enough to permit spending of both 1944 ration stamps and all of those carried over from 1944," he explained. "All point-free canned vegetables return to the ration list, all red and blue ration points issued before December 1 are canceled and buttermilk is 20 to 24 points a pound. The OPA also returned about 85 per cent of all meat cuts to the list but this phase of the order did not become effective until Sunday, December 31.

The action cancels all sugar stamps except No. 34 but OPA Director Chester Bowles advised that a new sugar stamp will become valid February 1 and will be good for five pounds.

If notice had been given of any cancellation, a run would have undone the very job of fair and equitable distribution the OPA was trying to do.

The OPA chose the Christmas holiday week-end to place its new order in effect to prevent a rush by hoarders to stock up.

Meats covered by the regulation include utility beef, better grades and cuts of veal, bacon pork shoulders, spareribs, beef and veal and some sausages. Canned vegetables returned to the list are asparagus, green and waxed beans, corn, spinach and peas.

Bowles advised consumers to destroy all old canceled stamps at once, warning that grocers will not be permitted to accept them.

BULLITTSVILLE HOMEMAKERS
The Bullittsville Homemakers Club was entertained in the home of Mrs. Pfalzgraf. The president called the meeting to order.

The business session was held in the forenoon which was very effective. Our H. D. A. gave us some good advice for the coming year. We adjourned with a prayer for the lunch.

After a delicious lunch we were invited to the living room which attractively decorated for the holiday season. A beautiful tree was the center of attraction with exchange gifts for all present.

The club collect was read. Our citizenship chairman entertained with a reading "First Costumes and Jewels Worn by the Human."

Eight members and our H. D. A. were present. Next meeting January 18 at Mrs. B. Roberts. Let us all be present.

Mrs. M. M. Lucas, Sec'y.

HEBRON HOMEMAKERS
Hebron Homemakers were entertained recently with a Christmas party by Mrs. Inell Anderson, Youell Road.

The business session presided over by Mrs. Marie Asbury, president, plans were made to spread Christmas cheer to someone less fortunate. A vote was made and carried to give a donation for the Boone County Room at Ft. Thomas Convalescent Hospital.

Following the covered dish luncheon, games were played and gifts were exchanged. Present were Mesdames H. Acra, R. Asbury, L. Crutcher, S. Graves, R. Hodge, R. Hollis, J. Hogan, A. D. Hunter, E. Peel, A. Rogers, E. Lee, R. Schenck, R. T. Parrott, C. Riley, F. Hossman and Miss Lucille Riley. Guests were Mrs. R. Youell and Miss Lowry, County Health Nurse. Miss Mary Hood Gillaspie was also present.

The next meeting will be at the home of Mrs. Kathryn J. Peel, of Hebron.

Food Stamp Changes
Several food stamp changes were announced this week.

All sugar stamps except No. 34 in the Ration Book Four have been canceled. Stamp 34, which became good for 5 pounds on November 16, 1944, remains valid indefinitely. Another sugar stamp, good for 5 pounds, becomes valid on February 1, 1945.

Blue stamps previously used for the purchase of processed foods except X-5, Y-5, Z-5, A-2 and B-2, in War Ration Book Four, have been canceled. Stamps C-2, D-2, E-2, F-2 and G-2 in Book Four are valid on January 1, 1945.

All red stamps in Ration Book Four, which have been valid for the purchase of meat and fats, except G-5, R-5 and S-5, have been canceled. Red stamps T-5, U-5, V-5 and X-5 are valid.

All food stamps have a value of 10 points.

Used Car Ceilings Maintained
Prevailing price ceilings on used cars and trucks, scheduled to be reduced by four percent next month, will be maintained instead.

The OPA said the reduction was canceled "to keep the market stocked with the largest inventory" possible.

Such an inventory is vitally needed in the war emergency to maintain transportation of war workers and goods and equipment needed for war and essential civilian uses," OPA said.

Gasoline Coupons Expire
On December 31, 1944, the B-4, C-4 and "4th quarter" T gasoline ration coupons expired for consumers.

Service station operators will have 10 days, or through January 10, 1945, in which to turn in their B-4, C-4 and "T" coupons. Similarly, distributors will have ten additional days, or through January 20, to deposit these coupons in their ration bank accounts.

Beds, Mattresses Prices Set
Effective January 1, 1945, beds, cots and mattresses now being sold by the Government for civilian use are provided with dollar-and-cents resale ceiling prices by the OPA.

Covers are two types of used bunk beds, including springs; one type of new folding canvas cot; one type of used folding canvas cot; one type of new mattress, and one type of new folding hospital bed, including mattress.

For the protection of the consumer, a tag must be attached to each article, showing the retail selling price, and whether the article is being sold "as is" or reconditioned.

SHEPHERDS ENTERTAIN
Mr. and Mrs. C. Blaine Shepherd entertained with a family dinner at their home Sunday, in honor of their son-in-law and daughter, Cpl. and Mrs. Robert C. Martin, Jr.

Guests were Mr. and Mrs. Robert C. Martin, Sr., and daughters, Janet and Marilyn, Mr. and Mrs. Grover E. Shepherd and son Dennis.

Missed at this family dinner was Mr. and Mrs. Shepherd's other son, S/Sgt. Harold B. Shepherd, who is serving with the Marines in the South Pacific.

THE BOONE COUNTY RECORDER

ESTABLISHED 1875

BURLINGTON, KENTUCKY THURSDAY, JANUARY 11, 1945

LOCKER SIGN-UP WILL CONTINUE

IS WORD FOLLOWING EDUCATIONAL MEETING AT COULDER HOUSE JANUARY 4—MANY SIGN CONTRACTS.

The sign-up for the Burlington Frozen Food Locker plant was given the "go" signal last Thursday night after the general educational meeting was completed by several well-informed speakers and a slide picture demonstration of what a locker plant is, and how it will serve the people of a rural or suburban section.

Featured on the program was Earl Welch of the University of Kentucky, Miss Mary Hood Gillespie, Home Demonstration Agent, and H. R. Pockmeyer, County Agent, with a few brief remarks from equipment salesmen from two Cincinnati concerns.

Following the education part of the program, the contract for lockers was discussed and explained, and thirty-one of the thirty-five families represented at the meeting signed their contracts and each signed a pass to their neighbors to be signed and returned not later than January 20th.

A duplicate of the locker contract appears in this edition of The Recorder, and all that is required is to fill in the type locker you desire, sign your name and address at the bottom and attach your check for like amount, made payable to The Peoples Deposit Bank. Your check will be held by the bank until the plant is assured, but if for any reason the plant is not constructed, your money will be returned to you by the bank.

The contract you sign is binding for a period of one year only, and if at the end of that time you are not satisfied with the service you receive, you are not obligated in any way to continue your rental.

Many persons are under the impression that they will wait to see what others sign their contracts. Many expect to wait until the plant is in operation before signing, which in all probability, will be too late as the persons who sign-up at the beginning and as-

ist in securing the priorities for the plant will be given first chance for locker rental in the years to follow.

It is the history of other locker plants, that persons who failed to sign-up in the beginning never had a chance to rent a locker as they usually have a large waiting list of such persons desiring to rent lockers, but only have a certain number of units to rent.

The Frozen Food Locker business is a comparatively new venture in the State of Kentucky, there being only 46 plants now in operation in the entire state. However, most of us are conscious of the fact that frozen foods are the coming thing and that in the postwar period we are to see most of our present methods of food preservation give way to frozen foods.

Several persons from this area have visited neighboring communities now served by locker plants, our closest being Aurora, Ind., and Falmouth, Ky., and in talking to the customer who has a locker rented they will tell you that the locker plant will save them time, and money as well as giving them a wide variety of home-grown foods at all seasons of the year. In the discussion with locker plant operators they tell us that they are serving persons who live as far as 15 to 20 miles from the plant and that these persons are satisfied with their plant and would not be without one.

This writer is convinced, after visiting other plants, that a locker plant at Burlington will serve Boone County well and save its patrons money and labor. However, no one person or several persons, can put a project of this kind over, but it is going to take the help of all the people who are interested to get the project started, by helping to secure the required 180 signers for the priorities.

The entire matter now rests with the people of this county as to whether or not we are to be one of the first to have this modern, up-to-date method of food preservation. If a sufficient number can be secured, the plant can probably be in operation within three to six months after the sign-up is completed.

Educational meetings such as was held in Burlington are being planned for neighboring towns, and the dates will be announced in the near future.

In the meantime, if you wish to sign your contract, you will be able to secure these forms from the following persons: County Agent's office; Boone County Recorder's office; M. G. Martin store, Florence; Peoples Deposit Bank, Burlington; Courtney Pope, Grant; Wm. Loftin, Florence; Wm. Rogers, Jr., Grant; Hebron Deposit Bank, Hebron; Hubert Conner, Hebron, and Mrs. Vernon Pope, Burlington.

Please have your contracts in the County Agent's office not later than January 20th, or leave them in the hands of one of the above named persons.

Advisory Council Meeting January 15

Local Homemaker Club presidents and county committee chairmen will have their first Advisory Council meeting next Monday, January 15th. The group will meet at 1:30 p. m. in the grand jury room at the courthouse.

Important business to be considered is selection of delegates to Farm and Home Week, making of preliminary plans for program of work and acceptance of committee reports.

Mrs. Leo Flynn, county president will preside at the meeting. Miss Marie Logan, assistant state leader of Home Agents, plans to attend the meeting.

Recruitment Of Nurses Urgent, Is Word

All Boone County nurses are requested to meet at the Covington Library auditorium Friday, January 12, at 8:30 p. m., according to Elizabeth C. Lowry, R. N., War Recruitment Committee of Graduate Nurses.

This is the most important move nurses have been asked to do since the war. Please attend.

CANNING WINNERS ARE ANNOUNCED

CONTESTS HELD UNDER DIRECTION OF COUNTY EXTENSION SERVICE—THIRTY FAMILIES ENTERED.

Winners of the Home Canning and Home Canning and Storage contests were announced this week. Mr. and Mrs. J. K. Winnings, Richwood, placed first in the canning and storage contest while Mr. and Mrs. Courtney Kelly, Burlington, placed second. Mrs. Cloyd Johnson, Beaver, was given the first award in the home canning contest, while Mrs. George A. Friggs, Hamilton, received the second award.

The two contests were held under the direction of the County Extension Service. Prizes for the combined contest were sponsored by the Boone County Recorder. Ten dollars was given to the winner and a two-years' subscription to The Recorder was the second prize. The Boone County Farm Bureau sponsored the home canning contest with a first prize of \$10.00 and a second of a \$5.00 year's membership to the Farm Bureau.

Thirty different families entered the contests but several had to drop out because of the summer drought. Nine families completed the home canning while six completed the home canning and storage contest.

Judging was based on the budget report filled in by contestants and the quality of products. The exhibit of each entrant was visited by a committee. Thus, each entry was scored on quantity according to number in family and quality of products.

Sportsmen Urged To Buy 1945 Hunting And Fishing Licenses Early

All hunters and fishermen were urged today by Earl Wallace, Director of the Division of Game and Fish, not to delay in purchasing their 1945 hunting and fishing licenses.

In his statement for publication, Wallace pointed out that the Division of Game and Fish faces a "serious reduction" in revenues because of the war, and that the only funds available for furtherance of the Division's restocking program come from hunters and fishermen. He explained that purchase of the 1945 licenses now with the resultant revenue, would be of great assistance to the Division in its conservation program for the present year.

Wallace stated that December is the big revenue month for the Division and during that month of 1944 the Division receipts were short of those for 1943 and previous years. This decline resulted from so many men going into the armed forces, men and women taking defense jobs with less time for sport and recreation; the rubber shortage and gasoline rationing and shortage of ammunition. The decline will continue as the war progresses and the only way revenue can be maintained is through the purchase of licenses by the people left back home. Even though a person might have no opportunity to hunt or fish, he or she can purchase a license and insure the continuance of the Conservation Program in Kentucky and know that the money spent for such a license will help to keep the out-of-doors intact for the men when they return from the pursuance of a victorious war. These men can then get out their guns and fishing tackle to seek out the sports they once enjoyed in the past.

Mrs. William Jarrell and daughter, are spending a week with their parents Mr. and Mrs. L. Tucker and her brother, Ray, of the U. S. Navy, who is spending a furlough at his home, near Independence.

Fish And Game Club Postpone January Meet

The January meeting of the Boone County Fish and Game Protective Association has been postponed until February, according to the president, Irvin Rouse. The meeting will be held the first Thursday in February, Mr. Rouse stated. At this time members of the organization will be entertained by a conservation officer Edwin Johnson.

Entertainers Are Marooned in Burlington

Because the roads were so slippery they could not get to their homes in Greater Cincinnati eight motorists were marooned Saturday night in the Boone County courthouse where they enjoyed the hospitality provided by Elmer Kirkpatrick, Jaller, and his associates who supplied cots and blankets for the weary travelers.

Among those thankful to the Boone County authorities for their thoughtfulness were Mrs. Earl Banahall and Miss Jeanette Meyer, employees of the Cincinnati Planer Co.; Mrs. Clifford Meyer, Mr. and Mrs. Arnold Staley and Mr. Michael, Mr. Austin Cole and Mr. McArthur from Covington.

All of the eight were delighted with the traditional southern hospitality shown them during their night in Burlington.

Three of them were in the cast of the Hilly Billy Roundup at Burlington High School. Mr. Bole played the guitar and Mr. Staley was a back-and-wing dancer, bass fiddle and whistler. Michael, 24, danced.

Work Near Completion On Day Room At Ft. Thomas AAF Hospital

Work on the large Day Room Boone County organizations are finishing for the convalescent soldiers at the Ft. Thomas Hospital is nearing completion.

In this room will be found comfortable couches and chairs, a desk, a ping pong table, game table, other small tables, a radio, and a player piano. Drapery for the eighty windows has been made by the women of Boone County, under the direction of Mrs. John Vest.

Several magazine subscriptions have been given to this room, and it is planned to keep a filled cookie jar always on hand.

Any organization still wishing to help with this project may do so by getting in touch with Mrs. W. M. Townsend, Burlington 55.

A few small articles still are needed in the room, to complete the home like atmosphere, such as clean feathers for cushions, playing cards, games, puzzles, electric corn popper, sturdy ash trays or sand trays, urns to be filled with ash for ash receivers, rolls for the player piano, and heavy lamps, both of the table and floor variety. Anyone wishing to donate any of these things, call Miss Mary Hood Gillespie, Burlington 412.

\$3.75 A POUND FOR KENTUCKY LAMB SETS NEW PRICE RECORD

A new record for lamb prices was set when the University of Kentucky Experiment Station grand champion lamb at the Chicago stock show sold for \$3.75 a pound.

The lamb, a Southdown weighing 91 pounds, was bred and fitted at the Experiment Station at Lexington and was strictly a Kentucky product. The Experiment Station also had the grand champion lamb at the International Live Stock Exposition in Chicago in 1928 and in 1942, and has won numerous high awards on sheep at Chicago shows.

This year the Experiment Station, in addition to the grand champion, won first, 10th, 18th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd, 33rd, 34th, 35th, 36th, 37th, Stand Up Straight

N. TULCH
Foot Comfort Specialist at—
PEOPLE'S SHOE STORE
814-816 Madison, Covington

Standing and sitting erect require less muscular effort than the slumped posture for the normal, healthy person. With the body in an erect attitude the center of gravity passes more nearly through the center of the body and places the weight on bones and ligaments that are by nature equipped to meet this demand. When the head slumps forward, the shoulders droop, the spine curves and the abdomen bulges; then

muscles must taken on more and more of this burden of weight bearing, a burden for fatigue and later actual deformity of certain of the bones and joints.
The first necessity in good posture is good feet.
Show me a person with good posture and bad feet. It's almost impossible.
But show me a person with good posture and I'll show you a person with good feet, for good posture starts with good feet. The foundation of any super structure is the most important.

Don't suffer another day with your feet.
No matter how many shoes or trial supports you have tried, try just one more and have one of our foot comfort specialists make a free foot analysis and show you how to get rid of all foot pains, leg pains, backaches and headaches. Even arthritis and rheumatism pains are often mistaken—most times when feet are corrected the pains vanish. We know we can help you to stand up straight. Adv.

BELLEVUE BAPTIST W. M. S.
The regular meeting was held at the home of Mrs. Clara Hensley January 3rd with twelve members present.

Zora Scott, president in charge of the meeting opened by singing "Lead on Oh King Eternal," followed with prayer by Mrs. Laura Rogers.

Ailine Brady, program leader presented a program from Royal Service entitled "A Century of Progress in Missions."

After a business session the president appointed the committees for the year.

Meeting closed with prayer by Florence McArthur.

Next meeting to be held with Mrs. Etna McNeely in February.

IMPROVED SUNDAY SCHOOL LESSON

JESUS BEGINS HIS MINISTRY

LESSON TEXT—Matthew 3:13-17.
GOLDEN TEXT—Thou shalt worship the Lord thy God, and Him only shalt thou serve.—Matthew 4:10.
Ready for service—this is the next scene before us in Matthew. Thirty years had passed since His birth, and these years were hidden in silence, save for the one glimpse of Him in the temple which is given only by Luke.

These were not years of idleness or luxury. He was obedient to Joseph and Mary. He worked in the carpenter shop. He fellowshiped with God's people, and best of all, with His heavenly Father. He showed obedience and faithfulness in life's ordinary things. And then, all at once, the day of His public ministry was at hand.

His baptism and temptation were a part, the opening event, of that ministry. We find Him:

I. Identified With Sinners (3:13-15).
John, the fiery forerunner of Jesus, had come with a burning message of repentance, and sinners were coming to him to be baptized as a sign of their contrition.

Suddenly Jesus appeared. John pointed to Him as the "Lamb of God which taketh away the sin of the world" (John 1:29). When He offered Himself for baptism, John demurred. There was no sin in Jesus that He should need baptism. There was no occasion for Him to express in a special act His obedience, for He always did the will of God (Heb. 10:7).

Why then was Jesus baptized? We find the answer in the central purpose for which He came into the world, namely, to save sinners. Here at His official entrance upon that work He, who though He knew no sin was to become sin for us, took the sinner's place in baptism. It was not because He had himself sinned, but because He was to become the substitute for the sinner. What marvelous condescension and grace!

II. Approved of God (3:16, 17).
The Holy Spirit, like a dove, rested upon Him. The dove is one of the symbols of the Spirit, and speaks of gentleness, meekness, purity, peace and love.

Out of the eternal dwelling places in heaven came the voice of the eternal Father expressing His approval and pleasure in His son. The person and work of Christ bear their own commendation of Him to us as divine. Here we have the Father's word, and the Holy Spirit's coming. Thus we have here the entire Trinity.

III. Tempted by Satan (4:1-11).
A time of testing was ahead. Jesus did not fear it, but notice that He did not seek it either. He was led by the Spirit into this great conflict. We may learn that we must not seek nor put ourselves in the way of temptation, but when it comes we may meet it without fear. God is with us.

He was tempted as the Messiah, and the Son of God, and it was a real testing, one from which we need to learn what to do when tempted. It was threefold: physical, spiritual and vocational.

1. The Physical Temptation.
Forty days of conflict with Satan made His body hungry. Under such circumstances it was a terrific temptation to use His divine power to make bread. He could have done it, but He did not. One doesn't have to live, but one does have to obey and honor God.

Note how effectively Christ used Scripture (from Deuteronomy)—have you read it lately? It is the only sure answer to Satan's temptations, but you must learn it if you are going to use it.

2. The Spiritual Temptation.
Here Satan asked Him to presume on the grace of God. If he cannot get you to abandon your faith, he will urge you to go to some fanatical and unscriptural extreme in using it.

God always cares for His own when they are in the place where He wants them to be, but He does not deliver us from foolhardy and unnecessary risks which we want to call "faith."

3. The Vocational Temptation.
Christ has come into this world to wrest from Satan, the usurper (who is now the prince of this world—John 12:31), the kingdoms of this world. Satan suggested to Him that He could accomplish this by simply bowing down to him—thus escaping Calvary's cross.

Satan is busy urging men to take spiritual bypaths. He has his own leaders who skillfully evade and avoid the cross. They have a religion without the offense of the cross, but mark it well, it is not Christianity, even though it bears that name.

Jesus met and defeated Satan by the use of Scripture, and by honoring God the Father. Jesus' resistance of the devil caused him to go away. It still works. Read James 4:7. Then came the angels to minister to Him. Victory over the enemy of our souls brings peace and spiritual refreshment.

A LETTER

We are in receipt of the following letter from E. S. Ryle, East New Market, Md.:

"I believe the following to be of interest to all your readers related to the Ryle family.

"I have in my possession a copy of the last will and testament of John Ryle, father of John and James Ryle who came into Boone County, Ky., about 1785. The will is dated January 8, 1777 and was probated Jan. 6, 1778. He had 8 children, James, Elizabeth, John, Whitmill, Larkin and Mary. He willed each a slave and one bed and furnished and an equal share in the estate.

"Four of these children came into Kentucky, James, John, Larkin and Mary Ann. The latter married a Scott and had two sons. When Scott was killed by a horse she married a Presser and had two sons. Larkin was a bachelor.

"The family name was spelled Ryle by the signer himself in the presence of three witnesses.

"I am now tracing for a connection between this John who was born possible around 1735 and a Thomas Ryle who came into Virginia as a colonist in 1635.

"It appears the Ryles were Scotch, yet the elder John's son, married a Hogan who was no doubt Irish.

"As far as I have been able to establish all the Ryles in Boone County descended from James Ryle except John P. Ryle's children whose mother was of the first John Ryle line and myself. All the other John Ryle male descendants left Boone County. They were Long Billy, Whit and Marins and Willie Clyde.

"The daughters of the first John Ryle in Boone married, one a Craig, one a Willis, one a Pearson, one a Kendall in Western Tennessee.

"Anyone able to furnish information on this history please write to me."

W. W. GAINES WRITES
We are in receipt of the following letter from W. W. Gaines, Lawyer of Atlanta, Ga.:

"Editor Boone County Recorder, Burlington, Ky.
Dear Mr. Editor:

"Enclosed find check covering my subscription for another year. I suspect that I am one of your longest-time subscribers. Some fifty-five years ago I was your Bullittville correspondent. After finishing my college courses I came to Atlanta, where I have now been for fifty-three years. During all that time I have been a subscriber to my Boone County paper. I read it with interest every week. I look for the Bullittville news, where I still have some relatives—the Mrs. Mary V. Gaines family and others.

The Bullittsburg Baptist Church, of which I was a member is also in that neighborhood. Then I read the Union news, to see what I can find about the Hueys, relatives also. And I scan the Petersburg, Hebron and Constance news where many cherished friends of my long ago lived. My sister, Mrs. Lattie Grady, the only surviving member of my immediate family, until recently lived in the Bullittsville neighborhood with one of our Winston kin, Mrs. Mayne Stephens (my mother was a Winston).

"So you see why I read the Boone County Recorder each week from cover to cover.

"With every good wish,
Very truly yours,
W. W. Gaines."

KENTUCKY SCIENTIST
IS HONORED BY CUBA

Dr. W. W. Dimock, head of the Department of Animal Pathology at the University of Kentucky Experiment Station, was one of four American scientists recently granted honorary degrees by the University of Havana in Cuba.

After graduating from Cornell University Dr. Dimock was a member of the faculty of the University of Havana and also chief veterinarian of the Cuban National Board of Health. From that position he went to the Iowa State College at Ames and from there came to Kentucky.

Widely known for his investigations of livestock diseases, Dr. Dimock has made a special study of horse breeding problems and of parasites of horses. From 1931 to 1939 he made eight trips to England under the auspices of the British Blood Stock Agency to advise with breeders in the English light horse industry.

"The honor which the University of Havana bestowed on Dr. Dimock is a recognition of his long service to the livestock industry," said Dean Thomas P. Cooper of the Experiment Station. "His 25 years of work at the Experiment

Station have been invaluable to agriculture. He has made many contributions to stockraising and Kentucky appreciates the honor accorded him by the Cuban government."

WOMAN HELPS ON FARM

Canning about 700 quarts of food for her family of four was only one of the jobs done by Mrs. Ernest Searcy, a homemaker in Carroll county. She assisted her husband and daughter, 16, to grow and house 4,300 sticks of tobacco, then she grew 30 different vegetables in her garden and did all the sewing for the family.

The Checkerboard
Trade Mark Had a
Very Simple Start

Often we've been attracted by that popular Checkerboard trade mark that is a part of the sign identifying one of our local feed stores and on the bags and containers in which its feeds, concentrates and sanitation products are packed. But how did it get started? You're wrong if you've guessed it was so the bags could be used for playing a game of checkers out in the barn on a rainy day. According to William H. Danforth, founder of Purina Mills, their checkerboard trademark had a simple, yet rather amusing, beginning.

Wm. H. Danforth, founder of the checkerboard trade mark.

It was a boyhood experience that gave Mr. Danforth his checkerboard idea. When a boy he walked on customers in his father's general store in southeastern Missouri. There he learned many valuable lessons that were to serve him well in his business career. "But the most important thing I learned behind the counter in that country store where we sold everything from linen handkerchiefs to horse collars, was this," Danforth amusingly recalls — "I learned the importance of 'dress.' And I learned that lesson from the mother of a large family in our community.

"Among the many articles we handled in our store was 'boil goods,' mostly old-fashioned calicoes and sturdy gingham. Along in the spring of the year business picked up in this line of goods. Customers swarmed into the store to buy dress materials. Usually they purchased enough material to outfit the whole family. From the same bolt would be made shirts for the father and all the boys, and dresses and aprons for all the girls. Most of the women who traded with us chose modest patterns and varied them from year to year. But not Mrs. Brown. Mother of a large brood of tow-headed boys and girls of all ages, Mrs. Brown had one invariable choice in spring material. In all the time she traded with us she didn't, so long as I remember, swerve from her standard. She always bought a bolt of heavy red-checked gingham. You can imagine the appearance of the Brown family when they came out in their new 'spring wardrobe,' Danforth recounts.

"Mrs. Brown headed the crew bearded in her red-checked dress. Mr. Brown supported her with a red checkerboard shirt. And through the whole family the design was repeated—red-checked dresses for every girl, red-checked shirts for the boys.

"It was a striking appearance this family made. They were conspicuous from afar. Other mothers might temporarily lose sight of a child or two at an ice cream social or a basket-dinner. But not Mrs. Brown. She could spot a Brown offspring in any crowd. And so could everyone else.

"Before long the Brown family in that community became indelibly associated with red checkerboard gingham," Danforth says, "and from that family I learned that to make a thing stand out you have to dress it to fit the part. And I also learned that dressing alike gives a unity and identification lacking in helter-skelter design."

Years later when Danforth, fresh from college campus, decided to enter the feed manufacturing business, he remembered how a Brown was never mistaken for anyone else in the community. So he decided to dress his products so they would never be confused with those made by others. Thus was born the checkerboard trademark that through 47 years, has increasingly gained popularity, and is a part of the sign that identifies our local feed store that handles checkerboard feeds, concentrates, and sanitation products.

Did you know that there are few bad habits known to a bird dog that can spoil a day in the field more effectively than refusal to "back"? Not only will a dog which comes in to make a nuisance of himself on a hunt, but also he is likely to destroy the results of weeks of careful training in any dog which has the misfortune to be without him. In short a dog owner owes it to himself and his hunting friends to correct such a habit in his dog as soon as it becomes evident.

"Handling Your Hunting Dog" by J. Earl Bufkin, hunter, professional dog trainer, and field trial handler at Como, Minnesota, is obtainable for a nominal price wherever Purina Dog Chow is sold. It treats on such subjects as "Handling On The Hunt," "Correcting Faults," "Training The Young Dog," "Amateur Field Trial Handling," "Feeding and Conditioning," and "Keeping the Dog Clean and Well."

Mrs. N. B. Alexander of the Round Pond Club in Simpson county grew 31 vegetables in her garden.

The number of pressure cookers in Caldwell county has increased from two in 1936 to 347 in 1944.

No, we don't deliver electricity to his foxhole, but we do serve him indirectly by supplying power for producing important materials of war he needs so vitally.

Every year since the war began, we have been distributing more and more power for war production.

Today approximately three-fifths of our entire output goes to industries essential to the war effort and to military establishments. Six out of every 10 kilowatt-hours we deliver help back the attack.

Some day our No. 1 Customer will be home again, and then our big job will be contributing to his peacetime better living. But until that day our main business is power for war production—and we're devoting our full energies and resources to the job.

LADY NEARLY CHOKED WHILE LYING IN BED—DUE TO STOMACH GAS.

One lady said a few days ago that she used to be afraid to go to bed at night. She was swollen with stomach gas, which always got worse when she went to bed, and the gas would rise up in her throat after she lay down and would nearly choke her. She couldn't lie flat. Had to prop herself up on pillows. Recently, a lady got ERB-HELP and now says gas is gone, stomach feels fine, bowels are regular and she can go to bed and sleep soundly.

ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get ERB-HELP. Elsmere Pharmacy, Dixie Highway.

He Keeps Ahead of "THE TIMES"

And keeps "The Times" ahead in P.M. density readership

ALBERT Y. ARONSON . . . The Louisville Times' Managing Editor, is one of America's most vigorous newspaper personalities. Hand on the throttle, his faithful crew of fifty aboard, Al makes the daily run of five editions on a miraculous schedule of split-second timing.

Handling hundreds of columns of history-making news has been Aronson's job during his 25 years as newsroom boss. His staff quickly came to respect the big man's desire for crisp completeness in the news, his fierce contempt for slipshod work. As each edition goes to press, a system of lights flashes in the ceiling of The Times room. His colleagues will tell you that the energy for this electric system emanates directly from Aronson's radiant personality.

Born in Cedar Rapids, Iowa, educated in Indiana, Al began his newspaper career in Detroit before joining us in 1907. Thinking of himself as an "operational" editor, processing and condensing news for easy, informative reading, Aronson has intimate knowledge of every side of the newspaper business. His advice to budding journalists is basic training on country newspapers before trying the big city dailies.

WITH OUR BOYS IN SERVICE

We are in receipt of the following letter from Lt. Lorraine Reimer:

"I sincerely wish to thank you for sending me The Recorder these past two years that I have been in the army—and would appreciate it much if you would continue to send it to me at this address: 2nd Lt. Lorraine Reimer APO, N-70723, 241st General Hosp. APO 652, care Postmaster, New York, N. Y."

Lt. Reimer writes that she would appreciate hearing from friends at home, and will try to answer every letter received. She sends greetings to all the folks back home.

The following letter, written by George Loudon, somewhere in the Philippines, was received by his sister, Mrs. F. H. Webster, of Florence, Ky.

"I will try and drop you a few lines this evening as I am thinking of you. How is everyone out there? As for myself I am O. K."

"Things sure have been happening here in the last five weeks. When we came over here we were attacked eight times in one afternoon by Zeros. Boy, I thought every minute they would get us, but we got by alright. It was sure exciting for a while. I saw Jim and the boys here one day last week, so they are alright. They shot down three of the planes that were after us."

"Well, Sis, I had a very nice Thanksgiving dinner, had turkey and almost everything that goes with it, even though the Japs were hot after us."

"How are the folks down home? I haven't heard from them for quite a while—in fact I haven't had any mail from anyone until yesterday. I had two letters, one of them from Jane. How is Bud and Anna Mae?"

"I sure would like to be there with you for Xmas dinner. I just know what kind of a dinner you will have, but I guess that is impossible, but maybe next Xmas."

"We have the natives do our washing and they sure do it nice, and they don't charge us very much. I can get twelve large pieces done for fifty cents, and that is better than I can do it myself."

"They brought us some cake, and it was delicious. They roll it in banana leaves and bake it under the ground."

"All the young natives speak good English and are well educated. They have good manners but are very poor. They were robbed of all their clothing, so they go around begging for clothes to wear. They are to be pitied, and they all

seem to be kind and honest. "Well Sis, I can't think of anything else to say just now, so will say goodbye and be sure and answer real soon, for that is all we have to look forward to is our letters from home. Will close, and goodbye to all."

Word was recently received by relatives that Flight Officer Ivan K. Norris is now located overseas. His latest address is: P-O Ivan K. Norris, T152986, 458th Bomber Group, 764th APO-58, care Postmaster, New York, N. Y.

Pvt. Russell G. Groger, son of Mr. and Mrs. Gilbert Groger, of Walton, has returned to Camp Blanding, Fla., after spending a brief tour at home. He entered the armed forces in July 1944, completing his basic training in November.

He is a graduate of the Walton-Verona High School.

RED CROSS OPERATIONS WILL REACH PEAK IN 1945

Washington, D. C.—"American Red Cross operations at home and abroad will reach their war-time peak in 1945," Mr. Basil O'Connor, Chairman of the American Red Cross War Fund to be raised in March 1945 had been fixed at \$180,000,000.

The Central Committee set the goal following careful review of budget estimates for American Red Cross work in the United States and overseas for the year beginning March 1, 1945, Mr. O'Connor said. He added that Colby M. Chester, chairman of the executive committee of General Foods Corporation, will be chairman of the 1945 campaign.

"Our new budget," Mr. O'Connor said, "represents an appreciable increase in the services we will render in Europe, in the Pacific, and at home, but we have been able to keep the total 1945 goal slightly under the one for 1944 because of over-subscription of our earlier campaign and certain economies in this year's operations."

"After personally inspecting our operations in England and on the continent, and after conferring with Generals Eisenhower, Bradley, Patton and Clark, I foresee an increase rather than a decrease in the need for American Red Cross services on the continent and after the European fighting is over. Likewise it is obvious the American Red Cross must expand its Pacific and Far Eastern operations during the coming year."

"It is our intention that Red Cross stay with our troops until all of them are returned home and continue to serve them through their adjustment back to civilian life. For this reason we must ask the American public to consider our goal of \$180,000,000 as an absolute minimum."

BEAVER LICK

(Delayed)

Born to Mr. and Mrs. Matthew Ryan, a fine girl Dec. 27. Dr. Marshall was the attending physician. Mrs. Fanny Howard and Mrs. Harry Moore visited Mr. and Mrs. J. F. Points, of Sherman, Monday.

Mr. and Mrs. Cloyd Johnson and Sam spent the Christmas holidays with their parents, Mr. and Mrs. J. C. Colham, of Clarksville, Tenn.

Miss Della Marie Maddin is much improved after several weeks' illness.

William Wilson and Hume Cleek are enjoying a visit to St. Petersburg, Fla.

Mrs. John Conley is at home, after a few weeks stay at the hospital, and is much improved in health.

Mr. and Mrs. Robt. Green entertained their immediate family with a dinner at their home here on Christmas Day.

Joe Besterman entered Booth Hospital last week where he is taking treatment.

Glad to report that Jim Sleet and John Friend are both much improved at this time.

A house on the farm of Roy Kenney and occupied by his father-in-law, Mr. Chandler and family, burned Thursday. They were not at home at the time of the fire, and when the fire was discovered it had gained such headway that very little furniture was saved.

Mr. and Mrs. Clarence Clifton received word last week that their son Pfc. George Clifton, who was reported killed in action about a month ago, is now in a hospital in Italy recovering from very serious wounds. They also received the Purple Heart awarded their son. George has many friends here who rejoice to hear that he is well along the road to recovery.

WINS AS SOIL SAVER

Robert Nelson Morris, Barren county 4-H Club boy, won a \$50 War Bond for his work in soil conservation. He tested soils on his father's farm for the need of lime and phosphate, sowed cover crops, made a map of changing needed in fence lines, made a home-made level, outlined plans for contour cultivation, mowed weeds in pastures, and listed livestock and crop needs of the farm.

Robert Shaw, manager of the Henry Fisher farm in Jefferson county, reports that only 15 pigs were lost from 15 litters farrowed on sloping floors.

BIG FOOD SUPPLIES

STORED IN MADISON
A survey, made by Home Agent Sara T. Campbell showed that Madison county women had 595, 580 pounds of vegetables, fruits and meats canned for winter use. Madison county farm families also had 12,096 pounds of meat, 7,000 pounds of vegetables and 8,580 pounds of fruits in a frozen food locker. Also, 27,000 pounds of fruits and vegetables were dried and about 250, 000 pounds of potatoes, apples and other food products stored. Approximately 558,196 pounds of meat were cured in the county.

Shoe Stamps To Remain Good
Cancellation of outstanding shoe stamps is not being considered, the OPA said this week.

Although increased military demands are cutting into civilian supplies, the War Production Board's Office of Civilian Requirements said that shoe supplies are adequate to honor stamps now outstanding.

While the WPB has not yet completed its estimate of 1945 production, OPA said indications are that the next shoe stamp probably will not be validated until some time next summer.

OPA said that no specific date for making the next stamp good can be given now. That decision awaits further information on production for 1945.

Cucumbers Mark-Up Restored
The retail mark-up of 2½ cents a pound for field grown cucumbers will be restored on January 11, 1945, the OPA announced this week. Its restoration follows reumption of price control at country shipper and wholesale levels.

Fuel Tanks Prices Set
Navy fuel tanks of 7½ gallon

capacity, which the Navy does not need and that are being sold for civilian use, have been provided with resale ceiling prices by the OPA.

The ceilings, effective December 30, 1944, are, per tank: Wholesale, new, \$1; used, 75 cents; reconditioned, 45 cents; retail, new, \$1.50; used, 45 cents; reconditioned, 96 cents.

Pens Must Be Tagged
Fountain pens and mechanical pencils sold at retail on or after January 1, 1945, must be tagged or imprinted with the proper dollar-and-cents retail ceiling price, brand name and model number, the OPA has announced.

The tags must show the retail ceiling prices fixed in the regulation or the retail ceiling prices fixed upon application by wholesalers or retailers to their OPA district offices.

The OPA said that the tagging requirement does not apply to fountain pens and mechanical pencils with barrel or cap of solid precious metal, to used or imported articles, or to those imprinted for use by advertisers. These will continue to be priced under the General Maximum Price Regulation, which sets prices at the in-

dividual seller's March 1942 level.

Tire Quotas Reduced
January tire quotas will be reduced sharply from December in some categories, the OPA has announced.

The quota of new passenger car tires will be 1,800,000, down 200,000 from December's quota of two million. A particularly severe cut has been made in small truck and bus tires. January quota will be 216,000, down 64,000 from the December quota of 280,000.

In the heavy truck and bus tire group, where a back-log of 100,000 high-priority applications still remains unfilled for lack of quota, the quota for January will be 110,000, down 10,000 from the December quota of 120,000.

Tractor-Implement Tire Quotas
remain unchanged at 50,000 size 7.50 and smaller and 20,000 of sizes larger than 7.50.

Auto Quota Unchanged
The January quota of new passenger cars available for rationing will be unchanged from that of December, OPA has announced.

For the fifth consecutive month—September through January—the national quota will be 3,000 cars, with a regional and national reserve of 600.

The stockpile of new cars available for rationing is now below the 15,000 level, OPA said. In 1941, the last peacetime year, new passenger cars were sold at an average rate of 10,000 per day.

STUDY SHOWS GAIN
IN NUMBER OF OLD
PERSONS IN STATE

There are twice as many people 65 or more years old for every thousand adults under that age in Kentucky than there were 70 years ago, according to a study reported by the Kentucky Agricultural Experiment Station. In 1870 there were only 76 aged persons for 1,000 adults 25 to 65 years old, but with each passing decade the number increased and in 1940 it was 161 aged persons per 1,000 adults. This ratio of elderly people to adults has been higher in Kentucky than in the nation ever since about 1900. This trend reflects the steady aging of the population.

In Kentucky, adults under 65 have fewer aged persons to support in cities than in rural communities. In 1940, the number of people 65 or more years old per 1,000 adults 25 to 65 was 137 in cities and it was 168 in farming areas. With children and aged persons classified as dependents, it is reported that adults in Kentucky in 1940 were supporting nearly twice their quota, in terms of national average, of people either too young or too old to be breadwinners.

The report states that "An increase in the proportions of aged persons makes for an increased burden upon health services; it is likely to lead to greater demands for relief and pension programs; it opens up questions about industrial policies concerning age limits for employment. Kentucky has been and is still experiencing such an increase in the proportion of aged persons."

LIVESTOCK PRODUCTION HIGH

The year 1944 finds the heaviest total production of livestock slaughtered for meat purposes that this country has ever experienced. Tremendous numbers of cattle continued to be marketed and slaughtered throughout the year. The first eleven months of 1944 showed an increase of 13.2 percent over the same period a year ago. Much the largest number of hogs was slaughtered in 1944 of any similar period. The previous year, 1943 produced the heaviest production up to that time but the eleven months of 1944 showed an increase

of 12.8 percent hogs at the principal markets in the country more than the same period last year.

The slaughter of veal calves likewise increased materially with 26.4 percent larger receipts; the slaughter of lambs fell off some with 3.8 percent less than a year ago. Of this tremendous volume of livestock, the Cincinnati market has handled a larger headage during 1944 than for many years. The Cincinnati Producers, the cooperative livestock selling agency owned by stockmen, operating on the Cincinnati market has handled the largest headage of any year since 1934. In the combined operations of the entire Association, with selling agencies at Cincinnati, Dayton and Lexington, much the largest volume of business was handled in 1944 of any previous year. This headage will total some 700,000 head.

The Directors of the Cincinnati Producers, at their recent meeting, declared a savings or patronage dividend of savings on selling costs for the years 1943 and 1944 on Cincinnati operations. Commissions collected in 1943 amounted to \$137,751.55. Commissions for 1944 will approximate \$154,000.00. A refund of savings will approximate \$36,000.00. Accounting will be cared for and distribution to patrons of the Association will be made early in February.

The Twentieth Annual Meeting of the Cincinnati Producers will be held at the Netherland Plaza Hotel, Cincinnati, Thursday, February 15, 1945.

CITY-REARED GIRL

ENJOYS 4-H CLUBS

Born in New York and living most of her life in large cities, Marna Perry, 13, spoke of the annual meeting of the Oldham County Homemakers' Association on the joy of being a 4-H Club girl and living in the country. She is the daughter of Mr. and Mrs. Howard J. Perry, Oldham county.

"Living in the country would not be complete without 4-H Club work," she said. "Club work gives you a pattern to live by. It touches all parts of country life and makes it more interesting, stimulating and worthwhile."

KENTUCKY FARM, HOME
CONVENTION TO HEAR
GOV. THOMAS BAILEY

Gov. Thomas L. Bailey of Mississippi has been secured as one of the speakers at the annual Farm and Home Convention at the University of Kentucky Jan. 20-24. It is announced by Dean Thomas P. Cooper of the College of Agriculture and Home Economics. He will address the session for farmers the morning of Jan. 31, the session for homemakers that afternoon, and the conference of the Kentucky Rural Church Council Feb. 1.

Other noted speakers scheduled to appear on the Farm and Home Convention program include H. E. Babcock, Ithaca, N. Y., president of the Grange League Federation Cooperative; Dr. B. E. Jessup, University of Kentucky, economist, formerly on the faculty of the Kentucky College of Agriculture; Rabbi Joseph Rauch, Dr. Charles W. Welch and Dr. William T. Watkins, Louisville; Dr. T. O. Hall, director of rehabilitation in Kentucky; Prof. Edwin Griffith, University of Illinois; Morse Salisbury of the United Nations Relief and Rehabilitation Administration, and Dr. C. Horace Hamilton, University of North Carolina sociologist.

The convention will follow its usual pattern of a general session for farmers for two days and then two days of meetings of farm organizations; a separate session for women all four days, and the annual conference of the Kentucky Rural Church Council.

CHICAGO TRIPS FOR
KENTUCKY 4-H'ERS

Eighteen Kentucky champion 4-H Club members received trips to the National 4-H Club Congress and fast stock show in Chicago as rewards for their war-food production records. Their names and the projects in which they were champions follow:

Ellsworth Allen, Pulaski county, meat animal; Clarence Ammerman, Harrison county, Angus steer; Barbara Brown, Oldham county, turkey improvement; James Chaney, Warren county, swine production; O. D. Cook, Hickman county, farm labor service; Evelyn P. Crawford, Caldwell county, dress revue; R. D. Floyd, Warren county, food for victory; Oswald Forsee, Owen county, sheep; Hudson Goins, Leitch county, home lab or service; Bonnie Hahn, Anderson county, canning; Margaret May, Boyle county, food preparation; Ann McWilliams, Oldham county, clothing; Lester Meredith, Hart county, victory garden; John L. Murphy, Jr., Montgomery county, soil conservation; William Palmer of Warren county, Herford cattle; Charles P. Frewitt, Montgomery county, tobacco; Joan Scott, Hopkins county, girls' record book, and Dorothy Taylor, Warren county, Shorthorn cattle.

CHICKEN AND SAUSAGE

Twenty quarts of chicken and 40 quarts of sausage for overseas boxes were part of the canning which Mrs. Jett Jelf of the East Lawrenceburg Homemakers' Club in Anderson county did this year. When it isn't fruit and vegetables, it is meat and poultry she is canning. She not only puts up food for her family of three, but for her two daughters, her neighbors and friends.

"To be found on her own storage shelves this winter are 190 quarts of meat, 500 quarts of soup and vegetables, 320 quarts of fruits and fruit juices, 220 quarts of tomatoes and tomato juice, 55 pints of pickles and 36 pints of pimentoes. For her preserves and jams, Mrs. Jelf uses cane syrup instead of sugar. Her vegetables include beans, corn, tomatoes, okra, lima beans, beets, carrots, peas, summer squash, sweet potatoes, greens, cucumbers and peppers."

FAVOR CONTOUR CULTIVATION

Thirty-eight Washington county farmers cultivated 550 acres of corn and tobacco on the contour this year. Twenty farmers built homemade levels for establishing guide rows for themselves and their neighbors at a demonstration conducted in March by the county agent and extension agricultural engineer. After the levels were built, their use in staking out guide rows was demonstrated in the field. Farmers favor contour cultivation over straight-row farming because it is easier on their teams, makes for better drainage for plant growth, and rains cause less erosion. Cover crops were drilled on the contour after row crops were harvested.

CLASS FINDS FOOD
COSTS CAN BE LOW

Thirty-six and a half cents a day will purchase enough food to provide a person with all requirements for living according to tests made by a dietetics class in the University of Kentucky College of Agriculture and Home Economics. Actually, a person can subsist and not suffer any dietary deficiency, the tests showed, by eating one and a half quarts of milk, 20 slices of whole wheat or enriched bread, one-half ounce of oil and three-fourths of a cup of kale daily.

Should the diet become monotonous for a person trying to keep strictly within a budget, it may be varied by substituting for the liver three-eighths of a cup of carrots or for the liver and kale three-fourths of a cup of beet greens, three-eighths of a cup of turnip greens, one cup of green pepper, one and a half cups of tomatoes, two oranges, one-fourth of a pound of cabbage or three-eighths of a cup of dandelion greens.

The milk and bread alone, according to the experiment, would provide all the necessary requirements except vitamins A and C. However, members of the class pointed out, it is vital that these two vitamins be included in every diet. The foods in which they are found are among the least expensive, they said, so that including them in a diet does not add greatly to its cost.

Outlining ways that housewives can decrease cost of meals, members of the class stated that homemakers should buy as cheaply as possible, learn to prepare foods so there is little waste, use left-overs, make use of seasonal foods, learn to buy good brands and grades of foods, use all of vegetables which are edible, have home vegetable gardens and buy food when it's cheap and preserve it for months when it's more expensive.

To prepare food with little waste, housewives should cook meats at a low temperature, serve vegetables and fruits raw if possible, boil potatoes before frying and cook vegetables under lids and in small amounts of water. Left-overs may be utilized, the class found, in casserole dishes, vegetable soup, meat pies, stews, potato and rice cakes, rice pudding and Spanish rice, bread pudding, dressing, salads, fruit cocktail, chili, mush and the usual hash.

"It is true," the class concluded, "that two can live as cheaply as one, but one of the two is willing to study foods and dietary requirements, to plan meals, to buy wisely and to prepare food well."

MONTGOMERY STEPS UP

Typical of dairymen in Montgomery county who are working to keep up production is O. C. Ramey. He made a silo by bricking and concreting the pit of an old ice house, then repaired a 30-year-old model ensilage cutter, powering it from the wheel of an old truck. Farm Agent Floyd McDaniel said it made a fine-cut silage as good as anybody's. Ramey next took scrap iron, two old pulleys, an old cable and an old kettle and rigged up the elevator to hoist the silage when needed. Milk receipts in Montgomery county are said to have averaged 200 pounds more per day during October than in the same month a year ago.

C. S. Brookings of Ballard county combined 6,000 pounds of Korean lespedeza seed from 17 acres.

Monroe county farms this year seeded their largest acreage of cover crops.

KENTUCKY 4-H BEEF
GOES TO WASHINGTON

The arrival of 60,000 pounds of Kentucky 4-H Club beef in the National Capital was the "biggest meat news in Washington in years," according to a full-page advertisement in the Washington Times-Herald.

"Seldom, if ever," the advertisement declared, "has so much fine beef arrived in Washington at one time. This shipment is the finest 4-H Club beef, raised by the farm youth of Kentucky."

ONE-HEIFER START

BRINGS GOOD HERD

From a registered Angus heifer bought 11 years ago, Robert R. May of Livingston county has sold \$1,200 worth of cattle to breeders or to market, and now has 21 heifers and cows on his farm, as well as "Grandma," the original heifer. It was in 1933 that Mr. and Mrs. May decided to go into a long-time cattle breeding program. Cattle were selling on the market for \$1.50 to \$2.50 per hundred, and yet Mr. May paid \$55 for his registered heifer. Since that time, reports Farm Agent Robert L. Rudolph, Mr. and Mrs. May have bought and almost paid for 185 acres of some of the best land in that part of the county.

FARM WOMEN DO WELL

ON THEIR OWN MARKET

Mrs. Otto Tucker of Barren county realized more than \$1,125 from farm products sold at a homemaker's market in Glasgow during the past year. Total sales at the market were \$5,058. Mrs. Tucker, a member of the Temple Hill Homemakers' Club, is also managing the cafeteria at the Temple Hill Consolidated School. She attributes her ability to do this work to the four years of study and preparation of food she had in her homemakers' club.

GRANT FARMERS LIKE

DIVERSION DITCHES

Small terraces known as diversion ditches have stepped up the ditching program in Grant county. They are a new venture, according to farm agent Robert Hume, a product of the resourcefulness of farmers in that county. With the weathering of the soil, they take care of all the demands, one farmer decided he could use his plow and disk and do as well. Other farmers did likewise, with the result that the ditching program in the county has been greatly increased.

MOTHER ILL, GIRL

WINS CHAMPIONSHIP Canning 475 containers of food for her family of four won for Dorothy Jean Mosely, a member of the Sutherland 4-H Club in Davies county, the district championship in food preservation. As her mother is an invalid, Dorothy Jean also prepares the meals and does the housework, in addition to attending school each day. Early this year she worked out a canning budget for her family, and as a result she canned 240 quarts of vegetables, 240 quarts of meat, 121 quarts of fruits, 60 containers of jams and preserves and 30 containers of pickles.

The Answer to the 64-Million Dollar Question

"Why Should I Bother About Tax Returns, Since My Employer Withholds My Tax From My Salary Or Wages?"

Thousands of people have been given the impression by newspaper headlines that the new "simplified" tax law will save them the time and trouble of making out complicated tax returns. Others believe that since their employers deduct the tax from their salaries, this disposes of their tax problems altogether. Others may not realize that the government may owe them a tax refund.

These erroneous impressions will, it is estimated, cost taxpayers \$64,000,000 in unnecessary taxes, penalties and interest charges.

If you are one of those who have been laboring under these impressions, you will be interested in seeing

Children's Feet

N. TULCH Foot Comfort Specialist at— PEOPLE'S SHOE STORE 814-816 Madison, Covington

Ninety-nine out of a hundred babies are born with good feet, even if they do appear to be flat at the start. We say babies are born with flat feet because the bony masses in a new-born baby's feet are held in place by fat pads. As the baby starts to stand and walk, these fatty pads are absorbed and muscles take their place. But about the third year the arch of the foot should be pretty well defined if the child is going to have any arch. We say it, because everyone is not meant to have the same color of hair or eyes.

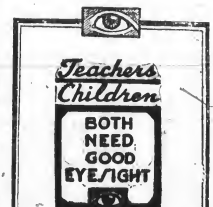

Perhaps when the child starts to stand he is overweight, or under-nourished or has gone through a serious illness. In that event the muscles may not develop enough to produce an arch in the foot. He then grows with a natural flat foot. The condition is rarely painful. However, many cases of flat feet can be averted if the child is provided with shoes that hold the weak foot in alignment. Such shoes are usually wedged slightly under the inner border of the heel bone. This prevents tipping in of the ankles and by over correction has a tendency to cause the muscles on the inner border of the leg to shorten. These muscles are the ones which keep the foot arched.—Adv.

BURLINGTON BAPTIST W. M. S.

The W. M. S. of Burlington Baptist Church met at the church on January 10 at 2:30 p. m. The meeting was opened by singing "How Firm a Foundation" followed by a devotional message, given by the president, Mrs. Noel Walton.

A most interesting and very instructive program was rendered, under the efficient leadership of Mrs. Walter Brown: "History of Baptist in America Before 1845," and "The Organization of Southern Baptist Convention in 1845" was ably explained by Mrs. Irvin Rouse.

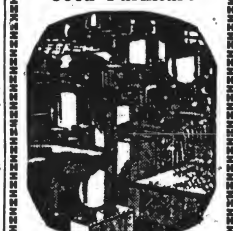

Mrs. Earle Smith gave a fine, illustrated discussion of "A Century of Progress, for Southern Convention and W. M. U." Mrs. Walter Brown closed the presentation with details of the Centennial plans.

During the business session, plans for the year were outlined and discussed. The membership is happy to announce that the standard of excellence was attained by all organizations for 1944. The Intermedia and Junior G. A.'s gave a Christmas party Dec. 23, at which the honor guest, was Kathryn Simmons of Protestant Orphans' Home of Devou Park, Ky. Delightful entertainment was provided, delicious refreshments served, and beautiful and useful gifts were presented. Miss Simmons, who has been the object of their community mission for the past year.

The W. M. S. officers for the year 1945 are: President, Mrs. Noel Walton; 1st vice president, Mrs. Irvin Rouse; 2nd vice president, Mrs. Walter Brown; 3rd vice president, Mrs. Courtney Kelly; secretary and treasurer, Mrs. Thomas Hensley; stewardship chairman, Mrs. Ted Hambrick; community missions, Mrs. Less McBee; publicity chairman, Ruth M. Kelly.

Counselors for the Junior organization are: Young People's Leader, Mrs. Courtney Kelly; Intermediate G. A.'s, Mrs. Robt. Clure; Junior G. A.'s, Mrs. Noel Walton; Intermediate R. A.'s, Albert W. Weaver; Junior R. A.'s, Mrs. Less McBee; Sunbeams, Mrs. Ted Hambrick.

HANDLE 'EM WITH

"Kid Gloves"

After Three War Years, Your Electric Appliances Need Continued Good Care To Make 'Em Last

Oil motors regularly according to manufacturers' directions. (Some motors are enclosed in hermetically sealed units and need no oiling.)

Keep appliances clean. Wipe carefully after each using. Dirt, dust, food, crumbs, can cause trouble.

Tighten nuts, bolts and screws at the first sign of looseness.

Watch out for loose connections. If appliance sparks or motor stalls, disconnect instantly and have checked.

Never immerse an appliance in water. It may result in a short circuit, damaged appliance or both.

Don't drop appliances and don't knock them around. Treat them with care.

Don't tinkler. Unless you know exactly what you're doing, have an expert service-man handle your repairs.

Treat cords carefully. Don't kink, knot or allow to rub on sharp edges. Keep away from oil, moisture, hot appliances. Don't yank to disconnect.

NEED FOR LOCKER 100 MORE SIGNERS

APPROXIMATELY EIGHTY CONTRACTS IN HANDS OF COMMITTEES—TOTAL NEEDED IS ONE HUNDRED EIGHTY.

One hundred food producers to sign up for one year's rental are needed for the northern half of Boone County to secure locker-freer service. Approximately eighty food producers have signed up to date. Due to the bad weather and roads, the sign-up date has been extended.

Locker freer plants bring a new type of food service to the community. This service has proven a great forward step in making more efficient use of farm grown food crops and products. They have given the farm family an opportunity to enjoy a better and more wholesome year round diet, according to H. R. Foraker, County Agent. Practically all rural people qualify as food producers and count toward the necessary 100 food producer rental applications.

Many folks are signing up for a year's locker rental just to get the new food service started. The sign-up, however, shows that once the service is started, all rentals are quickly sold out and a large waiting list is on file.

Those who want locker-freer service or want to cooperate in securing this service locally should sign up now. Those who sign up now are rendering a valuable service toward getting this service started at the earliest possible date. Those who wait are delaying the date this service can be made available.

Application forms printed in this week's paper may be used. Act now. Contribute your help toward this worthwhile service.

Walton And New Haven Teams Chalk Up Wins

Walton and New Haven each chalked up a victory in games last week over Simon Kenton and Warsaw, respectively.

Walton exhibited a final burst of speed in the fourth quarter to down the Simon Kenton Pioneers on the Walton floor by a 37-32 count.

Warren of the Walton five collected 13 points, while Roberts collected 10 and Cook nine. High point man for Simon Kenton was Feuch with 12 points.

In a preliminary game Simon Kenton reserves emerged victorious over Walton reserves by a 26-8 count.

New Haven trounced the Warsaw five Tuesday night by a score of 31-29 after trailing at the half-way mark. Judge was high point man for the winners with 14 points while Bogardus collected 13 for the losers.

In a preliminary game the New Haven reserves were victorious over Warsaw by a 33-23 count.

Purple Heart Awarded

Mr. and Mrs. A. C. Johnson, of Walton received the Purple Heart awarded posthumously to their son, Pfc. Paul Harold Johnson of the U. S. Marine Corps, who was killed on the Palau Islands Sept. 16th.

TAX COLLECTOR WILL VISIT COUNTY

WILL ASSIST TAXPAYERS IN FILING FINAL 1944 RETURNS AND ESTIMATED RETURNS FOR THE YEAR 1945.

Collector of Internal Revenue, S. E. Dunn, announces that a deputy from his office will visit Burlington, Ky., March 1 through March 3, 1945, for the purpose of assisting taxpayers in filing their final 1944 returns and their estimated returns for the year 1945. Their returns should be filed by March 15, 1945. Mr. Dunn says that the new Revenue Act is in many particulars different from the laws previously in effect and that the many changes made can not be explained in a short notice, but that his deputy is familiar with the law and is being sent here to be of real service to the taxpaying public. The service is absolutely free. Collector Dunn urges the taxpayers of Glenn county to see the deputy and let him help them with their income tax problems.

Number Of Local Women Donate Time At Ft. Thomas Hospital

Following is a list of the names, and the number of hours worked, by those who represent Boone County in December at the Army Air Force Convalescent Hospital, Ft. Thomas thru the medium of Red Cross. These women deserve special credit owing to the extra bad weather conditions:

A similar list will be posted each month, and anyone wishing to volunteer may call or write Mrs. Elizabeth Goodridge Nestor, Florence, Ky. Tel. Florence 84.

Mrs. L. R. Erickson

Mrs. L. R. Erickson, a former resident of Boone County, passed away Thursday of last week at her home in San Jose, Calif., according to an announcement received here. She was 58 and had been ill only five months.

She was born and reared in Boone County, but had been residing in California for the past 15 years. Besides her husband she leaves two sons, Wilford and Franklin Beeson, both in the armed services; one daughter, Frances Beeson; two sisters, Mrs. Nora Sattire and Mrs. Fannie Hage, both of California and two brothers, John W. Ryle, of Burlington and Joseph Ryle, of Virginia.

She was the third of this family to depart this life in the past few months. Her brothers, Dr. Elijah Ryle of Walton and J. P. Ryle, of Burlington, both passing away only a short time ago.

Details concerning the funeral arrangements were not made known in the telegram received by the family.

Alonso Oder

Funeral services were held at 2:30 p. m. Saturday at the Philip Talferro funeral home, Erlanger, for Alonso Oder, 69, of 143 Kenton Street, Elsmere, a building contractor who died Thursday at Booth Hospital, Covington, after a short illness. Rev. W. H. Lodwick, pastor of Elsmere Baptist Church officiated at the services. Burial was in the Florence Cemetery.

Mr. Oder was a member of the Elsmere Baptist Church and had been a resident of Elsmere for the past 40 years.

He is survived by seven daughters, Mrs. Miller Klein, Cincinnati, and Mrs. Charles White, Mrs. Gordon Jennings, wife of Kenton County sheriff; Mrs. Clem Stahl, Mrs. Clifford Highhouse, Mrs. Earl Tanner and Miss Lucy Mae Oder, all of Elsmere; a son, William E. Oder, Erlanger; a sister, Mrs. Josie McCallister, California; five grandchildren and a niece, Mrs. E. C. Hall, Elsmere.

Phil Talferro, Erlanger funeral director was in charge of arrangements.

Miss Mamie McMullen

Funeral services for Miss Mamie McMullen were held at 2:00 p. m. Monday at the Tharp & Smith funeral home. Miss McMullen, who was 58, died Saturday at Booth Hospital, Covington. Burial was in Burlington Cemetery.

She was a lifelong resident of Boone County and a member of the Gwynedd Baptist Church.

She is survived by two brothers, C. H. and L. W. McMullen, both of Lawrenceburg, Ind.

Tharp and Smith, Florence funeral directors were in charge of arrangements.

Former Boone Countian Killed In France Jan. 10

Cpl. Walter Snow, was killed in action while fighting with a tank outfit in France on January 10, according to an announcement received here this week.

He had been overseas but a short time. He is the son of Mr. and Mrs. Ben Snow, formerly of Boone County, but now residing in Covington.

COMPLETE DETAILS OF PLANE CRASH

GIVEN BY SPRINGFIELD LEADER AND PRESS IN FATAL ACCIDENT WHICH TOOK LIFE OF GEORGE B. YATES, JR.

The following news story was taken from the Springfield Leader and Press, concerning the fatal crash of an airplane which claimed the life of George B. Yates, Jr., and William Burdick:

The tiny red and silver training plane climbed slowly from a field southeast of Springfield after simulating a forced landing for a student yesterday afternoon.

The little 65 horsepower engine sputtered, quit a moment, started again, then stopped entirely. The ship was low and the field behind it, but the pilot attempted a steep turn back toward the field as a heavily wooded section.

But the turn was too steep. The plane hesitated, slipped over on a wing, and slid sideways into the woods. The right wing, strong enough to sustain two men in flight, wasn't built for smashing into heavy trees. It buckled, and ripped into shreds.

The plane crashed to the earth, slightly nose first, throwing the pilot forward against the windshield and instrument panel.

This, possibly is what happened before farmers pulled the lifeless body of Instructor George B. Yates, Jr., from the ship and freed the unconscious student, William Franklin Burdick, from his safety belt.

What really happened—what actually caused the little ship to crash—probably will forever remain a mystery.

Burdick, the only man who could shed any light on the crash, died at 3:45 o'clock this morning in St. John's hospital, where he was taken yesterday afternoon with two leg fractures and a head injury.

At the scene yesterday afternoon immediately after the crash occurred at about 3:40, farmers cut the useless parachute from Burdick and removed his tie and loosened his clothing until two ambulances arrived.

A Spin Unlikely Pilots at the airport today were speculating over what caused the tragedy, realizing that George Yates was a skilled and careful pilot.

Besides the theory that their plane slipped out of a tight turn near the ground, there are two other possibilities.

Both were wearing parachutes and had announced their intention before taking off of practicing spins. The crash occurred in one of the customary spin areas. So they may have spun in.

But the way the plane struck the ground doesn't seem to indicate a spin accident. And spins are performed at high altitudes—1500 feet is the CAA minimum for finishing such a maneuver. So they would have had a chance, it seems, to use their parachutes had something happened in a spin.

Number two possibility: They may have been making an actual forced landing and miscalculated. Although it is evident they were having motor trouble, they obviously weren't planning to make a landing in the woods. And pilots make forced landings with the ship slowed down as much as possible.

The wreckage shows clearly that the plane was going pretty fast when it hit—much faster than the usual speed for a forced landing.

Experts from the Civil Aeronautics Authority are here today examining the accident scene and wreckage. But if they do arrive at a conclusion as to the cause of the crash, their report probably will not be made public.

Coroner Murray "C. Stone, who pointed out he is not a "plane expert," said he plans no further investigation and that no inquest will be held.

Cause of Yates' death, said Doctor Stone, was a "bruised chest," but the instructor also suffered severe head lacerations, two leg fractures and an arm fracture.

Neighboring farmers reported that the plane had been flying low over clear fields near the woods. (Indicating they had been practicing forced landings, because the farmers said the motor wouldn't be cut off and on.) One farmer said the plane was climbing when the motor stopped twice. The second time, he said, it turned and seemed to fall sideways into the woods.

Yates had several hundred hours in the air and owned the Porterfield in which he was killed. He

FARMERS PLAN IMPROVEMENT

PROGRAM FOR COUNTY FARM PRACTICES FOR 1945 ARE RECOMMENDED—ALL PHASES TO BE COVERED.

Boone County farmers in a series of community meetings are planning one of the most progressive improvement programs undertaken in recent years, according to H. R. Foraker, County Agent. The programs deal principally with sound crops and livestock improvement plans, many of which will be completed by 1945 and others that involve completion over a longer period.

A summary of five community programs planned to date show that local farm leaders are recommending the following practices for 1945:

1. Commercial fertilizers including limes and phosphate are basic for soil improvement. High price crops return a higher net profit today than ever before.

2. Order and secure delivery of their 1945 fertilizers now as the total supply is limited and later delivery can not be expected when needed. 3. Make full use of all available AAA phosphate and lime grant-of-aid materials; where early delivery of these cannot be expected, order immediately from local dealer. 4. More efficient uses of manures and tobacco stalks. 5. Full uses of erosion control practices including contour cultivation, diversion ditches and terraces, seedlings of grasses and cover crops.

Pasture and Hay Crops:

1. There is a shortage of high quality clover and grass seed. Order quality seeds early and seed according to the most effective plans.

2. Cure higher quality hay. Grain Crops: Adapted hybrid corn seed and use of Balbo ry for both hay and pasture are recommended.

Livestock: Pasture, the cheapest and best of all feeds, must be improved and more effectively used. Eight months of pasture and one acre of alfalfa or good legume hay per cow was approved in all programs.

Disease control and improved breeding stock are fundamental for all livestock programs.

Tobacco is the most important cash crop. Large numbers of leaders report to have exceeded the ton per acre yield goal last year. Plans were made for further widespread use of high yielding production practices.

Livestock water supply improvement, truck crops, fruit, home food production, marketing, and farm labor were also included in the program. Community farm leaders who will hold 1945 planning meetings in the near future include:

Verona at the bank, Thursday, January 25th at 2:00 p. m.

Constance at school, Thursday, January 25th at 8:00 p. m.

Grant at school, Friday, January 26th, at 7:30 p. m.

Burlington, at County Agent's office, Monday, January 29th at 7:45 p. m.

Countywide planning meetings in poultry, fruit, and tobacco will be held in the near future. Farmers are invited to take part in planning all programs pertaining to their farm interests.

Hunters And Fishermen Again Urged To Turn In 1944 Licenses

Kentucky hunters were again reminded today by Earl Wallace, Director of the Division of Game and Fish, to fill out the form on the back of their hunting and fishing licenses and mail them in to the Division offices here immediately, stating the amount and kind of game killed during the year 1944. The 1944 licenses expired on December 31 and new licenses for 1945 are now in the hands of the county clerk clerks of the state.

To date the 1944 licenses have been returned at a very slow rate and Wallace pointed out that such information as would be placed on the back of the licenses would be of great value to the Division in compiling data on the amount of game killed in Kentucky each year by the sportsmen and the types of species taken in the hunter's and fisherman's bag.

Send your 1944 hunting and fishing licenses to Frankfort today.

The meeting programs will be divided as follows: (a) Special group discussions, first thirty minutes; (b) General business meeting; (c) Guest speakers; (d) Recreation.

FARM-HOME WEEK DELEGATES NAMED

MRS. LEO FLYNN AND MRS. VERNON POPE NAMED VOTING DELEGATES—MEETING SET JANUARY 30-FEB. END.

The advisory council of Boone County Homemakers has selected Mrs. Leo Flynn, Walton, and Mrs. Vernon Pope, Burlington, for voting delegates to Farm and Home Week. The majority of local clubs also plan to send delegates for the four-day convention at the University of Kentucky, January 30th-February 3rd.

The women will meet in Memorial Hall. Plans are being made to accommodate 1,200 to 1,500 women. The program will include a variety of subjects relating to the home and the part women are taking in Agriculture and world affairs.

Speakers and their subjects the first day are: Dean Thomas P. Cooper, "Looking Ahead with the Farm Family"; Dr. O. B. Jeames, University Minnesota economist, "Adjusting to a Changing World"; and Dr. C. Horace Hamilton, North Carolina State College, "Rural Health—What Can We Do About It?"

The second day's speakers are President H. L. Dunaway of the University of Kentucky whose subject will be "The University in Our Changing World"; Mrs. Salisbury, Washington, "Our Role in World Relief"; Gov. Thomas L. Bailey of Mississippi, "Building on Solid Foundations"; and Rabbis Joseph Rabin, Louisville, "What Do You Want Russia To Be?"

Third day speakers will include Dr. F. O. Ball of Lexington, representing the Veterans' Administration; Dr. Renato Rosaldo, University of Illinois, in an address to Latin America, and Dr. Charles W. Lewis, Louisville, speaking on "Religion in Tomorrow's World."

Reports of the year's activities of the Kentucky Federation of Homemakers will be made Friday, and Chas. Grege of the Courier-Journal will speak at a homemakers' luncheon.

A meeting of the state nominating committee will be held Tuesday afternoon. Mrs. Flynn has been asked to serve as chairman of this committee. The regular business meeting of the Kentucky Federation of Homemakers will be held Wednesday night and Friday morning.

A copy of the program may be obtained from the County or Home Agents' Office.

Correction

Through a typographical error of the printer, the name of the Sunday School of the Ballantyne Christian Church was omitted from the list of those organizations helping with the furnishing of the Boone County Day Room at the AAF Convalescent Hospital, Ft. Thomas, Ky.

This group was one of the most generous subscribers, and its name is included in the framed list of participating organizations, which is displayed in the room.

TRAINING CLASS HELD WEDNESDAY

Nine home furnishings leaders of the Boone County clubs attended a training class last Wednesday in Florence. The meeting was held in the home of Mrs. John Schram.

CORN

N. TULCH
Foot Comfort Specialist at—
PEOPLE'S SHOE STORE
814-816 Madison, Covington

The most frequent of foot ills is the disagreeable growth which usually is found on the outer side of the little toe or on top of the second, third and fourth toes; and in some cases on the bottom of the great toes joint. The chief symptom is a burning, stinging pain of varying degrees. The formation of the growth produces a pressure upon the nerves which in turn gives rise to pain varying from a dull mild sensation to a

sharp and intense irritation. These pains are usually increased when the parts affected are further irritated by ill fitting shoes, by friction or by other pressure.

In the case of a soft corn, which is found in the web between the fourth and fifth toe, the cause is usually due to pressure brought about by the dropping of the fourth metatarsal bone which in turn presses upon the face of the fifth. The possibility of eliminating a soft corn is very good provided proper shoes are worn and a metatarsal bone to set it up in posture. The soft corn will gradually become smaller and finally disappear.

Vascular corn is an over growth of skin, the same as occurs in hard corns, but in which blood vessels are found. The pain is more severe in this type of corn than in any other form, usually resulting in a burning sensation even when the victim is not standing or walking.—Adv.

IMPROVED
UNIFORM INTERNATIONAL
SUNDAY SCHOOL LESSONBY HAROLD I. LUNDQUIST, D. D.
Of The Moody Bible Institute of Chicago.
Released by Western Newspaper Union.

Lesson for January 28

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

LOYALTY TO THE KINGDOM

LESSON TEXT—Matthew 6:33; 7:12, 13-29. GOLDEN TEXT—Seek ye first the Kingdom of God, and his righteousness; and all these things shall be added unto you.—Matthew 6:33.

In the kingdom of Christ there must be unquestioned loyalty. If then He is the King of our lives, we as Christian men and women will want to live in accordance with His blessed will.

Loyalty to Christ leads to the best kind of living. It surpasses any experience of loyalty to a cause or a human personality. Instead of hindering or limiting our development, it opens wide the grand vistas of a life altogether worth-while. It is a life:

I. Well Ordered (6:33).

Much of the distress in which men and women find themselves is caused by the fact that their lives are not well ordered. They live in a constant flurry of uncertainty, indecision and disorder. They have no proper center for their lives and consequently they are lopsided and lacking in real usefulness.

See how delightfully right is the experience and activity of a follower of Christ. He is the center. The interests of His kingdom are first in thought. His righteousness is the rule of life. Other things? Well, all that is necessary, God adds day by day.

When the center of life is right, everything else is right—when that is wrong, all is wrong. Is your life centered in Christ?

II. Kind (7:12).

Spiritual principles apply to daily living, to our attitude toward our fellow men and toward ourselves. The so-called Golden Rule. It is not the way of salvation; it is a summary of the teaching of the law and prophets. But it does provide us with a splendid principle of daily conduct.

Our active concern each day and in every hour with others is to be, "How would I like them to deal with me? Let me do thus to them." That is a higher standard than you think until you really try it. Only Christ can enable you to do it.

III. Fruitful (7:16-20).

Two fruit trees or vines may look almost alike until the fruit appears, and then we learn the true character of each—whether good or bad.

Every life brings forth some kind of fruit, and in its fruit we have manifestation of the life speaks of the inward condition of the life. Unclean and profane speech, hatred, dishonesty and trickery—these come out of an evil heart. Righteousness, pure and kindly speech, thoughtful actions, honest and straightforward dealings—these speak of the good heart.

The one whose life is centered in Christ (see above) is a vine after God's own planting. His roots strike deep down into the grace and mercy of God, and his fruit is the Christ-like grace of Christian character (see Gal. 5:22, 23).

IV. Genuine (7:21-23). Lip service will not do (v. 21). Even an imitation of the real service of God's people, but rendered without the backing of a life of faith, will result only in disappointment and our Lord's own disavowal (vv. 22, 23).

The opposite of that is equally true. The real child of God works for Christ; he speaks of his Lord, and calls on His name. But in and through it all there is the evident ring of sincerity and genuineness which marks it as the real thing.

One does not hear much mention these days of hypocrites in the church. He has died and is rejected the only foundation—and yet tries to build a house of Christian character. When the real problems of life strike, he goes down in ruin.

On the other hand, let no Christian who has laid a foundation on the rock fail to go on and build upon it. Thus grounded, his house of faith will stand through the wind and rain and floods of life seek to tear it down. Of that kind of house we read that "it fell not; for it was founded upon a rock" (v. 25).

This lesson will afford many profound Christian principles to test their lives and their loyalties by God's standards.

A Frozen Food Locker

Will Save You Money And Give You The Following Benefits:

1. The average family saves \$60.00 to \$100.00 per year by using locker service.
2. You can butcher anytime of the year—summer or winter.
3. 75 Percent less work required than in canning fruits and vegetables.
4. Preserve the garden-fresh flavor and food value of your own fruits and vegetables.
5. A locker will serve as your stock of fresh fruits, vegetables and meats. One locker will hold a quarter of beef and one hog or approximately 100 frying chickens or the equivalent in fresh fruits and vegetables. Restocked as needed it will serve as a year round supply of fresh fruits.
6. You can serve roasting ears, fresh cantaloupe or fried chicken for Christmas or any time during the year.

4-H CLUB MEMBERS REPORT GOOD YEAR

That 347 4-H club members in Boone county produced food and other crops last year with an estimated value of \$39,774, was stated by T. H. Jones, farm agent. Included in the projects were 132 Victory gardens on 76 acres from which 19,301 quarts of vegetables were canned, 2,701 bushels stored

and 1,344 pounds dehydrated. Eighty-three members raised 5,003 chickens; 30 members grew 61 acres of corn with an average yield of 33½ bushels per acre and 69 members raised 90 head of hogs weighing approximately 25,315 pounds. Three acres of tobacco were grown. On his one acre, Ray Caudill produced 923 sticks of tobacco.

WITH OUR BOYS IN THE SERVICE

Shelton L. Love, APO 235, care Postmaster, San Francisco, Calif., writes:

"My Friends of Boone County: As I gaze upon the world this morning, I see a much happier year ahead for all of us. Let's give a hand for all of our dear boys who are serving in the Philippines. May God bless them all."

"I know everyone at home is doing his or her part to win this war and you can well be assured that we are. Let's back our boys up one hundred percent, all the way to Tokyo, Japan—Tojo's last stand. Let's help them all get back to their homes and loved ones as soon as possible, so that they may all live together in peace once again, and for always."

Pvt. Tomas Denner's address is Company "A" 53rd Tng. Bn., B. K. S. 4, 11th Regt., Camp Fanning, Texas.

Carvin Goodridge of Hebron writes that he is now at Camp Blanding, Fla. He states that the weather is pleasant during the day but very cold at night. His address is: Pvt. Lawrence C. Goodridge, 3521423 Co. D, 192nd Bn., 60th IRTG, Camp Blanding, Fla.

The following letter was received from Bob Stephens, stationed somewhere in Italy:

"I just received two copies of your paper and so I had to take time out to read them and then I decided I had better try to write

you a few lines while I have time. This is the first day of the New year and it is drawing to a close. I have been working all day, but we still had time to eat turkey. I guess I have been lucky this year because I have had turkey for Xmas and New Years. I guess most of the fellows that are in the army had the same as I did. We really knew when the New came in this time. I didn't know just what was going on at first, but when I noticed that it was 12:00 I knew what it was all about.

"Pete if you print this letter as I notice you usually do, I would like to thank all the folks that sent me the cards and packages for Christmas. A fellow so far from home and away so long really appreciates those things from the folks back home. I want to thank you for sending me the paper, I really do enjoy reading it."

"I know it has been a long time since I have written you, but we really are busy and I try to answer the letters I get, so you know how my time is spent. I saw Herman Buckler a few days ago and we had quite a time together. We had lots of things to talk about. It looks like you folks really bought the war bonds this time. Well I have to close for now and thanks again for the paper."

The following letter was written by Sidney B. Brown, stationed somewhere in the Philippine Islands, to his mother: "Dear Mom, I received your letter today and will take time out to let you and the rest know that I am getting along about the same, but felt much better when your letter arrived. The rainy season has commenced and it sure rains in raining. It doesn't rain constantly, there are days that are clear and bright but can change within a minute's time to near hurricane force."

"There isn't much news that I can write. I haven't heard from William for two months or longer, hope he is alright and that he will get to come soon. We have a movie set up now and it helps to

pass away the time. There isn't near so much excitement here, as when we first arrived. I should tell you where I have been and what I have been doing, you would worry yourself to death, so don't worry about it. I have taken care of myself and think I have done a good job of it. The towns are dirty, the streets are like a hog pen and smell like one. I haven't received your Christmas packages yet. This is December 26—they may come in a few days."

"We have more protection now when we first came, but have alert now and then. It was hard for me to understand the Philippines at first, but now it isn't so hard. The homes are small, a hut ten by fifteen will hold about fifteen. They take turn about sleeping. The first half sleep three or four hours then the last half sleeps—the first half stands guard."

"You must take care of yourself. Glad that Marie is with you, hope she will stay all winter. Will close for this time expecting to hear from you soon."

"P. S. I received the Recorder Christmas morning. The supplies are coming in regular so we have plenty to eat—don't worry."

The following was written by William J. Brown, stationed in Italy to his mother: "Dear Mother, I received your letter today and was glad to hear from you. I am still well and feeling fine, so everything's alright with me."

"I don't know when I will be coming home, it looks like I will be here until the war is over. They can put most anything in the paper saying that we wouldn't have to stay overseas over eighteen months, but they haven't done anything to get us back in the states. We want to come back, but that doesn't help. This makes thirty months

for me overseas and I have 441 combat days."

"Most of the people in the states think we are having a good time. Looks like they would help us for what we have done—they are treating the prisoners good in the States they are getting the best and we are getting what is left. They don't think about what the prisoners have done, now they are getting the best."

"I haven't received any Christmas packages yet. Got The Recorder and was sure glad to have something to read and to know what is going on. We never see any other newspapers here."

"I have been in a rest camp for five days, was sure nice, like being out of the army. I am back at work again and will write as often as I can, depending on where I am and how everything is."

"It looks as though we will have a white Christmas, snow knee deep and plenty cold."

"I am making the best of everything. We are having fire now so it isn't so bad. I was in hopes I

could come home for Christmas but guess not now, but we never know until the time comes. I have a picture I am sending you. It was taken in Florence, Italy, October 27th. The light was so bright it isn't very good but the best I can do now. Hope this finds you all well with lots of love."

Following is the address of Hugh H. McArthur, Jr. Engineer, care S. S. Richard J. Hopkins, Fleet Post Office, New York, N. Y.

The following is the address of Floyd Edward McArthur, SM 3-c, 613-42-81, USS Douglas H. Fox, (DD779) Detail, care Fleet Post Office, San Francisco, Calif.

To All Members Of The Florence Building & Loan Association

The Board of Directors of your Building and Loan Association appreciates the loan you have with them because you have been the means of this association growing from \$24,000.00 in loans made at the end of Dec. 1926, our first year of operation, to \$155,800.00 in loans outstanding as of September 30, 1944.

In order to keep in line with other building and loan associations, this Board of Directors has passed a resolution to reduce your interest to a 5% participation plan. In other words, on each \$200.00 borrowed your interest will be 20c per week for 50 weeks in the year, or \$10.00 per year on \$200.00. The total of your weekly payment made on the other two weeks will all be credited to your principal. In addition you will continue to receive dividends on the amount you have paid on the principal of your loan.

This of course will make a considerable reduction in our earnings or your earnings because these earnings are distributed to you and the depositors as dividends. In order to offset this we hope to get more loans. That is where you can help. If you tell your friends or neighbors, when they are planning to borrow on their homes or to purchase a home, to ask your building and loan association in Florence about their lending plan. You will not only be helping yourself by earning more dividends but you will be helping the community by making your Association a bigger and better one.

Respectfully yours,

Florence Bldg. & Loan Association

After Three War Years, Your Electric Appliances Need Continued Good Care To Make 'Em Last

Oil motors regularly according to manufacturers' directions. (Some motors are enclosed in hermetically sealed units and need no oiling.)

Keep appliances clean: Wipe carefully after each using. Dirt, dust, food, crumbs, can cause trouble.

Tighten nuts, bolts and screws at the first sign of looseness.

Watch out for loose connections. If appliance sparks or motor stalls, disconnect instantly and have checked.

Never immerse an appliance in water. It may result in a short circuit, damaged appliance or both.

Don't drop appliances and don't knock them around. Treat them with care.

Don't tinker. Unless you know exactly what you're doing, have an expert serviceman handle your repairs.

Treat cords carefully. Don't kink, knot or allow to rub on sharp edges. Keep away from oil, moisture, hot appliances. Don't yank to disconnect.

Major General Supports Infantile Paralysis Drive

"I am eager to lend all possible support to the invaluable work of The National Foundation for Infantile Paralysis. You may be assured that not only am I personally concerned with the problems of infantile paralysis, but that the Medical Department of the Army has a great interest in the success of the Foundation's program," writes Major General Norman T. Kirk, The Surgeon General of the U. S. Army.

"I wish I could tell you how many soldiers who have had infantile paralysis are now serving in the Army. We do not have available statistics on this point. There can be no doubt, however, that a great many men who have had the disease are now performing military duty without any handicap whatever."

"It must be remembered that the magnificent battle which The National Foundation for Infantile Paralysis is waging against this enemy."

MORE TOBACCO WHEN GOOD METHODS USED

When Leonard King of Owsley county sold his tobacco crop of 3,288 pounds from one acre for \$1,032, he found that careful treatment of his tobacco bed and use of fertilizer had paid well. In 1945 he raised only 1,220 pounds on the same ground. According to Farm Agent H. M. Williams, King treated his bed with bluestone-lime, then he turned under a good crimson clover crop to which he applied 1,500 pounds of phosphate. He also applied 1,000 pounds of 3-9-4 fertilizer and 20 tons of barnyard manure.

HEBRON HOMEMAERS
The Hebron Homemakers were entertained by Mrs. Kathryn J. Peet on January 19th. The New Year was started with a good attendance. There were 18 members and Miss Mary Hood Gillaspie presided. Each member answered roll call with a clothing hint.

The business session presided over by Mrs. Marie Asbury, president, Mrs. Ruby Hollis, Live-at-Home leader, was appointed as delegate to Farm and Home Week in Lexington.

The lesson given by Mrs. Hilda Hogan and Mrs. Beatie Acra on "Clothing Renovation" proved to be most helpful in these times when we should all try to conserve as much as possible.

The club will sponsor another paper collection on the 24th and 25th of January. Anyone having paper please take to the school on these days.

Mrs. Beatie Acra, program conductor gave the thought for the day in the form of a poem, "Look Toward the New Year," "Abide With Me" was sung and several games were played.

The February meeting will be at the home of Mrs. Alice Schneider on February 14th.

The Hebron Homemakers made 40 utility soldiers' kits recently.

Marion Robinson of Greenup county has 103 White Rock pullets hatched in April which produced 1,584 eggs in one month, or 15 eggs per pullet.

CONSTANCE HOMEMAERS
The January meeting was held at the home of Mrs. John Hempling. The meeting was opened by our president, Mrs. Vera Dolwick by singing one verse of "Abide With Me," followed by salute to the flag and reading of the Club Collect.

Our program chairman read a poem called "Sunshine," which very interesting. Our Live-at-Home chairman gave an interesting talk on poultry.

At the noon hour a delicious luncheon was served. After luncheon our Home Demonstration Agent Miss Gillaspie, told all about the Boone County room at the Thomas Convalescent Hospital, to which the club donated \$15.00.

Our program chairman also had some games.

Our next meeting will be held at the home of Mrs. Grace Dolwick, February 7th.

—Publicity Chairman.

PETERSBURG HOMEMAERS
Mrs. L. S. Chambers was hostess to the Homemakers Thursday, January 11. Despite the cold weather there were twelve members and the Home Demonstration Agent, Miss Gillaspie, present.

Some very practical suggestions were given on remodeling clothes and making accessories, by the leaders. Our February meeting will be at the home of Mrs. W. C. Redtor.

—Club Reporter.

This Week In OPA

Lard, Oils Again Rationed
Lard, shortening, salad and cooking oils have been returned to the ration list effective at 12:01 a. m., Monday, January 22.

The OPA ordered a three-day "freeze" of these commodities at the retail level on January 19, to allow retailers to take an inventory of their supplies in an orderly fashion and to enable consumers to become fully informed of the new point values.

A point value of 2 red points a pound has been set for all of these items.

Citrus Juices Now Rationed
Canned grapefruit juice and blended orange and grapefruit juice have been returned to the ration list, OPA announced this week. Both have been point-free since last June.

Canned orange juice remains ration-free.

The following point values have been set for grapefruit and blended juices: No. 2 cans, 10 points; 46-ounce cans, 20 points; No. 10 cans, 40 points.

Pork Cuts' Prices Reduced
The Office of Price Administration this week announced reductions in ceiling prices, at both wholesale and retail levels, for certain pork cuts.

Ceiling prices on certain whole-sale pork cuts have been reduced by one-half to one cent a pound throughout the country. These reductions, effective January 22, 1945 will be passed on to consumers.

The pork cuts reduced in price are smoked loins, and rough shoulders, neck-bone-in.

Retail ceiling prices on smoked pork loins and line cuts have been reduced by one to two cents a pound. These reductions are effective January 26, 1945.

Shotguns, Rifles Priced
The War Production Board has authorized the manufacture of a limited number of shotguns and rifles for sale to civilians, and the OPA has set dollar-and-cent ceiling prices on certain makes and allowed manufacturers, wholesalers and retailers a percentage increase.

The manufacturer and distributor must furnish the purchaser with a price list, which contains the maximum price for the purchaser's resale and contains the statement that the prices listed are the approved OPA maximum prices. The seller must also furnish the purchaser with a tag or label stating the make or brand name, model number and the retail ceiling price.

No person may sell or deliver any rifle or shotgun unless such a tag is attached and properly filled in, OPA said.

RATIONING AT A GLANCE
Processed Food
Blue stamps X-5 through Z-5, and A-2 through G-2 in War Ration Book Four now good for 10 points each.

Meats and Fats
Red Stamps Q-5 through X-5 in War Ration Book Four now good for 10 points each.

Sugar
Sugar stamp 34 in Book Four now good for five pounds. Another sugar stamp will be validated on February 1, 1945.

Gasoline
Stamp A-14 good for four gallons through March 21, 1945. B-5, C-5, D-5 and E-5 valid until further notice. State and license plate number must be written on the face of each coupon immediately upon receipt of book.

Fuel Oil
The unit value for each coupon in Periods 2 and 3 has been fixed at 10 gallons. Period 2 and coupon sheets became valid December 18, 1944 and Period 4 coupon sheet becomes valid February 1, 1945. Period 1, 2, 3 and 4 coupon sheets for consumers expire on August 31, 1945.

BULLITTVILLE HOMEMAERS.
Mrs. Burman Roberts was hostess to the club at her home Thursday. The president called the meeting to order and "America" was sung.

The H. D. A. gave a very interesting talk on different subjects. Mrs. Falzgraf was named secretary as Mrs. M. M. Lucas resigned, on account of leaving the neighborhood.

We then adjourned for the lunch hour. We also had five birthdays to celebrate, which we all enjoyed.

In the afternoon Mrs. Acra, of Hebron gave an interesting lesson on "Remodeling Cloth." Our program conductor entertained with a poem of New Year and games.

Eleven members and three visitors were present. The next meeting will be held February 15 at the home of Mrs. H. H. Taylor.

—Mrs. M. M. Lucas, Sec'y.

Local Boy Marries

New York Girl

SURPRISE BIRTHDAY DINNER

Relatives and friends gathered at the home of Mrs. Joseph Ayler of Richmond Road, to help celebrate the 76th birthday of her father, Walter Jones, it also being the birthday of his granddaughter, Charlene Jones, who was 6 years old.

Those to enjoy the occasion were Mrs. Will Rogers, Georgetown, Mr. and Mrs. Robert Jones and children James, Marvin, Betty Ray of Union, Ky.; Mr. and Mrs. Everett Jones and sons Reuben and Glenn of Hamilton; Mr. and Mrs. George Jones and children, Carl Ann and Phillip, of Erlanger; Mr. and Mrs. Thomas Jones and children; Donald and Charlene, Cincinnati; and Mrs. Raymond Shields and children Lloyd, Ollie Mae, and Jo Ann, of Beaver Lick; Mrs. Esther Fields and daughter Marilyn, Covington; Mr. and Mrs. J. W. Ayler, Clinton Shields, Dorothy Shields, Walter Wharton and the host and hostess, Mr. and Mrs. Joseph Ayler and son Ronald. All left wishing Mr. Jones many more happy birthdays.

W. M. U. OF UNION BAPTIST
The W. M. U. of the Union Baptist Church met January 12, at the church. The meeting was opened by singing our yearly hymn. After repeating our watchword thirteen members responded to call. Scripture reading last Epiphany 8-11 was read by our president, Mrs. Raymond Newman. Prayer by Mrs. Fothergill.

After a short business session, our program topic, "Working Together for a Century" was brought by our program leader, Mrs. Lora Mullins, Miss Lucy Newman, Mrs. Ruth Mason, Mrs. Pearl Blankenker, Mrs. Marie Gehwind and Mrs. James A. Huey.

We had sentence prayers for our country and men in service. Closing prayer, that "All Centennial Goals May Be Achieved," by Ruth Mason.

OBITUARY

Robert Elwood Loudon, son of Jesse and Rose Anna Loudon was born April 22, 1906, in Boone county and died January 21, 1945, at his home in the age of 38 years, 8 months and 21 days.

He leaves to mourn his passing, his father, Jesse Loudon and seven brothers, Elbert, Wilbur, Jesse, Leo and Wendell of Burlington, Ky., George and James Roy, serving in the army somewhere in the Philippines and three sisters, Mrs. Lillie Webster, Mrs. Alberta Stages and Mrs. Thelma Boh all of Boone County. His mother preceded him to the great beyond eight years ago.

He was loved and respected by all who knew him and will be greatly missed by all.

Your gentle face and patient smile With sadness we will recall; You had a kindly word for each, And died beloved by all. The voice is mute, and still the heart,

That loved so well and true; Oh! bitter the trial to part, From one so good as you. You are not forgotten, loved one, Nor will you ever be. As long as life and memory last, We will remember thee! We miss you more—our hearts are sore,

As time goes by we will miss you more. Your loving smile, your gentle face No one can fill your vacant place.

Robert Gevedon and Vester McPherson of Carlisle county used 800 pounds of 6-8 per acre in the plow furrow and increased corn yields 25 percent.

FLORENCE YOUTH REPORTED KILLED

TWO REPORTED MISSING AND ONE WOUNDED WHILE SERVING COUNTRY WITH U. S. ARMY OVERSEAS.

Tech. 5 Raymond Gettys, 21, son of Mr. and Mrs. Arthur Gettys, of Florence was reported by the War Department as killed in action January 12th in the fighting in Germany, according to a report received by his parents.

Tech. Gettys was with an infantry unit, having entered the service two years ago and had been overseas for a year.

Pfc. Charles E. Craddock, son of Mr. and Mrs. Walter Craddock of Union has been reported missing in action since January 4th, according to a telegram received by his parents, dated January 29.

Pfc. Craddock entered the service August 10th, 1943 and had been overseas approximately 4 months. He was attached to a Parachute Division.

The telegram from the War Department follows:

"The Secretary of War desires me to express his deep regret that your son Pfc. Charles E. Craddock has been reported missing in action since January 4th in Belgium. If further details or other information are received you will be promptly notified.—J. A. Uilo, Adj. Gen."

John W. Doan, of Union received telegram from the War Department stating that his foster son, Opl. Connie G. Stutzman, 31 was missing in action in Germany since December 18th.

The telegram received by Mr. Doan follows:

"The Secretary of War desires me to express his deep regret that your son Opl. Connie G. Stutzman has been reported missing in action 18 December, Luxembourg. If further details or other information are received you will be promptly notified.—Uilo, Adj. General."

Pfc. Cecil B. Shields, husband of Mrs. Mae Shields, of Burlington R. has been officially reported by the War Department as wounded in action in the European theater of war.

Pvt. Gordon Wagner, son of Mr. and Mrs. Luther Wagner, of Union was wounded in action while serving with the Ninth Army in Belgium, according to a War Department telegram received by his family.

He recently was decorated with the Infantryman's Combat Badge.

Miss Mary Phillips, of Lawrenceburg, Ind., spent the week-end with Mr. and Mrs. B. E. Aylor.

Former Walton Girl Honored

Miss Nancy Sue White, daughter of Mr. and Mrs. Frank White, of East Alton, Ill., is one of the students of Shurtleff College to receive recognition for superior academic attainment as recognized by being placed on the Dean's list. To be placed on this list Miss White made a point average of 2.33 out of a possible 3.00 for the last quarter.

Other articles still needed are: Musical instruments, small cameras, dark room equipment, old electric irons, fans, radios, motors, scrap leather and soldering irons. Anyone having articles to donate please call Mrs. W. M. Townsend, Burlington 55, Chairman Camp and Hospital Committee.

VICTORY GARDEN INCREASE ASKED

HOME GARDENERS PRODUCED OVER 40 PERCENT OF FRESH VEGETABLES IN 1944—NOW IS TIME TO MAKE PLANS.

The wartime victory garden program for 1945 calls for 10 percent increase over 1944. Home gardeners produced over 40 percent of fresh vegetables in 1944.

The security of our food supply depends on the continued efforts of victory gardeners. At a recent meeting of garden leaders from many parts of the county, War Food Administrator, Marvin Jones, said: "Food is just as necessary as guns, tanks, and planes."

The main reasons for growing vegetables last year were (1) to help the war; (2) to get better vegetables and (3) to save money. Other reasons people may give for raising a garden in 1945 are: (1) Grow your own and play safe concerning ration and food transportation difficulties; (2) build your health through outdoor exercise and eating plenty of fresh vitamin rich vegetables; and (3) home grown fruits and vegetables have a better flavor; showproof vegetables may lack the savor and appeal of the garden fresh product.

Now is the time for gardeners to make plans so that when the proper weather comes, they can become active on the garden front. Gardeners have learned in 1944 that 1944 that the land must be fit, or capable of being made so with the right fertilizer. They learned that pests need to be fought.

The New University bulletin, "The Garden Month by Month" may be obtained at the County or Home Agents' Office.

Livestock Meeting Planned February 8

The livestock marketing outlook meeting planned in cooperation with the Cincinnati Producers Livestock Commission Association will be held at Burlington courthouse at 1:30 p. m., Thursday, February 8th.

The meeting will include a presentation of the 1945 livestock outlook by G. P. Summers of the College of Agriculture, Lexington, livestock marketing discussions by stock yards men and presentation of commission refund checks by Producers' Association. The meeting is of a general educational nature and all farmers are invited to attend.

Good Average Reported

A. J. Ogden, of Linaburg, reports the sale of 1500 pounds of tobacco which brought a total of \$813.28. Mr. Ogden was well pleased with the sale.

LOCAL FARMERS TO BE PLACED ON ROLL

OF TON PER ACRE CLUB—THREE FARMERS REPORT ON NUMBER OF POUNDS GROWN PER ACRE.

Farmers who secured a ton or more tobacco per acre from their 1944 crop will receive special recognition, according to H. R. Forkner, County Agent. Names of farmers who reach this goal will be placed on a special club roll at the county office provided they will give the acres grown, pounds sold, fertilizer practices used and variety grown.

Help other farmers study improved production practices needed under present demands. Present incomplete reports indicate that growers are not only able to produce more tobacco per acre but are able to produce it at relatively less labor and cost per pound.

Growers who reported the past week a ton or more tobacco per acre included the following:

1. J. G. Pennington, Walton, 2073 pounds or 6220 pounds on three acres; variety 41-A. Fertilizer used per acre: (a) Turned under wheat and vetch; (b) 30 loads of manure; (c) 1500 pounds of phosphate; (d) 600 pounds of complete fertilizer.

2. O. W. Cleek and Robert Slayback, Walton, 2208 pounds per acre; variety 41-A. Fertilizers used: (a) 18 loads of manure; (b) 700 pounds of complete fertilizer; (c) 900 pounds of phosphate; (d) turned under rye and vetch.

3. John Worthington, Verona, 2282 pounds per acre; variety Golden Bury. Fertilizers used: (a) 30 loads of manure; (b) 500 pounds of phosphate; (c) 1000 pounds of complete fertilizer; (d) turned under rye and vetch.

A. B. Renaker, Burlington, reports 434 pounds from two-tenths of an acre. This crop averaged 3170 pounds per acre. Rye and vetch were turned under, and fertilizer applied at the acre rate as follows: 1000 pounds phosphate, 1000 pounds of complete fertilizer, 250 pounds of ammonium nitrate.

Not more than 400 pounds of complete fertilizer was applied beside the row in any of the above cases. The other fertilizer in most instances was applied to the green manure crop and turned under.

There are many other farmers who have been reported as securing a ton or more of tobacco per acre. Several high yielding crops have not yet been sold. It is hoped these will be reported to the County Agent's office at an early date so that analysis of improved production practices can be made.

Mrs. Minnie Hill Sellers

Mrs. Minnie Hill Sellers, 60, a native of Harrison county, died Saturday at home of her son, William Hill near Burlington, after a brief illness.

She is survived by her husband, Harvey Sellers, her parents, Mr. and Mrs. L. W. Lemons, of Cynthiana; five sons Orville Hill, of Cincinnati, William Hill of Burlington, and James Hill, boatswain first class, with the Coast Guard; one daughter, Mrs. Ralph Steele, of Cincinnati; three stepsons, William and James Sellers, and Pvt. Edward Sellers; three stepdaughters, Mrs. Dillard Engle, Mrs. Willard Allen and Mrs. Ruth Sullivan; four sisters, Mrs. Harvey Browning and Mrs. Russell Whalen, both of Cynthiana, Mrs. Lang Rankin, of Covington and Mrs. Flen Rankin, of Livingston, Ky., and one brother, George Lemon.

Funeral services were conducted at 11 a. m. Monday at the residence by the Rev. W. H. Gordon. Burial was in Battle Grove Cemetery.

Boone County Farm Meetings Are Planned

ORGANIZATION MEETING SET

FOR PURPOSE OF PROMOTING LOCAL CHAPTER OF NATIONAL AERONAUTIC ASSOCIATION.

A group, composed of northern Kentuckians interested in promoting the organization of a local chapter of the National Aeronautic Association will meet in the Chamber of Commerce Building, Fourth and Monmouth Streets, Newport, Friday, February 9, at 8 p. m., according to an announcement made this week.

Invitations are being sent to civic and industrial organizations, luncheon clubs, members of the Kentucky Airport Board, the Kentucky Aeronautics Commission, veterans organizations, schools, city and county officials, asking them to send representatives to the meeting.

It has been suggested by the officers of the National Aeronautic Association, owing to war conditions existing at the present time that one chapter be organized in the Fifth Congressional District; that monthly meetings be held and that such meetings be held in different parts of the district.

Boone County has been invited to participate in the organization of the chapter and to attend the Newport meeting.

Bert Layne And Company To Appear At New Haven

A program will be given at the New Haven high school, Monday night, February 5th at 8 p. m. for the benefit of the Infantile Paralysis Drive. This is an opportunity for the citizens of Union and vicinity to help do their share in this drive.

Bert Layne and his boys will give two hours of grand entertainment. The proceeds will go toward this worthy cause.

Because of weather conditions this program was delayed in order that a larger number might help in this campaign.

The committee is composed of Mrs. Ed Grater, chairman, Mrs. H. R. Anderson, Mrs. N. R. Lakley, Mrs. H. Kirby and Mrs. Ray Newman.

Danville Lee Aylor

Danville Lee Aylor, age 9 months died early Tuesday, January 30th at General Hospital, Cincinnati, after an illness of three days.

He is survived by his parents, Mr. and Mrs. William Aylor; one brother, Jerry Wesley Aylor; grandsons, Mr. and Mrs. Kenneth Aylor of Covington, Mr. and Mrs. Omer Black, Union; Mr. and Mrs. J. W. Aylor of Big Bone; Mrs. Anna Edwards, of Covington.

Funeral services will be held Tuesday (Thursday) at 2:00 at the Big Bone Baptist Church. Burial will be in Big Bone Cemetery.

Thompson and Smith, Florence funeral directors were in charge of arrangements.

Mrs. Theresa M. McWethy

Mrs. Theresa McNeely McWethy, 83, widow of Stephen McWethy, died at her home in Petersburg, Tuesday, following a long illness.

Funeral services were held Wednesday at 3 p. m. from the Petersburg Christian Church.

She is survived by three sons, Milton, of Petersburg, Claude, of Lawrenceburg, Ind., and Elmer McWethy, of Memphis, Tenn.

Hebron Cagers Take Tilt From Walton Five

Hebron's hoopers won a hard fought game Wednesday night of last week from Walton by a score of 29-19 at the Walton floor.

Hebron took an early lead in the game and maintained a margin throughout. Scores by quarters were 5-2, 11-5, 10-9 and 20-19.

Masters and Buckler each collected ten points for the winners, while Wynn had seven and Gephardt had six for the losers.

In a preliminary game Hebron also emerged on the long end of 22-13 count.

Hebron has won six out of 10 contests this season. Florence took the Burlington Eagles to camp Tuesday of last week when they emerged on the long end of 37-33 count on the Florence floor. The score by quarters was 7-7, 15-21, 23-28, 35-37.

Pressor was high point man for Burlington with 15, closely followed by Benson who collected 12. Amon led the attack for the Florence Knights with 14.

In a preliminary game Florence reserves trounced the Burlington second string men by a 37-18 count. Hebron's hoopers gave the Burlington five a set back Friday night on the Hebron floor when they trimmed the visitors by a score of 43-15.

Benson was high point man for Burlington with six, while Stephens led the attack for Hebron with 12.

In a preliminary game Hebron reserves won over the visitors by a score of 30-12.

Carl Radcliff Promoted To Rank Of Lieutenant

Carl F. Radcliff, brother of Wm. Radcliff, of Burlington was promoted from the rank of a Staff Sergeant to a Second Lieutenant in the U. S. Army, according to reports received here.

Li. Radcliff received his promotion while serving in the Persian Gulf Command in Iran.

He has been overseas since December 1943 and has played an important role in moving more than 4,750,000 tons of war supplies to the Russian Army through the Persian Corridor. He won the gold bars after serving for many months as assistant engineering foreman.

Carl is well known in Boone County, having made his home at Walton, graduating from the Walton High School and resided for some time with his brother in Burlington. He entered the service June 13, 1941.

Gold bars symbolic of rank were pinned on Radcliff by General Booth and Colonel Matheson, following outstanding ceremonies conducted by Maj. Lewis M. Killian, Adjutant of MRS headquarters Camp Atterbury, Teheran.

His many friends in Boone County wish him continued success in his line of duty.

NEW HAVEN P. T. A. TO MEET

The New Haven P. T. A. will meet at the school on Tuesday February 14th at 8:00 p. m., it was announced this week. Moving pictures showing the works of the OPA will be enjoyed by those attending the meeting.

All members are urged to be present at this meeting.

LOCAL FIREMEN NAME OFFICERS

AT REGULAR MONTHLY MEETING AT FIREHOUSE ON MONDAY NIGHT—NEW RULINGS PUT IN FORCE.

The regular monthly meeting of the Burlington Volunteer Fire Department was held at the firehouse on Monday night with seventeen members present.

The new officials of the department were read by Frank Milburn, Chairman of the Board of Directors. They were Frank Milburn, W. C. Brown, and Robert Cole, directors; A. E. Stephens, Chief; E. M. Poston, Assistant Chief; Justin Dolph and Albert Kirkpatrick, Captains; J. K. Cropper, Sam Ryle and Luther Smith, Lieutenants and J. K. Cropper was made secretary and treasurer.

It was decided that the siren would be sounded on each regular meeting night at 7:15 in order to remind the firemen of the meeting at 7:30 p. m. This signal will be one short blast and should not be confused with the fire alarm which is always four or more blasts.

Luther Smith was named prospective officer to be in charge of the O. C. D. equipment and will be bonded in the amount of \$5,000.00 to perform his duties.

The attendance of the firemen at regular meetings was brought to an open discussion and it was definitely decided that in order for a man to be on the active membership list it will be necessary that he attend regularly, and not be absent more than three consecutive meetings without a good reason. All persons not meeting these requirements must surrender their badge and active membership someone on the waiting list who are anxious to take part in the Volunteer Department.

Several other matters of business were held over until the February meeting which will be on Monday night, February 26th at 7:30 p. m. The meeting was adjourned at 9:15.

New Haven P. T. A. Will Present Play

The New Haven P. T. A. will present a play entitled "The Abent Minded Bridegroom" at the school auditorium on Friday, February 10th.

This is a good Irish comedy which gives a real insight into Irish-American life. The characters are well chosen from members of the P. T. A. This play promises a full evening of fun and first class entertainment.

A full description of the play and the character sketch will appear in next week's issue of the Recorder. Watch for it!

RESERVATIONS MADE TO GIVE TWO HUNDRED PERSONS SPECIAL SPEAKERS WILL BE HEARD ON PROGRAM.

The annual Boone County Farm Bureau banquet will be held at Burlington, Friday, February 24, according to Walter King, president. Reservations are being made with the Burlington P. T. A. to serve 200.

Rube Proctor, Owenton, Assistant State Farm Bureau secretary and Mrs. Alan Wilson of Cave City, secretary of the Associated Women of the Kentucky Farm Bureau Federation, will be guest speakers. Representatives from Grant, Gallatin, and Campbell County Farm Bureaus will also be on the program.

Tickets may be secured from directors or at any of the county agricultural offices.

Mrs. Lucy Atkins, of Owenton, spent the week-end with her mother, Mrs. Lavina Kirkpatrick and family.

"BROWNOUT" WILL BE ENFORCED HERE

WFE PROHIBITS OUTDOOR ADVERTISING, DISPLAY AND ORNAMENTAL LIGHTING—TO CONSERVE ELECTRICITY.

To conserve coal and other war-scarce fuels used in power generation, the War Production Board has issued Utilities Order U-9 prohibiting certain uses of electricity, as enumerated below. Although there is no shortage of electrical generating capacity, accumulated deficits in fuel production have necessitated a tightening up of the nation's overall wartime fuel conservation program, and this order is one of a series of steps being taken to carry out this program.

Effective February 1, 1945 no electricity may be used for the following purposes, according to a statement issued by the Community Public Service Company:

1. Outdoor advertising and outdoor promotional lighting.

2. Outdoor display lighting except where necessary for the conduct of the business of outdoor establishments.

3. Outdoor decorative and outdoor ornamental lighting.

4. Show window lighting except where necessary for interior illumination.

5. Marquee lighting in excess of 60 watts for each marquee.

6. White way street lighting in excess of the amount determined by local public authority to be necessary for public safety.

7. Outdoor sign lighting except for:

(a) Directional or identification signs required for fire and police protection, traffic control, transportation terminals or hospitals; or directional or identification signs for any similar essential public service.

(b) Directional or identification signs using not more than 60 watts per establishment, for doctors and for hotels, and other public lodging establishments.

The War Production Board has requested immediate compliance in eliminating the above prohibited uses of electricity. Although the order applies specifically to outdoor commercial and municipal lighting, the WFE also urges you to practice maximum conservation in other uses of electricity. Remember, when you waste electricity you waste vital fuel, manpower and transportation facilities. Use what you need, but need what you use.

The regular monthly meeting of the Burlington Volunteer Fire Department was held at the firehouse on Monday night with seventeen members present.

Paper Drive Sponsored By Homemakers' Club

The Burlington Homemakers are sponsoring a waste paper drive February 1 to Feb. 7 inclusive. Those having paper, are asked to tie it in bundles and leave in the shed at J. G. Smith's.

There is a critical shortage of paper—much of it needed for the war effort. Mrs. C. G. Kelly and Mrs. J. G. Smith are members of the committee, and will appreciate your cooperation. Remember the dates February 1 to Feb. 7.

FARM BUREAU BANQUET FEB. 23

RESERVATIONS MADE TO GIVE TWO HUNDRED PERSONS SPECIAL SPEAKERS WILL BE HEARD ON PROGRAM.

PEOPLE'S SHOE STORE
814-816 Madison, CovingtonWill they thank you for good strong feet?
Oh, you mother of a child—you want his manners to be nice, you want his brain to be quick, you want his hands to be agile—but don't you want his feet to be sturdy and true, well shaped and graceful? Are those of your daughter?
You mother of a child, twenty years from now his feet will bewalking up to get a diploma, or confidently marching in to get a job, maybe walking up to an old church altar to meet a bride in white. (Or it may be the bride herself). Your child may never thank you for good strong feet, he'll take them as a matter of fact. But what will he think if they're not good strong feet? Sure, he'll still love you—but "why didn't mother make sure I was growing up right?"
It is a responsibility, just one of the many a mother takes on when she brings a child into the world.—Adv.

JESUS' CONCERN FOR ALL

LESSON TEXT—Matthew 9:1, 9-13, 18-20.
GOLDEN TEXT—Therefore all things whatsoever ye would that men should do to you, do ye even so to them; for this is the law and the prophets.—Matthew 7:12.
What is a man worth? Well, say we, that discerned them and we are prone to undervalue him. Jesus had (and taught) a high regard for the inherent value of man. He saw possibilities in all men. He had a love for them. He was concerned about their welfare and they responded by an interest in Him.

Jesus showed by His dealings with men how wrong are most of the standards and standards of the world. With Him there were:

I. No Social Barrier (vv. 1, 9, 10). The caste system of some lands, dividing people into social strata which separate men and hinder fellowship, does not exist in His land. Yet, in practice, we have such levels which are a formidable barrier in the thinking of many (perhaps most) people.

Jesus knew nothing of social barriers. He ignored them and went straight to the one in need. In our lesson it was a man of position and wealth who was an outcast among his people because he was a hated gatherer of taxes for Rome. Jesus saw in him a man of faith and a useful witness for Him. And He not only talked with him, but called him to be His disciple. Then He went further and, to the astonishment of His critics, went in to a great feast where many such men were gathered.

He ate with publicans and sinners, not because He approved of their manner of life, but because He wanted to change it as He changed them.

II. No Fear of Criticism (vv. 11-13). Many a kind and noble impulse has died a-borning because of the fear of criticism. "What will people say?" has kept many a Christian from speaking to some sinner about his (or her) soul.

"The world is too much with us—" and we all too often guide our lives and service by the possible reaction we may receive from those round about us. We did not learn such an attitude from Jesus.

His answer to His critics made it clear that there will be no self-righteous, "good enough" people in heaven. The Lord is not even calling them so long as they trust in their own goodness. He came to seek and to save sinners (v. 13, and Luke 19:10).

We, too, may go forward without fear of our critics. That does not mean that we "don't care what people think" about us. We ought to care, but if their opinion is based on unbelief and self-righteousness, it should certainly not deter us from our all-important business of soul-winning.

III. No Limitation of Time and Place (vv. 18-22). Often the help of man to those in need is circumscribed by so many regulations that those who most need serve help cannot get it. There are times and places for application forms, and tests must be completed, etc. Doubtless much of this is needed, but one wonders at times whether our charitable impulses have not disappeared under a mountain of red tape.

Be that as it may, how interesting it is to see that Jesus met the need when and where it appeared. He came ready on one errand of mercy when the sick woman touched His robe. He was not too busy nor too preoccupied to stop and give her a word of help and comfort (v. 22).

Is there not a significant lesson here for us in the church? The need is reason enough for the extension of our help. The place is anywhere that men are in sadness or sorrow, and the hour is now—when they need our help.

IV. No Lack of Power (vv. 23-28). How often the human heart is prompted to help, and willing hands are ready to follow its promptings in loving action, yet we find that we cannot do anything. The need is too great for our meager resources. Our strength does not suffice. We have no money, or the situation is one beyond human help.

How wonderful it is then to remember the Lord Jesus! A touch on the hem of His robe in faith made the woman whole (v. 22). A word from Him brought the dead little girl out to face the scorn of Jesus, in the bloom of life and health.

Has He lost any of His great power? No. He is just "the same yesterday, and today, and forever" (Heb. 13:8). Why not trust Him?

Do you need help—spiritual, mental, physical? He is able. He has no prejudice regarding your social position. He will meet you right where you are, and right now. He is seeking the sick and the sinful—"the lost, the last, and the least." Look to Him for faith.

The great Physician now is near. The sympathizing Jesus: He speaks, the drooping heart to cheer; O hear the voice of Jesus.

ADMINISTRATOR'S NOTICE

All persons having claims against the estate of Yancy Clore, deceased are requested to present same properly proven according to

law, and all persons indebted to the said estate are requested to call and settle with the undersigned.
Charles Clore,
AdministratorTo All Members Of The Florence
Building & Loan Association

The Board of Directors of your Building and Loan Association appreciates the loan you have with them because you have been the means of this association growing from \$24,000.00 in loans made at the end of Dec. 1926, our first year of operation, to \$155,800.00 in loans outstanding as of September 30, 1944.

In order to keep in line with other building and loan associations, this Board of Directors has passed a resolution to reduce your interest to a 5% participation plan. In other words, on each \$200.00 borrowed your interest will be 20c per week for 50 weeks in the year, or \$10.00 per year on \$200.00. The total of your weekly payment made on the other two weeks will all be credited to your principal. In addition you will continue to receive dividends on the amount you have paid on the principal of your loan.

This of course will make a considerable reduction in our earnings or your earnings because these earnings are distributed to you and the depositors as dividends. In order to offset this we hope to get more loans. That is where you can help. If you tell your friends or neighbors, when they are planning to borrow on their homes or to purchase a home, to ask your building and loan association in Florence about their lending plan. You will not only be helping yourself by earning more dividends but you will be helping the community by making your Association a bigger and better one.

Respectfully yours,

This Week In OPA

Point Values Announced.
The ration value of creamery butter will continue at 24 red points per pound in February, the OPA announced this week.

Also continuing unchanged are consumer point values for all meats except a few previously point-free bacon items and fat pork cuts, which are now being given values of one point each.

Present point values for all processed foods for February continue unchanged.

Present point values of two red points per pound for lard, shortening, and salad and cooking oils continue in effect. Also unchanged will be present point values for all cheeses and canned milk.

The ration value of margarine, however, will be increased to three red points per pound, from the present two points per pound, effective at 12:01 a. m., Sunday, January 28, 1945.

The ration value of margarine is being increased because lard, shortening, and salad and cooking oils are now rationed. This will put additional strain on supplies of margarine, which is used interchangeably in cooking.

The higher margarine point value—one point per pound above lard, shortening and cooking oils—is designed to continue its availability to purchasers who wish to use it as a bread spread.

Clothing Program Proposed.
Moving to halt the increase in

cost of clothing, which is threatening the Government's entire anti-inflation program, the Office of Price Administration and the War Production Board this week laid down a program designed to channel a substantial proportion of the limited supply of fabrics available for civilian use into the most essential low and medium priced apparel, and at the same time, bring about substantial reductions in the price of essential clothing.

It was pointed out that this program will not increase the total supply of civilian clothing, but it will shift the emphasis from high-priced and non-essential garments to essential and lower-priced clothing.

The proposed program also is expected to reduce the currently inflated clothing prices by six or seven per cent and to improve the quality of clothing for the price.

Burley Provision Announced.
Burley tobacco may now be bought direct from the grower provided it is later graded and resold by the buyer on the warehouse floor, OPA said this week.

This amendment, which became effective January 20, 1945, also contains two other provisions that apply to the resale of tobacco bought on the warehouse floor.

1. The tobacco, when bought on the warehouse floor and resold on the warehouse floor, cannot be mixed with other tobacco or subdivided into other lots or piles.

2. The ceiling price at which the tobacco may be resold on the warehouse floor is the ceiling price that applied to the first sale of the tobacco on the warehouse floor.

New Food Stamps Announced.
Six more red stamps became good on January 28 for obtaining meats-fats, and five more blue stamps are good on February 1 for buying rationed canned goods, the OPA has announced.

Blue stamps are validated on the first day of each calendar month.

Red stamps are validated on the first day of each rationing period. Since the February rationing period will last five weeks instead of four, beginning January 28 and ending March 3, six red stamps instead of five, given for four-week ration periods become good on January 28.

Red stamps that will be good that day for meats-fats, each worth 10 points—a total of 60 points—are Y-5, -5, A-2, B-2, C-2, and D-2.

Blue stamps that will be good on February 1 for processed foods,

each worth 10 points—a total of 60 points—are H-2, J-2, K-2, L-2, and M-2.

Onion Sets Regulation Revised.
Several limitations that disrupt trade practices on bulk sales of onion sets have been revised, OPA has announced.

These revisions are in line with OPA's announced policy of correcting and simplifying its regulations in the interest of better price control, OPA said.

The adjustments, effective January 27, 1945, are as follows:

1. The limitations fixed on quantity sales of onion sets are revised.

2. A wholesale mark-up of 5 cents per pound for sales up to 64 pounds is provided.

3. The definite of a wholesaler has been broadened to include permitted sales by one wholesaler to another.

Root-rot resistant varieties of tobacco and heavy fertilization are credited with giving Anderson county farmers their highest average acre yield.

WITH OUR BOYS IN THE SERVICE

Virgil Vater, Jr., of Union, R. 1, who has been attending Georgetown College, Georgetown, Ky., has enlisted in the Merchant Marines and left for training January 10th.

His new address will be Virgil Vater, Jr., AS 4514-01514, Section 9, U. S. M. S. Training Station, Sheepshead Bay, Brooklyn, N. Y.

The following letter was mailed us by Mrs. Barbara Dye, received from her husband in a hospital in England:

"Dear Barbara,
"Well another week is about gone and the war is one week nearer to an end. I can now tell you what I thought I fought in. It was France, Germany and Belgium, and I am now in England, so I have seen quite a bit of the world, but believe me I wouldn't trade one square foot of Kentucky for the whole d—business."

"I came through (censored) on the way back to England and I spent Christmas Day in Metz. In all these countries the houses are about the same. They build very strong houses, most of them are made of stone. The barn is built right onto the house, you just step right out of the house into the barn. The manure pile is always right by the front door and all ways piled right by the well, and that I would not like."

"The Germans are very strange people to understand. They were very put out because we were in France, and they got very mad when we got in Germany, so we thought maybe if we went up into Belgium that they might like us better, but they didn't so I don't know how we are ever going to please them, and furthermore I don't care."

"Well, I am still flat of my back, being waited on behind and foot, and you know how I hated to stay in bed when I am not sick. From my feet up I feel fine, but from there down I am not so good. They tell me it takes quite a while to get over trench-foot and I am beginning to think they know what they are talking about."

Alfred Surface Barlow, husband of Winifred Virginia Barlow, of Union, has been transferred from Camp Atterbury, Indiana, induction center to Inf. RTC, Camp Wolters, Texas, for basic training, according to a report received last week.

Pvt. Charles R. Willis, son of Albert Willis, who was recently inducted into the U. S. Army at Camp Atterbury, Ind., has been transferred to Inf. RTC, C. P. T. Robinson, Ark., for basic training.

RABBIT HASH

At 6:30 p. m. a beautiful birthday cake was placed in the center of table and four candles were lighted. All gathered around singing "Happy Birthday." After the refreshments were served, Games were enjoyed by the kiddies and all left at a late hour wishing Patty many more happy birthdays.

EXHIBITS PLANNED FOR STATE FARM HOME CONVENTION
Exhibits of improved machinery, home-made labor-saving devices and latest methods in tobacco disease control, barn ventilation and curing methods will be a feature of the annual Farm and Home Convention at the University of Kentucky Experiment Station Jan. 30-Feb. 2. There also will be an exhibit on farm life in England during the war.

Several programs of the convention will deal with improved methods of farming, including ways to get more work done with less labor and time. Experiment Station men will demonstrate labor-saving methods as found in use on farms. Speakers will discuss ventilation of tobacco barns, control of tobacco diseases, better ways to cure hay, use of fertilizers, crop rotation, grass production and use of better seeds.

The importance of better farm water supplies will be discussed the first afternoon, including reservoirs, wells, springs and sanitation.

After general sessions the first and second days, the convention will be made up of special sessions dealing with dairying, meat production, poultrykeeping, fruit growing, the management of soils, crop production and improvement of farm living. Several breeders' associations will meet during the convention. Women will have their own meetings all four days.

OFFERS SUGGESTIONS TO TOBACCO GROWERS
Russell Hunt, field agent of the Kentucky College of Agriculture and Home Economics, makes the following suggestions on tobacco growing:

1. Choose a variety resistant to black root rot, such as KY, 41A or KY, 16.

2. Select a new planted site and when the plants are up treat the bed with bluestone-lime mixture.

3. Set tobacco 3 1/2 feet between rows and at least 19 inches between plants.

4. Cultivate only enough to kill weeds and never cultivate deeply.

5. Select the richest fields for tobacco or make them rich by adding manure and fertilizer.

6. Top when about two-thirds of the plants are in bloom and prime the lower leaves as they begin to turn yellow.

7. Use heat in curing to preserve quality and weight.

Homemakers in Trigg county report having ripe tomatoes and green peppers in January as a result of paper wrapping and refrigeration.

NEW CIRCULAR TELLS ABOUT EWE TROUBLES

Feeding is the most important item in the control of pregnancy disease of ewes, according to a new circular of the Kentucky Agricultural Experiment Station called "Disease of Sheep." In part it says:

"The ewe should have sufficient feed not only to be in good condition but to gain in weight during pregnancy. Ewes in good breeding condition should gain 30 to 35 pounds during gestation. Thin ewes should gain 30 to 40 pounds or more. About half the increase in weight should occur during the last third of pregnancy."

"For prevention of pregnancy disease it is important to have the ewes continue gaining in weight until the lambs are dropped. The grain requirement for one ewe will vary from a half-pound to a pound or more daily during the last month of pregnancy. The amount of grain to feed depends upon the quality of hay and pasture and the condition of the ewe."

"Changes in management may result in lower feed consumption by ewes for a few days, and this failure to eat may cause pregnancy disease. In order to avoid this trouble a system of feeding and management should be worked out before the ewes become heavy with lamb, and this system should be followed without major change throughout the pregnancy period."

"The ewes should be fed and quartered at all times in the place where one expects to keep them during periods of bad weather. It is very undesirable to make changes in feeding and housing when the weather is changing from warm to cold or is wet or snowy."

Plans are underway in Knox county for the planting of Kudzu by several farmers.

Albert Lane, a 4-H'er of Woodford county, reported producing 3,216 pounds of tobacco on an acre fed with 1,500 pounds of fertilizer.

SEVENTY-ONE APPROVED KENTUCKY HATCHERIES

Seventy-one of the 130 hatcheries in Kentucky operated under the National Poultry Improvement Plan last year, according to the poultry section of the College of Agriculture at Lexington.

The capacity of these 71 hatcheries was 3,905,750 eggs. About 4,000 flocks supervised by the Kentucky Poultry Improvement Association supplied the eggs.

Despite the drought and high price of feed, chickens were raised last year at reasonable costs where good practices were followed, the college reports. Costs were higher than in 1943.

PAUL HUGHES... City Editor of The Louisville Times, is a newspaper veteran to whom the "Fourth Estate" is a family affair... his three children following in his literary footsteps. Born in Adair County, Paul is a graduate of Centre College, and of the University of Missouri's School of Journalism. Last summer he completed eight months' study of postwar problems at Harvard under a coveted Nieman Fellowship award.

Before joining us seventeen years ago, Hughes worked on two St. Louis papers, served the United Press in Chicago and New York, returned to Kentucky by way of Ashland, where he edited the Ashland Independent four years. In 1943 Paul was loaned to the U. S. Treasury Department to assist with the 3rd War Loan campaign in Washington. With all this, he has found time to teach journalism evening classes at the University of Louisville, serves on the Mayor's inter-racial commission, works consistently for consolidation of city-county government.

The elder of Hughes' sons, formerly with Associated Press in New York, is now a T/S with the 7th Army now in France. Another son is editor of Centre College newspaper, and his daughter is with an advertising agency in New York. The Hughes home is a 134-year-old one-time farm house, built when Louisville's population numbered 1,500. Its furnishings were collected by antique-hobbyist Mrs. Hughes.

THE LOUISVILLE TIMES

To conserve coal and other war-scarce fuels used in power generation, the War Production Board has issued Utilities Order U-9 prohibiting certain uses of electricity as enumerated below. Although there is no shortage of electrical generating capacity, accumulated deficits in fuel production have necessitated a tightening up of the nation's overall wartime fuel conservation program, and this order is one of a series of steps being taken to carry out this objective.

Effective FEBRUARY 1, 1945, By WPB Order, No Electricity
May Be Used For The Following Purposes:

1. Outdoor advertising and outdoor promotional lighting.
2. Outdoor display lighting except where necessary for the conduct of the business of outdoor establishments.
3. Outdoor decorative and outdoor ornamental lighting.
4. Show window lighting except where necessary for interior illumination.
5. Marquee lighting in excess of 60 watts for each marquee.
6. White way street lighting in excess of the amount determined by local public authority to be necessary for public safety.
7. Outdoor sign lighting except for:
 - (a) Directional or identification signs required for fire and police protection, traffic control, transportation terminals or hospitals; or directional or identification signs for any similar essential public services the lighting of which is specifically certified to be necessary by local public authority;
 - (b) Directional or identification signs using not more than 60 watts per establishment, for doctors and for hotels, and other public lodging establishments.

We have been ordered by the War Production Board to request your immediate compliance in eliminating above prohibited uses of electricity. Although the order applies specifically to outdoor commercial and municipal lighting, the WPB also urges you to practice maximum conservation in other uses of electricity. Remember, when you waste electricity you waste vital fuel, manpower and transportation facilities. Use what you need, but need what you use.

URGES SAVING OF TIME AND MOTION

ENERGY SAVED CAN BE DEVOTED TO MANY EXTRA WARTIME ACTIVITIES REQUIRING ASSISTANCE

Busy housewives are learning that speedier home work saves time and energy. This "saved" time and energy can be devoted to the many extra wartime activities requiring assistance, according to Mary Wood Gillaspie, Home Demonstration Agent.

Many of the principles worked out by efficiency engineers for saving time and labor in war factories can be applied to the home. Home economists of the Extension Services in many states, studying time and motion, have agreed on the following six principles to speed production on the home assembly line:

1. Leave out any part of the task you can. For example, in dishwashing scald dishes with boiling water and leave on rack to dry instead of wiping dry. Use sheets without ironing. Choose recipes requiring less time and fewer utensils. Bake recipes very widely in the time and number of utensils they call for.

2. Make one task of two or more. For example, when ironing pillow slips, towels and handkerchiefs, fold as you iron. In using an electric ironer, send several small articles, such as handkerchiefs, through at the same time. In preparing meals, serve foods in the dishes in which they baked and serve meat and vegetables on the same platter.

3. Make both hands work. It pays to learn to use both hands at the same time instead of overworking the right hand. Such jobs as putting away dishes, setting the table and dusting can be done by both hands at once.

4. Keep everything in easy reach. Wasted steps mean wasted time and energy. Keep the coffee pot, coffee and measuring spoon or cup at the place where coffee is made, and the bread box and toaster side by side. Group ironing equipment—iron, clothes rack, hangers, and basket—at near the ironing board as possible.

5. Use the best tool for the task.

For example, use tongs to remove jars and glasses from hot rinse water, to take baked potatoes from the oven, and to lift greens from the cooking water. A pastry blender saves time and effort in making biscuits and pie crust. A long-handled dustpan prevents stooping and saves time.

6. Sit back whenever you can. Tired backs and feet slow up work. Much ironing can be done as well sitting as standing. A lap table saves effort in preparing vegetables for cooking and canning.

The majority of housewives already follow some of these principles. More work can be accomplished in the home and community if each of the six principles are practiced every day.

THE GARDEN

LET'S START
By John S. Gardner, Kentucky College of Agriculture and Home Economics

The 1945 garden season is in the offing, to be upon us before we know it. Those gardeners who are known for their luck in always having good gardens have already begun to plan, so that when the weather comes, they can become "activated" on all fronts, as the military might say it.

It goes without saying that everybody who can should have a garden. It's patriotic, as home-grown vegetables save just that many for the armed forces and for the war material producers, who must depend on commercially raised vegetables. The job the professional vegetable men have will be no easier this year than last; in fact, quite possibly, on the contrary. That industry is definitely short-manned, and may become more so.

Growing one's own vegetables is smart; it saves the budget. Or, put another way, a home gardener may earn wages quite comparable with those of an airplane riveter. Even at pre-war prices, this was true. It's also smart with respect to canned vegetables, as to prices and ration points, and perhaps as to the supply there may be next winter. It's smart, as regards quality. Casting no aspersions, shopworn vegetables may lack the savor of the garden-fresh product. It's smart, always, to have a garden.

However, the matter needs to be approached with circumspection. There should not again be the hysteria that drove Victory gardeners in 1943, and again, but less, last year. Then, it was learned that the land must be fit, or capable of being made so with the right fertilizer. It was learned that pests need to be fought, and that there should be at least a lend-lease arrangement whereby proper equipment could be had.

On the other hand, it was learned, too, that with the county extension agents, or here at Lexington, lies a store of information concerning what to be tapped, that would make the garden a goldmine. That information is still on tap, to make all 1945's gardens successful. To that end, too, this column aspires to lend all its aid, in the 39 weekly stories that are to follow.

VERONA

Mr. and Mrs. W. T. Stewart, who purchased the Best Farrell house, are planning to move there in the near future.

Mrs. W. W. King, who has been ill at her home, is able to be out again.

Mrs. John Boyer who has had the flu is able to be out again. Mr. Boyer returned Saturday night suffering from flu. Betty Lou has missed several days of school due to illness.

A. C. Roberts is still confined to his home.

Friends of Mrs. Mary Ransom Alderman, formerly of Verona, now of Bristol, Tenn., will be glad to hear that she is well and is teaching school there.

The following women from this community attended the quarterly meeting at Madison Avenue Baptist Church last week: Mrs. John Boyer, Mrs. Walter Renaker, Mrs. George Spennenberg and Mrs. Grover Ransom.

MUCH HOME CANNING
IN CAMPBELL COUNTY
New food ration point values are probably of little concern to farmers in Campbell county where homemakers canned 109,908 quarts of fruit last year, along with 135,468 quarts of vegetables and 1,975 quarts of meat. Then they brined 7,626 gallons of vegetables, 1,897 gallons of meat, 128 gallons of fruit, and stored 30,634 pounds of vegetables and 27,264 pounds of fruit.

THANKS

We the passengers, on the five o'clock Hebron bus, Sunday evening, January 28, wish to acknowledge our appreciation, through The Recorder, of the skillful way the bus driver, Leo Cotton, handled the bus when it slipped over the bank on the mile hill.

The Appreciative Passengers.

PETERSBURG MAN DIES OF INJURIES

RECEIVED WHEN STRUCK BY CAR EARLY SUNDAY MORNING NEAR HEBRON—HAD STOPPED TO HELP MOTORIST.

James Albertson, 39, of Petersburg was struck and killed by an automobile driven by Harry Lee Aylor early Sunday morning on Highway 30, near Hebron.

Deputy Sheriff Irvin Rouse, who was called to the scene of the accident stated that Mr. Albertson had stopped his car on the highway to help three men from Idlewild who were changing a tire.

According to Deputy Rouse, Albertson was thrown approximately 50 feet when struck by the car. Aylor, driver of the car which struck Albertson did not stop, but called at the Sheriff's office Monday, after hearing an announcement over the radio that the driver of the car was being sought by authorities. He stated that he did not realize that his car had struck a man.

Aylor was charged with manslaughter and leaving the scene of an accident. At a hearing Tuesday afternoon in Judge Cropper's Court, he was fined on a charge of leaving the scene of an accident. His attorney waived examining trial and the case was held for action at the April grand jury. He was recognized under bond to appear at the April term of Boone Circuit Court.

The commonwealth was represented in the trial by County Attorney Chas. W. Riley and the defendant was represented by James Rogers, Covington attorney.

Mr. Albertson is survived by four daughters, Mrs. Margaret Croust, of Park Hills, and Betty Jo, Olive and Mary Ann Albertson, all of Petersburg; three sons, James E. John N. and Elmer A. Growers equaling or exceeding a ton of tobacco per acre are urged to give the County Agent's office a list of the fertilizers and variety practices followed.

PRODUCERS URGED FILE FOR SUBSIDY

PAYMENT FOR NOVEMBER AND DECEMBER—OF 70¢ PER 100 POUNDS OF WHOLE MILK.

Producers are urged to file their application for the Dairy Feed Subsidy Payment for November and December, not later than February 28, 1945. This is the closing date for filing for this period.

The payment will be at the rate of 70¢ per hundred pounds for whole milk and 11¢ per pound for butterfat. The same rate of pay will be made for the next period which will be for the months of January, February and March. Applications for this period should not be made until all weights for milk and butterfat are complete for the three months.

No announcement has been received regarding the continuation of this payment after March, but if it should be continued, applications will be filed for a three-month period.

Homemakers Urged To Protect And Save Woolen Garments

Housewives will feel repaid for all efforts they make for woolen garments to wear longer. Unexpected developments on the war fronts bring changes in the woolen and worsted situation, according to Mary Hood Gillespie, Home Demonstration Agent. The requirements of the armed services for woolen and worsted fabrics have increased greatly the last two months.

All "wool top" produced between December 31, 1944 and May 15, 1945 must be used only to fill rated military orders. This includes all wool except that used in carpet wool or mohair. The processing of any wool top is prohibited except to fill rated orders during the same period.

Patriotic civilian worsteds, topcoats and men's suits in particular will be staying on the job as long as possible to save wool and labor man hours.

Clothing specialists of the U. S. Department of Agriculture offer these suggestions to help make a coat or suit wear longer—and the give it the brush-off—and the air. Brush wool clothes often, in the direction of the grain of the cloth, inside and out, and in and around pockets and cuffs. Air them occasionally—outdoors when weather permits.

Hang it straight: Save the press by putting clothes on hangers as soon as removed. If hanging a trouser hanger or wooden hanger with cross bar, fold a piece of heavy cardboard over a wire hanger to hold trousers.

Keep it clean: Regular cleaning before clothes become badly soiled lengthen wear. Before pressing clothes at home, remove spots—stains and may "set" them so they will never come out. Steam press with a moderately hot iron—too hot an iron may scorch even thru a pressing cloth.

Protect from pests: Winter is not a closed season for clothes worms or carpet beetles, so play safe by using moth balls, flakes, or crystals—and keep stored goods sealed in paper or airtight boxes, chests or closets.

Put in reinforcements: New coats or suits, or good ones taken out of moth balls in readiness for returning service men, can be reinforced by sewing in protective underarm shields, knee and seat retrads, and "wear guards" on trouser legs.

Mend it in time: Tiny holes are easier to hide than big holes. A thin piece reinforced may never break through.

Repair with care: Directions for making professional-looking repairs in men's or women's suits and coats—mending worn collar rolls, sleeve linings, trouser cuffs or pocket edges—are included in "Mending Men's Suits," M. P. 482, available free from the U. S. Department of Agriculture, Washington 25, D. C. This illustrated bulletin also includes instructions for making suit alterations and putting in protective shields, retrads and wear guards.

The following suggestions apply to other woollens:

1. Because the shock of freezing shrinks and hardens wools, it is usually best to dry woolen washables indoors in cold weather.
2. A third sheet over wool bedding makes a useful dust cover and adds warmth, since it holds still air in the fluffy wool.
3. If wool clothes get wet or muddy, dry them slowly in room warmth—never close to a stove or radiator—and brush clean when dry.
4. When a wool garment gets a rest after a day or two of wear, the wool springs back and some wrinkles drop out, so less pressing is needed.
5. To "block" a new or newly washed hand-knit garment, here is an easy method: Sprinkle two heavy bath towels slightly and spread the garment between them, pulling to desired measurements and planning to shape. (Before washing, it is handy to lay garment on paper or newspaper and draw out to use in reshaping.) Cover with a board or other firm, flat surface. Weight this down and leave until the garment is dry. A light steam-pressing—without ironing—also gives knits a finished look.

TAXPAYERS REMINDED OF DEADLINE MARCH 15

Israel Aron, 32 East Seventh St., Covington, reminds income taxpayers that March 15 is the last day for filing 1944 returns. He suggests in his announcement in this issue of The Recorder, that it is better to file soon and avoid the last minute rush.

ORGANIZATION MEETINGS HELD

BY TWELVE 4-H CLUBS IN COUNTY—4-H PROJECT REQUIREMENTS WILL BE RAISED THIS YEAR.

Twelve community 4-H Clubs will hold 1945 organization meetings during the next two weeks, according to the County Agent's office. The clubs will organize in cooperation with the schools and with the help of local adult leaders.

In most instances, 4-H project requirements will be raised this year with members keeping more complete records on their war time projects. Better farm and home practices and war food and fiber production will be stressed this year.

Approximate dates for the community club organization meetings are as follows:

Grant, February 5th 9:00 a. m. Petersburg, February 5th, 11:00 a. m. New Haven, Feb. 5, 2:30 p. m. Burlington (colored), February 5, 4:00 p. m. Burlington, Feb. 6th, 2:00 p. m. Hebron, Feb. 13th, 11:25 a. m. Constance, Feb. 13th, 3:00 p. m. Hamilton, Feb. 16th, 9:00 a. m. Florence, Feb. 16, 2:45 p. m. Verona, Feb. 16th, 3:00 p. m. Walton, Feb. 19th, 1:00 p. m. Four-H Club work is for all boys and girls who are interested in learning improved farm and home practices by doing or carrying out the actual projects studied. Members are organized into project groups and community clubs so that they may have greater opportunities in their work. The 4-H age is from 10 to 18 years inclusive with occasional younger members enrolled where there are special interests.

Successful 4-H Club project work involves a four fold combination including the member and his project, the parents who supervise the home work, the adult leaders who organize and supervise the community activities and the County Extension offices that assist in supplying additional educational information and organization. Plans are being made for making 1945 the most successful 4-H Club year on record.

Several nice presents were received by Mrs. Dolwick and all left at a late hour wishing her many more happy birthdays.

Home Economics 4-H Project Work To Be Started In County

Project instruction in Home Economics 4-H work will start immediately following community club organization. Project groups will have their first class the second week in February according to Mary Hood Gillespie, Home Demonstration Agent.

Girls 10 to 21 years old may belong to the 4-H Club. Home Economics instruction will be given at project group meetings by an adult leader. A member may enroll in one or more of the following projects: Clothing, foods, canning, home labor service and home improvement. Anyone who is not in school and wishes to be a 4-H member is urged to contact Mary Hood Gillespie, Burlington, or the community club president.

Florence P.-T. A. Will Present Comedy Feb. 9

A delightful two-act comedy, with music, will be presented at the Florence School by the P.-T. A. on Friday, February 9th. The play deals with the riotous comical antics of Magnolia, who is a grown-up Topsy.

The scenes take place at an exclusive finishing school for young ladies in Kentucky about 1882. The songs that are sung, are the songs of that period—the well known Stephen Foster tunes.

The play is especially written for groups with limited facilities and promises a very enjoyable evening for those who attend.

The receipts of the play will go to the AAF Convalescent Hospital in Ft. Thomas, Ky.

The cast of characters follows: Magnolia, Mary's birthday present, Miss Clara Watts.

Miss Lucretia Pruzzelanz, a spinster, owner of the school, Mrs. W. H. Jones.

Mary Carver, student of the school, Mrs. Elbert Cook.

Lucy Weston, student of the school, Mrs. Ralph Smith.

Susy Barret, student of the school, Miss Lloyd House.

Nancy Ashton, student of the school, Mrs. Claude Orchelle.

Mandy, head housekeeper for the school, Mrs. Wm. Markesbery.

Ross, chief cook, Mrs. Sarah Lusher.

Mrs. Steel, Miss Lucretia's sister, Mrs. Robt. Horton.

Colonel Chas. Morgan, W. H. Jones.

Chorus, slaves, guests, students.

FARM MEETING DATES ARE SET

WILL OFFER UNUSUAL OPPORTUNITY TO DISCUSS TIMELY AND IMPORTANT FARM PROBLEMS.

February dates for important meetings planned by farmers thru their community programs have been set, according to H. R. Forkner, County Agent. The county-wide meetings will be held as follows:

Truck Crops Meeting—February 8th at 7:30 p. m. at Constance School. Discussion leader, John S. Gardner, College of Agriculture.

Market Outlook Meetings—February 8th at 1:30 p. m. at Burlington courthouse. G. P. Summers, Market Outlook Specialist, discussion leader.

Hog Meetings—Burlington courthouse, Tuesday, February 20th at 1:30 p. m. Prof. R. W. Pifer, of College of Agriculture, Lexington.

Dairy and Feed Crops—Burlington courthouse, February 27th at 10:00 a. m. to 3:00 p. m. Discussion leaders, Lynn Copeland, dairy specialist and Wm. C. Johnston, crops field agent from the College.

Fruit Meetings—February 28th at 10:00 a. m. and 1:00 p. m. W. W. Magill, orchard field agent, discussion leader. Field meetings will be held in Burlington and Constance communities.

Farm Bureau Meeting—February 28th at 7:30 p. m., Burlington School.

These meetings will offer farmers an unusual opportunity to discuss and hear discussed some of the most timely important farm problems. February, a month before spring work starts, offers farmers the best opportunity to study their farm plans. All farmers are invited and urged to attend.

CAMPAIGN HAS BEEN EXTENDED

IN INFANTILE PARALYSIS DRIVE TO FEBRUARY 15TH—INCLEMENT WEATHER HAS HAMPERED PROGRESS OF DRIVE.

The closing date of the Infantile Paralysis campaign has been extended to February 15th, because in nearly all sections of the county the drive has been hampered by rain, snow, ice and fuel shortages. Mr. Basil O'Connor, president said that it was unfair to the thousands of victims of last summer's epidemic to close the drive now when the weather has prevented many affairs designed to raise money for them.

The following is a list of the community chairmen and their own committees:

Hebron: Chester Goodridge, chairman, Norma McGlasson, Billie Harrod, Violet Edwards, Violet Hodges, Zelpha Nichols, Mary Fowler, Kathleen Goodridge, Mary Reihart, Betty Holt, Barney Hogan, Melvin McGlasson, Ruth Bradford, Mary Bessler, George Bullock, Lyman Oliver.

Constance: Mrs. Ruth Kottmyer Huey, chairman, Miss Theilma Helst, Mrs. James Clayton, Mrs. Manlius Goodridge, Miss Emma Jean Austin, Miss Virginia Earl McGlasson.

Burlington: Mrs. Helen Snyder, chairman, Mrs. Kirtley Cropper, Mrs. John B. Walton, Mrs. Raymond Hightower.

Florence: Dr. Thomas Lutes, chairman, Mr. John Martin, Mrs. Doris Jean Taylor, Miss Alice Woods, Miss Anna Mae Simms, Miss Jo Ann Aebbaum, Mrs. Sibbia Reimer, Mrs. O. R. Ossman, Renaker Miller.

Richwood: Mrs. Grace Abdon, chairman.

Beaver: Mrs. John Lewis Pagn, chairman, Mrs. Alice Slayback, Mrs. Alice Johnson, Mrs. Ruby Woods, Mrs. Dorothy Houston.

Big Bone: Hamilton, Rabbit Hash: Mrs. J. C. Acree, chairman, Mrs. Lew Williamson, Mrs. Cliff Stephens, Mrs. Jack Bodie, Mrs. J. C. Acree, Mrs. Leonard Riggs, Mrs. Everett Jones, Mrs. Edna Shick, Mrs. Bob Black, Mrs. Russell Miller, Rev. Sam Hogan, Mr. Tom Huff.

Taylorport: Mrs. Earl Morehead, chairman, James Morehead.

Union: Mrs. Ed Grater, chairman, Mrs. H. R. Anderson, Mrs. Harry Kirby, Mrs. N. W. Labley, Mrs. Louisa Newman.

An effort has been made to have each person in the county contacted, according to Mrs. Elizabeth Goodridge Nestor, director of the campaign, but if you have been accidentally missed, please look up your local chairman and give him or her a contribution, for this dread disease might attack your child or the child of someone dear to you. If you have received one of the March of Dimes cards, fill it and send it in.

Florence Boy Returns From South Pacific Area

Marine Corps Air Depot, Miramar, Calif.—Marine Staff Sergeant Harold Booth Shepherd, 26, son of Mr. and Mrs. C. Blaine Shepherd, of Route 1, Florence, Ky., has returned here from the South and Central Pacific where he was an aviator. He was a member of the "Hell Hounds" a fighter squadron with the First Marine Air Wing.

He was based on Midway, Bougainville, Green Island, and in the Russell and New Hebrides Islands and Hawaii.

Shepherd was graduated in 1937 from Crescent Springs, Ky. High School and was an employee of the Ohio Valley Roofing and Siding Company, Cincinnati, Ohio, before enlisting in March, 1942.

W. L. Cropper and Miss Mary Beas Cropper were dinner guests of Mr. and Mrs. Kirtley Cropper and family, last Thursday evening.

New Haven P.-T. A. Will Present Play Saturday, Feb. 10th

On Saturday evening, February 10 at eight o'clock the New Haven P.-T. A. will present an outstanding comedy, "The Absent-Minded Bridegroom." This capital comedy of the Irish-American life has not a dull moment and scarcely a serious one.

As the story goes, on the eve of his marriage with the Widow Rooney, Tim Shea gets an acute attack of cold feet and begs his cronies to rescue him from impending matrimony. Then the trouble starts and with character like Harry L. Kirby taking the lead with an Irish brogue in the part of the "Absent-Minded Bridegroom," and Mrs. Norman L. Labley as the Widow Rooney, who has her wedding planned for this June day, there cannot be a funnier play produced.

Other outstanding characters are played by James Stephenson, who is a rollicking youth that impersonates Mrs. Peterson; Mrs. Austin Gschwin, the calamity-howling maid nicknamed Poison Ivy; Joe Ryan, the hard-boiled detective; Ivan Clements, the scheming Irishman; and the lovers whose parts are ably played by Mary Cecil Ryan, Norma Labley, and George William Ryan.

This is a royalty play and promise to be one of the best which the New Haven P.-T. A. has ever produced. Don't fail to see this performance. Mrs. John Masters is directing the cast.

Tickets are on sale now. Any high school student can secure them for you. General admission 25c and 50c, reserve seats 45c.

Richardson-Conrad

Mr. and Mrs. Earl Richardson, of Burlington, announce the marriage of their daughter, Elsie, to Dallas Conrad, son of Mr. and Mrs. Ivan Conrad, also of Burlington, which was solemnized January 27 at the home of Rev. Roy Johnson in Covington, Ky.

Their attendants were Mr. and Mrs. James Richardson, Mary Chipley and Russell Conrad.

Following the ceremony, a supper was held at the groom's home. The couple are residing with the bride's parents at the present.

Black-Kelly

The home of Mr. and Mrs. Harmon Tanner of Erlanger was the scene of a very pretty wedding on Wednesday evening at five o'clock, when Miss Velma Lee Black daughter of Henry Black and Mrs. Marvin Kelly, son of Wilbur Kelly, of Walton, were united in marriage.

The double ring ceremony was performed by Rev. Bond, pastor of the Erlanger Baptist Church in the presence of the bride's parents and a few close relatives and friends.

The bride was lovely in a suit of light blue with dark accessories, and carried a bouquet of roses. The groom was attired in his uniform. Misses Barbara and Maxine Morgan were the only attendants.

Immediately following the ceremony the bride and groom and their relatives were entertained with a lovely six o'clock candle-light wedding supper at Doc's Place in Erlanger. Those present were Mr. and Mrs. Henry Black, Mr. and Mrs. Ray Smith, Mr. and Mrs. Harmon Tanner, Mrs. Nora Buschmann, Misses Barbara and Maxine Morgan, Mrs. Paul Setters, Charley Trapp and the bride and groom. Pvt. and Mrs. Marvin Kelly.

After a fifteen-day furlough the groom will leave for Camp Atterbury, Ind.

The groom has been in the service for eighteen months, having seen action overseas, being seriously wounded in both arms.

After the war the happy young couple plan to make their home in Erlanger.

AN ELSMERE MAN FELT
LIKE SWOLLEN BALLOON
FULL OF STOMACH GAS

Recently, a Elsmere man stated
that he used to feel like a swollen
balloon after every meal. He would
blot full of gas and spit up acidu-
lous liquids for hours after eating.
Was terribly constipated. This man
is one of the hundreds in this vic-
inity who now praise ERB-HELP.

He states he was amazed at the
results when he took this medicine.
Now he eats what he wants with-
out gas or bloating, and bowels are
regular for the first time in years.
He feels like a new man.

ERB-HELP contains 12 Great
Herbs; they cleanse bowels, clear
gas from stomach, act on sluggish
liver and kidneys. Miserable peo-
ple soon feel different all over. So
don't go on suffering! Get ERB-
HELP! Elsmere Pharmacy, Dixie

NAVY NEEDS RADAR MEN

The United States Navy has issued a new call for men qualified to study RADAR, the Navy's top drawer secret military weapon.

Men between 17 and 50 whether subject to Selective Service or not, are eligible to take the Eddy Aptitude Test at the nearest Navy Recruiting Station.

Men who pass the test will be given a letter of directed assignment to the Navy and will be rated Seamen First Class immediately.

After initial training at "boot camp," such men will be sent to RADAR school for ten months and will, in most cases, graduate as Petty Officers.

The Radio Technician training

thus given is valued at several thousand dollars and opens the way for highly skilled post-war jobs in aviation, electronics engineering, radio and television.

Subjects covered in the Eddy Aptitude Test are General Science, Mathematics, Electricity, Radio and Shop Practice. A list of items to be studied before taking the examination may be obtained at the nearest Navy Recruiting Station. A high school education, while not required, is of great assistance.

John Catliff sold an average of 24 dozen eggs a week from 150 Rhode Island Reds during November.

"My desire is to do everything within my power to free people from drudgery and to create... happiness and prosperity."

—Thomas A. Edison

THOMAS ALVA EDISON
Feb. 11, 1847 — Oct. 18, 1931

ON February 11, America will again honor the memory of a man whose inventive genius—more than that of any other man—helped make this nation great.

When Edison perfected the incandescent lamp and built the first practical central station electric system, he visualized electricity as a servant of mankind that would bring release from drudgery and better living to everyone. Little did he realize that this same power would prove to be one of America's greatest assets in its hour of gravest peril.

Today, electricity turns night into day in thousands of busy war plants across the land... speeds the endless flow of arms that assures the ultimate defeat of our enemies. Tomorrow, it will resume its interrupted march of progress, bringing new comforts, new conveniences, new benefits to mankind.

America's unchallenged leadership in the field of power production—a tower of strength in war—also assures this nation a leading role in building that better world that is sure to come when peace returns.

GEORGE PARTRIDGE... WHAS' Special Events Producer and Director, came to us from out of the blue at Bowman Field. He had helped produce "All Clear," Air Corps big show, weekly "Barracades" and Bowman Field's "Flying Time" to WHAS listeners.

A native New Yorker, George had been on Eastern radio stations before the war. He has produced and directed War Bond, War Fund and Blood Donor's programs and likes G.I.s in unrehearsed appearances. Right now, he is helping produce thirty-minute transcriptions for boys on all fighting fronts, as per request of General Eisenhower. "A big hunk of hometown on a platter," these discs include current songs, topics of conversation, speeches and post-war plans for soldiers. In twenty-seven American communities assigned to perform this important service, local stations are co-operating to make the discs fully representative of life "at home" in the states.

Lifelong Resident Of Petersburg Passes

Mrs. Theresa Flora McNeely McWehly, 83, passed on January 29, at her home in Petersburg, Ky., where she was born and spent her entire life. She was the last of a large family of twelve, her parents were Martha Jane and Perry McNeely.

She was the widow of the late Steven S. McWehly, who preceded her to grave 28 years ago. To this union were born five sons, two,

Wallace and Richard passed on several years ago. Three sons survive, Claude, yardmaster for the Big Four railroad in Lawrenceburg, Ind., Elmer, bookkeeper for the Broadway Coal and Ice Co. in Memphis, Tenn., and Milton E. McWehly, an invalid at home. She leaves 10 grandchildren and 3 great grandchildren, one grandson Robert, son of Milton is serving his country in Europe with the U. S. 1st army.

She was born March 27, 1861 and united with the Petersburg Christian Church quite young and was a

faithful member until her health did not permit her to attend. Funeral services were held at the Petersburg Christian Church Wednesday, January 31st presided over by Brother Alexander, Methodist minister of Lawrenceburg, Ind., with burial in the Petersburg Cemetery.

CARD OF THANKS

We desire to express our sincere thanks to everyone who assisted in any way during the illness and death of our beloved mother, Mrs. Minnie Hill Sellers. Especially do we wish to thank our many kind neighbors and friends for their kindness and sympathy; Mrs. Mary Clure, Dr. S. B. Nunnally, Rev. W. T. Gardner, Smith & Reed, funeral directors, singers and all donors of flowers. Your efforts during our hour of sorrow will never be forgotten. It-c The Hill Family

CARD OF THANKS

We wish to express our sincere thanks and appreciation to those who so willingly and thoughtfully gave of their time and talents, during the illness and death of our darling baby son, Darville Lee Aylor. Especially do we want to thank Bro. Hogan and Bro. Brainerd for their kind words; and Mr. Stith for the kind efficient way in which he conducted arrangements. Mr. and Mrs. Wm. Wesley Aylor

CARD OF THANKS

May we express our heartfelt thanks to those far and near for every expression of sympathy and love shown us in the sudden passing of our dearly beloved husband, son and brother,

George Burton Yates, Jr. Especially do we thank the donors of the beautiful flowers; Rev. Leroy Evans, Rev. Leo Drake and Rev. W. T. Gardner for their comforting words; Chambers and Grubbs for their efficient service. The Yates Family

THANKS

The robbers who broke into the residence of Mrs. John O. Richards, Jr., November 23rd on Route 42, have been apprehended in Cincinnati on another charge. One has been sent to the reformatory and the other has been sentenced.

I wish to thank Deputy Sheriff Irvin Rouse of Boone County, State Highway Patrol, Chief Tom Young and his men of Kenton County Police, Sheriff Jennings of Kenton County, Covington and Cincinnati Police and Mr. C. Dibowski of Hamilton County Juvenile Court for their diligent work. Without their untiring efforts the robbers would still be at large. It-c

CONSTANCE BOY REPORTED KILLED

WHILE FIGHTING WITH U. S. ARMY IN GERMANY—SON OF MRS. LAURA KINDEL—OVERSEAS SIX MONTHS.

Staff Sgt. George H. Kindel was reported killed in action in Germany January 9th, while fighting with the U. S. Army according to a telegram received by his mother, Mrs. Laura Kindel, of Constance, Ky.

Sgt. Kindel received his training at Camp Wolters, Texas, and Camp Ogden, Oregon, before being sent overseas six months ago. He entered the service thirty-eight months ago.

He attended school in Constance and was well known throughout this section. Another brother, Frank Kindel, is stationed with the U. S. Army in England.

He is survived by his mother, and four brothers, Kelly, John, Cecil, and Frank Kindel.

The telegram received by Mrs. Kindel follows: "The Secretary of War desires me to express his deep regret that your son Staff Sergeant George H. Kindel was killed in action on 9th of January in Germany. Confirming letter follows. J. A. Ullo, Adj. General."

Sgt. Herman Smith Missing
Mrs. Elma Marie Smith, daughter of Mr. and Mrs. Willard Ryle, of Grant, Ky., received a telegram from the War Department stating that her husband Sgt. Herman Smith has been reported missing in action since the 26th January in Luxembourg.

The telegram follows: "Mrs. Elma M. Smith, 135 Main St., Rising Sun, Ind."

"The Secretary of War desires to express his deep regret that your husband Sgt. Herman Smith has been reported missing in action since the 26th of January in Luxembourg. If further details or other information are received you will be promptly notified. J. A. Ullo, Adj. General."

Sgt. Smith was serving with Gen. Patton's Third Army. He is a member of the 80th Infantry Division. Smith has been in the service two years and had been overseas eight months.

Utopia Meeting

Date Is Changed
The February Utopia Club meeting date has been changed from February 22nd to Wednesday night, February 23rd, according to Grant Maddox, president. The change of date is made so that W. W. Magill, fruit specialist from the College, may be the guest speaker. The meeting will be held at Burlington at 8:00 p. m. on the later date.

PROJECT WORK TO BE SUPERVISED

CLOSELY DURING YEAR, ACCORDING TO COUNTY EXTENSION OFFICE—EIGHT COMMUNITY CLUBS ORGANIZED.

Boone County 4-H Clubs are planning an efficient community organization in 1945, according to the County Extension Office. Four-H project captains and adult leaders this year are planning to more closely supervise project group work and to render greater assistance in record keeping.

Eight community clubs including Grand, Petersburg, New Haven, St. Paul, Burlington No. 1, Burlington No. 2, Hebron and Constance were organized the past week. Hamilton and Florence Clubs are scheduled to organize on Friday and Walton and Verona on Monday.

Community clubs will be divided into project groups where five or more members are enrolled in one project. Each project has one or more adult leaders and a group captain who supervise project activities. Major agricultural projects this year will include garden, dairy, hog, sheep and farm labor service. Minor agricultural projects will include corn, hogs, beef, and sheep. Home Economics projects will include foods, clothing, canning, home labor service, and room improvement.

All boys and girls ten years or older who are interested in carrying improved farm and home project work are invited to be 4-H Club members. Enrollment cards are available at the County Extension Office or from community club officers or adult leaders.

Hebron Five Take Three Games From Burlington, Friday

Friday night Hebron's hoopers journeyed to Burlington, where they trounced the locals in three games on the hardwood.

Hebron's high school boys were easy winners over the Burlington boys by a 47-13 count. Hebron took an early lead and maintained a safe margin throughout the game. Stephens was high point man for Hebron with 14, while Loomis was high for Burlington with 4.

In a preliminary game, Hebron reserves were victorious over the Burlington reserves by a score of 34-12.

Hebron's independent five emerged on the long end of a 45-38 count over Burlington's independent in the final game of the evening.

Grandson of E. M. Johnson Confined To Navy Hospital

Seaman First Class, Robert G. Loomis, Co. 28, McIntire Unit, Radar Group, Great Lakes, Ill., is reported to be confined to the Naval Hospital, suffering from an attack of scarlet fever. He is receiving his "boot" training at the naval station there.

Seaman Loomis is a grandson of Conservation Officer E. M. Johnson of Walton.

BUREAU BANQUET TO SET RECORD

IN ATTENDANCE, ACCORDING TO REPORTS—PLANS MADE FOR TWO HUNDRED—TICKETS ARE ON SALE.

The 1945 Farm Bureau banquet to be held at Burlington school auditorium on Friday evening, February 23rd, is expected to set a record for attendance, according to Walter King, president. Two hundred farmers, members of their families, and friends are expected to attend.

County 4-H Club champions and county garden and live at home champions will be honored by the Farm Bureau at the banquet. Guest speakers from the State Farm Bureau and adjoining County Farm Bureaus have made plans to attend.

Banquet tickets are on sale from Farm Bureau officers and directors and at the agricultural offices in Burlington.

Date Announced For Leaders' Training Class

Home furnishings leaders in the Homemakers' Clubs will hold their second training class Wednesday, February 22nd. The day meeting, 10:30 a. m. to 3:00 p. m., will be held at the home of Mrs. John L. Vest in Walton. Two leaders from each of the eleven Homemakers' Clubs in Boone are invited to this meeting.

Miss Vivian Currutt, home furnishings specialist, University of Kentucky, will present the lesson on window treatment. Leaders will give this lesson to local clubs in March.

County Kitchens Become Tin Mines For War Items

Women of Boone County can "mine" tin sufficient for 350 1/2-ton Army trucks this year.

These figures were compiled by J. A. Stewart, vice-president of the American Can Company, on the basis of canned foods consumed by civilians in the county during 1943. On the basis of last year's consumption, civilians will open 876,420 cans of foods this year, he said. According to a table recently issued by Washington, 2,500 cans provide tin sufficient for one 1/2-ton Army truck.

Meanwhile, the armed forces consumed approximately three billion cans of food during 1943 and needs for the current year are expected to rise to three and a quarter billion cans. Mr. Stewart said. He points out that with a greatly increased number of the armed forces in overseas duty, more canned foods will be needed because the can has proved the most practical container for the shipment of foods abroad.

Mrs. Ruth Clure, of Covington is quite ill at St. Elizabeth Hospital.

MEMBERSHIP GOAL REACHES HUNDRED

IN FARM BUREAU ORGANIZATION—LARGEST MEMBERSHIP SINCE COUNTY FARM BUREAU WAS ORGANIZED.

Farm Bureau membership reached the 100 goal this week, according to Walter King, president. This is the largest membership since the County Farm Bureau was organized three years ago. Easton-Roberts

A very pretty wedding was solemnized Saturday afternoon, February 10th, 1945 at 3 o'clock, when Miss Nellie Virginia Easton and Ed Roberts were united in marriage by Rev. D. E. Bedinger of Walton. The bride's mother, Mrs. Idella Easton and sister Carrie Marie were the only attendants.

The bride is the eldest daughter of Mr. and Mrs. Omar Easton, of near Independence, Ky. She has many relatives and friends in Boone and Kenton Counties who will be surprised to learn of the event. The groom is a native of Owenton, Ky.

A lovely wedding supper was served after the ceremony at the home of the bride's parents. The best wishes of a host of relatives and friends are extended to this fine young couple.

NUMBER OF PUBLIC SALES REDUCE NEWS

We are forced to omit many news items from this issue due to the number of public sales appearing this week. We were forced to turn down one sale due to lack of space, being completely filled up Monday evening. Persons desiring us to carry their sales should notify us early in order that we can reserve a place for their advertisement. Had we had the proper amount of time we could have printed additional pages, but time does permit for this issue.

Used Fat Situation Acute

Used fats are needed now more than any period during the war. The War Food Administration needs every drop and more during 1945.

Boone County housewives can help by making a renewed effort to save kitchen fats, strain them into metal containers and turn them in for the usual two red points per pound. Use quality of salvaged fat is deteriorating, so make sure that all drippings are put through a coarse strainer in order to remove particles of meat and foreign matter.

Fats and oils for industrial purposes are going to be scarcer during the next twelve months. Fewer hogs and cattle will be slaughtered so the quantities of lard, pork fat, tallow, and grease going to industry will be reduced. In fact, large quantities of lard which were used by industry during the past year will be reserved for eating purposes in 1945.

Salvaged kitchen fats go into the general pool of inedible tallow and greases and about a quarter of it is used in the manufacture of lubricants and for other industrial purposes. The rest finds its way into soap being used for war purposes. Glycerol, a by-product of soap making, is used for synthetic rubber, explosives, and other war products.

Use the grease in a metal container. If you do not have a lid, cover with waxed paper and tie with a string.

Number of Boone Countians Work At Ft. Thomas Hospital

Despite the continued bad weather I am very happy to give you the following list of women who worked at Ft. Thomas in January, and the number of hours that they gave through the medium of the Red Cross: Miss Alice Anderson, Miss Dorothy Beasler, 5; Miss Mary Beasler, 6; Mrs. Oleva Dolph, 32; Mrs. Marjorie Freeland, 24; Mrs. C. C. Garrison, 6; Mrs. Harold Martin, 6; Mrs. Elizabeth G. Nestor, 12; Mrs. Helen Snyder, 34; Miss Patricia St. Germain, 9; Mrs. Lulu Tolin, 21; Mrs. Wm. Townsend, 12; Miss Billy Wilson, 6. Making a grand total of 154 1/2 hours for the month of January, according to Mrs. Elizabeth Goodridge Nestor, chairman Volunteer Special Services, Boone County Chapter, American Red Cross.

MICHIGAN BOYS ARRESTED FRIDAY

CHARGED WITH STRAIGHT CAR OF LUTE BRADFORD—PLACED UNDER \$1000.00 BOND—AWAIT ACTION OF GRAND JURY.

Two Dearborn, Michigan youths are being held in Burlington jail in default of \$1000.00 bond, charged with stealing the car of Col. Lute Bradford at Florence Friday afternoon of last week.

Bradford, who had parked his car on the streets of Florence, returned in a few minutes to find his car gone. He reported the loss to Deputy Sheriff Irvin Rouse, who broadcast an alarm.

The youth, Leroy Wilson, 17 and Carl Statton, 17 of Dearborn, were apprehended Friday night at Mt. Vernon, Ky., by State Highway Patrolmen.

State police notified Sheriff Glenrose Williams that the boys were being held at Mt. Sterling, and Deputy Rouse called for them and returned them to Burlington. They are being held in the Boone County Jail and will be in session in April.

RED CROSS QUOTA SET AT \$6,800.00

ACCORDING TO FIGURES RELEASED BY COUNTY CHAIRMAN IRVIN ROUSE—DRIVE TO GET UNDER WAY MARCH 1.

Boone County's quota in the Red Cross War Fund drive to begin March 1, has been set at \$6,800.00, it was announced Wednesday night. February 7th by County Chairman Irvin Rouse, at a meeting of precinct chairman in the courthouse, Burlington.

Quotas were assigned each precinct, and supplies were passed out, so that work on the drive could begin promptly on the first day. Any chairman not receiving his supplies should do so at once by contacting Mr. Rouse.

Plans for a "kick off" meeting for the public, to be held the latter part of February were discussed, and it was announced a War movie film secured for the event. Watch this paper for the exact date, to be announced later.

A list of precinct chairmen and their quotas follows:

Beaver, \$244.07, Mrs. Joe Helser; Bellevue, \$257.17, Miss Kathryn Clure; Hebron, \$580.15, Mrs. J. C. Aylor; Bullittville, \$225.00, Mr. J. W. Whitaker; Burlington, \$493.71, Mrs. J. G. Smith; Carlton, \$235.79, Mrs. John Ryle; Constance, \$394.50, Mrs. George Kottmeyer; Florence, \$1,180.33, Mrs. Lewis Houston; Hamilton, \$217.16, Mrs. J. C. Acree; Petersburg, \$356.47, Mrs. Alberta Stephens; Union, \$529.43, Mrs. Joseph Huey; Verona, \$321.70, Mrs. Grover Ransom; Walton, \$1,045.53, Mrs. Helen Jones; Richmond, \$256, Mrs. Robert G. Robinson.

Housewives Urged To Protect Kitchen Tools

Good kitchen tools, especially knives, are hard to find on the market. The housewife needs to protect tools used daily in the kitchen, according to Mary Hood Gillaspie, Home Demonstration Agent.

More thought given to the proper care of kitchen knives would save time and labor for many a housewife, and make for better meals and more safety in the kitchen. Home equipment specialists of the U. S. Department of Agriculture say that knives are the most used—and abused—of any kitchen utensil. Today good knives are too scarce and valuable to be dulled or chipped by knocking about in a drawer with other utensils, or put to the wrong uses.

Many knives are broken by using them to open cans or pry up lids. Knife blades also may be broken by sudden changes of temperature. A knife at room temperature should not be used to slice a brick of hard-frozen ice cream. Run cold water over the knife to chill it before-hand. Never let wooden-handled knives soak in dish water, because this swells the wood and may loosen the handle.

A knife rack that keeps each knife lined up in its separate slot saves knives and time for the cook and is easy for any home carpenter to make. A strip of wood, with slits sawed in, may be fastened in a kitchen drawer that is deep enough, or may be fastened on the wall out of reach of children but in easy reach of the cook. Such a rack saves the hurried housewife from pawing through the miscellaneous articles in a drawer, taking the first knife that comes to hand, and then wasting time and food by peeling potatoes with a big slicing knife or hacking off bread or meat in trying to slice with a little peeling knife—to give two examples.

A sharp knife does the best job and is actually safer than a dull knife. A dull knife is difficult to direct, and often slips and causes cuts. Sharpening may be done on a whetstone, or with any of the various kitchen sharpening devices.

Union Masonic Lodge Makes Contribution To Convalescent Hospital

A most generous contribution to the Boone County Fund for use at the AAF Convalescent Hospital, Ft. Thomas, has been received from the Masonic Lodge of Union.

The name of this group will be added to the framed list of organizations participating in the project, now on display in the Boone County Day Room, building twelve.

Twins Of Boone County Girl Harriet

The old neighbors, friends, relatives and all of the people of Boone County wish to congratulate Carrie Graves Dove, formerly of the Bullittville community, upon the wonderful achievements of her twin soldier sons. These boys are the sons of Captain Walter Dove of World War I, whose quiet unassuming manner is remembered by all who ever knew him, although he has passed to his reward many years ago.

Bob Dove has been wounded in the Belgium area and is not yet back in action. Lt. John (Jack) Dove has also been wounded but has returned to action. He was one of the officers of the Sixth Rangers who passed 35 miles thru the Japanese lines and with the assistance of some native Filipinos killed about 150 Japanese guards and carried 513 prisoners of war from the Japanese hands to safety, leaving in all 223 dead Japanese in their wake.

Boone County congratulates you, Carrie, as well as your soldier sons, and maythey, and ours, return to us well and strong when this conflict ends in our prayer.

AGED LADY DIES AT LIMBURG

WAS OLDEST MEMBER OF HOPEFUL LUTHERAN CHURCH—SERVICES HELD SATURDAY AT ERLANGER.

Mrs. Harriett Utz, 92, a native of Boone County passed away Thursday as her home in Limburg. She was well known throughout this section and was probably one of the oldest women of the county.

Mrs. Utz was a member of the Hopeful Lutheran Church, being the oldest member of that church. She was a lifelong resident of this county.

Funeral services were held Saturday at the Philip Taliaferro funeral home, Erlanger at 2:30 p. m. Burial was in Hopeful Cemetery.

Philip Taliaferro, Erlanger funeral director was in charge of arrangements.

Boone Farmers Sells Crops For High Averages

William Hill, Idlewild farmer sold part of his crop raised on his farm near Idlewild, last Thursday for an average of \$56.47 per hundred weight.

Mr. Hill reported that he did not reach the ton per acre, to entitle him to be a member of the club, but that he was well assisted with his average. He sold a total of 5048 pounds and has more tobacco to put on the market this year.

Virgil Vice, Woolper farmer sold 2762 pounds of tobacco Thursday, February 9th for an average of \$57.09. The two high baskets sold for 58 cents and two low baskets for 56c. This crop was grown on 2 1/2 acres.

L. R. Vice sold 2756 pounds on the same day for an average of \$57.25. His high basket brought 58 cents and his lowest basket was 56 cents. His crop was grown on 2 1/2 acres.

Blood Quota Is Exceeded

During Year 1944, Is Word Exceeding its quota for the fourth straight year, the American Red Cross Blood Donor Service in 1944 procured 5,371,664 pints of blood for the armed forces, or 371,664 pints more than their estimated requirements, it was announced by Basil O'Connor, Red Cross National Chairman.

The 1944 record represents an average of 10 1/2 pints of blood a minute day and night throughout the year, and brings to 11,024,015 pints the total amount procured since the inception of the project in February, 1941. Mr. O'Connor stated. He said that the Army and Navy have requested the Red Cross to continue procurement in 1945 at the present rate of 5,000,000 pints a year.

Many persons from Boone County give their blood regularly at the Blood Donor Center in Cincinnati. Those who are unable to do this may still participate in the great humanitarian project by adding something extra to their contributions in the Red Cross War Fund Drive to begin March 1.

MAD DOG KILLED NEAR RABBIT HASH

AFTER BITING COWS, HOGS AND OTHER STOCK IN WATERLOO AND RABBIT HASH NEIGHBORHOOD.

Steve McDaniel, of Gunpowder killed a mad dog near his home last week, after it had traveled through Waterloo arrested Rabbit Hash, biting several head of cattle and anything with which it came in contact.

The dog, a German police and Shepherd mixed bit several purebred Jersey cows owned by Jack Purdy of Waterloo, and bit hogs, chickens and other animals with which it came in contact.

A report from the bacteriological laboratory of the University of Kentucky states that the head of the dog was positive for rabies.

Persons throughout the section visited by the dog should exercise every precaution to prevent the spread of rabies, by keeping their dogs confined and observing these livestock carefully.

The report from the University of Kentucky follows:

"The bacteriological laboratory of this department reports that an examination of the dog head submitted by you and delivered to the laboratory on February 5, 1945 by Mrs. Gave, gave the following results: "Lab. No. 26712. Specimen: Dog head, owner, stray; examination positive for rabies."

"Inasmuch as the examination of the brain indicates that this animal was infected with rabies or hydrophobia, anyone exposed to the saliva through handling or feeding of such animal having been bitten within a period of ten days prior to the first symptoms, should take the Pasteur or anti-rabic treatment immediately to guard against contracting the disease."

Linwood A. Brown."

Hog Specialist To Address Farmers

Prof. R. W. Pifer, instructor in hog production at the University of Kentucky, will address Boone County hog raisers at Burlington courthouse at 1:30 p. m. Tuesday afternoon, February 20th, according to H. R. Forkner, County Agent. All farmers are invited to attend.

This will be the first hog meeting to be held in the county in several years. During this period much progress in parasite control, breeding, and more efficient feeding practices have been made. Mr. Pifer is rated as one of the most qualified men in the state to discuss these practices.

J. M. Eddins remains ill at this writing.

HOLDUP MAN GIVES NAME OF LOCAL BOY

WHEN SHOT BY BARTENDER AT JACK'S TAVERN SATURDAY—HAD STOLEN PURSE OF GUY BUTLER OF UNION.

Charles Roberts, 28, of Cleveland, Ohio, who was arrested last Saturday by Kenton County police, following an attempted holdup of Jack's Tavern, Dixie Highway, Lookout Heights, gave his name as Guy Butler, of Union.

Police found a wallet on Roberts bearing identification cards of Guy Butler of Union. When asked if that was his name, he answered that it was. Upon investigation it was revealed that Roberts had removed the wallet from Butler's room at the Kentucky Inn.

Roberts was wounded in the hip by Robert Houston, 28, bartender at Jack's Tavern, who was participating in a search for the alleged robber.

Butler's name was given in daily papers concerning the attempted holdup, but was absolved of all blame after investigation.

MAN HAD BRICK IN HIS STOMACH FOR 10 YEARS

One man recently stated that for 10 years he felt like he had a brick in his stomach. This feeling was due to the lump of undigested food he always had inside of him. He was weak, worn out, headachy, swollen with gas and terribly constipated. Recently he started taking ERB-HELP and says the feeling like a brick in his stomach disappeared the second day. Bowels are regular now, gas and headaches are gone and he feels like a new man.

ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get ERB-HELP. Erlanger Pharmacy, Dixie Highway.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

BY HAROLD L. LUNDQUIST, D. D.

Of the Moody Bible Institute of Chicago

Released by Western Newspaper Union

Lesson for February 18

Lesson subjects and Scripture texts are copyrighted by International Council of Religious Education used by permission.

LESSON TEXT—Matthew 13:44-46; 14:13-14

GOLDEN TEXT—Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning.—James 1:17.

Hidden treasure!—there is something about it that catches our imaginations and stirs our expectancy of discovering great riches. Men are constantly going on expeditions to seek out lost treasure. Others are engaged in study and research to bring out new treasures in nature or in the realm of learning or art. Why not stir up a little excitement about the unbelievably rich treasures which are in Christ and in the life of faith in Him? It is not hidden, except to the eye of unbelief, but it is greatly neglected and all but forgotten by many.

The Scripture portions assigned for our lesson are not as well adapted to it as one could wish, but we may make good use of them. We learn here:

I. The Cost of Redemption (13:44-46).

Undoubtedly the lesson committee had in mind the usual interpretation of these parables, which presents the sinner as the one seeking the treasure and giving up all that he may have for Christ.

While it is true that our redemption is worth more than anything else in all the world and that the Christian would gladly set aside (or would he?) everything for Christ's sake, yet that does not fulfill the thought of this parable. After all, what has a sinner (whose own righteousness is described in Scripture "filthy rags") to sell in order to obtain redemption? And is it for sale? (See Eph. 2:8).

Obviously, we here have the Saviour with His all-seeing eye and loving heart noting as He has a humanity the pearl of great price, His own Church. He then gives up all the glory He had with the Father, comes to the earth, and even becomes sin for us that He may bring us to God.

Salvation in Christ is no little thing, not something which was purchased with gold or silver, but with the precious blood of Christ. We ought to value it highly, and because we are bought with such a price we ought always to glorify God (1 Cor. 6:20).

II. The Heart of Compassion (14:13-14).

The One who was willing to die that men might have eternal life was not unmindful of their need of His mercy and grace for their daily problems. Jesus not only died that we might have redemption from sin, but He lived (yes, and lives now!) with tender-hearted compassion toward those in need.

He who is the living Bread was not willing that men should hunger for their daily bread. The disciples saw only one solution—to send them away, but Jesus said, "They need not depart."

One is fearful that the church has been all too quick about sending the needy away to some social agency or community charity, when it should have won their confidence by its compassion, and then brought them to Christ.

Little is much when God is in it, and by the divine touch of Jesus the multitude was fed. Could we not do far more for Christ if we would only use the little we have, with His blessing, for the help of our fellow men?

III. The Miracle of Provision (14:17-21).

We pray, "Give us this day our daily bread," and it is only as God provides it that we have it. He gives life to the seed, and multiplies it in rich harvest, and we eat, we trust, with thankful hearts.

That is a miracle—so oft repeated that we have lost a bit of the wonder and glory of it. Here in the story of the feeding of the five thousand and more (v. 21) with five loaves and two fishes, we have such a miracle of provision taking the little and making it enough for the multitude.

The Lord may not work in exactly the same way today, but do not God's servants see Him multiply their meager stores as they give it out in His name? That is true whether the gift be of material or spiritual things. God can and does bless those who trust Him. Letting what we have pass through the hands of Christ results in transformation and multiplication. Try it!

Men and women are value-conscious in our day. While money is plentiful, goods of real quality are scarce, and one must look for that which has durability and worth. The treasures which Christ offers are enduring. He says, "Lay up for yourselves treasures in heaven, where neither moth nor rust doth corrupt, and where thieves do not break through nor steal" (Matt. 6:20).

By contrast, "the things which Satan offers are temporary. In a few years most earthly honors and wealth must be laid aside. But the treasures of the kingdom are treasures which God intends that we should possess forever."

B. R. COOPER FARM Known as the Gran Butler, or Otis Bishop Farm 333 1/2 ACRES 333 1/2 AT AUCTION

SATURDAY, FEBRUARY 17TH—10 A. M.
Mt. Zion, Ky.
Also 44 Head of Cattle and some Farming Equip-
ment, Work Stock, Etc.

This is an ideal farm for an investment or a home. It lies back a little bit and is an extra good farm. 200 acres of this farm you will find is as good a land as you will find in an average good farm. Plenty of black locust land, alfalfa land, grows extra good tobacco. A large portion in blue grass, 25 acres in alfalfa, 8 acres tobacco base, plenty of good water and wood, improved with a nice 2 story 8-room frame, tenant house, 1 extra large tobacco barn, 2 other feed and stock barns, and all necessary outbuildings.

Mr. Gran Butler, the former owner of this farm, lived and operated this farm for years, and was one of the community's most successful farmers, and the farm has been well taken care of. LIVESTOCK—47 head, 9 Jersey milk cows, age 3 years and up, 2 with calves by side, 13 Angus and Hereford 2-year-old heifers, will freshen soon, 7 cows, beef type, will freshen second time soon, 10 heifer calves, 3 male calves, 1 registered Angus bull.

HOUSES—3 two-year-olds, heavy work stock.
TOOLS—1 Joeger concrete mixer on rubber, 1 binder, 1 power wood saw, other small tools too numerous to mention.
On account of the man power shortage, Mr. Cooper's business in town requires all of his time, and does not leave him time to devote to his farm, as he would like, as he and Mrs. Cooper have signed a contract with us to sell the above farm for the high dollar bid.

Here is your chance to buy a farm at a reasonable price, that will make you large returns on your investment. One of the safest places to invest your money is in "Old Mother Earth." WE EXPECT TO SELL 68 ACRES THAT ADJOIN THIS ABOVE FARM AND BELONGING TO THE ABERNATHY HEIRS AT THE SAME TIME AND PLACE. As this advertising was going to press we had not received word from all of the heirs, but expect by the day of sale.

WPB Curtails Civilian Goods; Army Needs More

By CHARLES E. LUCKY
Scripps-Howard Staff Writer
WASHINGTON, Jan. 11.—A tightening-up all along the line in civilian supplies in much greater degree than heretofore in the war, is forecast by top war production officials.

Close control of manufacture and materials will be necessary to keep out of the time so far.

In Other Words—

TAKE CARE OF THE THINGS YOU HAVE

Tightening of civilian production controls means you'll probably have to wait longer for those new electric appliances you want. So don't neglect your present equipment. Give it the continued good care it needs to make it last.

Follow These Tips on Appliance Care

- Oil motors regularly according to manufacturers' directions. (Some motors are enclosed in hermetically sealed units and need no oiling.)
- Keep appliances clean. Wipe carefully after each using. Dirt, dust, food, crumbs, can cause trouble.
- Tighten nuts, bolts and screws at the first sign of looseness.
- Watch out for loose connections. If appliance sparks or motor stalls, disconnect instantly and have checked.
- Never immerse an appliance in water. It may result in a short circuit, damaged appliance or both.
- Don't drop appliances and don't knock them around. Treat them with care.
- Don't tinker. Unless you know exactly what you're doing, have an expert serviceman handle your repairs.
- Treat cords carefully. Don't kink, knot or allow to rub on sharp edges. Keep away from oil, moisture, hot appliances. Don't yank to disconnect.

Tossing brickbats and bouquets,
he illustrates Times editorials

EDWIN A. FINCH... The Louisville Times' editorial illustrator and cartoonist sees the funny side of even the most serious editorials, and helps you get the point with a few deft brush strokes. Born in a suburb of Cincinnati, Ed swept into Louisville just ahead of the flood in 1937 and soon after found himself high and dry when the promotion scheme he had undertaken failed completely. That's when he joined the newspapers, where he soon reached peak popularity with his Reto comic strip character "Sergeant Finch."

As America armed for World War II, Finch, who had been a sergeant with Company D, 330 Infantry, in World War I, put his proxy into the thick of rookie training, via the comic strip, and himself spent many a rough week-end at Fort Knox and Bowman Field sketching comic situations on the hoof. Using actual names, the "Sergeant Finch" cartoons appealed to old vets and new rookies alike.

The man who signs his daily cartoons simply "Finch" is a finely drawn, handsome gentleman with a prenatally white crest of hair. At home he has six charming young Finches, ranging in age from a nine-month-old baby, to a glamorous sixteen-year-old deb.

IN LOVING MEMORY
Of my mother, Mrs. Carrie M. Gross, who passed away February 10, 1943.

Deep in our hearts lies a picture
O a loved one laid to rest;
In memory's frame we shall keep it
Because she was one of the best.
She had a nature you couldn't help loving.

A heart that was purer than gold
And to those who knew her and loved her,
Her memory will never grow old.
Sadly missed by her husband,
daughter, son-in-law and grandchildren.

65TH DISTRICT TOURNAMENT SET

FIRST GAME AT NEW HAVEN IS
FOR THURSDAY EVENING,
MARCH 1—BURLINGTON NEW
HAVEN FIRST TO MEET.

The 65th District Basketball tournament, comprised of Burlington, Hebron and New Haven schools, will get under way on the New Haven hardwood Thursday evening, March 1st at 8:00. The New Haven and Hebron reserve teams will compete in the first game of the evening. The second game, starting at 9:00 will see the Burlington and New Haven "A" teams battling for the privilege to play in the finals on Saturday evening, March 3rd.

The winner of the reserve game will meet the Burlington reserves in the finals on Saturday evening at eight o'clock. At nine o'clock on Saturday evening the winner of the Burlington-New Haven "A" team game will meet the Hebron team in the finals to compete for the trophy and the honor of representing the 65th District in the 9th Regional tournament during the second week in March.

The referees will be "Kit" Carson, coach at Dixie Heights high school, and Don Tanner of Union. The official scorekeeper will be W. Weaver, of Burlington. The official timekeeper will be secured in the near future. The Union Deposit Bank will donate the trophy to the winner of the "A" team finals.

The New Haven P.-T. A. will handle the concessions. The doors will open each evening at 6:45 and all games start promptly on time. Admission, students 30c, adults 50c.

Charles Beacom

Funeral services were held at 3 p. m. Saturday at Taylorsport Methodist Church, Boone County, for Charles Beacom, 83, retired Boone County farmer, who died Thursday at his home in Taylorsport. Burial was in the church cemetery.

Mr. Beacom was a member of the Excelsior Lodge, Junior Order, U. A. M., and of the Taylorsport Methodist Church.

He is survived by three sons, Charles Beacom, Middletown, O.; Raymond Beacom, Saylor Park, O.; and William Beacom, Jr., Taylorsport, and a daughter, Mrs. W. R. Price, Middletown, Ohio.

Funeral arrangements were in charge of the Catherman funeral home, of Ludlow.

HEBRON LUTHERAN CHURCH

Paul Kinner, Pastor
The weekly Lenten Service will begin at Hebron Lutheran Church on Thursday evening at 7:30.
The Hebron Council will meet for a short session immediately following the service.

SPECIALISTS WILL ADDRESS FARMERS

IN ALL-DAY MEETING AT BURLINGTON COURTHOUSE TUESDAY, FEB. 27—FERTILIZATION DAILY FEEDING, SUBJECTS.

Lynn Copeland, dairy specialist and Wm. Johnstone, field agent in crops work from the College, will address Boone County farmers in an all-day meeting at Burlington courthouse on Tuesday, February 27th, according to H. R. Forner, County Agent. The morning program starting at 10:00 a. m. will be devoted to crop fertilization and improved feed crop production practices. The afternoon program, starting at 1:00 p. m. will be devoted to latest dairy feeding and breeding developments that will be of interest to all dairymen. Wm. Johnstone will lead the morning discussion, giving an outline of new findings that are increasing pasture, hay and grain yields. Feed crops are the foundation of profitable agriculture in the country. Johnstone is rated as one of the authorities on improved production practices of these crops. Lynn Copeland, former head of testing work of the American Jersey Cattle Club, is an outstanding authority on dairy cattle breeding. The county is fortunate in securing these two outstanding discussion leaders at this time. All farmers are invited and it is hoped a large number can attend.

New Haven To Be Host In Benefit Game Friday

The New Haven five will entertain the Burlington five on the New Haven floor on Friday evening, February 23. The proceeds of this game will be donated to the American Red Cross and the Ft. Thomas Convalescent Hospital. This promises to be a good game as the teams are fairly evenly matched and much interest will be shown in this pre-tourney tussle.

Come and support your team and at the same time have a part in this worthy cause. Admission 20c and 30c.

George I. Horton

Funeral services for George I. Horton, of Union, Boone County, will be held at the Big Bone Baptist Church today (Thursday) at 1 p. m. Burial will be in the Big Bone Cemetery. He was 72.

Mr. Horton, a retired farmer and a lifelong resident of Boone county, died Monday at his home following a long illness.

He is survived by his widow, Mrs. Sally Horton; one daughter, Mrs. Marie McNeely, Cincinnati; one brother Sanders Horton, Rising Sun, Ind.; and four grandchildren.

Tharp & Smith, Florence funeral directors were in charge of funeral arrangements.

ERLANGER CIVIC LEADER IS CALLED

HENRY F. CHILDRESS DIES OF
HEART ATTACK ON STREETS
OF ERLANGER—WAS PROMINENT
MAN.

Henry F. Childress, 66, collapsed Tuesday morning while standing on the Dixie Highway at Graves Avenue, Erlanger waiting for the auto in which he customarily rode to Cincinnati, where he was employed as manager of the special envelope service department of the Chatfield Paper Corporation.

He was removed to his home, 114 Elm Street where Dr. W. R. Miner, of Ft. Mitchell pronounced him dead.

He was the father of Capt. Henry F. Childress, Jr., former sports editor of the Kentucky Post and now stationed with the Marine Corps at Camp Lejeune, N. C., following 15 months' duty in the South Pacific and at Camp Richard Childress, of Will Rogers Field, Okla.

Mr. Childress was a member of the Erlanger Baptist Church, Good Faith Lodge F. and A. M., Cincinnati Advertisers' Club, Cincinnati Chamber of Commerce Forum, Cincinnati Masonic Club and the Cincinnati Sales Executives Club. He was a past master of Good Faith Lodge.

Interested in local history, Mr. Childress wrote a history of Erlanger in 1926; of Good Faith Lodge at its centennial celebration in 1934, and upon the occasion of the 50th anniversary of the Erlanger Baptist Church in 1940.

Besides his son, he is survived by his widow, Mrs. Kathleen Foley Childress; one brother L. L. Childress, Erlanger and one sister, Miss Statira Childress, of Louisville.

Funeral arrangements are in charge of the Philip Tallaferra funeral home, Erlanger.

Taylorsport Boy Reported Wounded

Pfc. William E. Aylor, 32, husband of Mrs. Elizabeth Aylor and son of Mr. and Mrs. Leslie Aylor, of Taylorsport, was wounded in action Feb. 1 in Germany, his family has been advised, by the War Department. He now is recovering in a Belgium hospital.

Pfc. Aylor has been decorated with the Purple Heart, with an Oak Leaf Cluster, denoting his second combat injury. He was hospitalized four months after suffering the first wound.

Winters Farm Sold

Fred Winter sold his 50-acre farm, 1 mile out on East Bend Road, known as the C. C. Hughes farm, to Mr. and Mrs. Alex Jones of Union. Mr. Jones has been a tenant on the farm of Joseph Huey for the past few years and will continue with Mr. Huey this year and later build on his purchase when materials are available. The sale was handled through A. B. Renaker.

SEAL SALE IS OVER THE TOP

ACCORDING TO FINAL REPORT
FROM COUNTY CHAIRMAN—
SALE AMOUNTS TO \$946.72 IN
COUNTY.

The Boone County Christmas Seal sale has gone over the top by more than forty dollars, according to a statement released this week by R. V. Lente, Executive Secretary of the Boone County Tuberculosis Association. The sale amounted to more than \$900. The sale of each school district was as follows:

Bellevue	\$39.50
Burlington	147.83
Burlington colored school	24.94
Constance	88.98
Florence	176.09
Hamilton	7.69
Hebron	12.67
Petersburg	44.24
Union	99.35
Verona	51.50
Walton	113.78
Miscellaneous	10.42
Total	\$946.72

The Boone County Tuberculosis Association wishes to thank this paper, the teachers of each school, the pupils, and the many purchasers of the Christmas Seals for their cooperation in making the sale a success.

Sixty-eight per cent of the proceeds will be used right here in Boone County to aid tubercular patients, according to Mr. Lente. He further stated that there are now two patients in sanitariums and two more ready to enter the sanitarium which will cost the Boone County Tuberculosis Association more than \$12 a day.

No one connected with the Boone County organization receives any pay. All proceeds except the amount necessary for postage and stationery go to T. B.

Mrs. Goddard, mother of Burlington, and Mrs. Goddard, mother of the Constance School won the extra prizes for selling the most seals per room.

Methodists Plan Special Youth Rally

A special Youth Gospel Team will visit the Burlington Methodist Church for a week-end of services. This team is composed of Miss Ruthanne Shockey, Asbury College, Miss Marjorie Johnson, Asbury Theological Seminary, and Rev. John Blackford, seminary.

These services will begin Saturday evening at 7:30. These young people will give their experiences and rendered special messages and special music in song.

Rev. John Blackford will preach Sunday evening.

The public is cordially invited to attend, and a special invitation is extended to all the young people. Come expecting a real blessing.

Moore-Darby

The marriage of Miss Helen E. Moore, eldest daughter of Mr. and Mrs. J. Moore, of Covington and Mrs. O. John Robert Darby, son of Mr. and Mrs. Vester Hise, of Florence was solemnized Monday, Feb. 5th at the Southside Baptist Church with Rev. O. J. Steger officiating at the double ring ceremony.

Prior to the ceremony, two beautiful vocal selections were rendered, "The Sweetest Story Every Told," by Miss Jane Bristow and "O Promise Me" by Russell Hodge. The bride who was given in marriage by her father wore a white tulle dress with shoulder-length veil, which fell in soft folds from two white ostrich plumes. She carried a bouquet of white rose buds and carnations; tied with white satin streamers.

Her attendants were her sister, Mrs. Mildred Victor matron of honor, Miss Kittie F. Darby, Miss Helen Darby, and Ruth Meranda, another sister of the bride.

The matron of honor was attired in pink chiffon, carrying pink carnations tied with blue satin streamers. The bridesmaids wore pink, aqua, and blue chiffon, all carrying carnations.

The groom had as his best man, Cpl. Wm. C. Stottlebrowers, who served with the groom in the Southwest Pacific for 35 months.

Following the ceremony the couple left for a short bridal trip in Indiana, after which the groom will return overseas. The bride will reside with her parents for the duration.

Rev. J. W. Campbell is much improved after a recent illness.

WARNING ISSUED TRUCK OPERATORS

Due to the present serious condition of the roads in Boone County caused by the weather during the past weeks, and the additional damage that will be caused during the next few weeks by heavy hauling, it is hereby ordered by the Boone County Fiscal Court that all trucks operating on any of the County roads must limit their loads to two tons, or less, in excess of the weight of the truck.

This drastic order is necessary to stop further damage and the Boone County Fiscal Court will greatly appreciate the cooperation of all truck operators, and the patience of the citizens of the County who must travel these roads, and the Court wishes to assure them that the roads will be repaired as soon as possible.

The Boone County Road Department has more than 300 miles of roads to maintain with a crew of ten or twelve men, and due to the labor shortage it is impossible to employ additional men. With the present road crew it will take months to repair the damage caused to the roads during the last few weeks.

FARMERS URGED TO SECURE FERTILIZER

NEEDS EARLY—SUPPLY WILL
BE LIMITED—ACCORDING TO
SURVEY OF INDUSTRY—OFA
HOLDS TO CEILING PRICE.

Boone County farmers are urged to order and secure their fertilizers immediately, according to H. R. Forner, County Agent. Leading farmers in planning the 1945 agricultural program, programs, consider this one of the important farm jobs that should be done now.

The survey of the fertilizer industry shows that the supply of commercial fertilizers this year will be limited but that more farmers can be served if deliveries can be made early. Commercial fertilizer prices have been held at pre-war levels under OPA ceiling prices while prices of farm crops have advanced. Fertilizers are necessary for maximum and most efficient yields and farmers are planning to use record amounts this year.

Prof. F. E. Kackerack, head of agronomy department at the College, advises that sulphate of potash, commonly used on tobacco, will be in many cases, most difficult to secure. He advises that a grower may use an immediate fertilizer on tobacco containing muriate of potash up to 1000 pounds per acre in a 6-8-4 analysis. If more than 60 pounds of potash found in this amount of the above analysis is used, it should be in the sulphate form. This statement is important in that the tobacco crop is especially sensitive to potash deficiency and in that many Boone County farmers are planning to use 1000 or more pounds of complete fertilizer per acre.

Straight nitrogen and phosphate fertilizers are also scarce this year. The A. A. A. will probably secure less phosphate and it may be delivered later in the season. The County Agent's office advises that the wise farmer will probably order and secure his fertilizer needs at the earliest possible date. If one dealer can not supply your need, see another one. The delivered materials should be stored in a good dry place and held for use until needed.

Awarded Bronze Star

Tech. 5 Ruth D. Hodges, Burlington, Ky., R. 1, has been awarded the Bronze Star by Major General Maurice E. Case, Commanding General of the Third Armored Division for outstanding achievement and gallantry in action during the fight against the German winter offensive, according to an announcement received here this week.

Mrs. Plummer Guiley and Mrs. W. P. Beemon are on the sick list this week.

Mr. and Mrs. Roscoe Akln and daughter and Mr. and Mrs. Earl Sullivan and daughter spent Friday in Lexington.

KICK-OFF MEETING SET FEBRUARY 28

FOR RED CROSS WAR FUND
DRIVE—WAR MOVIE WILL BE
SHOWN AT MEETING HELD IN
FLORENCE SCHOOL.

On February 28 at 7:30 p. m. there will be the "kick-off" meeting for the Red Cross War Fund Drive in Boone County held in the Florence school house. The public is invited to attend, and this promises to be a most interesting occasion.

A war movie, showing the Red Cross at work will be shown, and two soldiers from the AAF Convalescent Hospital, Ft. Thomas, have been invited to tell what the Red Cross has done for them personally. The always popular Boone County School Band has been asked to furnish music. Admission is free.

Boone County's quota in the War Fund Drive, which starts March 1, is \$6,000.00. There are approximately nine hundred Boone County boys in the Armed Services, so it will mean only eight dollars will have to be collected for each of our boys. The Red Cross is always ready to serve any boy that needs it. Let's make our contributions large this year and "keep the Red Cross at his side."

Excerpts from Recent News Stories
In Bbul, Luzon, American and Allied men rescued from Cabanatuan, receiving cigarettes and comfort articles—their first in many months—from American Red Cross representatives, acknowledged receipt of Red Cross messages from home and parcels of food and medicine during imprisonment in the Philippines.

When internees were liberated from Luzon they said, "If we had not received Red Cross medical supplies, food, and clothing in December 1943, most of us would not have survived."

Several shipments of Red Cross chapter-produced clothing were prepared for the Philippines at the request of General MacArthur's headquarters, well in advance of the capture of Manila. Special articles were shipped for civilian internees to meet immediate needs, but the bulk of the supplies is being sent to the Islands for distribution to Filipinos and U. S. citizens according to need.

An average of 1,600 tons of parcels per week during 1944 has been shipped from the United States to our prisoners of war.

REA PROGRAM JEOPARDIZED

COMPULSED TO SUSPEND FURTHER
LOAN ALLOTMENTS FOR
KENTUCKY AS RESULT OF
RECENT RULING.

Acting Administrator William J. Neal of the Rural Electrification Administration has notified H. Curtis Brown, President of the Kentucky Rural Electric Cooperative Association, that loan allotments to all Kentucky Cooperatives have been suspended because of a recent Kentucky Public Service Commission ruling affecting the security of Government funds invested or to be invested.

The ruling, granting a certificate to the Kentucky-West Virginia Power Company, to build lines of which part had been granted to four R. E. A. Cooperatives in earlier certificates, was made January 22, 1945.

Mr. Brown expressed disappointment at this R. E. A. action, but said it was necessary. "REA makes loans, not grants," he said. "On the basis of earlier commission rulings REA had not only agreed to make loans, but actually advanced money to preconstruction. The cooperatives must repay this money but they cannot build the lines from which they expect to receive the necessary income to pay back the loans."

"REA Cooperatives want to get area coverage. Area coverage means that any one can get electric service, every one ought to be able to have it without prohibitive costs to any one. We, as REA Cooperatives, can do the job better than any other agency because that is what we were set up and organized to do. The Commission ruling means that we cannot do it."

"The Owen County Rural Electric Cooperative Association, Marvin DeBell, Manager, said, is operating 897 miles of line serving 2800 member consumers in Owen, Scott, Grant, Pendleton, Campbell, Ken-

ton, Gallatin, Boone and Carroll Counties, Kentucky, and that the Cooperative had hoped to more than double its present mileage and members by Post War Construction on an area coverage basis. The above action of REA, made necessary by the recent Public Service Commission ruling, will greatly handicap, if not entirely eliminate, this Cooperative's plans. The lines now operated by the REA loan and the Cooperative has made all its interest and principal payments as they came due and has invested approximately \$40,000.00 of its depreciation reserve fund in loan prepayments and War Bonds.

The text of Acting Administrator Neal's letter is as follows:
To Mr. Curtis Brown, President, Kentucky Rural Electric Cooperative Assn., Phoenix Hotel, Lexington, Ky.
Dear Mr. Brown:

The Rural Electrification Administration is compelled to suspend all further loan allotments for Kentucky pending completion of new feasibility studies taking into consideration the full implications of the January 22 ruling by the Kentucky Public Service Commission. This ruling grants the application of the Kentucky and West Virginia Power Company to construct 1186 miles of line in sixteen eastern Kentucky counties.

A very substantial proportion of the consumers on the Power Company's proposed lines are members of existing REA cooperatives. On the basis of their applications for service from the cooperation REA funds had been made available to finance construction of the lines necessary to serve them. Commission certificates had been obtained here by the cooperatives for some of the lines, which were released for construction.

When the initial costs, the intervention of the war and the resulting War Production Board restrictions made it impossible, of course, for the cooperatives to build the lines. But since it seemed clear that construction was only postponed until materials again became available, REA officials have had no question as to the adequacy of the Government's security and substantial additional allotments for post-war construction in Kentucky have been freely made.

The Commission's Order authorizing the Power Company to serve the lines in question makes impossible the completion of the projects for which loans in the state would be self-liquidating.

REA cooperatives, in order to accomplish complete area coverage, must necessarily include some of the more densely settled territory. If, after a cooperative has completed plans for service in a particular area and obtained an REA loan to finance the necessary construction, Commission action allows a Power Company to serve the consumers in the more densely populated areas, the security for the loan is threatened and may well become inadequate. I am sure you will understand that the action we feel forced to take does not emanate from any lack of interest on our part in the 297,000 rural families in Kentucky who do not now have electric service, but is based solely on the requirements of the REA Act that our loans be self-liquidating.

Sincerely,
WILLIAM J. NEAL,
Acting Administrator.

Four-H Specialist Visits Boone County

Miss Edith Macy, 4-H Home Economics specialist, spent one day in Boone County last week. She met with local 4-H leaders in Florence and Hebron. Plans for project instruction were outlined at each meeting.

Previous to the meeting, Miss Macy visited the yard goods departments of several stores. The majority of stores had little, if any, cotton materials on the shelves. Four-H girls will have to use feed sacks, printed and plain, for their sewing work in many projects. Those who do not have feed sacks probably will have to shop in many stores before finding suitable materials, according to Miss Macy.

Home Economic project instruction will be started in several clubs this week, according to Mary Hood Gillespie, Home Demonstration Agent.

R. D. Martin To Speak Here
Rev. R. D. Martin, Promotional Director of Georgetown College, and former pastor of Erlanger Baptist Church, will be guest speaker at the Burlington Baptist Church on Sunday evening Feb. 26 at 7:30 p. m.

A very interesting message is promised for the occasion and the public is invited to attend.

RETIRED FARMER SUCCUMBS AT 79

FUNERAL SERVICES HELD SUNDAY
AFTERNOON FROM BURLINGTON
METHODIST CHURCH.

Jeff M. Eddins, 79, lifelong resident of Boone County passed away at his home in Burlington on Thursday, after being seriously ill for three weeks. He had been in ill health for several months.

Mr. Eddins, a retired farmer, was born near Union, Ky. He was a member of the Burlington Methodist Church, and was well known and respected throughout the county. He and his wife Mrs. Lizzie Eddins celebrated their sixty-second wedding anniversary December 8th.

Besides his wife, he is survived by two sons, Jesse R. and Stanley Eddins, both of Burlington; two daughters, Mrs. E. E. White, of Burlington and Mrs. Joseph Walton, of Erlanger; seven grandchildren and five great-grandchildren.

Funeral services were conducted from the Burlington Methodist Church, Sunday afternoon at 2:30, with Rev. O. B. Thomas and Rev. R. A. Johnson, officiating. Burial was in the L. O. O. F. Cemetery, Burlington.

Funeral arrangements were in charge of the Philip Tallaferra funeral home, Erlanger.

Virgil Guiley Reported Seriously Wounded

Pfc. Virgil H. Guiley, son of Mr. and Mrs. Lloyd Guiley, of Union R. 1, has been reported seriously wounded in action January 10 at Luxembourg, according to a telegram from the War Department, received by his wife.

Pfc. Guiley is a graduate of the Ft. Hayes High School, and is well known throughout the county.

At present he is confined to the Lawson General Hospital, Atlanta, Ga., suffering from wounds in his right arm.

The telegram received from Mrs. Dorothy J. Guiley, follows:

"Regret to inform you your husband, Private Virgil H. Guiley was seriously wounded in action tenth January in Luxembourg. Mail address follows direct from hospital with details. Delay in notification due to difficulty in ascertaining your present address. J. A. Ulio, the Adjutant General."

Help Keep Cookie Jar Filled At Hospital

In the Boone County day room at the AAF Convalescent Hospital, Ft. Thomas, is a cookie jar, which Boone County women plan to keep filled for the soldiers, each community taking its turn. Monday, March 5, is Burlington's day. Any persons wishing to donate homemade cookies please give them to Mrs. H. E. Forner on or before that date.

W. W. McGill WILL BE HEARD FEB. 28

BY ORCHARD MEN OF BOONE COUNTY—MORNING SESSION TO BE HELD IN COUNTY OFFICE.

Two winter fruit planning meetings will be held Wednesday, February 28th, according to H. R. Forner, County Agent. W. W. McGill, field agent in orchard work from the College, will be present at the meetings to assist in presenting the 1945 fruit outlook and to advise on new developments that may affect this year's production practices.

The morning meetings, starting at 10:00 a. m. at the County Agent's office in Burlington, will be followed by a visit to a nearby orchard where field inspections will be made. The afternoon meeting will be held on the farm of C. Linton Hempling of near Taylorsport. All fruit growers are invited and urged to attend one or both of the above meetings.

Judge and Mrs. C. L. Cropper and daughter attended the meeting.

Hebron, Miss Lucile Cotton, Wilton Stephens and Mr. and Mrs. Pete Stephens at dinner, Saturday evening.

Bowel Cleaning Power
Of Erb-Help Medicine

One man recently took ERB-HELP three days and said afterward that he never would have believed his body contained so much filthy substance. He says his stomach, intestines, bowels, and whole system were so thoroughly cleaned that his constant headaches came to an end, several pimply skin eruptions on his face dried up overnight, and even the rheumatic pains in his knee disappeared. At present he is an altogether different man, feeling fine in every way.

ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get ERB-HELP. Elsmere Pharmacy, Dixie Highway.—Adv.

JESUS, THE SON OF GOD

LESSON TEXT—Matthew 16:13-17; 17:1-9. GOLDEN TEXT—Whoever therefore shall confess me before men, him will I confess also before my Father which is in heaven.—Matthew 10:32.

“What think ye of Christ?”

There is a question that every human being must answer. Jesus asked it (Matt. 22:42), and each of us makes some kind of reply.

It is the keystone that tries men, and churches, organizations and movements. The answer to it is of deep importance, for it determines character, condition, and destiny for time and eternity.

Jesus, the Christ, the Son of the living God, is the center of the entire lesson.

I. Jesus Confessed (16:13-17).

With His crucifixion now only six months away, our Lord in preparation for it is about to make a more definite claim to Messiahship, and thus to establish the truth in the minds of His disciples. He therefore asks this all-important question and His reply is:

First, it is a general query, “Whom do men say that I am?”

The answer (v. 14) indicates that the common opinion concerning Christ was a very high one. He had made an impression on the people of His time, and this has been true down through the ages. Even those who do not believe on Him admit that He was “the ideal representative and guide to humanity,” or the person before whom “everyone would kneel.” But beautiful tributes to His character and leadership are worse than meaningless unless they lead to a personal confession of Him as Lord and Saviour.

The question becomes personal as He asks, “Whom do ye say that I am?” That question no one can escape. We cannot refuse to answer. Neutrality is impossible. Whatever we do or say, or do not do or say, is a decision.

Peter's answer is really the sum and substance of Christian doctrine. He recognized Him as the Messiah, the fulfillment of all Hebrew prophecy, and as the Son of the living God, the Redeemer and Saviour of men, the One in whom centers all Christian faith.

II. Jesus Transfigured (17:1-3).

As His amazed disciples looked on, the eternal, divine glory of the Son of God could no longer be hidden by the human body and the vision of the people perished (Prov. 20:18) for want of a witness concerning the Saviour.

Note how this word of the Father completed the transfiguration. In itself it might have been likened to that which happened to Moses (Ex. 34:29, 30). We say likened to, because the glory which showed forth in Jesus was from within, not just a reflected glow.

But the words from heaven provide the conclusive and final answer. They so impressed Peter that he talked of them as a cherished memory and a transforming power in his life, even when he was an old man (1 Pet. 1:16-18).

How do they impress you? Are you ready to acknowledge Jesus as the Christ, the Son of God, and take Him as your Saviour?

IV. Jesus Alone (17:4-9).

Having seen Him in His glory, they now saw Him alone. True, the others had gone, but there was not also the thought that He, the blessed God, now filled the vision of their souls.

Surely we find it right at hand to make that application to our own lives. When we really see Him as He is, then He fills our vision, and when He does that, we have reached real satisfaction of life.

“Jesus only” is more than a motto or a theme for a song. It is the epitome of a life worth while. It makes one want to ask everyone, “Do you know Him?” Well, do you? If not, will you take Him as your Saviour right now? Christian, will you let Him fill your life?

STAY ON YOUR WAR JOB

—as our fighting men do!

The men who are fighting (and dying) for us on far battlefields can't quit now and start looking for post-war positions! The very least we can do is to keep at our essential war jobs, hammer-and-tongs, until Hitler's cruel machine is smashed, and the Rising Sun is sunk for keeps. *Don't let our fighters down!*

**See America Later**

YOU'LL ENJOY IT MORE
—if you help win Victory!

This America of ours is a vast treasure land of beauty, whose riches are best and most intimately explored by highway. With fine new Super-Coaches, new comfort features, new carefree tours, Greyhound will re-introduce Americans to the land they love — when Victory comes.

CELEBRATES GOLDEN WEDDING ANNIVERSARY

Mr. and Mrs. Lewis M. Stephens celebrated their golden wedding anniversary February 13, at their home on Rising Sun-Aurora road. Children and grandchildren, as well as many friends and other relatives called throughout the day to offer their congratulations.

Martha J. Conley and Lewis M. Stephens, both natives of Kentucky were married Feb. 18, 1895 at Erlanger, Ky., by Rev. Edgar Stephens. They came to Indiana in 1902 and since have been residents of that place. Mr. Stephens has reached his 71st year and his bride of fifty years ago is now 67.

Their three children, Mrs. George Parker, Mrs. Clayton Monroe and Wayman Stephens and four grandchildren assisted with the celebration marking their golden jubilee.

Our precious little darling, We miss you so down here, But then we know that where you are

There is no pain nor fear, But oh! there's such a longing For those precious little arms And tears and smiles and gurrlings This made this a happier home.

We would not ask for you back, dear one, Although we miss you so, For now heaven is happier by far, And where we want to go. So we just pray that God will lead In His own gentle way, That we may be true to Him—and we

Will meet up there some day. —Mother.

Charles Campbell of Bell county reported his flock of 500 White Leghorns produced almost a case of eggs daily during December.

Farm Bureau Banquet Will Be Held Friday Night

The Second Annual Farm Bureau banquet will be held at Burlington school at 7:30 p. m. Friday night, according to Walter Kline, president. This will probably be the biggest farmers' speaking meeting to be held during the year. Farmers and their wives expecting to attend the meeting are urged to leave their reservations at any one of the county agricultural offices in Burlington not later than Thursday at noon. The F. T. A. will charge for all reservations made and every effort will be made to take care of all who want to attend. Banquet tickets are \$1.00 per plate.

Mrs. Alan Wilson, secretary of the Associated Women of Kentucky Farm Bureau Federation and Rural

Proctor, Assistant State Farm Bureau secretary, are two outstanding program speakers. Special music has been planned for the occasion. The county Farm Bureau urges that all farmers who can make reservations and render full cooperation to their own farmers' organization.

CAN GIVE YOU UP TO 30%

More Light

You'd be surprised how much dust and dirt hold back light from your reading lamp. Just by washing the bulb and reflector bowl you can get 25 to 30% more useable light. So don't let accumulated grime rob you of needed eyesight protection. Clean bulbs, bowls, reflectors and enclosing globes regularly. (Always disconnect lamps before washing and be sure bulbs and sockets are dry before reconnecting.)

Other Ways to Conserve Eyesight and Light

Shades that are dark or yellowed inside may absorb up to 50% of the light. Clean or brush shades regularly, or if they are too bad relace them or replace them with fresh ones.

Replace blackened bulbs with new bulbs of same wattage and you'll

get up to 25% more light at no additional current cost.

Place lamps to make light more useful. By rearranging furniture, one lamp can often serve two people. But don't place it too far away from either. A difference of a few inches the wrong way can mean 25 to 30% less light.

INCORPORATED

BOB HUTSELL... WHAS' Director of Music, is radio's all round harmony boy... spending his days adapting original compositions to the instruments and voices in his "band." Heard daily at 5:30-5:45 and Fridays in a full orchestra performance at 6:30-7:00 with featured soloists, his musicians dedicate their music to army camps and hospitals. For Friday's 30-minute program (as you hear it), ten musical arrangements are needed, requiring 60 hours of pencil and piano work; plus 60 hours of copying... and five hours' rehearsal with the orchestra. A transcription is kept of each program.

A Hoosier from Georgetown, Bob studied music under Karl Schmidt here, and learned orchestration techniques under Frank Skinner in New York. He ramblod about the country with bands before joining us ten years ago. Our maestro also plays saxophone, clarinet and flute. His current problem is to keep a versatile staff to please a varied listening audience.

Hutsell, a great favorite with his 22 musicians, works harder than any of them. His hobbies are flying (privately), fishing, collecting old side arms, and Doberman pinschers.

For the best in music... tune in harmonious Hutsell

THE BOONE COUNTY RECORDER

ESTABLISHED 1875

BURLINGTON, KENTUCKY THURSDAY, MARCH 1, 1945

LT. HOMER OSBORN REPORTED MISSING

IN ACTION SINCE FEBRUARY 8, ACCORDING TO TELEGRAM RECEIVED BY RELATIVES. WAS FORMER HOOF COACH.

Lt. Homer Lee Osborne, former basketball coach at Walton high school, was reported missing in action, according to a telegram received by his relatives from the War Department this week. The telegram stated that he had been missing in Germany since February 8th.

Lt. Osborn is the son of Mr. and Mrs. Homer Osborn, of Walton, and husband of Mrs. Marie Gross Osborn, now making her home at Walton.

"Ossie" as he was known throughout the county was a former basketball star with the Walton Bearcats. He was also an outstanding college player while attending Eastern State Teachers College, Richmond, Va. He graduated from the school in 1938. After attending Eastern he returned to Walton, where he was employed as basketball coach, which position he filled very efficiently until entering the service.

Lt. Osborn entered the armed services in April 1943 and had been overseas since November 1944.

Wounded in Germany, Pvt. Mildred E. Pepper, stationed somewhere in Germany, writes that he was slightly wounded in action between February 6 and February 9th. He received the purple heart award and is recovering nicely.

He is the son of Mr. and Mrs. Chas. Papper, of Burlington. Another brother, Mildred Pepper 8-2c is now stationed at the Naval Air Station, Minneapolis 6, Minn.

Newspaper Account Of Death Of George Washington On Display

PONDS DAMAGED BY HEAVY RAINS

FAILURE TO PROPERLY CONSTRUCT SPILLWAY AND ALLOWANCE FOR SETTLING REPORTED AS CAUSE.

Numerous newly constructed ponds in Boone County washed out the past week as a result of recent heavy rains, according to the County Agent's office. Failure to properly construct the spillway, failure to allow between 10 percent to 15 percent in the fill for settling less than 3 to 4 slope on the water side and to allow sufficient fill board or fill above the water line were the causes of losses in practically every case.

The losses in practically every case can be repaired, but it will probably be weeks before the soil will be in condition to do a good repair job. Extension Circular 317 on "Earth Dams for Farm Reservoirs" gives recommendations for properly constructed dams. Farmers who follow these recommendations will have few pond losses.

Sebree Brothers Report Good Average For Weed

Sebree Brothers of Woolper sold 3670 pounds of tobacco February 23 for an average of \$53.61 per hundredweight. This crop was grown on 2.3 acres. The high basket sold for \$58.00 and the low basket for \$42.00.

Burlington Junior Class To Give Play

"Busy As A Beaver," a new comedy by Russell Drake, is the play the Junior class of Burlington High School will present in the Burlington school auditorium on the evening of March 9 by special arrangement with Samuel French, play publishers.

Rehearsals for this thoroughly modern comedy are well under way, and we are certain that the forthcoming performance will compare favorably with anything that has ever been done here by an amateur organization.

The hilarious situations, the side-splitting antics of the various characters, the brilliant comedy lines—all these things and many more are reasons why everybody should join in this great funfest!

Pass the word along, and tell everybody that "Busy As A Beaver" is going to be presented here with an excellent local cast at 8:00 p. m. on the evening of March 9.

A list of the characters follows: Gaylord Clayton, in the real estate business, Charles Shinkle. Donna Clayton, his frivolous wife, Agnes Stephens. Judy Clayton, their pretty young daughter, Marjorie Garrison. Prescott Clayton, their studious young son, Melvin Wingate. Tillie, the Clayton's maid, Willie Maude Deck. Polly Clayton, Gaylord's wealthy sister, Imogene Presser. Agatha Cornwall, who has her eyes cast in Prescott's direction, Betty Ryle. Philip Webb, who is always as busy as a beaver, Hansell Ashcraft. Bedella Shannon, from The Emerald Isle, Ruby Ryle. Miriam Day, who embarks on a new adventure, Betty Biddle. Mrs. Josephine Ripley, who wants to buy a house, Pauline Rouse. Lynn Fuller, aunt Polly's efficient secretary, Imogene Rouse. Herbert Howson, a wealthy business man, Sebern Scott.

Smith-Fox

Rev. and Mrs. Wm. Smith announce the marriage of their daughter Dorothy Jewell, MAM3-C, to Ernest Lee Fox, chief signalman U. S. Navy at twilight, February 6, in New York City's historic Little Church Around the Corner.

Fox, is the son of Mr. and Mrs. George Fox, 1025 Tabor Pl., Utica, New York.

Mrs. Glenn Jackson, of Maysville, Ky., and Martin E. Fox of Rome and Oneida, the bridegroom's brother, attended the ceremony.

The bride, who was given in marriage by her uncle, Major R. E. Williamson, of Washington, D. C., wore her uniform. The matron of honor wore a black suit with white accessories and a black winter picture hat. Following the ceremony, dinner was served at the Town and Country Club.

Ten Blood Donors Needed For March 3rd

An appointment has been made for ten blood donors at the Blood Donor Center in Cincinnati for Saturday, March 3rd. Those who wish to attend are requested to be at the courthouse by 11:00 a. m.

Anyone desiring to donate a pint of blood, please notify Mr. Lou Pope, Burlington R. 1 or call Burlington 473.

Lutheran Pastor Moves To Florence

Rev. John Paul Rimmer moved last week to the parsonage of the Hebron and Hope churches. The parsonage is located just west of Florence on the Burlington-Florence Road. Rev. Wimmer graduated recently from the Hama Divinity School, Wittenberg College, Springfield, Ohio. He received his Bachelor of Arts degree from Lenox-Rhyme College, Hickory, N. C. He succeeds Rev. H. M. Hutter, who resigned last July after holding the pastorate for ten years. Rev. Rimmer is now pastor of an Indiana Church. Rev. Rimmer was ordained February 18th at a special service of the Ohio Synod in Springfield.

LOCAL BOYS AID IN CLEARING SEAPORT

WORK IN OPENING LEHIGH PORT OF GREAT IMPORTANCE TO ARMED FORCES OPERATING IN ITALY.

Peninsular Base Headquarters, Italy—Cpl. Paul L. Clore of Burlington, R. 2; Cpl. Robert K. Stephens, of Grant; and S-Gt. George E. Black of Union, R. 1, are members of the 338th Engineer General Service Regiment which recently concluded a brilliant chapter of its history by opening the obliterated port of Lehigh to Allied convoys. Not until this was done was this Base Section, the important supply and service organization for the Fifth Army, able to properly supply from a near port the Allies fighting on the Italian front.

The port of Lehigh had been methodically reduced by the Germans, who starting as early as November 1943, blocked the harbor from all civilians and proceeded to install nearly 20,000 mines of all types; to destroy every bridge and every quay; to devastate every berth, every rail line, every road; and to seal the harbor entrances with sunken craft. The record of how the port rose from the dead is largely a tale of the sturdiness, the versatility and to an especial degree the bravery of the 338th Engineers.

While the city was still in enemy hands, work started with collecting all intelligence reports possible. Civilians coming through the lines were closely questioned. Air reconnaissance photos were minutely studied. The needed supplies were assembled, to be moved in as rapidly as possible. On the morning of July 19, at 6:00, assault troops of the Fifth Army entered Lehigh. Five hours later advance elements of the 338th followed, ready to start the job.

In addition to the sabotaged port, the city itself was without water, heat or electricity. Usable buildings or bivouac areas had been blown up or mined. The German had looted all movable properties of value. The sewage system was inoperative. Other ports have been wrecked for Allied use, but those who have seen them say Lehigh was the worst. The thoroughness and extent of the enemy's demolition program had all but erased the city from the earth.

In the course of these operations certain personnel of the Regiment saw emergency service as divers, using ordinary gas masks as helmets to permit their placing underwater braces on the piling of the wood ramps.

Cpl. Stephens is the son of Mr. and Mrs. H. B. Clore, of Burlington R. 2. He has been overseas since April 1943, serving in North Africa and Italy and wears the African-European Theater of Operation Campaign Ribbon with two Battle Participation Stars.

Cpl. Stephens is the son of Mr. and Mrs. Stanley Stephens, of Grant. Overseas since April 1943, he wears the African-European Theater Ribbon with a Battle Participation Star, and the Good Conduct Medal.

S-Gt. Black is the son of Mr. Ed Black, of Dixie Dawn Acres, Union. He has been overseas since April 1943, serving in the African-European Theater Campaign Ribbon with two Battle Participation Stars and the Good Conduct Medal.

Sgt. Gruelle has been overseas for more than a year, and has been through the war in Italy. He was promoted from private first class to sergeant on November 10, 1944, then to staff sergeant on Jan. 13. Before coming to the Philippines, he served in Hawaii and New Guinea.

Sgt. Gruelle has two brothers serving with the Army, Sgt. Ray Gruelle in France and Pfc. Harold Gruelle in Italy.

Before his induction Sgt. Gruelle was employed by the Triangle Paper Bag Manufacturing Co., of Covington, Ky., as a machinist.

Mr. and Mrs. Charles Feldhaus and family spent Sunday with W. K. Thomas and family, of Covington.

Boone County Nurse's Curiosity Is Special Aid To Belgium Hospital

With U. S. Forces in Belgium—Because of the instinctive professional curiosity of First Lieutenant Anna L. Grant of Burlington, the 29th Field Hospital is in possession of a first class oxygen machine—converted from captured German equipment. When Nurse Grant was serving as operating room supervisor of a U. S. Army hospital in England she attended a special nurse course at the American school center. On display was a makeshift oxygen machine, used by the army medical personnel in the North African campaign. Lt. Grant studied the machine at length.

She volunteered for service with the 29th before that unit left England for the continent. After the hospital moved from France to Belgium it was without an oxygen machine. Nurse Grant assembled a group of hospital soldiers to start on her special project. Captured German equipment was converted into a water suction machine, with bicycle pump auxiliary—the duplicate of the machine she had seen in England. Not only is this machine used by the 29th, but its operation and method of reconstruction are added to Lt. Grant's classroom topics, attended voluntarily by enlisted men of all the hospital's departments.

When the 29th arrived in France a detachment of nurses, among them Lt. Grant, was assigned temporarily to a hospital near Brest. The surgery facilities she established under canvas were as modern and efficient as any in a general hospital.

Now in Belgium during for flying bomb casualties and for many injured in battle areas, Lt. Grant continues to anticipate the future when the unit might be under canvas again and has added the conversion of German equipment into an oxygen machine to her classroom topics.

She was operating room supervisor at St. Elizabeth's Hospital, Covington for two years. Her parents, Mr. and Mrs. Chester Grant, live at Burlington, Ky.

More Contributions Have Been Received For AAF Hospital

More contributions have been received to the Boone County Fund for use at the AAF Convalescent Hospital, Ft. Thomas. Both organizations and individuals have responded, and there still is need for such assistance.

While the Boone County day room has the essential furniture, there are many extra articles which should be in it to add to the comfort of the boys. It is also necessary to maintain a fund for replacement and refinishing, since the room receives hard usage by more than two hundred boys.

Each organization making a donation will have its name added to the framed list which is on display in the Boone County room.

Recent contributors are: Bullittsburg Business Women's Club, Florence Christian Church, Mrs. Hubert Rouse, Mrs. Dudley Rouse, Mrs. Raymond Holbrook, Mrs. Roy Nestor, Mrs. Lucy Carpenter, Mr. and Mrs. R. H. Carter.

Staff Sergeant Rogers flies as a radio-gunner with the "Bridge Busters."

Mrs. Annabelle Sullivan

Mrs. Annabelle Sullivan, passed away at her home in Petersburg, Thursday, February 22nd, after a brief illness.

She is survived by one daughter, Mrs. G. W. Hensley, one son, Elbert Ryle, East New Market, Md.; and ten grandchildren.

She was a member of the Burlington Baptist Church.

Funeral services were conducted from the home in Petersburg, Saturday, with Rev. Noble Lucas, officiating. Burial was in the Burlington Cemetery.

Chambers and Grubbs, Walton funeral directors were in charge of arrangements.

Mrs. Chester A. Souther

Mrs. Anna Elizabeth Souther, widow of the late Frank Souther, passed away at her home, Florence, at 11:15 a. m., February 21st. She was 95.

Mrs. Souther was a resident of Florence for seventy-three years. She was the daughter of Anna Elizabeth Mitchell and Dr. James Ashby, a prominent physician of his time.

In October 1874 with a double wedding ceremony she was married to Frank Souther and her sister Rose to his brother Albert Clifton Souther. In 1924 they celebrated their golden wedding, staying at the Gibson House of Cincinnati. At this celebration they were attended by Albert's twin sons Dr. Charles Thaddeus Souther, of Cincinnati, and Chester Souther of Detroit, Mich. She was the last survivor of this unusual relationship.

She was a member of Florence Methodist Church, where funeral services were conducted at 3 p. m., February 23rd, with Rev. R. R. Rose of Nicholasville, Ky., and Rev. Elmer A. Kidwell, pastor of the Florence church officiating.

Funeral arrangements were in charge of the Taliaferro funeral home, Erlanger.

LARGE CROWD ATTENDS RALLY

OF RED CROSS HELD AT FLORENCE SCHOOL WEDNESDAY NIGHT, FEBRUARY 22—FIFTY-THREE HEARD ON PROGRAM.

Office of Chairman, Boone County ARC, Feb. 22—A large crowd is expected to attend the Red Cross rally to be held Wednesday night, February 22, at 7:30 in the Florence school house. There is no admission charge, and an interesting program has been planned. The Boone County school band will furnish music, and a War movie will be shown.

Lt. Milton Segal and Lt. Leonard A. Chatterjee, convalescents at the AAF Hospital, Ft. Thomas, will talk about their personal experiences with the Red Cross. Lt. Segal was a navigator on a B-24 Liberator Bomber, and served with the Eighth Air Force in England. Lt. Chatterjee was a P-47 Thunderbolt pilot and served with the Twelfth Air Force in Italy.

These men have seen many of the activities of the Red Cross, and no doubt will mention the Blood Donor Service, the clubs and rest camps, the hospital and home services, the Field Directors who are the Service Men's Link with home, and the aid to prisoners of war, in the form of food, clothing and medicine.

Every boy who has needed the Red Cross has found it ready to help him, and he is loud in praise of it.

The Red Cross War Fund Drive opens March 1. The national goal is two hundred million dollars. Boone County's quota is sixty-eight hundred dollars. When a solicitor calls on you, have your donation ready. The need for Red Cross service in the coming year will be greater than ever before. Be generous—show your service man you are behind him, and that you intend to "keep your Red Cross at his side."

Four-H Club Leaders Plan Conference

Boone County 4-H Club adult leaders have planned an all-day conference at Burlington on this Saturday, March 3rd. Leaders from twelve community clubs representing more than 500 boys and girls plan to attend.

The program will be devoted to 4-H project group and community club problems. Speakers on the program will include Edith Lacy and E. E. Fish, 4-H Club specialists, community club leaders, project group leaders, and 4-H council delegates.

FLORENCE WILL BE SCENE OF TOURNEY

THREE TEAMS WILL COMPETE FOR CHAMPIONSHIP OF 6TH DISTRICT TOURNAMENT ON FLORENCE FLOOR.

The 57th Basketball Tournament will get under way Friday, March 2, on the Florence hardwood when St. Henry's reserves tangle with Florence reserves at 7 p. m. Following the reserve game St. Henry and Florence first string fives will meet at 8:00 p. m.

Saturday night at 8:00 p. m. the winner of Florence-St. Henry game will play Lloyd for the district championship.

Referees are Bush and Arness. Admission will be children 40c, adults 60c. Don't forget the date, Friday and Saturday, March 2 and 3rd.

65th Tourney Begins March 1. The 65th District tournament will open Thursday evening at 8:00 o'clock when the New Haven reserve team will meet the Hebron reserves on the New Haven floor. At 9:00 o'clock the Burlington first team will meet the New Haven first team in the main attraction of the evening.

The winner of the reserve game will meet the Burlington reserves in the finals on Saturday evening at 8:00. At nine o'clock on Saturday evening the winner of the Burlington-New Haven first team game will meet Hebron in the final to compete for the trophy and the honor of representing the 65th District in the 9th Regional tournament during the second week in March.

Doors will open each evening at 6:45 and all games will start promptly on time. Admission, students 30c, adults 50c.

BURLINGTON, - KENTUCKYPRESIDENT ASKS FOR
PUBLIC COOPERATION
IN FOOD PRODUCTION

President Roosevelt, in a recent statement on the food situation, asked the public to help with farm work, to grow more Victory gardens, to continue home food preservation, to cooperate in rationing programs and to observe price ceilings, and to assist the nation's food processors where possible.

The President's statement: "During the past three years every American who has played a part in the job of growing, conserving, harvesting, distributing and processing our food supply has done a magnificent job."

"As we enter a new year, the demands for our food at home and abroad are so great that it is essential for every man and woman to do everything to help in the huge task of getting the food produced and seeing that it is conserved and shared. Many of our favorite foods are scarce."

"To this end, I ask the people in cities, towns and villages to assist our farmers in every possible way to reach the food goals which have been set for this year."

"I call upon the millions of victory gardeners who have done so much to swell the nation's food supply in these war years to continue their good work."

"I ask those people who can spare the time to assist the nation's food processors in the task of preparing the food for our armed services, our civilians and our allies."

"I ask the millions of women who

have preserved food at home so that our armed services could have the fruits and vegetables they need, to carry on until the war is won."

"I ask every American to share our available food by observing the rules of rationing and by cooperating with food merchants in the observance of food price ceilings."

"I know I can count on the American people to respond to these calls to action, so that we can all truly continue to say when the war is won that our food has played an important role in the fight for freedom."

JESUS TEACHES FORGIVENESS

LESSON TEXT—Matthew 18:21-35.
GOLDEN TEXT—If ye forgive men their trespasses, your heavenly Father will also forgive you. But if ye forgive not men their trespasses, neither will your Father forgive your trespasses.—Matthew 6:14, 15.

Forgiveness is the very essence of Christianity. In Christianity only do we find an adequate and proper dealing with sin, leading to forgiveness. In Christ alone do we find the forgiveness, cleansing and regeneration.

Since God has so willingly and wonderfully provided for our forgiveness, it would seem that we would need no urging to make us forgiving in spirit toward one another.

Yet it is indeed "a melancholy fact that there are few Christian duties so little practiced as that of forgiveness. It is sad to see how much bitterness, unmercifulness, spite, harshness and unkindness there is among men" (J. C. Ryle).

I. The Extent of Forgiveness (vv. 21, 22).
"How long do I have to stand it?" is the question of the human heart, especially if untouched by the spirit of Christ. The injustices of life, the offenses of our fellow men against us all seem to pile up until the burden is about to crush us. What is the answer to man's question?

The Jews had an answer. He said three times is enough. Forgiveness, yes. Again, yes. But the third time, no. Peter was bidden enough to more than double that allowance of mercy. He was willing to forgive not just two or three times, but seven times.

The spirit of Christ swept all of that aside. He said that one should forgive 70 times seven. In other words, Christian forgiveness is to be unstinting, unlimited, to know no weariness and have no boundaries. If one really forgives, it is because he has a forgiving spirit, and that spirit is not exhausted by use, but rather grows by exercise.

A word of caution is in order at this point. Let no one suppose that our Lord's instruction means that offenses against the law of the land or against the good order of society are to be overlooked.

It relates rather to the cultivation of a personal spirit of forgiveness, the laying aside of revenge, of malice, of retaliation which do not become the Christian.

II. The Motive of Forgiveness (vv. 23-34).
Two motives are given. The first is that since we ourselves are daily and hourly in need of forgiveness at the merciful hand of God, we should in turn be merciful toward those who sin against us. Compared with our offenses against the law of God, we know that the misdeeds of our neighbors against us are usually mere trifles. Remember what God has done for you, when you are tempted to be hard and ungracious with your brother.

The second motive is the remembrance that a day of judgment is to come. There is always a time of reckoning ahead, even as was the case with these servants. Remember not only what God has done for you and is doing for you, but what you must yet expect Him to do in that day of judgment. It will make you merciful and gracious in your judgment of others.

Forgiveness has a fine quality which commands itself to others. Note the sorrow of the fellow servants (v. 31). There is, then, a social value in true forgiveness.

III. The Importance of Forgiveness (v. 35).
A man dealing with his fellow man is apt to think that it is merely a matter between man and man. We are not dealing with a straight line between ourselves and our brother (that was Peter's error), but with a triangle at whose apex is God Himself.

If I expect God to forgive me, I must let my forgiveness flow out to my brother. If I do not wish him as though God had nothing to do with the matter, then I must not try to count God's forgiveness into the picture when I stand indebted before Him.

God does not play favorites. He is no respecter of persons. He is as interested in the other man as He is in me. The Christian should have the same spirit.

Here we need a word of explanation. Let no one suppose that our redemption in Christ is contingent upon what we do toward our brethren. "For by grace are ye saved through faith; and that not of yourselves: 'tis the gift of God; not of works, lest any man should boast" (Eph. 2:8, 9).

Nor does the truth of our lesson mean that we are somehow going to bargain with God, trading a bit of our forgiveness toward others for His forgiveness of us. God is not interested in such transactions. But it does mean that if you cannot or will not forgive, you may well consider whether you are a Christian at all, for it is Christlike to forgive.

WITH OUR BOYS IN SERVICE

The following letter was received by Mrs. Harry Pettit, of Wheeling, West Va., a former resident of this county from her niece, Phyllis McLaughlin, stationed somewhere in Luxembourg:

"Dearest Auntie: "Since your last letter reached me I have been tramping all over the map practically, and am now in the above place. This is the loveliest little country imaginable. As you know, it is very small, a fact which has always intrigued me. It is a land of wooded hills and deep valleys criss-crossed with small, swift streams, while old castles and little towns either cling to the sides of the hills or nestle in the valleys. It must be heavenly in the spring when everything is green and fresh. The houses sparkle with cleanliness which is a great relief after some

parts of France and Belgium. It is also surprising how many modern buildings there are. I have been in several houses that were the last word in mechanical and other comfort-giving devices. There do not seem to be any signs of war—I mean no such destruction as I have seen elsewhere. The civilians are a mixture, and speak French, German, and a Luxembourgish. Northern Belgium is beautiful, too, being quite wild, while the little bit of Holland I have seen was quite disappointing in that it didn't have any windmills. I also managed to get a look at Aachen, which is now a ghost town, with shells of buildings, few civilians, and over all a pall of silence so intense it almost screams. Well, it pays back the destruction of one of our many cities elsewhere. We are assigned to a clubmobile with the two girls with whom I lived and worked in England for so long. We are all good and old friends and so can relax around each other. Our bus is a two-and-a-half ton truck, like all the others of this type, a couple of generators and a cinemobile. There are thirty-two of us. We live in a group, except when we are sent out to certain divisions. We are spending a month away from the others and when we finish we will return home, be there for a few weeks, and then perhaps go to another division. The group as a whole is attached to a certain corps in the First Army.

"At the moment we keep our clubmobile, which is called the Cheyenne, in a garage where our electric machine all day and part of the night. The unit that we are to spend the day with sends transportation and a courier, as we cannot go wandering around alone, and we stock up and away we go, making coffee wherever we stop. I'll never forget my first day in France, making one hundred and fifty gallons of coffee in large cans the size of garbage pails over open fires.

"I am having a few days at home and am enjoying being on the inside looking out for a change. We are living so very comfortably that we hardly believe it. We have a modern apartment with HEAT and a BATH TUB and BEDS... unheard of luxuries, in a land where bedding rolls are the order and baths, the tin hat or sponge variety. My present little lull is due to the fact that I have been drinking water everywhere without

putting the little pill in it, so have a bug. The division surgeon is quartered across the hall and he looks in, and the boys from the local mess appear with food, so it isn't lonely, although I do feel a little guilty watching Helen and Jill tumble out in the morn. "Bob went back to the States on his way to the Pacific. He was aide to the commandant of the post of Casablanca, or whatever one would call it. Don't know what he will do now. There was some talk of his being executive on an aircraft carrier, but perhaps, like his brother Don, he will have his own ship. I think he thinks I should come home, but if he is going to be off I am much better off here and busy doing something worth while. Also, I can't get home. Besides, I think I would be awfully unhappy home now after seeing what I have. I think the typical attitude would infuriate me. These boys are so fine, every one should see them and realize what they go through—cold, and wet, and the inevitable mud, lack of heat and washing, and fighting on and on, and doing it all with fortitude and asking so little in return. They are the very best in the world.

"We are very expectant today, as we hear that some mail has arrived from headquarters. Our mail goes there, and sits around for a week or more until someone is coming our way with supplies, so we naturally get impatient and downright dispirited sometimes. "I wish you would send me some snapshots of you and Brutus and Sara, so I can see how everyone looks.

"When I get home we will have a great big visit. My main interest is going to be food and female clothes. "I hope you have a happy Christmas, and when you write, let me know what the stores left."

The following article appeared in a small mimeographed paper issued by the U. S. Army the "29 Let's Go," published Wednesday, October 25, 1944.

To Baby Step up and meet Lt. James L. Aylor, of the Kentucky Aylor's Sir. He's passing out the cigars because he's just learned that he's the daddy of a baby boy, born somewhere back there in September, where about the time his Daddy hitched his wagon to the Blue and Gray star. Little war baby Aylor sure would be very proud of his daddy, if he could only know. Well, someday he will, because right here and now I'm going to write the story for him.

"Your daddy hopped the train at Brest with Company E, 175th, and came to Germany, where they broke him in quickly. It was his first time out—Sunday at that—out on patrol with four of his men. It was supposed to be a reconnaissance, this mission your daddy went on, but it developed into a first class skirmish—the patrol ran smack into a German pillbox.

Saw the pillbox, like a big mound of dirt. Could not see the entrance or embrasures. Lt. Aylor sent his two scouts up to investigate.

They advanced slowly; got right up next to it. Then they turned around and mentioned for the remainder of the party to come up. The lieutenant worked his way forward—moved to within 25 feet of the dirt hill, when, suddenly, the two scouts, who had kept their eyes on him, spun around on their heels, raised their rifles, fired—four rounds. A German officer and an enlisted man sprawled out on the other side of the pillbox. The scouts could have taken two steps forward and kissed the pair of them—the range was close.

Baby, you can imagine what happened after that. All hell broke loose. Your daddy thought school was out. This was his first taste, and the bullets were cracking close—he saw them clipping the sugar beet leaves right beside his feet.

One Jerry came running out of the pillbox entrance—accidentally got in the way of one of your daddy's M-1 Kentucky windage. Pfc. Robt. B. Bergelt, Sec. K., Bldg. 1132 AAF, Amarillo, Texas, writes:

"Thought I would drop you a few lines to let you know my new address. It has been quite some time since I have received any papers. I miss them very much. I can understand why I haven't been getting the paper. I have been moving around so much since I have been back in the States.

"I transferred out of the Infantry into the Air Corps and like it very well. I am now stationed at Amarillo Air Field, Amarillo, Texas, going to E. M. school for 112 days, then after the school we will be sent to gunnery school at some other field here in the States. The Air Corps is a lot different than the Infantry, just like taking basic training over again. A fellow doesn't like taking basic once after 40 months in the service.

"Well, I guess I will have to close now. But hope to get the paper soon. Tell my friends in and around Hebron soon, and I hope to be seeing you soon."

William Greenup, stationed at Ft. Knox, Ky., writes:

"Well, here I am in the Army and it isn't as bad as I thought it might be. Of course there will never be any place like Boone

County to me. In the last two weeks I have thought a great deal about how good a place our county is to live in and how fortunate one is to have associated with such a fine type of people. It's the best governed county in the State. May God bless her and guide her people. "Tell old McBees the better stay close to base or they will have him in the Army. Would like to see Seabree, Jim Ogden, Don and the rest of the old gang. Tell them to write me something. "Remember now that we were in 1940? Well they take that out of you in the Army. "Will write later, would also like to have the good old Recorder."

Charles E. Newman, USG Calumet, care Fleet Post Office, San Francisco, Calif., writes:

"Well here I am again, and late as usual. I wanted to write while I was at Frisco, but didn't make it so sorry because by now my papers are probably all over the U. S. I doubt if they will catch up.

"Guess you heard I was home. It's not that I was the first thing the Boone County Recorder missed. I was there I had planned to see you and tell you how much your paper meant to me as I know it does to others. All the time I was in Alaska, I said as soon as I get home I am going to see you. Then when I finally did get home after being out there over two years I found I was so busy doing things I had planned I wasn't going to be able to do all I'd planned.

"The thing I had planned most and was first that I was going to be married, so that took all my time right there. Great life so far. I get home again I will have you at the "next" to the top of my list. Really Pete, I am sure every boy that has left old Boone County will say just what I would, your paper means a lot to us.

"The time is passing very fast under the existing circumstances. Christmas has come and gone, Easter is due soon and the first thing you know, we'll all be back home enjoying what we are all now working and fighting for. Won't that be a pleasant day when we can get up in the morning without the thought of standing watches, going to all sorts of drills, rationed goods and all the other hardships we "all" have endured both home and out here. Then is when we shall realize just how important all of this is.

"Well Pete, there goes the call to 'turn to' and since I am no exception (we have no exceptions here), I will have to call it 'taps' now for the correspondence."

The following letter was received from T-5 John H. Cook:

"To the People of Boone County: "Since I've received a clipping saying that our county failed to meet their bond quota for the Sixth Month drive, I've been thinking there is one thing that we can meet and one that is as urgent if not more so than the Bond quota—that is the need for whole blood of type "O."

"Probably the most of you don't know the dire need for blood plasma over here as I do, but if some one goes to the trouble to let you know you can help alleviate the need as quickly as possible. "Since the German counter offensive started and the number of casualties has increased the need for blood has so greatly increased that the supplies from the states were inadequate. The only way there was to meet the need was to call on the soldiers and civilians here with that type of blood to come forward and give and give as often as medical authorities thought safe for a person.

Every unit behind the lines as service units were asked to donate blood and still the need couldn't be met. Our bank here where I'm stationed has a daily quota of 150 pints to meet and with all the soldiers and French civilians that are giving they hardly ever meet their quota.

If those boys on the front lines are willing to give their life's blood in defense of our country surely the good people of our county ought to be willing to give a pint of blood each month to help save the lives of those boys up there.

"As I'm a reader of The Recorder and see the names of those that have donated so often and so freely, I know that they are willing to help as much as they can. But the fact remains that only a few of our citizens are carrying the blunt end of this war.

"Let those of you who can't buy bonds, but are strong and healthy give a pint of your blood to help out. It might save the life of one of our own county boys who might be injured in this war. To the one that can buy bonds and help otherwise, a pint of your blood will be just as much appreciated as the ones who can't purchase bonds.

"So let's all get behind our county some way and let it not be said that we are too busy to do our part. We have our share of boys on the different fronts and any one or all of them need all the help that you can give and in whatever way you can give.

"I know that they don't want it said that their county let them down, and would none of you like to be accused of failing to do everything in your power to help

We all will appreciate it very much and will do our part over here with a more willing heart.

"I'm going to thank each and every one for the help that you have given so far, and also for what help that can be rendered in the future."

PARASITE CONTROL UPS SHEEP PROFIT

That phenothiazine has meant more to his sheep enterprise than anything which has happened in the past 15 years was stated by Derice Johnson of Spencer county. One of his flocks handled by his son, Shirley, consists of 70 ewes. In 1943 he sold 75 lambs from this flock which averaged 75 pounds for \$27.99, or an average of \$9.70 per head. "This year with the same ewes, he sold 78 lambs averaging 85½ pounds each and received \$865.19, or an average of \$11.09 a head. He used 25 pounds of phenothiazine throughout the year. Johnson reported to Farm Agent Nevin L. Goebel that in previous years some lambs had to be carried to fall, but this year, despite poor grazing, all ewes were in good shape, and all the lambs sold by August 1.

KENTUCKY FARMERS USE HUGE TONNAGE OF LIME ON LAND

The College of Agriculture and Home Economics at Lexington announces that Kentucky farmers have used 12,427,771 tons of limestone, marl and burned lime in the past 20 years. More than 11,000,000 tons were ground limestone. The largest amount used in any one year was in 1941, when 70,933 farmers used 1,455,703 tons of limestone; 4,961 farmers spread 161,219 tons of marl and 329 farmers used 9,217 tons of burned lime. Use of lime has decreased slightly in the last three years, due to shortage of labor, freight cars and trucks.

In announcing the use of this huge tonnage of lime in Kentucky, the college says reports are being received about the excessive application of lime. For general crops, two tons of ground limestone to the acre is considered sufficient, although alfalfa growing may require three to four tons on some land.

A bulletin on "Cropping and Soil Management for Burley Tobacco" says that even for alfalfa and red clover few soils in Kentucky require more than a first application of two to three tons to the acre and perhaps one or two tons every 8 to 10 years thereafter.

Heavy liming, says the college, ties up the mineral elements of phosphorus and potassium in the soil and reduces the amount the

crop can get and thereby reduces the yield of general farm crops. In tobacco growing, the application of lime favors the growth of root-rot organisms in the soil and often are associated with trenching tobacco.

BEG CANNING YEAR IN MARION COUNTY

The annual report of County Agent G. H. Karnes shows that Marion county families last year canned 294,709 jars of fruit, 190,000 jars of vegetables and 14,000 quarts of meat. In addition, 6,900 pounds of fruit and 25 pounds of vegetables were dried, 2,400 gallons of vegetables preserved in brine and 406,600 pounds of meat cured.

A Well Known Live Stock Commission Service

We wonder just how many of our readers actually realize that Cincinnati is one of the best and most reliable live stock markets in the entire country. This fact is conducive to the encouragement of more live stock raising by our farmer readers and this line is receiving real attention from many farmers of our county. Firms such as L. J. Budde & Co. are real factors in making this center a better live stock market, and we are fortunate in having them at our service. You are always assured of a square deal and top market prices. The entire organization are real boosters for our farmers

and certainly deserve the patronage and clientele which they enjoy in our own and surrounding counties.

This popular concern was founded by progressive far sighted men who saw through its operation a conveniently located market for producers and feeders where top prices and an honest service were at all times available. This organization is considered one of the leading stock commissions in Cincinnati and has always provided convenient and honest marketing facilities for our farmers and producers. By marketing your livestock thru

this safe, sound, well established organization you are assured of the full market prices and honest, fair weights. High tops with heavy shrinks and mean soris do not result in the greatest returns in dollars.

It makes no difference if you only ship one cow, hog, or sheep, you receive the same personal attention of Mr. Budde and his associates.

They are located at the Cincinnati Union Stock Yards. Phone Kirby 1700.

Kentucky Home Improvement Co.

Featuring Roofing, Siding, Insulation, Brick Work, Etc.

This highly efficient Covington firm of contractors offers the most skilled and complete service to be found in this section. They feature a complete service in asbestos, asphalt, slate, slag and tin roofing; also brick and asbestos siding, carpenter work, storm saah, insulation, etc.

The Federal Housing Act now makes it possible for them to put roofing and siding on your home on easy and convenient terms and permits you to receive the benefit of long time payments in paying for such improvements.

Kentucky Home Improvement Co. is modernly equipped for both

old and new work and whether the job be large or small makes no difference to this capable firm of remodeling contractors in the manner in which it is accomplished. The best material, the best workmanship and fair prices regulate their activity, and it is without fear of contradiction we say you can do no better than to consult them in regard to all matters pertaining to roofing and siding and general sheet metal work and all other remodeling problems.

The personnel are all courteous and accommodating to patrons and pleased to add their expert advice and counsel to any problem that

may confront you in their field.

You will never find them too busy to estimate a remodeling bill or to offer suggestions that will work an economy on your job.

This well-known concern, located in Covington at 640 Scott St., has a record of satisfactory service and uses materials that have been proven by experts to be among the best of their type in use today.

Their phone number is Hilland 4985.

COLONIAL COAL & SUPPLY CO. AND TATE BUILDERS SUPPLY CO.

"Where One Call Supplies It All"

As so many suburban people are doing remodeling, alterations and building additions, we wish to direct attention to this old reliable building supply service. The Colonial Coal and Supply Co., is located in Erlanger at 47 Dixie Highway. The Tate Builders Supply Co., is located in Covington at 19th and Russell Streets.

They handle a complete line of sand, silt, gravel, lime, cement, brick, concrete blocks, coal, and coke, in addition to many other items too numerous to mention, in fact, everything but lumber.

With the added activity thru-out the country in building, re-

modeling and repairing, many people are seeking the necessary items from their dealers and building supply houses. To be sure of having highest quality products installed in your building projects specify in your contract that none but the products handled by this firm be used.

Their patrons are assured of customers receiving the better class of materials which the home builder demands in these days. The products which are handled by the Colonial Coal & Supply Co., and the Tate Builders Supply Co., are made of better materials, embody more expert workmanship and are

offered at correct current prices.

They have taken over the Bentler Building and are installing a new Besser Super Vitraperce Machine for making concrete units. This equipment will turn out nine 8x8x16 concrete blocks per minute and is the most up-to-date equipment of its type in use today.

You will never find any member of this establishment too busy to make valuable suggestions regarding the use of their products or to estimate a bill for the same. Phones: Hemlock 3650 and Dixie 7624.

MONTGOMERY COAL CO.

Distributors of Peerless and Lincoln Block Coal—Also Blue Ribbon Oil Treated Stoker Coal

This is Northern Kentucky's greatest coal house, located with main office and yards at Second and Philadelphia Streets and a branch at 21 W. 19th St., Covington, Ky. It is directed by prominent coal authorities who long ago won the confidence and patronage of the home owners and business houses of this section. The main office phone number is Hemlock 4040.

They are distributors of the famous line of Peerless and Lincoln block coals. In addition, they handle Blue Ribbon oil treated stoker coal, which is a nationally famous type of hard structure

coal known for its high heat content. Blue Ribbon stoker coal is also known for its adaptability to uses in all stoker due to the proper sizing and the fact that it burns more thoroughly, making possible an extremely low ash content.

We also wish to point out a few of the reasons why they have been unable to give as prompt service as formerly. They are limited by government orders as to the amount of coal they may deliver; bad weather during the winter months makes it almost impossible to reach isolated points in rural areas on soft roads; shortages of gas-

line, manpower, and supplies are all combined, causing a serious impediment to prompt delivery.

We advise our farmer readers to order and buy their coal in the dry months of summer in order to have an adequate supply during the winter.

There is a great deal more to the business of conducting a coal house than the average person appreciates. It is a most essential business that requires at its head man of experience in true coal values, as well as executives who are familiar with the details and the necessity for adequate distribution.

W. Purdy, leader; rabbits, Ehan Rogers, captain, O. W. Purdy, leader.
We picked out the projects in which we were going to enroll and selected our officer of each. The meeting was then adjourned.
Janet Mae Pope, Reporter.

BURLINGTON 4-H CLUB GIRLS
The Burlington Girls' 4-H Club held its first meeting, Tuesday, February 6. There were 19 members present. Mrs. Eunie Pettit, the community leader, was also present. Mrs. Gillaspie awarded medals to Martha Lizer, county foods champion, and Jewell Vice, style-show champion. She also discussed the different projects we could take this year.
Officers were elected as follows: President, Charlotte Ashcraft; vice president, Mary Jean Hensley; secretary-treasurer, Louise McArthur; sergeant-at-arms, Barbara Norris; song and cheer leaders, Joyce Vice and Cordelia Kelly; community club leader, Mrs. Eunie Pettit.
Project captions: Clothing, units I and II, Joyce Vice; units III, IV and V, Katie Pettit; foods, Martha Lizer; home labor service, Florence Feldhaus.
The cheer leaders led us in the 4-H pledge and the meeting adjourned.
Louise McArthur, Reporter.

CONSTANCE HOMEMAKERS
The February meeting was held at the home of Mrs. Grace Dolwick. The meeting was opened by our president, Mrs. Vera Dolwick, by singing one verse of the "Star Spangled Banner," Salute to the flag and reading the club collect. We were happy to have our County President, Mrs. Flynn with us and our H. D. A. Miss Gillaspie, twelve members and nine visitors.
The business meeting was held in the morning. At the noon hour a delicious luncheon was served. In the afternoon our president, Mrs. Vera Dolwick gave a very good report on Farm and Home Week, which she attended at Lexington, which was very interesting.
Our leaders, Mrs. Chas. Herbstreit and Mrs. Margaret Erbe gave a very good and helpful lesson on "Room Combinations." Up to date our club has donated \$19.25 to Boone County Room at Convalescent Hospital at Ft. Thomas.
Our next meeting will be held at Mrs. Freda Kottmyer's on March 7. Visitors are welcome.

Kays Laundry & Cleaning, Inc.
Northern Kentucky's Leaders
The three crowning jewels of this concern are Quality Work, Prompt Service and Lowest Possible Prices. Their modern plant and main offices are located at 208 Greenup, in Covington. We are pleased to say they are satisfactorily serving patrons in both city and suburbs with a more distinctive service in odorless dry cleaning and a metropolitan laundry service. In this Spring Trade Review we are pleased to refer a concern of such character to all our suburban county readers. Their truck routes cover all of the metropolitan area of Northern Kentucky. The phone number is Hemlock 4400.
There is no one establishment in the city that has done more for the good of the people of the county during this area of high prices than this well-known cleaning and laundry establishment as every day brings more work from patrons who have been saved the purchase of new garments through the excellent work this firm does in cleaning and laundry work.
Naturally, due to present war time conditions they can't furnish as prompt service as formerly, but will again be able to do so as soon as conditions permit.
The directing head is an authority on dry cleaning and all work done by this establishment is under the direct supervision of experts. For further information call at the offices, write or telephone.

A. J. OSTROW, INC.
WHERE VALUES IN FURNITURE are ALWAYS GREATEST
By means of This Trade and Industrial Review it is a pleasure to refer A. J. Ostrow, Inc., to our readers in our Northern Kentucky counties. They carry a complete line of modern household furnishings and supplies, including rugs, carpets, etc. A. J. Ostrow, Inc., is under the direction of local business men who merit our support. They are located in Covington at 717 Madison Ave.
The stock has been selected with a view to perfection in three things: Comfort, beauty and durability, and embraces as a whole the most beautiful and durable productions of the American furniture makers art. It makes no difference whether it is a room you desire to furnish, the whole household or just a piece or two you want, you can secure it here on the most favorable terms that the market affords.
This is a store of the people and for the people, a store built on the plan that aims to give mutual pleasure, satisfaction and benefit, for it is the aim of the proprietors to make the life of the people worth while by supplying at reasonable prices the necessary comforts and conveniences of modern life.
The management and sales force of A. J. Ostrow, Inc., are prominent citizens who are thoroughly conversant with the business and have always been boosters for all things that promise public improvement.
By means of their comprehensive stocks, low prices and metropolitan distribution service they have gained a well-merited reputation as the household furnishing supply headquarters of Covington and vicinity.
The phone number is Hemlock 4255.

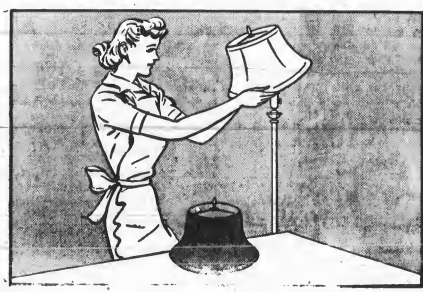

THE GENERAL BUILDING ASSOCIATION
Northern Kentucky's Oldest—Over 70 Years of Service
The General Building Ass'n. was founded and built-up on the security of City and Suburban Homes and the honesty and ability of its directors. The directorate is composed of such outstanding business men as Mr. John Hanauer, president; C. D. Feuss, vice president; J. C. Minderman, secretary; Mr. Chas. H. Feuss, treasurer. The offices are located in Covington at 629 Madison. Phone Colonial 7677.
At the General Building Association will be found men who have made a careful study of local conditions in Northern Kentucky and are therefore familiar with every detail of this comprehensive service.
Your estate may be already established or it may be in the making—whatever the case may be, you are adding to it with wise financial investments or subtracting from it with interest and bonus on borrowed money to tide you over the rough spots in the road.
They are offering you a secure investment that will protect you and yours from the deteriorating investment—an investment that accrues to your personal estate with a liberal rate of earnings.
Another important factor—do not overlook the fact that money invested in this institution is used in turn to aid other local people to build and modernize their homes. Therefore, by placing your funds with this institution you are helping other worthy people to become home-owners and at the same time helping to build a bigger and better community.
Remember, no matter how small the sum may be that you wish to invest, it will be handled to your satisfaction and will bring profitable returns if placed in the hands of the General Building Association.

THE BENNETT REALTY CO.
Reliable Authorities on Northern Kentucky Properties
This prominent and dependable real estate company is very conveniently located in the business section of the city at 221 W. 34th Street, for services to suburban families who are in the market for homes or building lots this season. By means of this Suburban Trade and Building Review we advise all our readers when ready to buy or sell properties to consult this highly efficient realty concern. They at all times have extensive listings of Northern Kentucky farms and other properties at prices which make them very attractive buys. Phone Colonial 7244.
They are at all times at the absolute service of the people of this section and among our most prominent, reliable realty dealers with a reputation for two things—experience and dependability—the things that count most when it comes to dealing in real estate—experience in local conditions as to actual values and dependability of a known quality.
It is therefore well to consider such matters carefully before entering any transaction or agreement. In this respect we know of no other firm that stands higher in the estimation of the general public than the time-tried realty service of the Bennett Realty Co.
The Bennett Realty Co. solicits the inquiries of our readers and will be glad to go over your problems with you.
Consult their listings at any time and you will always find lands, large and small farms and city properties at prices which make them real values. If more convenient to you they will be pleased to furnish any information free of charge.

R. MICHELS WELDING COMPANY
Welding, Frame, Wheel and Axle Service
What must be done to line up the wheels, frame and axle so that the car will run true. Their system is recognized as one of the very best in the industry.
The automatic alignment of wheels saves rubber, wandering, weaving, shimmying, hard steering, and accidents. It is best to have them aligned occasionally to see that everything is O. K. in this age of fleet cars. Their balancing equipment will give you the most accurate service.
A bent axle or wheel that is out of line is liable to give trouble that will cost a lot of money if continued in use. They are dangerous in this age of fast driving as you may throw a wheel and the fellow behind may hit you. Wear on tires, also, will cost money and if you will have them inspected occasionally you will avoid all this.
They have always insisted that the very best of attention be given to every patron and as a consequence people from every point of the compass are praising the excellent service at this popular establishment.

SEARS, ROEBUCK & CO., DEPARTMENT STORE
The World's Largest Store
Sears Roebuck & Co., in Covington, 19 W. 7th St., are recognized as leaders in lowest prices on men's furnishings, sporting goods, furniture, houseware, rugs, linoleums, carpets, window shades, farm implements, tools, hardware, poultry supplies, etc., builders' supplies, roofing, motor oils, electrical appliances, stoves, kitchen cabinets, wallpaper, paints, auto tires (when approved by your ration board) and accessories. Batteries installed and tires mounted free of charge. Phone Hemlock 2004.
Sears, Roebuck & Co., by their contact with mills and factories, and through large cash buying, occupy the ultimate position in economical distribution of merchandise, saving the public the profits usually going to wholesalers and middlemen, while the retail profit is minimized by means of their volume of sales and small profits.
The opening of stores all over the country as distribution centers to supplement their large mail order business, has placed them in the front ranks of operating according to the modern economic trend. They employ all local people in their stores and warehouses, thus giving employment to a number of local people and increasing the payroll of this section.
This store is under the direction of an experienced department store man, who is gaining many friends in this section as he personally sees to it that a shopping trip made through the immense store remains a pleasant memory to all. He wants you to come in and feel that your visit is appreciated.

SHADES with LIGHT LININGS

REFLECT UP TO 30 to 50% More Light

If your lamp shades are not white or very light-colored on the inside, you're losing a lot of valuable light. Dark linings soak up light like a sponge—in some cases as much as 30 to 50% of the light is lost. Clean your lamp shades regularly, or if they're too dark or discolored with age, replace them with clean white-lined shades that reflect light instead of absorbing it. You'll find you'll get a lot more light from the same bulbs.

HOW TO CLEAN LAMP SHADES
Parchment paper shades should be dusted with a clean cloth. Silk shades with fancy trimming such as appliqued ornaments, and shades of shrinkable material should be dry cleaned. Plain silk or rayon shades can often (but not always) be washed successfully provided they are stretched to frame and not glued. To wash, first remove all surface dirt with soft brush; then hold by wire frame at top and dip up and down repeatedly in lukewarm suds made from mild soap flakes. Rinse through three or four lukewarm rises using same up and down dipping motion. Dry very fast, hanging in shade outdoors in warm, breezy weather, or suspending over radiator or stove, using fan to accelerate drying, in inclement weather.

WITH OUR BOYS IN THE SERVICE

The following letter was received by Mr. and Mrs. Dode Pope, of Covington, former residents of this county, from their son Pfc. Lloyd L. Pope, who with his twin brother Floyd, is stationed in New Guinea. "Dear Mom and Dad, —

"Well, I am back in New Guinea after spending a month's furlough in Sydney, Australia, and I can truthfully say I am glad to get back to Floyd and the gang, although I really had a good time. I am sorry Floyd couldn't go when I did, but he will get his furlough in the near future. "I just don't know where to start in telling you about my furlough. I saw some very interesting sights and some not so interesting. For the first few days we spent our time in getting accustomed to being in civilization again, after so long in the jungles of New Guinea, nothing to worry about, but just having a good time. On the way down, we stopped off at Brisbane for the night and took a train for Sydney the next morning. The trains are so slow you think you will never reach your destination, but that is to be expected. After arriving in Sydney (24 hours later) we set out to find a place to stay. It didn't take long for we found a beautiful place out in Rose Bay and it was very reasonable, only four pounds a week. That's around thirteen dollars a week in our

money, and it included a lounge, dining room, kitchen, a laundry, and a bath.

"One night we fixed ourselves a good chicken dinner at home with french fried potatoes, peas, lettuce and bread. It was a darn good meal. I didn't think it would turn out so good. After that we went over to a place called Luna Park. It is something like Coney Island but not quite as large. We took in just about every ride in the place. About a week after we got there we rented a launch and spent the day sailing around the harbor. I took a few pictures of the Sydney Harbor Bridge, one of the Parliament House, one of Ft. Dennison, and a few of us fellows.

"By the way, did you get the snakeskin purse, pictures and other souvenirs I sent to you? I spent almost a week trying to decide just what you would like. The only trouble with Sydney is that things are rationed and coupons are required on most of the things you buy. I am enclosing a one pound note from Australia. It is valued at \$3.24 in American money. "Well, I guess I will have to close for now. It is raining and if I don't move some of things I'm afraid they will float away. Write soon."

We are in receipt of the following letter from Earl Tanner S1-c, San Francisco, California: "Hello and how is everyone in old Boone County? I am fine but at the present a little bit hot. These Pacific Islands can get a little too hot. The temperature here yesterday was a cool 135 degrees, but I guess at this time of year, you're not bothered so much about the heat. "I just wanted to take this opportunity to thank you for sending me The Recorder, and I know if all the service boys get as much from it as I do, you are doing your part.

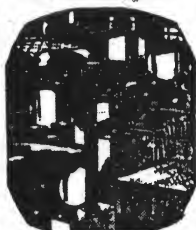

I have been in P-T squadron 18 now for about five months, and am still working on torpedoes, and I like it fine. I think the P-T's are doing a good job.

"I would like to see someone from Boone County, but have never seen anyone. If you know of anyone in P-T, wish they would write me.

"Thanking you again for The Recorder."

writes the following letter:

"I have just received two copies of The Recorder recently and was glad to get them. It keeps us in touch with a lot of friends who are in all parts of the country and also keeps us up with the news around home.

"I have spent most of my army life in the South. The South is alright, especially in the winter because it is quite a bit warmer although we do get quite a bit of rain.

"I don't have much to say only I want to thank you for sending The Recorder because I look forward to it every week."

We are in receipt of the following letter, written by Sgt. H. L. Williamson, stationed somewhere in Germany: "How's everything back home? Sorry I haven't written sooner, but you know how it is, Army life keeps you pretty busy. I have not received the paper for over three months. I know it's no fault of yours and I want to thank you for those I did receive.

"I have covered a lot of ground since leaving the old homestead some two years ago, and I have found out the best place of all is good old Kentucky. I have been

U. S. ASKS FARMERS TO AGAIN INCREASE PRODUCTION

If our boys at the front are to be adequately fed and clothed, American farmers must produce more (even than last year's record crops) with less help, and with fewer replacements of farm machinery.

The supply of farm labor is shorter than ever. Agricultural deferments are being cancelled. Machinery replacements are harder to get. This means that tractors, farm trucks and equipment—old and overtaxed though they may be—must be kept working every possible minute, if farm production quotas are to be reached.

"Our organization, says Mr. C. E. Nelson local agent of the Standard Oil Company, "is endeavoring to aid this program by helping the farmer keep his trucks, tractors and farm equipment in fighting trim. Our drivers have been trained to assist in preserving the life of farm machinery. Tractor operators can secure from our drivers a free Wartime Maintenance Man-

ual, that will help them keep their machines in the fields working, and out of the repair shop. I urge our farmer friends to take advantage of this service."

EARLY PLANTING OF

BERRIES ADVOCATED

The Kentucky College of Agriculture and Home Economics notes that many strawberry fields were not planted in 1943 and 1944 because the soil was not prepared in time, due to spring rains and other delays. Many growers realize that late planting is often worse than not planting at all.

A good practice is to plow the field in late fall. Many growers regularly plant strawberries in tobacco fields that have not been stirred since the previous summer and get their patches off to an early start. Steep land subject to erosion should be planted on the contour.

WAR BONDS FOR

4-H PRODUCERS

R. D. Floyd of Warren county received a trip to Chicago and six other 4-H club boys and girls a \$25 war bond each for their poultry-raising in the Kentucky food-victory contest, it is announced by the College of Agriculture and Home Economics at Lexington.

From the 13,619 boys and girls enrolled in 4-H club poultry raising in 1944, a blue ribbon group of seven was selected. Floyd was state champion. Those receiving bonds were Gene Ewbank, Gallatin county; Frances Norton, Jessamine county; Mildred Pauline Denny, Pendleton county; Bernard May, Boyle county; Gerald W. Chandler, Hickman county, and Stewart Adams, Madison county.

The Chicago trip and the bonds were donated by the International Harvester Company in the interests of youth education and better farming.

THEATRE CHAIN TO

BUY COOP. POPCORN

Farmers in Ballard county have organized a cooperative association to shell, clean and deliver to a theatre chain the product of about 2,000 acres of popcorn which they plan to grow this year. Seven hundred acres were grown under contract last season.

The cooperative organization does not plan to purchase any processing machinery, but will use the equipment of local seedsmen. This plan will be followed until it is determined whether popcorn will be a permanent farm enterprise in this region.

BLUEGRASS CARRIES

STOCK THROUGH FALL

Bluegrass pasture provided the only feed for 50 cattle as late as the first of December, says Farm Agent Keith S. Venable visited the 250-acre farm of L. H. May in Trigg county. The animals were reported to be fat and in good con-

dition. Also grazing on bluegrass were about 50 head of sheep, a number of hogs and several head of horses.

When Mr. May purchased this farm in 1937, it was in a run-down condition, according to Venable. In addition to large amounts used of meta-calcium phosphate and triple superphosphate, Mr. May purchased a considerable amount of 20 percent phosphate to apply on green fields. Bluegrass was originally seeded in small grain, then later on lespedeza stubble in the fall. Mr. May is now seeding alfalfa and bluegrass together, and hopes to increase his hay and pasture production.

When labor was not available to harvest lespedeza for hay in Marshall county, farmers secured the services of combines and saved seed.

Harley McFarland of Montgomery county weighed in 4,490 pounds of tobacco grown on two acres.

FIVE-ACRE TOBACCO

CROP BRINGS \$4,463

Setting a production goal of 2,000 pounds of burley to the acre, Will Walker, Adair county farmer, the past year grew 10,234 pounds on five acres. Of this amount, 1,224 pounds were leaves primed as they ripened before cutting. Mr. Walker would have fallen below his goal had he not primed, according to County Agent R. B. Rankin.

The primed tobacco brought 51 cents a pound, a total of \$624.24. The labor for priming cost about \$25. For his whole crop, Mr. Walker received an average of \$42.78 a hundred after deducting selling expenses, or a total of \$4,463.92.

The crop was grown on land that has been in tobacco for six straight years. In that time the yield has been about doubled. A green manure crop of crimson clover or balbraye is turned under each spring, after 1,000 pounds of 20 percent superphosphate is applied in February.

Also heavy applications of manure are used. "In fact," adds the county agent, "Mr. Walker is now feeding 15 large beef cattle for the primary purpose of producing manure for his tobacco crop."

The tobacco also receives 300 pounds of complete fertilizer along the row at setting time. Ky. 16 grown the past year, was topped high to permit normal development after rains came.

MAKES \$1,174 FROM

FARM COSTING \$800

Mr. and Mrs. Lewis Shirley of Mell Ridge, Green county, had a gross income of \$3,493.05 last year from a 90-acre hillside farm that cost \$800 in 1924. After paying expenses, including the living for a family of five, they had a net profit of \$1,174.40.

The Shirleys live on the theory that the soil will take care of them if they take care of it. Manure and phosphate have been spread on every acre. Grasses, legumes and cover crops have been grown all over the farm. Heavy applications are made of manure and fertilizers. Cattle, sheep, hogs, chickens and tobacco make up a diversified farm program.

This once-barren farm now produces tobacco that yields around 2,000 pounds to the acre, corn that produces 60 bushels, and other crops that yield correspondingly well.

Members of the Shirley family, including three daughters, join forces to make a good farm and a good home. Mrs. Shirley, an outstanding homemaker, helps with the garden and chickens and cans large quantities of foods. The girls are 4-H club members, and Allyne was sewing champion of Kentucky in 1943. Mr. and Mrs. Shirley are community leaders and active in the Farm Bureau, extension work, homemakers' club, 4-H

club and other community interests.

The Shirleys have a comfortable home, with no debts, but with several thousand dollars in war bonds and other investments.

TIME TO WATCH FOR FORAGE POISONING AMONG FARM STOCK

Reports reaching the Kentucky Agricultural Experiment Station at Lexington indicate that botulism or forage poisoning has made its usual winter appearance among stock on Kentucky farms. Several horses and mules have died after eating snapped corn or other feeds. Cornfodder, snapped corn, sorghum, silage and other forages may contain poison, which often appears about this time of winter when heavy feeding begins.

Symptoms of botulism or forage poisoning include difficult swallowing as a result of throat paralysis and an unsteady or staggering gait. When one or both of these conditions are observed, Dr. W. T. Dimmock advises immediate examination of the feed.

If corn is suspected, a simple test is to feed it to chickens, which are very susceptible to botulism. If they develop limber neck it is almost a sure indication that the feed contains poison.

Cattle and hogs are least susceptible to botulism and often can eat corn or other feeds fatal to horses, mules and chickens. However, if only a small amount of feed is involved, Dr. Dimmock advises that it be burned. There is an anti-toxin that can be used to immunize stock against botulism where a large amount of valuable feed is involved.

Dr. Dimmock points that horses and mules should not be drenched or given medicine if their throats are affected, since they cannot swallow. Medicine should be given or drenching done only through a stomach tube.

WARNING ISSUED

TRUCK OPERATORS

Due to the present serious condition of the roads in Boone County caused by the weather during the past weeks and the additional damage that will be caused during the next few weeks by heavy hauling, it is hereby ordered by the Boone County Fiscal Court that all trucks operating on any of the County roads must limit their loads to two tons, or less, in excess of the weight of the truck.

This drastic order is necessary to stop further damage and the Boone County Fiscal Court will greatly appreciate the co-operation and the patience of the citizens of the County who must travel these roads, and the Court wishes to assure them that the roads will be repaired as soon as possible.

The Boone County Road Department has more than 300 miles of road to maintain with a crew of ten or twelve men, and due to the labor shortage it is impossible to employ additional men. With the present road crew it will take months to repair the damage caused to the roads during the last few weeks.

ROBERTSON FARMER MARKS POULTRY PAY

Summarizing his poultry records for the past 10 years, J. O. Murray of Mount Pleasant community in Robertson county found he had gathered an average of 209 eggs per hen a year and had received for his work \$2.09 a hen a year, after figuring all expenses.

County Agent A. A. Williams says Mr. Murray has purchased his chicks from the same breeder for 18 years, and on every occasion he topped commercial flock records in Kentucky.

"Mr. Murray believes a large part of his success is due to buying top-quality chicks bred for egg production, along with good feeding, housing, control of parasites and sanitations," says Williams. "Incidentally, he never keeps culls in his flocks. For the last few years he has not kept any roosters. He usually raises 100 to 125 pullets. His present flock of 99 pullets laid an average of 19 eggs in November and 20 eggs in December."

THE GARDEN
PLANNING I
By John S. Gardner, Kentucky
College of Agriculture and
Home Economics
A common expression is that
"the garden is half the living," but
this may be true only if the gar-
den has been well planned. For
the next few weeks, "planning"
will be the topic, running the
gamut from the completely ade-
quate garden to the tiniest Victory
garden whose produce this year is
by no means to be despised; for,
"They also serve!"
An "adequate" garden is one
that provides 20 servings weekly of
summer table vegetables, and
enough more to can and store to
serve 12 times a week through the
garden's inactive months. So to
serve a family of five persons, a
quarter-acre garden is needed
(white potatoes left out) when cul-
tivating is done by hand. Where
horse cultivators are used, the
space should be a half-acre. For
the time being, adequate garden
space is assumed.
Planning starts with listing the
vegetables to be grown, and the
number of servings weekly, sum-
mer and winter. "Servings" is
rather an indeterminate word, but
an average taken from several
thousand garden records makes it
a cupful, or about a half-pint.
Thus, a five-person serving may be
taken as one quart can, or of that
fresh vegetable necessary to can
one quart. With total quarts
of each vegetable arrived at, all
that needs doing is to translate
into bushels, then into plants, or
feet of row. This may be done
from experience in past gardening,
or by consulting Kentucky Exten-

sion Circular 376, "The Garden,
Month by Month," a copy of which
may be had from the College of
Agriculture, Lexington, or from
county extension agents.
At first glance, the total feet of
row may appear quite too large to
crowd into the garden space, but
not all the vegetables occupy all
the garden all the summer. Of the
required six or seven bean plant-
ings, for example, not more than
four are in the garden at one time,
making two rows. Or they may
come before and follow long season
crops, to make three rows, as:
greens, beans, greens. All this
should be laid out on a true map
of the garden, to be hung in the
tool shed, and followed.
Then comes making the seed
list, choosing specific varieties that
will do the job, behave on sche-
dule. As this is so important a

matter, next week's column is to
be given over to it. In so far as
space is left, combining the vege-
tables that make good companions
will be discussed, as well as those
that lend themselves to succession
planting.
WOMEN HELPED OUT
ON BOURBON FARMS
In Bourbon county, where the
shortage of labor has been acute,
women have helped out by doing
all kinds of farm work. Home
Agent Alice Glenn Keaton reports
that 21 women worked full time on
farms, and that 165 women assist-
ed in the tobacco crop during the
past year. During the summer
months, almost 50 percent of the
members of homemakers' clubs re-
ported doing some kind of farm
work, some of them working half
the time.

New Sallman Painting Depicts Theme of Crusade for Christ

CHICAGO — Warner Sallman, whose portrait of Christ has sold 4,500,000 copies, depicts here the support of millions of Christians to the determination of their leader that there be no more war. Methodists are among those who are working for liberty and justice for all men, through their four-year, five-fold Crusade for Christ.

Posters of the Sallman painting, now appearing in more than 41,000 Methodist churches across the nation, appeal for sacrificial contributions to the \$25,000,000 Crusade relief and reconstruction fund, more than half of which will go for food, clothing and other aid for peoples of war devastated and occupied countries. Other phases of the Crusade for Christ call for support of co-operation among nations in the post-war world, renewed evangelism efforts, education for Christian stewardship and improvement of Sunday School attendance.

America's Farm Forces

The crucial, critical year is just ahead for America's Farm Forces. This is the year they must produce MORE (even than last year's record crops) with less help and with fewer replacements of farm machinery.

However impossible this may sound, the American Farmer is used to doing the impossible. He will meet this new challenge by working longer, and keeping all his machines in fighting-trim—old and overtaxed though they may be.

In keeping his farm machinery fit and fighting, the Southern

farmer has a friend and helper in his Standard Oil Man. Your neighborly Standard Oil Man prides himself on being of service beyond the supplying of dependable fuels and lubricants. His experienced advice on lubrication and maintenance will help keep your machines in the fight for the duration.

With tank-trucks operating from more than 500 bulk delivery points, there's a Standard Oil Man serving your community. Always a good man to know—he can be especially helpful to you now.

Ask your Standard Oil Man for a free copy of his Wartime Maintenance Manual for Farm machinery.

This 64-page book will be of great assistance to you in prolonging the life of your farm equipment.

WARNING TO MERCHANTS

Complaints, made by merchants to the offices of the Social Security Board, that social security account number cards are improperly used as identification for checking purposes, today led Frank B. Decker, Jr., manager of the Covington, Kentucky office of the Social Security Board, to issue the following cautionary statement: "The social security account

number card is not intended to serve as identification for checking purposes, and should not be accepted as such.

"A social security card is issued to any person who applies for it. It is issued for one purpose, and only one. That is to identify a social security account on which the wage record of the possessor may be posted as credit toward old-age and survivors insurance benefits. The account number is used with the person's name to identify his social security account, because many people have the same name but no two can have the same number. The Social Security Board, in paying benefits, requires that the beneficiary identify himself fully."

BIG TOBACCO YIELD

The best tobacco yield reported in Ballard county was that of George Pool on the R. I. Cooke farm, who produced 5,012 pounds on two acres. The crop was well fertilized and followed with crimson clover. The average county yield, according to E. C. Bohanan, county agent, was approximately 1,150 pounds, bringing about one and a quarter million dollars to the county.

The Blood Stream

N. TULCH
Foot Comfort Specialist at—
PEOPLE'S SHOE STORE
814-816 Madison, Covington

The blood stream has several important functions. For instance it feeds the tissues from the products of digestion; it carries away waste matter and it aids in equalizing the temperature and the water content of the body.

Blood is not just plain fluid, but has two parts. A yellowish fluid called PLASMA, in which float solid particles called corpuscles. Then there are three kinds of corpuscles are the protectors of the body and multiply at a great rate of speed. In other words, the white corpuscles enable the body to resist infections and throw off contagious disease.

Friends, now that we understand how important a part our blood stream plays in the health of our entire body, it is easy to see that we should be careful not to choke or cramp this blood stream in any way.

When you cramp blood vessels and shut off blood supply to any part of the foot, every school physiology book tells you that you not only deprive it of the food it should have to keep health, but the slower blood stream cannot clear away waste matter as it should. We find chemical deposits form at the points of the feet and the legs and then inflammation develops leading to pain and discomfort that makes you miserable all over. These symptoms are often mistaken for arthritis, rheumatism, or some other ailment. Backaches, headaches and many body ills may be traced to the feet.—Adv.

BAPTISTS IN TEXTBOOKS

Members of the special committee of the Permanent Textbook Committee of Kentucky Baptists met with the State Textbook Commission January 22nd and 23rd in Frankfort. They presented their views as to how they thought the resolutions, passed by the Executive Board of Kentucky Baptists last December 5, could be carried out.

The resolutions condemned all textbooks which teach evolution as a fact but not those teaching it as a theory along with other theories on the subject, and textbooks biased toward governmental and social philosophies contrary to our American way of life.

The latter proposition can be easily met by choosing texts which are loyal to America. As to the former proposition the following suggestions were made:

1. Adopt texts which deal with the origin of man or the world only if they give a fair presentation of the three theories on the subject, namely: Materialistic Evolution that teaches that all material existence is accidental with no God involved; Theistic Evolution teaching that God used the evolutionary process to bring into existence all things; Creation Teaching that all things came from God's hand in a perfect condition.

2. That an appendix be added, if necessary that gives a fair presentation of these various theories of the origin of man and the world.

3. That a supplemental booklet covering these theories, be adopted and supplied to all teachers using any text book that touches on the subject of the origin of man or the world.

The special Baptist Committee consists of Dr. Fred Moffatt, pastor of the First Baptist Church, Frankfort; Mr. L. C. Curry, Superintendent of City School, Bowling Green; Dr. John Freeman, Editor of the State Baptist Paper, and Rev. Maurice L. Bates, Georgetown, chairman.

LADY NEARLY CHOKED
WHILE LYING IN BED—
DUE TO STOMACH GAS

One lady said a few days ago that she used to be afraid to go to bed at night. She was swollen with stomach gas, which always got worse when she went to bed, and the gas would rise up in her throat after she lay down and would nearly choke her. She couldn't lie flat. Had to prop herself up on pillows. Recently, this lady got GERB-HELP and now says gas is gone, stomach feels fine, bowels are regular and she can go to bed and sleep soundly.

GERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get GERB-HELP. Elmore Pharmacy, Dixie Highway.

RECIPE OF THE WEEK

The one-dish meal is a popular type of food about this time of year. It may be prepared in the early part of a busy day and then cooked or reheated just before serving. Another reason for its popularity is that it usually combines a starchy food, as potatoes, spaghetti, rice or macaroni with the meat thus simplifying meal preparation. Then, too, it is a good way to use leftovers.

Here are some suggestions from home economists at the Kentucky College of Agriculture and Home Economics regarding one dish meals: Use only one starchy food in a one-dish meal; white sauce, meat stock or tomato juice make good bases for baked dishes; have on strongly flavored food predominate, as onion, carrot, or turnip, add character to the dish through the use of chopped celery, dried celery leaves or celery seed, grated cheese, pimiento or green pepper, or finely chopped herbs.

Rice with Ham

1 large onion, 1 green pepper or pimiento, 1 cup chopped ham, 3 tablespoons fat, 2 cups cooked rice, 2 cups tomatoes, 1/2 teaspoon salt.

Cut the onion and green pepper in small pieces, then add chopped ham and fry in fat. Add the tomatoes, onion and salt. Place in baking dish and bake for 30 minutes in modern oven, 350-375 degrees.

Menu: Rice with chopped ham, buttered string beans, celery and carrot salad, whole wheat bread and butter, and apple sauce and cookies.

NEW KITCHEN SAVES

Mrs. Virginia Stewart of Greenup county has saved herself miles of walking since she rearranged her kitchen equipment in a U shape. Home Agent Nell Jo Chick says that Mrs. Stewart made several bins and removable shelves for her cupboards in order to make the best use of her storage space.

Of our dearly beloved wife, mother and grandmother, Mrs. Lane (nee McKinney) who passed away March 1, 1944.

When evening shades are falling And we sit in quiet alone, To our hearts there comes a longing If she only could come home. Friends may think we have forgotten, When at times they see us smile, But they little know the heartaches Our smiles hide all the while. Never to be forgotten by her loving husband, children and grand-son.

CARD OF THANKS
We wish to express our sincere thanks to everyone for their many kindnesses and sympathy shown us during the illness and death of our beloved husband, father, Jeff M. Eddins.

Especially do we thank the donors of the floral pieces, and the cards of sympathy; the singers; Rev. O. B. Thomas and Rev. R. A. Johnson for their consoling words; Dr. Yokum for the efficient manner in which he conducted the funeral.

CINCINNATI MEN TO FACE CHARGE

ON CHARGE OF ARMED ROBBERY—IDENTIFIED AS TWO WHO PARTICIPATED IN HOLD-UP AT FLORENCE.

Albert R. Gray 22, of 212 E. Liberty Street and Norbert B. Zitt, 27, of 510 Main Street, are being held in New York City by Boone County authorities charged with the hold-up of Rainbow Tourist Camp, Florence. Examining trial was set for Wednesday morning in Judge C. L. Cropper's court. Attorney for the men called and stated that he would be unable to attend the trial, which postponed the date.

The men were arrested by Campbell County authorities and were released to Deputy Sheriff Irvin Rouse and Lee Shears, Florence town marshal.

In the tourist home robbery, committed by three gunmen last Thursday at the Rainbow Tourist Home, the robbers took \$200 in cash, a radio, a revolver and a cash register.

The suspects were identified by Mr. and Mrs. W. L. Stegner, operators of the tourist home and Mr. and Mrs. Robert Ford, residents of the home.

Gray and Zitt are suspected of participating in the holdup of the Club Kenridge, Kenwood, O., where the loot was said to total between \$4,000 and \$7,000.

Boone Countians Injured In Accident

Pvt. William Reeves, 22, of Constantine and Miss Peggy Tanner, of Verona, suffered slight injuries Wednesday of last week when their auto left the highway on Lower River Road and plunged over a 14-foot embankment. Both were removed to St. Elizabeth Hospital, Covington, for treatment.

As a means of encouraging assistance of nearby residents who lifted the overturned auto, to free the pair.

BURLINGTON P.-T. A.

The regular monthly meeting of the Burlington P.-T. A. will be held at the schoolhouse Monday night, March 12 at 7:30.

REA TO HOLD ANNUAL MEET

IN OWENTON TUESDAY, MARCH 13—ATTRACTIVE ATTENDANCE PRIZES WILL BE AWARDED MEMBERS.

The annual meeting of the consumer members of the Owen County Rural Electric Cooperation Corporation will be held at the court house in Owenton, Ky., at 10:00 a. m. Tuesday, March 13, 1945.

The primary purpose of this meeting is to elect nine members as directors to represent the members and direct the business of the Cooperative for the year beginning March 13, 1945.

As a means of encouraging attendance of the members at the annual meeting the present board of directors voted to give the following attendance prizes: One electric dehydrator, valued at \$28.00 and three six months minimum electric service bills valued at \$18.00 each with winners to be determined by a drawing at the close of the meeting.

All present members of the Cooperative are urged to attend and all persons interested in obtaining electric service in the future are invited to attend this meeting and hear discussions on the recent suspension of all loan funds to Kentucky Rural Electric Cooperatives by the Rural Electrification Administration.

The "cut-off" of money by the REA was made necessary by the recent action of the Kentucky Public Service Commission in awarding several hundred miles of proposed line in Eastern Kentucky, part of which had previously been allotted to four cooperatives in that section, to a private Utilities Company for power construction.

To the Owen County Rural Electric Cooperation Corporation this loan suspension means that they will be unable to extend service to applicants other than those involving short extensions.

All persons receiving service from the cooperative are, except in very rare cases, members of the cooperative and as such own their electric system which was financed by loans allotted by the Rural Electrification Administration.

Fruit Growers Urged To Spray Orchards

W. W. Magill, fruit field agent from the College, urged growers in two meetings last Wednesday to spray for scale this year if scale is present on any trees. Scale over the state is reported the worst in years.

Prospects for a fruit crop this year are reported to date as good. The set of bloom buds is much smaller than last year but still sufficient to give a crop if no further loss is incurred.

Eighteen fruit growers attended the meeting held at C. L. Hamper's orchard near Taylorsport last Wednesday evening. The meeting was reported by growers as one of the most interesting held in several years.

AAF PATIENTS HEARD AT MEET

OF RED CROSS HELD AT FLORENCE WEDNESDAY NIGHT—QUOTA OF \$6,800.00 IS SET FOR BOONE COUNTY.

"The Red Cross was in touch with me constantly," said Lt. Leonard A. Charpentier, when he spoke at the Red Cross Rally Wednesday night, February 28 in the Florence school house.

Lt. Charpentier was a pilot of a P-47 Thunderbolt, stationed in Italy and was shot down in German territory. The first person he saw when he regained consciousness was a Red Cross worker ready to serve him in any way. He said, "The Red Cross hasn't missed a job—they are everywhere helping the service men in many ways. Naturally, such service must have organization and a nd organization needs funds. I hope your Drive is a complete success. It has been a pleasure to speak for the Red Cross, which has done so much for me."

Lt. Milton Segal, Navigator on a B-24 Bomber, stationed in England, told how the Red Cross stood by him when he was shot down over the English Channel. He mentioned the coffee and food the workers always had ready for the men, no matter at what hour they started on a mission. He emphasized the morale value of the Red Cross to service men. He said "It really makes you feel the folks at home are backing you up."

He told about the rest camps and clubs maintained by the Red Cross, and said the only place a soldier could really sleep in London was at the Red Cross club. He told about the good American food and company of American people, and emphasized how important those things are to a soldier overseas.

He stated that he was glad to be able to speak for the Red Cross. It is a wonderful organization—it can go where no other group can go, and it forms the link with home so essential to a Service man's peace of mind.

Both officers had been entertained at the home of Mr. and Mrs. J. B. Heiser.

Following the meeting, members of the school bands of Florence, Burlington and Bellevue, under the capable direction of Mr. Dean Bloss, gave a most enjoyable concert.

A movie, "Seeing Them Through" giving a vivid picture of the part played by the Red Cross in aiding the wounded on the battle fronts, was shown. Mr. Lawrence Rodamer operated the projector, which he brought from the Burlington school.

At the close of the meeting, Boone County Chairman Irvin Rouse expressed the hope that Boone County's quota of \$6,800.00 would be raised by March 15. He stated that he knew it would have been easy if everyone in the County had been able to hear the first-hand reports on the Red Cross as given by Lie. Charpentier and Segal.

Let all of us try to imagine the horror of war without the Red Cross! Suppose there was no blood plasma to save lives, no field workers to form a link with home, no aid for prisoners of war, no home service workers to deliver emergency messages, no hospital workers to assist the nurses and doctors, no volunteers to make surgical dressings! This is only a partial list of services of the Red Cross.

LETTER EXPLAINS LOSS OF SEAMAN

JAMES ROBERT KITTLE FROM ONE OF THE SURVIVORS OF U. S. S. SPENCE—SON OF MRS. IRA J. KITTLE.

The following is a letter received concerning the loss of James Robert Kittle MCM-3 at sea, when the destroyer which he was assigned was sunk in the South Pacific during a typhoon. The letter was written by A. S. Krauchunas, Lt. J. G. Senior survivor. The letter follows:

"My Dear Mr. and Mrs. Kittle, "It is with deepest sorrow that I, as a senior survivor of the U. S. S. Spence, write to you concerning the loss of your son, James Robert Kittle, who, following the capsizing and sinking of that vessel on 18 December 1944, was listed as missing at sea.

"The circumstances surrounding the disaster in which his life was lost are as follows:

"The Spence was carrying out a mission of war with other vessels which included the ill-fated Hull and Monaghan. There was little warning of the vicious typhoon which struck us with great violence. The seas were mountainous and the wind was estimated to be about 110 knots. There was no indication of the ship capsizing until it was caught in the trough of the huge swells. The tremendous waves were beating us unmercifully with water washing over the entire main deck. The men had been advised to seek shelter several hours before the disaster to prevent their being washed overboard.

The ship unable to combat the sea any longer, rolled over on her side and continued until she was turned completely over, thereby trapping all the men below the main deck and those who were in enclosures such as the engine room, fire room, radio room, etc. Only those who were upstage were able to jump into the water.

The violent seas pounded us terrifically. We were at the mercy of the seas for two to three days before being picked up.

"At the time of capsizing, James was not able to get off the ship into the water. He was not seen by any of the survivors at any time after the ship rolled over. Extensive and careful searches were made the following days by surface vessels and aircraft for survivors. Since there was no land within several hundred miles, it was quite impossible that anyone could have survived if they were not picked up.

"The U. S. S. Spence had been a member of the 'Little Beaver Squadron' which, after many hectic encounters with the enemy during the early stages of the South Pacific operations, molded a strong sense of friendship and understanding. During the past few months, the kinship of the men and officers of the U. S. S. Spence and its sister ship, the U. S. S. Dyson, became more binding during an operation which separated us from the rest of the 'Little Beaver'.

"At 9:30 a. m. 22 December 1944, services were held aboard the U. S. S. Dyson in honor of the men and officers of the Spence, who lost their lives in honor of their country. All men and officers of the Dyson attended these services and wish to extend their sympathies and share your sorrow.

"The knowledge that your son lost his life in the service of his country fighting a war against brutal and unprincipled enemies must be of some consolation to you in your great loss. Please accept my sincerest sympathy in your sorrow."

Smith-Brady

The many friends of Pfc. Harold Brady, United States Army, Fort Knox, Ky., formerly of Petersburg, Ky., and Miss Betty Smith, of Catlettsburg, Ky., will be surprised to learn they were married March 1st at Catlettsburg. The single ring ceremony was performed by Rev. D. H. Matherly in the little church around the corner.

The bride was wearing in navy blue and white accessories. The bride's brother and sister-in-law were the only attendants. The groom left Saturday at noon to return to his duties at Fort Knox. Their many friends wish for them success and happiness. The couple plan to make their home in Petersburg in the near future.

Bobby Maurer, son of Mr. and Mrs. Robert Maurer, was ill several days last week.

Burlington Boy Receiving Training At Great Lakes, Ill.

Emmett C. Moore, 18, son of Mr. and Mrs. George E. Moore, R. 1, Burlington, Ky., is receiving his initial Naval indoctrination at the U. S. Naval Training Center, Great Lakes, Ill.

His recruit training consists of instruction in seamanship, military drill and general Naval procedure. During this period a series of aptitude tests will be taken by the recruit to determine whether he will be assigned to a Naval Service School, to a shore station or to immediate duty at sea.

When his recruit training is completed, the seaman will receive a period of leave.

FLORENCE YOUTH MISSING AT SEA

SON OF MRS. KITTIE KIRCHOFF REPORTED MISSING WHILE SERVING HIS COUNTRY WITH U. S. NAVY.

Mrs. Kathryn Vera Kirchhoff, of Florence, was notified Sunday, that her husband, Gustava Kirchhoff, Electrician's Mate Third Class, U. S. N. R. was missing in action, according to a telegram received from the Navy Department.

Young Kirchhoff is the son of Mrs. Kittie Kirchhoff, of Florence, and is well known in that section of the county. The telegram follows: "Mrs. Kathryn Vera Kirchhoff Star Route, Florence, Ky.

"The Navy Department regrets to inform you that your husband, Gustava Kirchhoff, Electrician's Mate Third Class, U. S. N. R., is missing following action while in the service of his country.

"The Department appreciates your great anxiety, but details not now available and delay in receipt thereof must necessarily be expected to prevent possible aid to our relatives.

"Please do not divulge the name of his ship or station—Vice Admiral Randall Jacobs, Chief of Navy Personnel."

Union Man Reported Killed Mrs. Nellie Craddock was notified Wednesday of last week of the death of her son, Pfc. Chas. E. Craddock, Pfc. Craddock was reported missing in action sometime ago by the War Department. The telegram follows: "Mrs. Nellie M. Craddock, Union, Ky.

"The Secretary of War asks that I assure you of his deep sympathy in the loss of your son Pfc. Chas. E. Craddock, who was previously reported missing in action.

"Report now received states that he was killed in action January 4 in Belgium. Confirming letter follows—Uilo, Adj. General."

Sgt. Herman Smith Killed in Action Mrs. Herman Smith was notified Wednesday of last week that her son, Sgt. Herman Smith, was killed in action on the 25th day of January. He was previously reported missing in action.

Sgt. Smith married Miss Ryle December 25, 1942. He entered service March 8, 1943. He received his training at Camp J. B. Robinson, Ind., where he was assigned to the infantry. He trained at Camp Forest, Tenn., Camp Phillips, Kans., and Ft. Dix, N. J. He was a member of Gen. Patton's army, having been overseas since June 1944.

He is survived by his widow, Mrs. Elma Smith; his parents, Mr. and Mrs. Claude Smith of Rising Sun, Ind.; and one brother Earley Smith of Aurora.

LOCAL BOY HAS NARROW ESCAPE

IN MARAUDER BOMBER—RETURNING TO BASE AT TIME OF NEAR ACCIDENT, ACCORDING TO STORY.

A Ninth Air Force Bomber Base, France—Six crew members of a certain B-26 Marauder named "C. O. D." find it hard to believe they are alive. They are probably the only men who have ever flown upside-down in a B-26 Marauder bomber and lived to tell about it. This near-miracle happened recently at the Ninth Air Force Base in France, of the 39th Bombardment Group, the B-26 group known as the "Bridge Busters," and commanded by Colonel Richard T. Coirer, Jr. Below, the pilot himself tells the extraordinary tale.

First, here is a list of the air-men who were in the plane: Turret-gunner: Staff Sergeant Alpha Rogers, 22 of Route 2, Burlington, Kentucky, whose parents, Mr. and Mrs. Edward Rogers, live at this same address. Armorer-gunner: Staff Sergeant Sylvester G. Nelson, 21, of 1008 Orchard Street, Newport, Kentucky, whose parents, Mr. and Mrs. George Nelson, live at the same address. Pilot: First Lieutenant John L. Hathorn, 25, of Compton, Calif. Co-pilot: Second Lieutenant James L. Schell, 23, of Fort Worth, Texas. Engineer-gunner: Private Guy F. Moody, Jr., 20, of Gering, Neb. Enlisted bombardier: Staff Sergeant James E. Burke, 22, of Floydada, Tex.

By First Lieutenant John L. Hathorn

"The mission came back from the mission—we'd bomber a Rhine bridge by instruments—and found the field almost invisible. We got into the traffic pattern, turned from the downwind leg to the base leg, and were about to start our final approach. I made a steep pull-off, in order to keep the nose high as possible because of poor visibility.

"It was too steep. We went into an all-around-roller stall and suddenly old 'C. O. D.' flipped right over on her back—and there we were, flying upside-down in a 14-ton bomber with a crew of six at an altitude of 800 feet! I had no time to be frightened. I remember what I thought. I thought, 'This is ridiculous, can't possibly land her this way. I'll have to do something.' Sounds silly, I know, but those were my thoughts. More in reflex than anything else, I shoved the power to her and kept her rolling. In a matter of seconds she had gone from the very second and we were all right. She hit another stall right away and shuddered and bucked and groaned. But she came out of that and we landed as though nothing had happened.

"I got on the interphone as we taxied and found that everybody was all right. The 'snap-roll' that we had unintentionally executed had been so fast that centrifugal pressure froze everybody and everything. My goggles, on the floor between me and my co-pilot, didn't even stir. We pulled up at our hardstand and I cut the motors and the crew came forward. Their eyes were round as buttons. I remember what they said.

"Sgt. Rogers, the turret gunner, said: 'During the very second we were all upside-down, I climbed down, or up, out of the turret. That turret is a tight squeeze to get in or out of; usually I bark my nose or my elbow. This time I made the cleanest getaway ever. I realized I was upside-down, too. Didn't seem to make the slightest difference. Funny stuff, this centrifugal force.'

"Sgt. Nienaber, the armorer gunner said: 'I had just crawled out of the tail to pull in the waist guns. I was about to close the waist windows when, wham!—over we went! I was paralyzed. After we righted, I yelled to Rogers and he told him what happened. He said we had just completed a very nice snap-roll. I thought he was crazy.'

"Pvt. Moody, my engineer-gunner, said: 'What, sir, in the hell goes on? I'm still feeling myself all over. Am I alive or not?'

"Lt. Schell, my co-pilot, said: 'John, you know perfectly well that's no way to fly a bomber.'

"Your face is pea-green," I said, to change the subject. "Yours," he said, "is scarlet. And should be. Anyway, I don't believe it happened. It couldn't. The book says it's at least very unhealthy."

Sgt. Burke, the enlisted bombardier, said: 'I thought we were in a dive. I looked out my window and the ground was where the sky ought to have been. I reviewed my past life hastily. I prepar-

ed for the dull thud, but then suddenly we were all right. "After they'd finished telling their reactions, they looked at me. I guess I looked pretty foolish. I said: 'C'est la guerre! They didn't seem to think that very funny.

"Our commanding officer—Col. Coirer, came up. He'd seen it all from the control tower. He looked at us as though we were ghosts, then shook hands feelingly with every one of us. He was so happy to see us alive that he forgot to bowl me out for making too steep a pull-off.

"The ground crew checked 'C. O. D.' and found her sound as a dollar—not a trace of strain. She flew again three days later. Today she's flying leadship of the 39th's mission. I can't praise too highly the soundness of the B-26 construction. A snap-roll is one of the most violent of all aerial maneuvers."

SPECIALISTS URGE IMPROVEMENT

IS NECESSARY FOR CONTINUED AGRICULTURAL PROSPERITY—FARMERS HAVE FACILITIES FOR PROGRAM.

Soils, crops and livestock improvement are necessary for continued agricultural prosperity according to agronomy and dairy field agents from the College, addressing farmers in a meeting at Burlington last Tuesday. Practically every farmer has the facilities to secure this improvement and our most progressive farmers are taking advantage of these opportunities.

Wm. Johnstone, agronomy field agent, illustrated through use of colored picture slides, the methods leading farmers are securing improvements. Poor soils produce poor crops and poor grass and clover stands regardless of quality of seeds used. Good stands of these crops are necessary. Liming, phosphate, and manures in the form of barn yard, green manures are crop residues and in some cases, potash, must be used to secure good crop stands and good growth. New and higher producing crop varieties are being rapidly developed but they will yield their best only where the soil needs are first taken into consideration. Less trow acreages yielding more bushels per acre and better pasture and hay crops were recommended. Farmers growing cultivated crops must use contour planting, cultivation, and other erosion control practices.

Lynn Copeland, dairy field agent presented figures to show that poor quality stock will not return a profit from high priced feeds. While better feeding alone has been found to double milk production in poor herds beyond this point, dairy animals must be bred for high production. He condemned the low buying program as the chief source of spreading disease and urged dairymen to breed their own cow replacements. Leading Boone County purebred herds that have been in Dairy Herd Improvement Associations for years are the best source of high producing purebred made stock. Plans are being made to start a state wide artificial insemination breeding association as soon as the war is over or help is available.

C. L. Lancaster addressed the meeting on the splendid progress he had made in the control of Bangs disease in his herd through calfhood vaccination.

Grant Madrox of Florence outlined the effective alfalfa growing program he had followed the past five years. During this period he has been able to double the number of dairy cows his farm was carrying and at the same time produce a surplus of roughage feed. J. C. Acree addressed the meeting as a river bottom farmer. He presented figures to show that river bottom land had produced the past three years more dollars worth of feed per acre at a lower cost from alfalfa than had those acres planted during the same years to corn.

The six months pasture improvement program planned in the county agricultural Extension program was considered by leaders as having strong possibilities. Nine months of good pasture in favorable years was discussed as a possible future goal.

HEBRON WINNER OF DISTRICT TOURNEY

HELD AT NEW HAVEN—ST. HENRY WINS 6TH DISTRICT CHAMPIONSHIP—SIMON KENTON DEFEAT WALTON.

Hebron emerged winners of the 6th District tournament Saturday night on the New Haven floor by defeating the New Haven five by a score of 32 to 20. Hebron took an early lead in the game, leading by a 6-3 score at the end of the first quarter. New Haven rallied in the second quarter to knot the score at 10-all at the close of the half. Hebron tallied in the third and fourth quarters to emerge on the long end of 32-20 count.

Masters led the attack for Hebron with 13 points, while C. Shields and Judge divided scoring honors with six each.

Hebron's reserves defeated Burlington's reserves in the finals by a score of 13-12.

Thursday, opening night of the tournament, New Haven eliminated Burlington five by a 32-30 score in a closely contested game. New Haven took the lead with score 6-3 at the first quarter, while Burlington furred ahead to chalk up 8 points in the second quarter, holding New Haven scoreless with the count standing at 8-0 in favor of Burlington. The third and last quarter were hard fought with each team attempting to gain the lead. Judge scored 14 for the winners, while Presser collected 10 for the losers.

In a preliminary game between Hebron reserves and New Haven reserves, Hebron won by a score of 28-9.

St. Henry, after defeating Florence Friday night by a score of 50-29, went ahead to win the 6th District crown by defeating the Erlanger Juggernauts on Saturday night by a score of 34-33 in an overtime contest. This was the 24th victory of the season for the St. Henry Crusaders. The tournament was held on the Florence hardwood.

Simon Kenton won the 6th District championship over Walton on Tuesday night of last week by the score of 43-28 at the Independence School. News was high point for the winners with 10 points while Wynn collected ten for the losers.

Drawings for the Regional Tournament scheduled for Newport this week are: Wednesday 7:30, Dixie Heights vs. Highland; 7:45, Campbell County vs. Covington; Thursday 7:30, Dayton vs. St. Henry; 8:45, Simon Kenton vs. Hebron; Friday, 7:30 and 8:30 semifinals. Saturday, 3 p. m. finals.

OHIO RIVER TO REACH 70 FEET

ACCORDING TO REPORTS—THOUSANDS OF NORTHERN KENTUCKY RESIDENTS HOMELESS.

A new predicted crest of 60-70 feet was expected sometime Wednesday as the Ohio River surged upward again due to heavy rains Monday night and Tuesday. The river dropped to 61.5 feet at midnight Monday.

City offices and Red Cross and other relief agencies in Covington, Newport, Ludlow, Dayton, Bellevue and Bromley were swamped with calls for help as the river moved upward. Officials have made urgent appeals for volunteers to help in the work. The sudden rise of the river during the night caused many families upriver and they were made to move and they were other household furnishings.

A call from Constance, 48, said early Tuesday morning was answered by a number of men from various sections of the county. Trucks and men were furnished to help residents move their furniture to safer quarters.

At Rabbit Hash, both stores have been evacuated and merchandise has been moved. Ryle Brothers moved practically all of their merchandise to Burlington.

Production of critical war material stopped completely at the Anderson Steel Plant Tuesday. The Boone-Michelson Industrial relations director, announced.

With power obtained through Kentucky Electric, water was removed equipment and supplies.

Mrs. P. E. Gentry is somewhat improved this week.

THE COST OF DISCIPLESHIP

LESSON TEXT—Matthew 10:16-26, 28.

GOLDEN TEXT—If any man will come

after me, let him deny himself, and take

up his cross, and follow me.—Matthew 10:38.

What you have is not your own.

In fact, if you are a Christian, both

you and your possessions belong to

God (see 1 Cor. 6:20; 7:23). To be

His disciple involves the recognition

of the fact that life is essentially a

stewardship, holding our property

and our persons in trust for Him.

The cost of discipleship is one

which should be candidly faced.

It is far more than the cost of join-

ing a church or subscribing to a

creed. That may and often does

mean little or nothing, but to be a

disciple of Christ calls for thinking

and living in accordance with His

standards. We must—

I. Think Right About God (vv. 16,

17).

The picture of this rich, intelli-

gent young leader in his

community, coming to Christ with

his eager quest for eternal life is a

most attractive one. He recognized

Jesus as a master in Israel and a

good man.

His thinking about our Lord did

not go far enough, and Jesus cor-

rected him at once. He pointed out

that if he recognized Him as good,

then he must also see Him as God. Far

from disclaiming divinity, Jesus declared

here that everyone who thinks right

about Him must agree that He is

God.

It is of the highest importance

that the follower of Christ be clear

that his master is God. Otherwise,

his attitude toward Him will reflect

his defective viewpoint, and his

witness concerning Him will lead

him astray instead of to right. Cor-

rect doctrine is vitally important as

the foundation of real discipleship.

The one who thinks right about

God will—

H. Live Right With Others (vv. 18-

20).

The commandments to which

Jesus referred were those which

concerned a man's relationship to

his fellow man. There is to be no

violence to another person, no de-

ceit or trickery, no dishonoring of

confidence, but an active interest

and love for one's neighbor as well

Stanley Hardware & Supply Co.

Locally Owned and Operated

One of Covington's well known businesses, with an extended record of satisfactory service to the homes and women of both city and surrounding territory. It is located conveniently at 523 Madison Ave., and has an endless and interesting stock of varied high grade merchandise—the products of leading manufacturers.

This is in reality a woman's store and gift shop, featuring new and novel gift goods, kitchen utensils and home necessities. The stocks include chinaware, glassware, cutlery, tools, small electrical appliances, paints, varnish, enamels, lawn hose and sprinklers, modern kitchen equipment and a thousand

and one other articles. The stocks will all be found of the same standard quality and in wide selection.

This prominent store has won wide public favor for their ability to supply the many needs of the modern home with a dependable service.

Whether in spring, summer, fall, winter or holiday season, you will find the most comprehensive stocks of home equipment at the Stanley Hardware and Supply Co., and by means of this Suburban Trade Review we are glad to be able to refer a local concern of such a distinctive character to all our readers. Phone Hilland 7585.

Independent Linoleum & Carpet Co.

Northern Kentucky's Largest

By means of this Review of the Commercial and Industrial progress of Northern Kentucky, we wish to call the attention of the home owners and business firms of our section to the reliable service featured by The Independent Linoleum and Carpet Co., located in Covington at 527 Madison Ave., their only location.

People everywhere throughout this section are realizing the advantages of depending upon this firm to continue to supply the most modern and complete lines

of Venetian blinds, Bigelow rugs and broadloom, Armstrong linoleums, and the nationally popular Johnson's floor wax and polishes.

By means of their comprehensive stocks, low prices and metropolitan distribution service they have gained a well-merited reputation as the Carpet and Linoleum supply headquarters of Covington and vicinity.

The phone number is Colonial 0187.

Covington and Latonia Realty Co., - Realtors

Reliable Authorities on Local Realty Values

Investigation proves beyond a doubt that real estate is the preferred investment and by means of this Trade and Building Review of Northern Kentucky, we are pleased to have the opportunity to recommend a capable and reliable local realty concern of such a character to all our town, suburban and county readers. Conveniently located for our people, with office at 2016 Madison Ave., Covington, Phone Hemlock 4923.

The business is under the capable direction of Mr. C. H. Raines, a well known successful realtor.

His service includes a complete listing of city and suburban properties, sales and rentals for homes and farms and property management.

For a safe, profitable investment, real estate cannot be equaled. Small communities grow into towns, towns grow into cities and with this expansion, real estate increases in value. For instance, a resident lot today, a business site tomorrow, a farm property today, a subdivision a little later. Consequently, by purchasing real estate in such ideal surroundings, you may

Plan Canning Campaign Now

Now, when gardens are being planned, is the time for Boone County home canners to map their 1943 canning campaign. Since victory gardening is the starting point for home canning, the two projects must be worked out together. Estimate the likely yield from your planting, so that you will have a suitable amount of vegetables left over for canning.

Last year home canners accounted for nearly one half the canned vegetables and two-thirds of the canned fruits used by civilians. This year heavy military requirements and strong civilian demand, arising from larger wartime incomes, will make the supply of commercially canned fruits and vegetables less than at any time during the war. This makes plain the need for a heavy home-canning schedule for 1943.

Home canning saving money, ration points and food, and also

makes it easier to give the family good nutritious meals the year around.

The University of Kentucky offers canning budgets, giving estimated quantities of kinds of food to preserve in this section. These budgets may be obtained from the office of the Home Demonstration Agent, Miss Mary Hood Gillespie.

It is suggested that you plant varieties, as well as kinds of vegetables that take well to canning. Do count your vegetables, as best you can, before the garden is planted. That is, gain some idea of the yields and how much will be extra for canning. A real canner's dilemma is discovering one day that she must work far into the night to save a surplus lot of vegetables, which has resulted from overplanting.

HILL TOP

Recent guests of Mr. and Mrs. Harold Schneider were Mr. and Mrs. Clarence Dewberry and family, Mr. and Mrs. Joseph Kramer and family, all of Newport.

Mrs. Maude Asbury of Florence was the week-end guest of her son, Mr. and Mrs. Reuben Asbury and daughter.

Mrs. Henry Anderson and little daughter Kathleen called on Mrs. W. D. Carder and daughter, Sunday afternoon.

Mr. and Mrs. Truman Lucas spent Wednesday night, with Mr. and Mrs. Albert Avery, of Erlanger.

Mr. and Mrs. Truman Lucas recently had the pleasure of hearing Rev. E. M. Helton, a former pastor

of Francesville, preach at his church in Elmwood.

Several from this community attended the Ambrose sale at Francesville, Saturday.

Mr. and Mrs. Henry Anderson and children visited his sister, Mr. and Mrs. John Frohman of Cincinnati, last Sunday.

A number of our school children have been ill with the 3-day measles.

Miss Edith Carder called on Mrs. Flora Rodamer, of Constance on Sunday afternoon.

Mrs. Harold Utz and little daughter Mary Lou, of Hebron were week-end guests of her parents, Mr. and Mrs. Barney Turner. Seaman Bill Ottino, left Monday morning for Camp Endicott, R. I., after enjoying several days' leave with his father, sister and brother.

Sgt. Charles Lawson visited his brother for a few days last week.

Mrs. Townsend Appointed Conservation Assistant

Mrs. Mary Louise Townsend has been appointed Food Conservation Assistant for Boone County. She assumed her office March 1st as part of the Boone County Extension staff. Mrs. Townsend will assist the Home Agent in any program concerned with the production, conservation, or utilization of foods and with nutrition with juniors or adults.

Mrs. Reuben Kirtley and daughter are visiting her parents, Mr. and Mrs. Leslie McMullen, due to the high water. Mrs. Kirtley's daughter has been ill for the past few days.

LUHN & STEVIE SHOE STORE

Featuring Peters Diamond Brand Shoes—X-Ray Fitting

Very conveniently located in Covington at 34 Pike St., and a popular store with people throughout this section of Northern Kentucky. They can save you money on the annual family shoe bills and feature such nationally known brands as Peters Diamond Brand shoes for women, men and for children. All durable and stylish makes of footwear. This concern will assure you of a saving and in this Spring Trade Review we re-fer their satisfactory service to all suburban families. Phone Hemlock 9558.

The whole world knows that a person suffering from ill-fitting shoes cannot be 100 per cent efficient in their work. By shopping here you have the satisfaction of knowing that your shoes will be scientifically and correctly fitted to your feet at the minimum of expense. When you put your feet in their hands your shoe troubles will vanish like bubbles, as they feature X-ray fitting.

That these facts are appreciated by patrons from both city and suburbs, is strongly attested by the steadily increasing patronage. In closing we wish to direct the attention of our suburban readers to a home owned shoe store of such a comprehensive character as the Luhn & Stevie Shoe Store.

The Eaton Oil Works

Providing Complete Asphalt Paving Surface

This old reliable firm of paving specialists is conveniently located with offices in Covington at Sterret Ave., and L. & N. R. R. By means of this Review of the commercial, agricultural and industrial progress of Northern Kentucky, we are pleased to refer a locally owned and operated concern of such a character to our own and surrounding counties. The phone numbers are Hemlock 2725 and 2726.

Backed by many years of paving experience, research and development, the directing heads of this concern have satisfactorily completed many contracts for municipalities, factories, parking lots and tennis court operators, county and state officials, in addition to home owners throughout Northern Kentucky.

This material actually costs less than any other pavement of equal load-bearing capacity—and costs far less for upkeep. It saves motorists money by reducing car operating expense. Its non-skid surface is safe to drive on night or day, wet or dry. Its cleanliness and attractive appearance improve property values.

In closing, we wish to refer the Eaton Oil Works, under the direction of Mr. G. F. Eaton, to our city and county officials, homeowners and industries.

The J. H. Fedders Sons

Distributor of Purina and Ubbiko Feeds

Through the general circulation of this Suburban and Farm Trade Review we wish to direct the attention of all our farmers and livestock men to this superior line of dairy and poultry feeds of proven efficiency. The most exacting farmers have found greater returns in feeding these hog feeds, dairy cattle and poultry feeds. Let them supply you with these feeds and get greater returns.

The Purina and Ubbiko feeds in every variety, whether for hogs, cattle or poultry, are made up first with reference to nutritive value. They contain the correct proportions of beef and pork developing,

body-building, milk and egg-producing elements.

And bear in mind that this is a business firm of our own section and distributors of products that have done much to advertise our area, as well as products that have meant profitable returns to their ever-increasing army of satisfied users.

Our farmers have at their service a real metropolitan feed establishment and a firm that always shows an interested part in boosting for farmers' rights.

They are located in Covington at 16th and Russell Streets. Phone Hemlock 2622.

LOUIS MARX AND BROS.

Northern Kentucky's Leading Home Furnishers

By means of this Spring Trade and Industrial Review we are pleased to have the opportunity of calling the attention of our readers to this well-known and reliable concern which is known as Northern Kentucky's Leading Home Furnishers. They are conveniently located with two stores: one at 640 Monmouth St., Newport; the other at 520 Madison Ave., Covington. The phone numbers are Colonial 9614, Colonial 8187, and Hemlock 0280.

Louis Marx and Bros. carry the largest stocks of their type in this

section and feature bedroom, dining room, living room, and kitchen outfits of all types. In addition, they also have a good selection of coal and kerosene ranges.

In the primeval days when the settler leaved his home from the forest and built his furniture from slabs, there was little use for the modern furniture store, but with the growing complexity of our civilization and the fact that all classes of people are becoming more or less discriminating, the demand for furniture of the highest quality has become more acute. Louis Marx and Bros., founded

their business upon the principle of a small margin of profit and a large business and guarantee their prices to be among the lowest in this section, quality being considered. Their stock is new and they invite all to come in and look over the store before making any purchases in the furniture line. They also have a large selection of suitable gifts for the home such as lamps, pictures, mirrors, etc.

In making this review we are pleased to compliment Louis Marx and Bros., upon their excellent stock and accommodating service.

SUMME & RATERMANN CO.

Home of Latonia Springs Dairy Products

By means of this commercial trade review we wish to call our readers attention to this well known concern who are manufacturers and distributors of the popular Latonia Springs Dairy Products—the finest on the market. The company is under the direction of well known local business men who merit our confidence and support. Demand these products today and give your family, friends, and yourself the best that money can buy. Their modern plant and offices are located in Covington, 224 E. 20th St. The

phone number is Colonial 0520.

There is also another side to the picture that we wish to point out. That is the position of dairy products as an aid to health. Milk contains nutritional components that are of great assistance in sustaining health. Carbohydrates provide food energy. Fats supply food energy and also vitamins A and D. Proteins furnish amino acids which are essential for growth, and minerals help to regulate the chemical changes that are continually taking place in the body. The healthful qualities of Latonia

Springs dairy products are protected because they are made in a modern and sanitary plant by experienced dairy products specialists who are careful to use only the best of raw materials in the manufacture of this line of products.

The Federal, State, County, and city taxes which they pay, their policy of employing local residents and buying local supplies, and their regular scheduled delivery service to our own and surrounding communities certainly should be considered when buying any dairy products.

Nick Blau - Heating Contractor

Specializing in Hot Water, Steam, and Vapor Heating

This is one of Covington's leading heating engineering establishments, located at 422 Scott St. They feature the latest approved coal, gas, and oil fired heating and air-conditioning equipment which can be purchased on a budget plan. In this Trade and Industrial Review we wish to refer their services to our home owners and business men. Phone Hilland 3159.

There is no feature so outstanding and necessary as the capable and efficient work of the modern heating engineers in the planning and equipment of the modern home or business block.

The American home of today is not composed of four walls and a roof, as of old. It is essential now that it be equipped with an automatic heating and air conditioning system in a sanitary manner, thus making it more conducive to health, happy families and the longevity of life. History teaches us that as the world becomes more densely populated sanitation becomes a greater necessity.

The heating and air conditioning system to meet these requirements must be a person of modern ideas and have a complete knowledge of the laws of sanitation.

As a result of their experience they are called upon to serve where the patron demands the most efficient, scientifically correct installation.

They have completed many contracts in this part of the state and by doing so have gained a widespread reputation for perfection, thoroughness and skill.

Mr. Blau also specializes in stoker service and features the famous Auburn stokers which will be available soon. He is also equipped to cut and thread pipe up to 6 inches.

ART for the READERS' SAKE

He adds graphic
interest to the news
... through color
and line

LOUIS DEY... Art Director of The Courier-Journal and the Sunday Roto Magazine, has been the instrument of change and improvement in your newspaper's appearance. Throughout the past twenty-two years, his T-square has slipped across the pages, introducing magazine make-up to feature and editorial lay-outs ... vital color to the Roto Magazine.

A native Kentuckian, Louis studied under the famed Paul Plaschek and entered the newspaper field to move from one department to another, leaving organized art in his wake. The bugle blew for him in 1942, soon after he and Cary Robertson had launched the new Roto Magazine. Under Army orders for men over 38, Dey was

released after basic training with the infantry at Camp Wheeler, Ga., and further service at Ft. Knox.

Louis says the army gave him a new interest in food, so that upon his return to the newspapers, he renewed his collaboration with Cissy Gregg, Food Consultant, and Harold Davis, color photographer, developing food pages timed to the needs of war living. Today the Roto Magazine prints more full color food pictures than any other magazine in the country.

A man of great charm and appeal, it is impossible to explain how he has managed to escape the bonfire of matrimony. His hobby is photographing the babies of his married friends.

KEEP YOUR RED CROSS
AT HIS SIDE

This Is a Call to America's Heart

This is the most important appeal for funds in the history of the Red Cross.

After three years of war the work of your Red Cross is greater than ever. It must continue its vital job of sending food and medicine to war prisoners ... aiding the ill and lonely overseas ... collecting life-giving blood plasma ... and the

countless other humanitarian services it alone performs.

You ... and YOU alone ... keep the Red Cross alive. There are no special funds to keep up this great work. The money as always must come from the heart of America.

So give NOW... Give MORE! Help keep your Red Cross at his side!

COMMUNITY PUBLIC SERVICE COMPANY

Dr. Jacob Gartenhaus To Speak At Florence Baptist Church Sun.

Dr. Jacob Gartenhaus will speak at the Florence Baptist Church next Sunday morning, March 11, at 11:00 and at the Elmore Baptist Church at 7:45 in the evening. It was announced this week.

Rev. Gartenhaus, of the Home Mission Board of the Southern Baptist Convention, Atlanta, has for the past sixteen years been in charge of the department of Jewish Evangelism as field secretary.

In this capacity he has visited and spoken in Baptist churches, and contacted people of his own race in thirty different states and a number of European countries.

This Christian Jew holds a responsible place among southern Baptists in the life of the denomination, and is rendering a great

and lasting service in promoting better relations and understanding between Jews and Gentiles. He has done more than any other man to impress upon the minds of southern Baptists the great debt of gratitude they owe the Jewish people. His appeal for fellowship and brotherhood is not alone for Jew and Gentile in America, but for all peoples everywhere.

The public is cordially invited to attend the services at Florence and Elmore.

CONSTANCE F. T. A.

The Constance F. T. A. meeting will be held Wednesday, March 21 at 1:30 p. m. We will have election of officers and lunch will be sold to preserve Founders Day. Those who don't bring sandwiches bring cakes. Everyone urged to be present.

—Publicity Chairman.

LABOR SAVING MEETING PLANNED

FOR BURLINGTON MONDAY,
MARCH 12—PICTURES, SLIDES
AND MODELS OF EQUIPMENT
WILL BE SHOWN

The first county meeting on new labor saving devices and practices will be held at Burlington on Monday, March 12th at 1:30 p. m. according to E. R. Forkner, County Agent. Pictures, slides and models of labor saving equipment will be on display.

The farm labor situation will be lighter in 1945 than in any year to date. One great good comes out of times of adversity, namely, new ideas and methods. The College of Agriculture has made a careful study the past two years of all new ideas on labor saving. The best of these ideas have been prepared and will be presented by College specialists on Monday. All farmers and farm machinery repair men are urged to attend.

Mary Julia Day

Funeral services for Mary Julia Ann Day, infant daughter of Mr. and Mrs. Hubert Day were conducted from the Walton Baptist Church Monday at 2 p. m. with burial in Linden Grove Cemetery, Covington.

The child passed away Saturday at the home of her parents near Walton, following a short illness. She is survived by her parents, and one sister, Sylvia Day. Chambers and Grubbs, Walton funeral directors were in charge of arrangements.

Russell Hunt Will

Address Tobacco Growers

Russell Hunt, tobacco specialist from the College will meet with Boone County farmers this Tuesday, March 13th at 1:30 p. m. The meeting will be held at the court house.

Hunt will discuss latest improvements in production practices and outlook for the 1945 crop year. All tobacco growers are urged to attend.

Alvin Clore of the U. S. Navy arrived Sunday to spend a furlough with his wife and children here.

THANKS

The Burlington P. T. A. desires to express its sincere thanks to everyone who contributed toward the success of the Farm Bureau banquet held at the school building Friday night, March 2.

CARD OF THANKS

We wish to express our sincere thanks to everyone for their many kindnesses and sympathy shown us during the illness and death of our beloved husband and father, Sam Pettit.

Especially do we thank the donors of the floral pieces, the singers; Rev. Johnson for his consoling words; Dr. Yelverton for his untiring service; and Tharp and Smith for the efficient manner in which they conducted the funeral.

Bowel Cleaning Power Of Erb-Help Medicine

One man recently took ERB-HELP three days and said afterward that he never would have believed his body contained so much filthy substance. He says his stomach, intestines, bowels and whole system were so thoroughly cleansed that his constant headaches came to an end, several pimply skin eruptions on his face dried up overnight, and even the rheumatic pains in his knee disappeared. At present he is an altogether different man, feeling fine in every way.

ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get ERB-HELP. Elmore Pharmacy, Dixie Highway.—Adv.

SUNDAY SCHOOL LESSONBY HAROLD L. LUNDQUIST, D. D.

Lesson for March 18.

Lesson subjects and Scripture texts selected and prepared by International Council of Religious Education; used by permission.

THE LAW OF LIFE

LESSON TEXT—Matthew 25:31-44.
GOLDEN TEXT—Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy mind. This is the first and great commandment. And the second is like unto it, Thou shalt love thy neighbor as thyself.—Matthew 22:37-39.Our lesson presents a great judgment scene—majestic, solemn, stirring. Many confuse it with the judgment of the Great White Throne in Revelation 20. But Matthew 25 is obviously the judgment of nations (v. 32) for their treatment of Christ's brethren (v. 40), a word referring primarily to Jews, but also spoken of in Matthew 12:45-50.
The lesson needs broader application, however, so we suggest that we allow the more general principles of judgment occupy our attention. We note that:
I. Judgment Divides (vv. 31-33).
The nations coming before Christ when He shall have appeared in all His glory, shall find themselves separated into two groups on the basis of their treatment of the brethren of Christ.
The fact that God has drawn a line of division down through all humanity and that each one of us is on one side or the other is not a doctrine which finds ready acceptance with modern thinking, but it is nonetheless a fact.
No man established that division—God Himself did it, and did it in love. To some it may seem to be a hard saying, but it is not, for it comes from the lips of the gentle, loving Jesus.It is because He loved us enough to give Himself for us that any of us should have the assurance of eternal joy and blessedness.
They who stand on the other side of the line do so because they have not accepted God's proffered salvation in Christ. Reader, where do you stand?
II. Judgment Declares (vv. 34-45).
Our attitude toward God expresses itself in our attitude toward our fellow man. That which we do toward those about us is not a matter of indifference. It is the basis for God's judgment of our lives. Each of us must answer for the deeds done in the flesh whether they be good or evil. That is true even of the believer (1 Cor. 5:10), whose salvation has already been determined by his faith in Christ.Here in our lesson, however, the failure to do that which shows forth God's law of love is made the ground of eternal judgment. This is not because an act of kindness itself can be regarded as the ground of division, but because the failure to give it or do it reflects an attitude of heart toward our God and His Christ, which is in reality a rejection of His way of salvation.
Judgment is thus a revelation of the attitude of the heart, which marks a man or woman as being either saved or lost. It may be possible to so belittle the thinking of our friends and neighbors that we may go through life looking something like a Christian, but when Christ judges, it will all be revealed to us.
Notice the importance of a proper attitude toward those who need our kindness and help. All too often the only concern of men and women is to look out for "number one" and let the rest of the world shift for itself.

Observe also that the Lord identifies Himself with His brethren—what is done to and for them is counted as done to and for Him. Compare the experience of Samuel (1 Sam. 8:7) and our Lord (Acts 9:5). Touch God's people and you touch Him. Fall them and you fall Him. Serve them and you serve Him.

III. Judgment Determines (v. 46).
Yes, God's judgment determines eternal destiny. Life eternal, or everlasting punishment, which shall we have? This is determined by God's final word of judgment, but remember that He judges in accordance with the attitude of heart and action of life on this side of the grave.

Now, for that matter, is a part of eternity, and it is consequently of great importance that we are right with both God and man now if we expect to be right throughout eternity.

We need to face this truth of judgment with complete candor and honest heart-searching. We agree with Dr. Douglass that "we must stand with awful concern before this solemn truth. Do not hesitate to teach this because it is contrary to the current of modern thinking or shocking to confront. It needs to be faced in a brave spirit of realism. (As a teacher) you will do your pupils a great disservice if you try to shield them from the grim implications of this truth."

Yes, and also if you keep from them the glorious prospect of eternal joy in the presence of God. The law of life is the law of love—love for God, and for Jesus Christ whom He sent to be our Redeemer, and love for His brethren. The law of love rules even in the day of judgment.

Long Illness And Your Feet

N. TULCH
Foot Comfort Specialist at—
PEOPLE'S SHOE STORE
814-816 Madison, Covington

Long illness or long convalescence often may be the cause of painful muscle spasm in the lower limb and foot. In either circumstance long periods of inactivity, lack of exercise, coupled with the weakened condition of the body cause the muscles to lose tone and become weak and flabby.

The foot, while lying, as in bed, cannot and is not, held in a normal position in relation to the limbs and rest of the body. The foot is held in an extended position, which allows a shortening of the large muscles in the back of the limb, and allows the weaker muscles in the front of the limb to stretch.

When partial strength, to the patient, is restored and he finally is allowed to walk, it is imperative that the bones of the foot are properly supported in shoes designed to distribute body weight evenly over the whole bottom surface of the foot, and to relieve the strain on the muscles, ligaments and tendons until normal strength and muscle tone return.

An ordinary "strong looking" shoe is not the solution to this problem. Ordinary shoes with so-called arch support and flat base planes, can only allow the foot condition to degenerate further.

At this time special attention should be paid to the inner construction of the shoe. The base construction and inner foundation of the shoe should be shaped to the NORMAL CONTOUR OF the bottom of a NORMAL FOOT. The inside of the shoe should resemble the normal foot print in soft turf or sand.

Such a shoe with sound construction and foot shaped base planes is found in an especially built surgical shoe—Adv.

BURKE-RYLE
Miss Bernice Burke, daughter of Mr. and Mrs. Lee Burke, of North Sewickley, became the bride of Daniel Ryle, aviation machinist's mate, third class, son of Mr. and Mrs. Boone Ryle, of Hollywood, Fla., in an impressive wedding at the first United Presbyterian manse here yesterday afternoon.

Dr. W. E. Miller, pastor of the church performed the double-ring ceremony at 3:30 o'clock. Attending the couple were the bridegroom's brother and sister-in-law, Mr. and Mrs. Irvin Ryle, of the Country Club Drive.

The bride was attractively attired in a powder blue suit with navy blue accessories and a corsage of yellow roses. A rust-colored ensemble, with black accessories and a gardenia corsage, was worn by the matron of honor.

Last evening, the newlyweds were honored at a lovely dinner at the home of the bride's parents. Mrs. Burke was aided by another daughter, Mrs. Regis Graham, and her daughter-in-law, Mrs. Paul Burke, in serving the meal. A four-tiered wedding cake, topped with a miniature bride and bridegroom, centered the table.

Petty Office Ryle and his bride left this morning for Hollywood, Fla., where they will visit with his parents. On a 16-day leave, the bridegroom has been stationed at the naval air station at Brooklyn. After his return there, he expects to be sent to Chicago for three months of training. His bride will reside in Chicago with him. A graduate of the local high school, class of May, 1942, she was employed, before her marriage, at the National Tube company plant here.

Across his desk flows a steady stream of talent to be fitted into an exacting schedule. He also supervises announcers, timing, continuity, production and traffic.

This big chap, who soars three inches above six feet, and weighs almost 200 pounds, is a native of Quincy, Illinois, where he went through high school and college, and set out on a radio career. Dick came to us in 1938 after varied training as station page, sports announcer, singer, newscaster and news director. He left us briefly last fall, returning in January of 1945 to take over the post of Program Manager.

Fischer believes WHAS' listening audience deserves greater coverage of local and regional news, in addition to national and world news. He wishes the listening public knew more about the closely organized inner workings of a radio station, where time is always of the essence. To amateurs, facing their first mike, he offers the consolation that veteran performers also suffer fright . . but adds that nervous tension lends potency to speech.

Dick, our 33-year-old giant, is married and has two young Fischers at home. He meets his day's problems with the affability of a youngster who's just acquired the world's most interesting mechanical toy.

CARD OF THANKS

We wish to take this opportunity to thank our many friends and neighbors for their kindness and sympathy shown us during our recent sorrow in the loss of our son, Pvt. Floyd C. Ranes, who died somewhere in France on February 19, 1945. Especially do we wish to thank Rev. Roy A. Johnson and Mr. and Mrs. Earle Smith for their consoling words and kindness. Your expression of sympathy during these hours of sorrow are certainly appreciated.

Mr. and Mrs. Henry Ranes and Family

CARD OF THANKS

Through this medium I wish to thank all my neighbors and many friends for all the cards that have been sent to me during my shut-in days, the many messages of cheer and hope I shall cherish for a long time.

Just as night brings out the stars, so sickness and adversity show us our real friends.

Mr. and Mrs. Chas. H. Crigler

CARD OF THANKS

I wish to take this opportunity to thank all my friends and neighbors for their kindness in helping move my property during the recent high water.

An Elsmere Lady Spit Up Acid Liquids For Hours After Eating

For hours after every meal, a Elsmere lady used to spit up a strong, acidulous liquid mixed with pieces of half-digested food. She says it was awful. At times she would nearly strangle. She had stomach bloating, daily headaches and constant irregular bowel action. Today, this lady eats her meals and enjoys them. And she says the change is due to taking ERB-HELP. Her food agrees with her. No gas, bloating or spitting up after eating. She is also free of headaches now, and bowels are regular, thanks to this Remarkable New Compound.

ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering. Get ERB-HELP. Elsmere Pharmacy, Dixie Highway.

THE BOONE COUNTY RECORDER

ESTABLISHED 1875

BURLINGTON, KENTUCKY THURSDAY, MARCH 22, 1945

TWO ARE HELD WITHOUT BOND

FOLLOWING EXAMINING TRIAL IN JUDGE CROPPER'S COURT—CHARGED WITH ARMED ROBBERY.

Two Cincinnati men were ordered held for grand jury action, following an examining trial in Judge C. L. Cropper's Court, Thursday on armed robbery charges in connection with the March 1 robbery of Rainbow Tourist Home, Florence. The men registered as Norbert Zitt, 47 and Albert R. Gray, 22. Commonwealth Attorney R. L. Vincent and County Attorney Ohas. W. Riley represented the Commonwealth at the examining trial. They alleged that the two men obtained \$300 in cash, a radio, revolver and cash register in the tourist home robbery.

A grand jury impanel April 6th will consider the charge against Zitt and Gray. W. L. Stepper, operator of Rainbow Tourist Home and six others were forced by three gunmen staging the holdup to enter an ice box where the temperature registered 32 degrees above zero. Others were locked in a linen closet upstairs. Police believe that Zitt and Gray also participated in the holdup of the Club Kenridge, of Kenwood, Ohio, in which several thousand dollars in loot was obtained.

Nancy Tucker Riddell

Mrs. Nancy Tucker Riddell, age 79 years, passed away at her home in Burlington Tuesday night at 11 o'clock, following a prolonged illness of several months. She is survived by her daughter, Mrs. F. W. Dempsey, of Erlanger; one granddaughter Nancy Jane Dempsey and one grandson, F. W. Dempsey, Jr. She was a lifelong resident of Boone County and a faithful member of the Burlington Baptist Church. She leaves a host of friends and acquaintances who will greatly miss her kindness and friendship. Funeral services will be conducted Friday afternoon from the Telford funeral home, Erlanger, at 2:30 p. m. with Rev. R. A. Johnson, officiating. Burial will be in the I. O. O. F. Cemetery, Burlington.

Utopia Club Meet 27th

The Boone County Utopia Club will hold a special annual production meeting at Burlington on Tuesday evening, March 27th, at 8:00 p. m., according to Grant Maddox, president. J. S. Gardner from the College of Agriculture will be guest speaker. The regular meeting date has been changed so that Mr. Gardner can be secured.

ELECTRIC COMPANY ISSUES WARNING

CHILDREN ADVISED NOT TO FLY KITES NEAR ELECTRIC LINES—RULES ARE GIVEN BY MANAGER OF COMPANY.

With kite-flying time just around the corner, Community Public Service Company again issues its annual warning about the dangers of flying kites near electric lines. "Every year scores of children needlessly lose their lives through accidents resulting from the use of wire kite string or climbing poles to tie lines," says R. M. Hall, power company manager. "Such tragedies can be avoided if kite flyers will follow a few simple precautions—the most important of which is to fly kites in open fields away from power lines." To enjoy kite-flying safely, children are urged to follow these rules:

1. Don't use wire or metallic kite string.
2. Don't fly your kite with wet string or in damp weather.
3. Don't use metal kite sticks or frames.
4. Don't climb a light pole to get a tangled kite.
5. Don't poke a stick at a kite caught in wires or try to pull it down by its tail.
6. Always fly your kite in open fields away from power lines and busy highways.
7. If your kite gets away from you and falls into an electric line, don't try to take it down yourself. Call the power company and they'll send a man to remove it.

Storm Causes Damage At Richmond Monday

A tornado struck Richmond late Monday causing considerable damage to property in that section. A large barn was wrecked on the farm of Finley Jacobs, and many farming implements were ruined. A residence on the farm of Dr. H. W. Craig was damaged and a garage owned by E. F. Deufel was destroyed.

Electric service was interrupted for approximately two hours due to lines being blown down in that area. Judge C. L. Cropper reported that several small bridges in the county were damaged by the heavy rains, loosening foundations.

FOUR-H LEADERS ARE SELECTED

PROJECT INSTRUCTION STARTED IN TWELVE COMMUNITY 4-H CLUBS—HOPE TO COMPLETE MANY PROJECTS.

Boone 4-H Club members have selected forty-three Home Economic project leaders to serve during 1945. These leaders have started project instruction in each of the twelve community 4-H clubs, according to Mary Hood Gillespie, Home Demonstration Agent. Members are having the opportunity to take clothing, foods, home labor service, canning, and room improvement. The majority of girls are enrolled in one or two projects. Leaders hope to complete most of the clothing and foods work before school is dismissed for the summer. Following are the leaders who are helping with project instruction: Burlington, Mrs. Thomas Hensley, Mrs. H. R. Forkner, Mrs. Walter Brown, Mrs. Jim Smith, and Mrs. Courtney Kelly; Constance, Mrs. Thomas Kenyon, Mrs. Ruth Huey and Mrs. Sadie Blackburn; Florence, Mrs. Alice Blackburn, Mrs. George Morrie, Mrs. Frances Luchte, Mrs. Marie Osman, Mrs. Roy Adams, Mrs. Ann Fitzgerald, Mrs. Harve Baker, Mrs. Louis Houston, Mrs. George Kobman, Mrs. Helen Byrnes, St. Paul's, Sister Castella, Mrs. Ralph Lipp, Mrs. Ruth Sullivan, and Miss Jane Scott; Grant, Mrs. Mary E. McArthur, Mrs. Hugh McArthur, Mrs. Lillard Scott, Mrs. Martha Wolfe; Hamilton, Mrs. J. C. Acree; Hebron, Mrs. Howard Acra, Mrs. Minnie Hodge, Mrs. Reuben Asbury, Mrs. Parker Hollis, Mrs. A. W. Rogers, Mrs. Grant Anderson, New Haven, Mrs. Jake Clegg, Mrs. Austin Geschwind, Mrs. Bernice Hedges, Mrs. Roy Kenney, Petersburg, Mrs. Hazel White, Mrs. Dorothy Christy, and Mrs. Charles Kloppe; Verona, Mrs. Dorothy Dance; Walton, Wanda Pennington; and Burlington No. 2, Glenna Sleet.

Mrs. Mary C. Scott

Mrs. Mary Collins Scott, 88, widow of Will H. Scott, widely known Boone County dairy farmer, died Monday at her home on Dixie Highway, Florence, after an illness of two days.

Mrs. Scott has been a resident of Florence for many years and was a member of the St. Paul Married Ladies' Society. She is survived by five sons, Will H., Charles and George Scott, all of Florence; Louis Scott, Erlanger; and Arthur Scott, Walton; five daughters, Mrs. Alice Stuntbeck and Mrs. Lucy Mulvey, both of Covington; Mrs. Evelyn Durr, Piner, Ky.; Mrs. Matilda Glaser, Louisville; and Mrs. Marie Cornelius, Morning View; 31 grandchildren and 16 great-grandchildren. Requiem High Mass will be sung at 9 a. m. this morning (Thursday) at St. Paul Church, Florence, following prayer at 8:30 a. m. at the residence. Burial will be in St. Mary Cemetery.

Tharp and Smith, Florence funeral directors are in charge of arrangements.

\$762 DONATED BY BOONE COUNTIANS

IN INFANTILE PARALYSIS CAMPAIGN—HALF OF MONEY REMAINS IN STATE-PRECINCT DONATIONS LISTED.

"Due to the generosity of the people of Boone County, the Infantile Paralysis campaign was a real success, and the chairman and their workers also this paper, are thanked for their splendid cooperation, not only by myself, the State Chapter, and the National Foundation, but by the many infantile paralysis victims, who will receive help from this money," said Mrs. Elizabeth Goodridge Neff, director Boone County Infantile Paralysis Campaign, in a statement issued Monday.

Half of the money remains in Kentucky, the other half goes for research in various laboratories throughout the country and to teach technicians and medical aids how to care for those who contract infantile paralysis. Also a fund is built up to help in time epidemic. For instance, last summer in our own epidemic the National foundation gave Kentucky \$100,000.00 and sent in trained technicians and workers.

There is a crippled children's clinic set up at Booth Hospital, Covington for the children of Boone, Kenton and Campbell Counties.

The question has arisen, asking if the National Foundation and Warm Springs, Ga., are one and the same? The answer is no. Warm Springs, Ga., is in no way connected with the National Foundation. Warm Springs, Ga., is a privately owned hospital of 100 beds, which draws people from the entire United States. At the present time there is one patient there from Kentucky.

This grand cause is out of politics, for while it was started and is centered around President Roosevelt's birthday, our honorary chairman in Kentucky is Republican governor Simeon Willis.

The donations from various precincts, follows:

Petersburg	\$7.00
Beaver	69.35
Richwood	11.00
Burlington	71.30
Constance	57.55
Florence	47.60
Taylorport	14.48
Union	121.50
Verona	33.50
Hebron	77.99
Harrison, Big Bone and Rabbit Hash	16.88
Walton	74.40
Bullitsville	21.55
Bellevue	67.00
Total	\$762.05

No one connected with the Boone County organization receives any pay, and there were no expenses.

This is not the final report as Boone County gets credit for all March of Dimes cards sent in. As soon as the final report comes from national headquarters it will be published.

Miss Rena M. Grant is improving after being confined to her bed for the past five weeks in St. Elizabeth Hospital, with rheumatic fever. She expects to return to the home of her parents this week.

RED CROSS BEGIN REHABILITATION

WORK FOLLOWING RECENT FLOOD—ASSISTANCE WILL BE GIVEN FAMILIES UNABLE TO MEET NECESSARY EXPENSES.

The American Red Cross is beginning the work of rehabilitation following the recent flood, according to R. I. Rouse, chairman of the Boone County Chapter. About fifty families were evacuated by the disaster committee of the Chapter, during the emergency. As is the policy of the Red Cross, financial assistance will be given to those affected families unable to meet the expense of their disaster-caused needs.

"Registration is open now," Mr. Rouse continued, "for people wishing to apply for assistance, and persons are asked to call at the Red Cross office on the second floor of the courthouse on Tuesday afternoon, March 27 between one and five o'clock, where the executive secretary will take the applications."

James Wilson Helps Keep Luftwaffe From Po Valley

With The Fifth Army, Italy—Corporal James M. Wilson, son of Mrs. Maude Patterson of Burlington is a member of the 432nd Antiaircraft Battalion, whose guns emplaced close to the Po Valley, have been helping keep the German Luftwaffe reluctant to visit the Fifth Army front in northern Italy.

Many of the more than 750 days the 432nd has manned its guns have not been so quiet. After the battalion had shipped overseas in August, 1942 and served a while in England and Scotland, it fought through the Tunisian campaign—during much of which the enemy enjoyed superiority in the air. The 432nd knocked down three Messerschmitts in one raid before Cassino, Italy, and accompanied the Fifth Army's Goums when the French Expeditionary Corps cut through the mountains around Casaleforte and Valmontone and to the north of Rome.

The 432nd is normally assigned as a unit of II Corps. The battalion landed at Oran, Northern Algeria, in November, 1942 and fired in protection of airports, seaports, Allied shipping and bases of Flying Fortresses and Lightning fighters. The 432nd frequently fought off droves of Junkers raiding these points. The outfit protected Allied shipping passing in the waters about Bizerte for the invasion of Sicily. The battalion was reequipped with halftracks and self-propelled guns for the Italian campaign, which it entered November 1, 1943, in the Mignano sector.

The 432nd crossed the Arno River and entered the Gothic Line last fall, providing overhead support for infantry and supporting troops pressing toward the Po Valley.

The unit has a commendation from the French it supported in the offensive across and beyond the Garigliano River.

Lieutenant Colonel David S. Kessler, Leesville, South Carolina, commands the battalion.

Campbell Farm Sold To W. A. McLoney Mon.

Rev. J. W. Campbell sold his 101-acre farm, where he resides near Idlewild, on Highway 20 to W. A. McLoney, Monday. The sale was consummated by the purchase of the farm by Mr. McLoney then sold 30 acres in the rear of the farm to W. B. Campbell, which acreage adjoins W. B. Campbell's home farm.

This is a well located farm and with some improvements, which are planned by Mr. McLoney, it will be very desirable. The improvements consist of a large 8-room house in a nice yard with many trees, two barns and other buildings.

Rev. Campbell has lived on this farm for 32 years, having purchased same from the heirs of John Cropper, two or three years after having lived in the property. The sale was handled through A. B. Renaker.

It will be recalled that Mr. McLoney sold his farm with the log house out on Highway 18 a few weeks ago.

Leaves For Basic Training

2nd Lt. Lealla Marjorie Curtis A. N. C. left Thursday, March 16th for basic training at Billings General Hospital, Ft. Benjamin Harrison, Indiana, Ind.

She has been affiliated with Booth Hospital, Covington, Ky., since October 1943 and was a graduate of the 1943 class at St. Elizabeth Hospital, Covington. She is the daughter of Mr. Elizabeth Reitor, of Richmond, Ky.

Shrubbery Set In Front Of Service Roll Board

Shrubbery has been set in front of the Boone County Service Board in Burlington, and twenty-five flower names are being added to the list of men and women now in the Armed Forces from this County. If any names have been omitted from the list, please notify a member of the Committee and the additions will be made. The committee includes Mrs. Albert Willis, Mrs. Parker Hollis, Mrs. Thomas Hensley, Mrs. Mary Hood Gillespie, Judge C. L. Cropper, C. D. Benson, and Courtney Kelly. Cost of beautification and maintenance of this board is taken care of by the Homemakers' Clubs of the County.

WELL KNOWN DOCTOR DIES

FRANK A. DAUGHERTY HAD LARGE PRACTICE IN BOONE AND KENTON COUNTIES—SON OF LATE J. F. DAUGHERTY.

Dr. Frank A. Daugherty, well known Independence physician, died Friday at Booth Hospital, Covington, of a heart ailment attributed to overwork resulting from the shortage of physicians.

Dr. Daugherty, who was 47 years old, became seriously ill last October, and had been under the care of his brother, Dr. Harry R. Daugherty, Florence, Ky. Before then he had been in poor health, but had continued to make his rounds among his patients in rural parts and in Independence, in addition to keeping office hours.

Son of the late Dr. J. F. Daugherty of Walton, Ky., he was born in Pendleton county. He graduated from Walton High School and from the College of Medicine at the University of Louisville. He served a year's internship at Good Samaritan Hospital, Cincinnati, and in 1927 established his residence and medical practice in Independence. He had an extensive practice in both Boone and Kenton Counties.

He was a member of the Independence Lodge of Masons, a charter member of the Independence Baptist Church and a member of the Cincinnati Academy of Medicine and the Campbell and Kenton County Medical Society. He was a member of the Students Training Corps in World War I.

He is survived by his mother; his widow, Mrs. Virginia Hogrefe Daugherty; a daughter, Miss Minnie Daugherty; a son, Franklin; a brother, Dr. Harry Daugherty, and two sisters, Mrs. William C. Green, Cincinnati and Mrs. Luther Ray Richardson, Columbia, Mo. Funeral services were held at 2 p. m. Monday at the Independence Baptist Church, with Rev. Ward E. Manners, pastor of the church in charge. Burial was in Independence Cemetery.

Army Nurse Arrives Home

After thirty-eight months overseas, 1st Lt. Anna L. Grant arrived home March 9, 1945 for a 30-day leave with her family and relatives. Lt. Grant has seen active duty on the battle front, being stationed at a point near two major battles and was to participate in the third when she received notice to return home. She would like to see her many friends and relatives and extends an invitation to visit her at the home of Mr. and Mrs. Chester Grant.

GRADE TOURNAMENT SET FOR MARCH 23

FIVE TEAMS WILL COMPETE FOR CHAMPIONSHIP—FINALS WILL BE HELD FRIDAY NIGHT AT 7:40 P. M.

A Boone County grade basketball tournament will be held at the Florence high school gymnasium on Friday, March 23, it was announced this week.

Preliminary games will begin at 1 p. m. Friday afternoon with five teams entered. Schools representing will be Hebron, New Haven, Florence, Hamilton and Bellevue, with prospects of others entering before the tournament begins. The finals will be held Friday night at 7 p. m.

Proceeds from the tournament will be divided among participating schools for physical education equipment. Admission will be 15 and 25 cents. This is the first time that a tournament of this kind has ever been held in the county. Everyone is urged to attend and support their favorite team.

Robert Eastman, Jr. Wounded Second Time

T/Sgt. Robert Eastman, Jr., 22, son of Mr. and Mrs. Robert Eastman, Sr., of Florence and husband of Mrs. Jacqueline Wood Eastman, 3638 Emerson Ave., Covington, was wounded for the second time in Germany March 2, according to an announcement received here.

Sgt. Eastman was wounded the first time several months ago while fighting with the U. S. Army in Belgium.

He had been in the Army for thirty months, and has been overseas since September of last year. Sgt. Eastman is a graduate of Florence High School.

His father is a member of Boone Draft Board No. 9.

Miles Goodridge Reported Wounded

Mr. and Mrs. Edgar Goodridge, of Hebron received a letter from their son last week, stating that he had been wounded, while fighting in Germany. He writes that his wounds were caused from an exploding shell.

He stated that he was writing in order that the family would not be alarmed by the government telegram. No telegram has been received by the family as yet.

1945 TOBACCO OUTLOOK GOOD

ACCORDING TO RUSSELL HUNT, TOBACCO FIELD AGENT AT MEETING HELD TUESDAY EVENING IN BURLINGTON.

Russell Hunt, tobacco field agent from the College of Agriculture, advised Boone County tobacco growers in a meeting at Burlington last Tuesday evening, that the 1945 tobacco outlook was bright provided farmers produce a smoking type quality crop. High yields per acre and quality can and usually go together.

He estimated from preliminary figures that the burley crop in Kentucky would average 1230 pounds per acre and that Boone County would average approximately 1350 pounds per acre. This exceeds the previous record yields by more than 125 pounds per acre. The unusual season produced more of the heavy red tobacco but not a surplus of smoking tobacco.

Hunt recommended the following production practices to growers in 1945:

1. Plan to produce a high yielding and high quality crop.
 2. Balance fertilizers and fertilize liberally. 1000 pounds of complete fertilizer, 500 to 1000 pounds of 20 percent phosphate, 12 to 20 pounds of manure from 150 to 200 pounds of Ammonium Nitrate per acre, and turning under a good crop of vetch and small grain as being used by growers who are receiving consistently a ton or more of tobacco per acre. All but 300 to 300 pounds of the fertilizer is being applied to the vetch crop and turned under. The 200 to 300 pounds of complete fertilizer is placed beside the row after plowing.
 3. Use a root rot resisting variety. If a cold, wet June is encountered root rot may be a serious factor.
 4. Treat plant beds with Blue-stone and lime to control wildfire both in the bed and the field. Don't apply more than 40 pounds of complete fertilizer per 100 feet by 9 feet bed. Use one level teaspoon of seed to 40 feet by 9 foot bed.
 5. Get a good stand in the field by:
 - (a) Using only stocky plants to control wireworms.
 - (b) Don't set when temperature is above 92 degrees fahrenheit.
 - (c) Don't set at least two weeks after turning under green manure crop.
 - 6. Set plants from 18 inches to 23 inches in row to save labor, sticks, etc.
 - 7. Cultivate shallow.
 - 8. Top high and leave two top suckers when grown on the level fertilizer uplands.
- The farmer can spend more today for fertilizers and other improved production practices. Hunt advised that farmers may have to again change their production practices when the market demand changes.

HEBRON LUTHERAN CHURCH Sunday School 10:00 a. m. W. W. Criger, Supt. Lenten Service, Thursday evening at 8:00 o'clock.

WALTON REPORTS QUOTA COMPLETE

IN RED CROSS DRIVE—BEAVER, UNION AND PETERSBURG ARE OVER TOP, ACCORDING TO REPORTS.

The first community in Boone County to report having "gone over the top" in the Red Cross Drive was Walton, with a quota of \$1,046.53. Mrs. Helen Jones is chairman.

Other communities that have reached their goals, in order of reporting, are second, Beaver \$244.07, Mrs. Ruth Green—third, Union, \$559.43, Mrs. Martha Huey; and fourth, Petersburg, \$356.47, Mrs. A. Stephens.

The exact amount collected in the County has not been determined, but it is estimated \$1,900.00 more is needed to reach Boone County's quota of \$4,800.00. Chairman J. R. House urges a more determined effort be made so that a report of complete success may be promptly sent in to Red Cross Headquarters.

If a solicitor does not reach you personally, send your contribution direct to Chairman House, Burlington.

Friday night a basketball game was played between Florence and Burlington in Florence, and approximately fifty dollars was taken in, which will be turned over to the Red Cross. This interest shown by the schools is much appreciated, and this contribution will be a great help in making the quota.

Consider for a moment a few of the things the Red Cross does: The life-saving plasma it collects, the clubs it operates for service men here and abroad, the parcels it sends to prisoners of war, the nurses' aids it trains, the relief supplies it furnished, and the aid it gives to disaster sufferers. This last mentioned we have seen in operation in our own County recently. No other organization is equipped to carry on these activities. The Red Cross is supported entirely by voluntary contributions. It is your responsibility to see that it is able to continue its humanitarian work. "Give from your heart. Keep your Red Cross at his side."

Pfc. Virgil Guley Returns To Hospital

Pfc. Virgil Guley returned to the Lawson General Hospital, Atlanta, Ga., after spending a 21-day leave with his wife and daughter of Union.

IMPROVED SUNDAY SCHOOL LESSON

BY HAROLD L. LINDQUIST, D. D.
Of the Moody Bible Institute at Chicago.
Released by Western Newspaper Union.

Lesson for March 25

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

THE LAST WEEK

LESSON TEXT—Matthew 21:1-14.
GOLDEN TEXT—Blessed is he that cometh in the name of the Lord; Hosanna in the highest.—Matthew 21:9.

The official presentation of Himself to the Jewish people their King, their rejection of Him and what was even more solemnly meaningful, His rejection of the Hebrew nation because of their unbelief—such are the stirring events which take us as we go with our Lord into the last week of His earthly ministry.

The first event in that sequence is the one we study in our lesson for today, namely, the coming of the King to Jerusalem.
I. Preparation and Presentation (vv. 6, 7).
The King comes, but even in His hour of royal triumph He gives to His followers the unexplainable but inestimable joy of meeting His need.

1. "The Disciples Did As Jesus Appointed" (v. 6). He had need of disciples who would do His bidding without question or hesitation. How precious is such obedience! Let us also go, and do what He commands. He needed the colt and the ass. How simple and lowly was that need, and yet how precious that man was ready to meet it!

God's plans are worked out in the little things as well as the great. Prophecy was being fulfilled here (see v. 5) by a little thing. Is God waiting to carry out some great purpose through some little thing which you are withholding from Him? Why hinder Him any longer?
2. "And He Sat Thereon" (v. 7). Though He did not come with the pomp and trappings of an earthly potentate, the King of Glory came to His people to offer them for the last time the opportunity to receive Him.

He asks you to yield your life to His kingship. What will your answer be?

II. Acceptance and Rejection (vv. 8-11, 15, 16).
1. "The Multitude . . . Cried . . . Hosanna" (vv. 8-11). The fact that before the week was over some of the same voices cried, "Crucify him!" should not obscure the fact that there were childlike believers (v. 10) who really had faith in Christ.

There is something inspiring about that picture of enthusiasm and devotion! Real faith in Christ ought to result in a fervor of spirit which will stir our hearts and our cities. Are we not altogether too dead and formal in much of our worship today? Do we not need more holy enthusiasm for Christ and for His Church?

2. "The Chief Priests and Scribes . . . Were So Displeased" (vv. 15, 16). Small wonder, for not only had children put their hands to open the temple doors, but they had opened them by recognizing the Christ whom they had ignored, but He had also ruined their polite religious "racket" which produced for them such a lovely profit.

Mark this—when anyone is displeased with Jesus or with His children or with His work on earth, you can be sure that there is a reason, and not a holy, upright or good reason either.

III. Judgment and Compassion (vv. 12-14).
What a remarkable picture! In the midst of flaming judgment and destruction we find His loving compassion upon the blind and the lame. Folk who think that Christ has no message but love need to look on Him as He cleanses the temple. On the other hand, those who think that He has no word but judgment need to behold Him as He stands in the midst of the overturned tables and debris and heals the needy.

1. "Jesus Cast Out . . . and Overthrew" (vv. 12, 13). He knew where to begin to cleanse the city. He started in the temple. Absolutely right is the man who suggested that the place to start to clean up a city is not in the slums but in the churches.

You will not be ready to clean out the tavern or that other low place where the gang hangs out in your town until you have cleaned out the church if sin is being harbored there.

The same is true of the individual. A regenerated heart will bring a reformed life, not vice versa. You can live only after you have been born.

2. "He Healed Them" (v. 14). The very hands which had just overturned the tables and cast out the money-changers now gently touched the lame and the blind with healing. The eyes which had blazed with holy indignation now shone with love and compassion. The scene of judgment and chaos became the house of prayer and answered prayer. On the very spot where one man had received condemnation, another received healing.

Each one received that which He sought by His own sacrifice and action. How will you, my dear reader, meet Jesus—as your Judge or as your Savior? You must make the choice. Choose Christ today.

Away from Electric Lines!

Kite flying is great fun but danger lurks when kites are flown near electric lines. Many a child has lost his life using wire for kite string or climbing a pole to get a tangled kite. Don't take chances! Play safe by following these rules:

1. Don't use wire or metallic kite string.
2. Don't fly your kite with wet string or in damp weather.
3. Don't use metal kite sticks.
4. Don't climb a light pole to get a tangled kite.
5. Don't poke sticks at a tangled kite or try to pull it down by its tail.
6. Always fly your kite in open fields away from power lines and busy highways.

If your kite becomes caught in electric wires, don't risk injury to yourself. Call our office and we'll send a man to remove it for you safely.

WALTON, KY.

His "FOTO FINISH" is a Full Report On Kentucky Sports

BUCK WEAVER . . . The Louisville Times ace Sports Reporter, is not likely to let you forget the horses, simply because there's a wartime ban on racing. This superb raconteur of the sport of kings can reminisce indefinitely from his boundless fund of knowledge of turf and paddock, and an acquaintanceship among horsemen unmatched in Kentucky.

Long before he bounced the scales above 200 pounds, Buck was carrying weight in sports circles. Born in Louisville, he managed ball clubs while still at Male High, circulated in semi-pro cage leagues, and worked his way up on the links, caddyding to golf champs during matches. But a glance at the walls around his desk proves that his first love is horses. "Paddock Palaver" was his initial turf column, back in 1926 . . . and he's been writing "Foto Finish" since 1936. Weaver's Selections have been carried by Associated Press in papers from coast to coast since 1931. Vice president of the Kentucky Turf Writers' Association, he has long been a member of the committee of Turf and Sports Digest's "Horse of the Year" poll.

Buck's favorite horses for all time are 1918 Derby winner Exterminator; Equipoise, entered in 1931, but didn't run, and Whirlaway, winner of the Kentucky Derby in 1941. The lives and times of these and many other horses are an open American Racing Manual to Weaver.

GAS AND BLOAT

"I was so full of gas I was afraid I'd burst. Sour, bitter substance rose up in my throat from my upset stomach after meals. I got ERB-HELP, and it worked inches of gas and bloat from me. Waist-line is way down now. Meals are a pleasure. I praise Erb-Help to the sky."—This is an actual signed testimonial from a man living right here in Elmore.

ERB-HELP is the new formula containing medicinal juices from 12 Great Herbs; these herbs cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering.—Get Erb-Help. Elmore Pharmacy, Dixie Highway.

THE BOONE COUNTY RECORDER

ESTABLISHED 1875

BURLINGTON, KENTUCKY THURSDAY, MARCH 29, 1945

PRECINCTS REPORT QUOTAS REACHED

IN RED CROSS DRIVE—COUNTY WIDE REPORT OF GOAL, ACCORDING TO INCOMPLETE REPORTS.

Six more Boone County precincts have made their quotas in the Red Cross War Fund Drive now in progress. Those precincts, their quotas and chairmen are given in order of reporting: Bellefonte, \$257.17, Miss Kathryn Cline; Verona, \$321.70, Mrs. Grover Bansom; Hebron, \$580.15, Mrs. Jameson Aylor; Florence, \$1180.33, Mrs. Louis Houston; Bullittville, \$236.00, Mrs. John Whitaker; Burlington, \$993.71, Mrs. J. G. Smith.

Last week those precincts reporting "over" were first, Walton, followed by Beaver, Union and Petersburg.

Exact figures are not available, but it is known that Boone County is still short of reaching its goal of \$6,000.00. The drive ends March 31, and County Chairman Ervin Rouse has complete reports in his hands by that time. Anyone, not contacted by a solicitor, may send his contribution direct to Mr. Rouse at Burlington. The nine hundred boys Boone County has in the armed services are watching this drive. They know that it is a chance for the civilians to say "we are behind you. We are sending you life saving blood plasma, field directors to help you with your problems and to contact your family in emergencies, clubs where you may rest and eat. American medicine to you who are prisoners of war."

We must not fail these boys who are fighting overseas that our homes may be safe from bombs. Give from your heart. Keep your Red Cross at his side.

William Jarrell Returns From Southwest Pacific

S. J. William Jarrell of the U. S. Navy will arrive in Burlington today (Thursday) for a brief furlough, after spending the past ten months in the Southwest Pacific aboard one of our large carriers. S. J. Jarrell enlisted in the U. S. Navy one year ago and received his basic training at Great Lakes Naval Training Station. Upon completion of his "boot" training he asked for active duty and has spent the greater part of the past ten months at sea. "Bill" Jarrell was known in Boone County, having been an employee of The Recorder for a number of years and was editor of The Walton Advertiser, prior to enlisting in the Armed Service. He is the husband of Mrs. Ruth Jarrell of Burlington and a son of Mr. and Mrs. Grover Jarrell of Burlington.

STRATOLINER AT BOONE AIRPORT

VIEWED BY KENTON COUNTY OFFICIALS THURSDAY—HAS CRUISING SPEED OF 220 MILES PER HOUR.

Kenton county officials extended a Kentucky welcome to Transcontinental & Western Airline's stratoliner when it landed at the airport near Hebron, Thursday and remained there for an hour's inspection.

The huge four-engined plane glided to a perfect landing on the high-altitude airport at 10:30 a. m. after having left New York at 5 a. m. and Pittsburgh at 9 a. m.

The plane had a cruising speed of 220 miles an hour and top speed of 245 miles an hour. It will operate on a 14-hour schedule from New York to San Francisco when it begins regular transcontinental flights April 1.

TWA officials, and instructors in cargo handling and other phases of ground operations were aboard the plane when it landed at the airport. It came here on a "shake-down" flight in which ground crews were familiarized with their phase of operating a stratoliner schedule.

Youth Revival Will Be Held At Burlington Baptist Church

Beginning April 1 a Youth Revival will be held at the Burlington Baptist Church, with Rev. W. T. Gardner, pastor of Bullittsburg Baptist Church, as evangelist. Special music will be held every night by Mike Acres. The young people will have complete charge of the services.

Easter morning the Sunday School has set a goal of 200 for services. Meeting this goal will be a splendid manner in which to start the revival.

Residents in and around Burlington are cordially invited to attend the Youth Revival as often as possible. These services are being held in cooperation with the Southern Baptist Convention, which is sponsoring these services throughout the south to win one million souls for Christ in 1945. Services will begin at 8:00 each evening.

Returns From India

Mrs. Lucy E. Carpenter of Walton, R. 2 received a telephone call from her son James W. Carpenter, who has been stationed in Calcutta, India, stating that he had arrived in New York, where he will be stationed at an army hospital. He has been in Calcutta since June 5th. He stated that he would be home within two weeks for a furlough.

DETAILS GIVEN BY MAJOR GENERAL

CONCERNING DEATH OF FLOYD C. RANES—DIED OF WOUNDS ACCORDING TO U. S. ARMY REPORT.

Details concerning the death of Pfc. Floyd (Mike) Ranes, who was reported killed in France February 19th, were received by his parents, Mr. and Mrs. Henry Ranes, of Burlington. The family received a telegram two weeks ago. The letter follows:

"My dear Mrs. Ranes: "I know only too well that words cannot bring comfort to your heart in these hours of loss. However, as your son's division commander, I want to tell you that all of us who remain in this division grieve with you in the loss of our comrade. "Your son, Private First Class Floyd C. Ranes, 35815286 died 19 February 1945 near Hargarten, France, as a result of a wound. He was buried in Luxembourg after an appropriate service at which a Protestant Chaplain officiated. You may secure more detailed information concerning the location of the grave and the disposal of your son's remains and effects by communicating directly with the Quartermaster General, Army Service Forces, Washington, D. C. "He did his duty splendidly and was loved and admired by all who knew him. We will not forget. "He gave his life in the service of his country—these simple words cannot lighten our sorrow, but they bring great pride and inspiration to us all. Sincerely, W. S. Paul, Major General, U. S. Army Commanding."

Promoted in Germany

Word has been received by Mr. and Mrs. Ellison Rector that their son Jack D. Rector, serving with the U. S. Combat Engineers Corps somewhere in Germany has been promoted to the rank of Corporal. He will be glad to hear from his friends. His address is Cpl. Jack D. Rector 35680707, Co. B, Engs. (C) Bn., APO 230 care Postmaster, New York City, N. Y.

Two Farms Sold During Past Week

Byron Kinman and his father, A. R. Kinman, sold their 100-acre farm, purchased from Dawson Day and known as the Ed Bots farm, west of Burlington to Miss Stella Moran of Norwood, Ohio. Mr. Kinman will operate the farm this year for the purchaser. W. P. Beemon sold 63 acres on Camp Ernst Road to R. P. Coleman near Florence. There are no buildings on this tract of land. Mr. Coleman expects to crop this land this year. These sales were handled thru A. B. Renaker.

BANKERS' TROPHY AWARDED 4-H'ERS

BURLINGTON HIGH SCHOOL AND GRANT GRADE SCHOOL RECEIVE AWARD AT 4-H LEADERS' TRAINING CLASS.

Burlington high school and Grant grade school 4-H clubs were awarded the Boone County Bankers trophy Saturday, March 24 at the 4-H Leaders' Training Class held in the courthouse. The award was made on the basis of points earned during the last year, and school were divided into two groups, one for the high schools and one for the grade schools.

Totals were as follows: High school group, Burlington 1316.6 points, New Haven 1259.8, Hebron 1181.1, Walton 1081.9, Florence 1072.5. Grade school group: Grant, 1685 points; Constance 1546.3, Petersburg 1708.9, Verona 1351.1, St. Paul's 1110.5, Hamilton 848.7.

This meeting was held as a training class for 4-H leaders. Mr. D. H. Norris, chairman Boone County 4-H Council, presided, and forty-five leaders were present. Miss Edith Lacy, of the University of Kentucky gave the lesson to the Home Economics Project leaders, and Mr. E. E. Fish, also of the University, gave the lesson to the agricultural project leaders.

The meeting adjourned for lunch at Mrs. Lloyd Weaver's, and in the afternoon talks were made bringing out the necessary cooperation among the 4-H members, their parents and their leaders.

Mr. R. V. Lents, speaking as an adult 4-H leader, emphasized the duty of the leader to lead and encourage the members. Mrs. Albert Pfalzgraf said it was the parents' duty to train their children for happy useful lives and that 4-H club work was a great help in this respect. She said you should not miss the opportunity of being partners with your children. David Kiser, a 4-H member, said the partnership was best illustrated by three points on the circumference of a circle, representing the parents, the leader and the agent, the center of the circle being the club member. This shows that a member is equally close to his leader, his parents, and his agent as far as club work is concerned.

In presenting the framed picture to Burlington as the Boone County Bankers' trophy, Mr. A. B. Renaker reminded the group how fortunate they are to be living in a country where 4-H Clubs are allowed to exist.

Mr. D. H. Norris charged the leaders with their responsibility in the development of the children under them, and he mentioned 4-H clubs as a great aid in preventing juvenile delinquency.

Mr. H. R. Forkner announced that twelve clubs had been organized in the County and that each club has had two meetings. He reminded the leaders that May 19 was the date set for the 4-H Spring Rally.

Miss Mary Hood Gillespie urged that all leaders keep up the enthusiasm of their members and announced that Boone County 4-H girls would send clothing exhibits to the State Fair this year.

The meeting closed with an opportunity for all to bring up their problems, and a general discussion.

Cress Family Hold Reunion

A family reunion was held at the home of Mr. and Mrs. Calvin Cress in Burlington, Sunday March 25 in honor of their two sons Everett E. Cress, S. F. 1-c and Pvt. Calvin Cress, Jr., who are home on ten-day furloughs. Everett is stationed at Long Beach, Calif., and Calvin at Camp Blanding, Fla. Those present were: Mr. and Mrs. Wm. Brumback of Covington, Mrs. Wm. Frank Molter, Mrs. Leona Boker and three children, Mr. and Mrs. Ed Dinwiddie and two children, Mr. and Mrs. Edith Gomph, of Lawrenceburg, Mr. and Mrs. Alvin Taylor and two children, of Aurora, Mrs. Roy Cress, of Lexington and Mrs. Lee Vial, of Harrison, Ohio. Mrs. James Bullock and Miss Lillian Cress of Cheviot, Ohio, and the honor guests.

All their children were at home with the exception of Harry Cress who is stationed in Florence, Italy.

Brush Cutting Demonstration To Be Held April 25th

A power brush-cutting demonstration will be held near Burlington on Wednesday, April 25, according to E. R. Foreman, County Agent. The power brush saw is a new innovation that enables farmers to easily and cheaply clear brush land. The demonstration will be held at the home of Mr. Robert Hume, County Agent of Grant County, one of the pioneers in use of the brush saw in Kentucky, will give the demonstration. The exact place of the meeting will be announced in the near future.

Contributions To Hospital

Last week two generous contributions to the Boone County Fund for use at the AAF Convalescent Hospital, Ft. Thomas, were received, one from the New Haven School, the other from the Hopeful Lutheran Society. The names of the donors and the amounts will be added to the framed list of participating organizations now on display in the Boone County Day Room.

Each week one community in the county sends cookies to the Day Room for the boys, and in this way the jar is kept filled most of the time. There is not now available a list of all the women who have made cookies, but the response has been magnificent.

A list of individuals helping on other ways since the last publication, follows: Mrs. A. D. Hunter, Mrs. Huey Taylor, Mrs. Josie Maurer, Mrs. Grace Hartke, and Mrs. Myrtle Crutcher.

URGE SAVING SCRAP PAPER

HOMEMAKERS MAKING EFFORT TO SEE THAT FREQUENT DRIVES FOR COLLECTION OF PAPER ARE MADE.

The need to save every scrap of paper is more urgent than ever, and the Homemakers Club of the county is making an effort to see that frequent drives for collection of waste paper are made in each community.

You are asked to save all your paper and have it ready in bundles when your community announces a drive.

If you have a large quantity of paper which you wish to turn in, notify the Citizenship chairman of your Homemakers Club, and she will tell you what to do with it. The list of chairmen follows:

Bullittville, Mrs. Alberta Stevens; Burlington, Mrs. H. E. Forkner and Mrs. Aylor; Maith, Constance Thomas Kenyon; Florence, Mrs. John Schram; Hebron, Mrs. Hilda Hogan; New Haven, Mrs. Harry Moore; Petersburg, Mrs. Lawrence Chambers; Rabbit Hash, Mrs. Orville Kelly; Taylorsport, Mrs. Harry Humphrey; Verona, Mrs. Hannah Chapman; Walton, Mrs. Silda Hamilton; Walton, Mrs. Alvin Gaines.

SOIL EROSION MEETINGS SET

S. C. JONES, SOILS SPECIALIST AND JESSIE BROOKS OF COLLEGE WILL LEAD DISCUSSIONS AND GIVE DEMONSTRATIONS.

Boone County will hold a soils and erosion control meeting on this Friday, March 30th, according to H. R. Forkner, County Agent. The morning meeting starting at 10:00 a. m. will be devoted to discussions on fertilizer and soil treatments and contour cultivation practices that will increase crop yields in 1945. The afternoon meeting will be a tour of several good terrace, diversion ditch, and mechanical erosion control practices that have been constructed with the Soil Conservation Service.

S. C. Jones, soil specialist, and Jessie Brooks, agricultural engineer from the College of Agriculture, will lead discussions and give method demonstrations in soil testing and erosion control practices. Farmers are invited to bring soil samples to the meeting for testing. The tour starting at 1:00 p. m. from Burlington will close at 3:00 p. m.

LOCKER FREEZER APPLICATIONS

ARE BEING RECEIVED BY SIGN-UP COMMITTEE—MORE WANTED ADDITIONAL APPLICATIONS ARE NEEDED.

Farm people are still interested in securing a locker freezer plant at Burlington. Numerous inquiries are being received at the County Agent's office and new applications are being received by the sign-up committee. Approximately 100 additional applications are still needed before priorities or financial sponsorship can be secured.

The locker freezer plant program offers farm people the most forward step toward better home food supply that has been made since the introduction of the electric refrigerator. One hundred additional signers for a year's rental are needed now so that the north section of the county may have the opportunity to keep back with developments that make forward better farm living. There are no funds or paid workers to secure the necessary rental sign-up. If you are interested, take the lead and secure your rental agreement from A. E. Stephens, Burlington, chairman of the sign-up committee.

First Aid Class Being Held

The Burlington school began its First Aid Class on Thursday, March 15 at 1 o'clock under the able instructor Mrs. Nora G. Layne. Thirty-six pupils entered the standard class. Classes meet Tuesday at 10:00 a. m. and Thursday at 1 p. m. The secretaries of the class are Joe Smith and Eula Bingham.

Last year the Red Cross issued over thirty first aid certificates to the pupils. The standard class this year includes Eula Bingham, Jean Day, Goldie Horton, Jeanie Hensley, Ruby Kyle, Mary Kewer, Evelyn Kiser, Jennie Wilson, Don Loomis, Lewis Feldhaus, Eugene Purdy, Robert Kelly and Lawrence Rodamer.

Local Man On Invasion Ship Which Survives Torpedoing In Pacific

Aboard A Coast Guard-Manned Attack Transport in the Philippines—Coast Guardsmen H. Dudley Rouse, coxswain, of Florence, Ky., is in the crew of an invasion transport which carried troops to the beachhead at Luzon, and later managed to reach port after being torpedoed in the middle of the night in enemy water.

The ship—veteran of amphibious assaults at Salpan, Tinian, Leyte and Lingayen gulf—had participated in a surprise landing of Army troops behind Jap lines on the Luzon coast and was on the return voyage to his base when the torpedo struck.

"Most of us were asleep," said Rouse and his Coast Guard crewmates, "and woke up with a terrific explosion ringing in our ears. The blast shook the ship from stern to bow. It was an awful sensation to feel the decks lurch and tremble underfoot and to hear the sound of steel plates and beams twisting and buckling under the strain. You can bet we were reeling when we found she was going to stay afloat."

Despite the confusion of those first few moments, the crew was cool and orderly. Most of the Coast Guardsmen were already at their battle stations when general quarters sounded.

Crippled by the blast, the transport was taken in tow and reached a safe anchorage six days later. "We all had the jitters during that tow trip," said the Coast Guardsman. "Creeping along at only five knots we had been out of luck if another Jap sub had found us."

SAND RUN TO BUILD CHURCH

BUILDING FUND TO BE SET ASIDE FOR NEW MODERN STRUCTURE AS SOON AFTER WAR AS POSSIBLE.

Probably the greatest work in more than a hundred years was made at the regular business meeting of the Sand Run Baptist Church January 6, 1945, when the church voted to build a new and adequate church to meet its growing demands, as soon as the war is over or it is possible to do so.

The church decided to continue the "building fund" and set it aside so it would be easier to begin building as soon as the job can be launched.

Remarkable have been the achievements of this great old church, but the organization glories not in that, except that souls have been won to Christ, but look with a vision toward the years that lie ahead and for generations to come as they plan to arise and build.

Their motto is "We will build for God and with God." This move is fostered by the pastor, L. M. Hamilton, who is a graduate of the McGuffin Baptist Institute and Georgetown College. He is 27. Formerly from the Sherman Baptist Church, where he had served for six and one-half years, where the membership more than doubled. He took over the pastorate at Sand Run July 8, 1944 by unanimous vote, with his wife and two children.

He is the first pastor to live in the new parsonage which the church purchased from the Red Cross for \$1,100, paying \$600.00 from the church treasury, paid \$100.00 from Sunday School, and raised \$400.00.

Remodeling work began April 1, 1944 which cost \$1,976, making a total cost of \$3,076. The church is a thriving full-time church. Total gifts and benevolences last year amounted to \$5,068.18. The church cooperated in the Centennial Crusade to hold simultaneous meeting April 22-May 2. Mid-week prayer services are well attended. The pastor prints a church bulletin each week. There are many stithers in the church and there are eighteen families taking the Western Recorder.

The former pastor, Rev. E. M. Helton, who is now pastor of Highland Avenue Baptist Church, inspired the building of the parsonage near the church. Now with Bro. Hamilton fostering this move the church will launch forward with a determined effort to build a new church.

Red Cross Will Help

Anyone who has been affected by the recent flood, who is eligible for help from the Red Cross, please file your application with Irvin Rouse, Burlington, Chairman of the Boone County Chapter A. R. C.

YOUTH KILLED IN ACCIDENT

NEAR HEBRON SUNDAY WHEN CHARGE OF 22 CALIBER RIFLE FIRED—BROTHER WAS CARRYING RIFLE.

Eight-year-old Billy Wagner, playing with what he thought was an "unloaded" rifle, shot and killed his brother, Richard, 14, while visiting their farm near Hebron, Sunday.

Grief-stricken, Billy told his parents he had removed the magazine of bullets from the 22 caliber rifle before pointing it at Richard. Not knowing there was another shell remaining in the barrel of the gun, Billy pulled the trigger, sending a bullet through his brother's heart.

The victim was rushed to Booth Hospital in Covington by his parents, but he was dead on arrival.

Mrs. Treasa Riffe, Kenton County coroner, returned a verdict of accidental death, following an investigation.

Richard was the son of Mr. and Mrs. B. S. Wagner, 146 Military Park, Ft. Thomas. He was a student at Highland High School in Ft. Thomas.

Besides his parents and his brother, Billy, he leaves another brother Jerry, and his grandparents, Mr. and Mrs. Charles Wagner, Hebron and Mr. and Mrs. Clifford Strohm, Ft. Thomas.

Mrs. Edna Mae Heist

Funeral services for Mrs. Edna Mae Heist, of Constance, Christian Church at 3 p. m. Saturday. Burial was in Hebron Cemetery. She was 37.

Mrs. Heist passed away Thursday at her home.

She is survived by her husband Virgil Heist; six children, Thelma, Ophelia, Helen, Juanita, Chas. and Robert; and two granddaughters, Virginia, Constance and two sisters, Mrs. Edgar Harrington, of Constance and Mrs. Charles Tetz of Cincinnati.

Raymond Catherman, Ludlow funeral director was in charge of arrangements.

4-H Poultry Members Report Good Profit

Flora Mae Johnson, member of the Boone County 4-H poultry project, reports a good profit above feed cost from her project. She made a profit of \$51.70 above feed costs on her 75 pullets during the months of November, December and January.

During the three month period, Flora Mae sold 228 dozen eggs for \$93.20. She spent \$41.50 for feed. Flora Mae was the 1944 Boone County 4-H Poultry project champion.

LOCAL SOLDIER IS DECORATED

FOR BRAVERY IN ATTACK—WAS RESPONSIBLE FOR BREAKING UP ENEMY ATTACK IN LUXEMBOURG.

S. Sgt. Robert J. Martin, of near Hebron, has been decorated with a Silver Star Medal for gallantry displayed Christmas Eve in Luxembourg.

The heroism of the Boone County soldier was told in the citation accompanying the award.

Sgt. Martin and five other men, constituting the personnel of their company command post, were assaulted on the flank by a German attack. The thrust was spearheaded by tanks and artillery.

The Americans were instructed to hold their fire until the Germans were within 75 yards of their post. Although under direct fire from 88mm. guns, Sgt. Martin moved to the shelter of buildings into full view of the enemy. Firing his rifle and throwing hand grenades, he contributed greatly to breaking up the attack and regaining the enemy assault.

The soldier is the husband of Mrs. Helen Martin, who with their infant daughter, Roberts Lee, makes her home with his parents, Mr. and Mrs. Harry M. Martin, of Ludlow. Sgt. Martin was associated with his grandfather, Harry H. Martin, president of the Martin Foundry Co., Covington.

REMEMBER WHEN

—ice cream socials were a popular way of raising money for a good cause? Each family donated a freezer of cream and a cake or two. You were served at tables on the lawn, decorated by Japanese lanterns. The event was always a success because nobody counter their calories, and that homemade ice cream was the best you ever tasted. IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

BY HAROLD L. LINDQUIST, D.D.
Of the Moody Bible Institute of Chicago.
Adapted by Western Newspaper Union.

Lesson for April 1

Lesson subjects and Scripture texts selected and copyrighted by International Religious Education, used by permission.
THE AUTHOR AND PERFECTER OF OUR FAITH

LESSON TEXT—Matthew 28:1-10.
GOLDEN TEXT—Let us run with patience the race that is set before us, looking unto Jesus the author and perfecter of our faith.—Hebrews 12:1, 2.

Christianity is a resurrection faith! How good it is to recall that in this troubled year of 1945, even as we share once more the spiritual inspiration of Easter Sunday.
Today we recall that the loving hands of His friends and followers had given themselves in what they thought was to be their final act of devotion to their Lord. His body had been tenderly laid in Joseph's tomb and the great stone rolled in place at its door.
But even as some were kind and loving, there were others who were so relentless in their hatred that they pursued Christ even beyond the grave.

I. The Hatred of Christ's Enemies (27:18-66).
We sometimes wonder at the bitterness of the enemies of Christianity in our day. He has given them earnest heed to the Bible story we should have known that it was so from the very beginning.

The wicked men who brought about the crucifixion of Jesus were not content to let Him rest in His grave. They had lusted after His life and they had taken that, but even as He lay silent in the tomb, the priests and the Pharisees came to Pilate and called Him "that deceiver" (v. 63) and demanded a special guard.
They feared that His disciples would perpetrate a fraud, and after stealing the body they would declare that He was risen. Wicked and deceitful hearts can imagine all sorts of treachery on the part of others.

The hatred of unbelievers toward Christ and toward His followers knows no stopping place. In a civilized land and among cultured people it operates under a cloak of respectability, but it is nonetheless bitter and relentless in its pursuit of Him and of His church and of His people.
II. The Victory of Christ (28:1-14).
Victory and praise should be the keynote of Christianity. Why should we be doleful and sad? Our Lord has come back victorious from the grave. We may be glad and sing even in the midst of earth's sorrows and distresses. Let praise be the employ of our lips constantly as we worship Him and work for Him.

The picture that greeted the surprised eyes of the two women as they came to the grave, as it began to dawn on the first day of the week, was one resplendent with the glory and majesty of God. The earth quaked as the lightning flashed. The angel of the Lord broke through the supposedly unbreakable seal of Rome and rolled back the stone which was to have permanently closed the door to the tomb.
This was done, not to release Christ—for He had already gone, no grave could hold Him—but that men might see the empty grave and know that He was risen. Other religions keep the graves of their founders. Christianity points to an empty tomb.

To the foes of Christ represented by the keepers, the coming of the angel and the revelation of the power of God brought absolute discomfiture. That is still true. Men will argue with theology, church methods, ever Christian profession, but when they see the power of God revealed, they can only be "as dead men."

To the friends of Christ, the angel brought comfort and assurance. Their fears were assuaged by his word of comfort, and then their faith was revived by the assurance that Christ was risen. The resurrection declares that He is the Son of God with power, the Saviour of the world.

III. The Joy of Christ's Disciples (28:7-9).
The followers of Christ had their share of fear and unbelief, but it was quickly overcome by joy and assurance as they knew that their Lord was risen.

The note of great joy is highly appropriate on Easter Sunday, but just as proper on every Sunday—yes, every day of the Christian's life. He is risen from the dead! That settles all questions about His deity, His power, His salvation. It meets the problems of our lives with an unflinching word of confidence and joy.

Be sure to note that such good news must not be kept to ourselves. We should emulate the zeal of the disciples, who "departed quickly" to make it known to their families and friends. The story of the victorious Saviour is still unknown to many thousands—possibly we should say millions. Let someone depart quickly to tell them of Jesus. And don't forget to ask yourself, "Should that someone be me?"

Jesus met them on the way with a greeting of peace. He loves to fellowship with His people as they go on His errands. You will find Him there awaiting your coming.

TECHNICIANS NEEDED

"Rapid promotion is the keynote of the Radio Technician program," said Lieut. F. A. Hardy in a recent address.

He pointed out that men accepted for Radar were rated seamen First Class at once and generally advanced to Petty Officer Third Class in less than six months.

Indicative of the skill achieved in early training is the fact that each student builds his own five tube super-heterodyne receiver within three months of starting.

the Radar course, the Officer in charge concluded.
Men, 17 through 30, interested in Radar, are invited to contact the nearest Navy Recruiting station.

KATE SMITH asked
to write this message
on Saving Used Fats!

"The help of every woman is needed in saving used fats for hundreds of battlefield and home-front essentials. But some of us don't know all the ways we can do it. Here are a few points I've found helpful."—Kate Smith

MANY WOMEN SAY: "But I never have fats left over." Certainly it's good economy to re-use your fats... but there's always some left over even after that... and that little is more important than you can imagine. Only one tablespoonful of used fat will help make 5 machine-gun bullets. So there just can't ever be too little to save! Come on, everybody, scrape your broiling pan, your roaster, skillet. Save meat trimmings and scraps of fat left on plates.

OTHERS TELL ME: "But my fats are often too dark to turn in." It doesn't make a mite of difference how dark or blackened... or what smelly things like onion or fish you've cooked in your fat. Every drop of it will help make parachutes, synthetic rubber, soaps for the fighting and war fronts. Don't feel ashamed to hand it in to your butcher. If you save every bit of fat you possibly can, you're doing a job to be proud of!

THEN YOU HEAR: "But what sort of container will I use?" Any kind of tin can will do. The next time you open a can of fruit or juice or soup or vegetables, save it. But please don't use glass... it almost always breaks and makes the fat difficult to salvage. When the can is full, take it to your butcher. For every pound, you'll get 2 red points. If you have any difficulty disposing of your fats, call your Home Demonstration or County Agent.

GROW YOUR OWN BLUE POINTS

Plant /A Bigger Victory
Garden This Year

This is the critical year of the war on the food front.

With farms short-handed, Uncle Sam is going to need the help of millions of Victory gardeners to meet the greatly increased food demands of our armed forces, our allies and liberated countries.

If you haven't already begun planting your vegetable plot, now is the time to start. Use as much space as you have available and can conveniently work. Grow enough to supply your table this summer with a surplus to can for winter.

Your patriotic efforts will help keep this the best-fed nation in the world and at the same time provide you with a plentiful supply of better-tasting, more nutritious vegetables... garden fresh and point free!

BEAVER LICK

Mr. and Mrs. Marvin Hudson, of Walton, were Sunday guests of Mr. and Mrs. Robert Green. Miss Pierce and Miss Mary Emma Pylo all of Bedford spent Sunday with Rev. and Mrs. Pylo and attended services at Hughes Chapel. Mr. and Mrs. Joe Weaver and Mr. and Mrs. Henry Short visited Mr. and Mrs. Raymond Roter, Sunday. Mr. and Mrs. Russell Brown and

Mrs. Berna of Centerville, Ohio, were weekend guests of relatives here. Correction: Due to an error the names of Mrs. Robt. Shyback and Mrs. Nolle Sutton were omitted from the list of Red Cross workers reported in last week's paper. We are very sorry, as we understand both ladies collected nice sums from their respective districts for this worthy cause.

RUPTURE

Mr. E. J. MEINHARDT, widely known Shield Specialist of Chicago, will again be in Cincinnati, Ohio, at the Gibson Hotel for Four Days—Saturday, Monday, Tuesday, and Wednesday, March 31st, April 2nd, 3rd and 4th. Office Hours 11 A. M. to 4 P. M. and 6 P. M. to 8 P. M. daily. (No Office Hours on Sunday.)

MR. MEINHARDT says: The Meinhardt Shield is a tremendous improvement—well known for producing immediate results. It prevents the Rupture from protruding in 10 days on the average—regardless of size or location of Rupture and no matter how hard you work or strain. It has no leg straps. Mr. Meinhardt has been coming here for 15 years. He has thousands of satisfied Customers. Ask your neighbors.

Caution: If neglected—Rupture may cause weakness, backache, constipation, nervousness, stomach pains, etc., or sudden death from strangulation.

Men having large Ruptures which have returned after Surgical Operations or Injection Treatments are also invited. When all others fail—see MEINHARDT. He will be pleased to demonstrate to you privately without charge. (Only men invited.) White only.

Foot Comfort Specialist at—
514-516 Madison, Covington

HISTORY—Mrs. G. E. M. suffered headaches and neckaches. Her neck ached so intensely at the base of the skull she could hardly see. Days at a time she could not get out of bed because of the severity of the pains. She read one of our ads, telling of the good work we were doing, and decided to see what we could do for her. After a very short time wearing surgical shoes, pain in the head and neck lessened till finally it disappeared entirely and she is well and happy. It is now possible for her to do her own work even when it is necessary for her to climb a stepladder. Surgical shoes seemingly worked miracles for her.

COMMENT—Strain on ligaments and tendons naturally has a weakening effect upon muscles. Continued neglect of these conditions may be the cause of your aches and pains in the neck and back and if you have been unable to get relief, come in and let us see what we can do for you.

If your ankles are weak and you are constantly rolling them, surgical shoes are definitely the answer to your problem.—Adv.

Boone County "Over Top" In Red Cross Campaign

ONE PRECINCT REPORTS QUOTA DOUBLE—WORKERS AND PRECINCT CHAIRMEN ARE PRAISED FOR FAITHFUL WORK.

Boone County has reached its quota of \$8,800.00 in the Red Cross War Fund Drive, and has received a certificate for "Distinguished Achievement" from National Red Cross Headquarters. Deputy Sheriff Irvin Rouse has also been cited by National Red Cross for his patriotic service in acting as chairman of the drive.

Reports are not complete, but enough have come in that success is assured.

One precinct, Beaver, has doubled its quota of \$244.77. Mrs. Ruth Green chairman, and her solicitors deserve recognition for this outstanding work.

Since the last publication, Mrs. George Kottmeyer has reported her Constance precinct has more than reached its quota. This is noteworthy especially since it was during the flood which rose during the drive. Chairman Rouse thanks his workers for their loyal support and hard work, and asks that complete reports be sent to him this week. Next week a list of precincts, chairmen, quotas and amounts collected will be published.

Preparation Of Tobacco Beds Delayed By Rain

Tobacco bed preparation on many farms has been delayed by the rainy season according to the County Agent's office. Plants in early prepared beds are up but in many other instances the plants have been washed out.

Farmers who are applying the Bluestone-time treatment to their beds when their plants show the first true leaves are securing more healthy high yielding plants. Three pounds of Bluestone, four pounds of lime and fifty gallons of water will treat a 200 foot bed, 9 feet wide or a 150 foot bed, 12 feet wide. This treatment aids in the control of wildfire and Angular leaf spot.

Growers may control Mosaic in the field by washing hands thoroughly in soap and water and not touching any old tobacco while weeding, pulling, or setting of plants. Mosaic is carried from the old tobacco to the young plants on the hands of the handler.

Farmers interested in securing more detailed instructions on plant bed disease and Mosaic control are urged to secure printed leaflets at the County Agent's office. Last year twenty percent of Boone County farmers treated their beds. This year it is hoped 100 percent will treat.

CLOTHING TO BE COLLECTED

BY HOMEMAKERS IN NATIONAL EFFORT TO AID LIBERATED COUNTRIES OF EUROPE—NEED IS GREAT.

During the month of April the Homemakers' Clubs of Boone County are cooperating with the schools in the national effort to collect clothing to be sent to the liberated countries of Europe.

Each Homemaker is being urged to bring all used clothing she has to donate to the April meeting of her club. All types of clothing are acceptable—men's, women's and children's, winter or summer. Gifts of shoes and soft felt hats, hooded raincoats, and sport coats are also acceptable.

All clothing should be clean and mended.

Bars are supplied to use in shipment of the clothes to New York, where they will be sorted and sent to the countries to which they are best suited.

The need of clothing is great in the countries where battle has raged and homes have been destroyed by bombs. The civilians in these places, who are our allies, will thank you for your kindness, and this is your opportunity to do something really worthwhile with the clothes you no longer can use.

Remember the slogan of the campaign—What can You Spare That They Can Wear? This is the month to give your answer.

Melvin Elslager Receives Discharge

Pvt. Melvin Elslager, 20, son of Mrs. Sam Blackburn of Burlington arrived here Wednesday of last week, after receiving an honorable discharge from the U. S. Army.

Pvt. Elslager received his discharge six months after being wounded in Germany while serving with the Infantry of the Third Army under General Patton.

He had been overseas approximately one year, was wounded October 1, 1944. He entered the service November 5, 1943.

Pvt. Elslager holds the Presidential citation, Infantry Combat Medal, Bronze Star, Purple Heart, and the Good Conduct Medal. He participated in three major battles.

Melvin is a graduate of the Burlington High School in the class of '43 and is well known in this and adjoining communities.

PROMINENT LADY ANSWERS CALL FRI.

SERVICES HELD FOR MRS. LUCINDA CLORE MAURER, SUNDAY AFTERNOON AT BELLEVUE BAPTIST CHURCH.

Mrs. Lucinda Clore Maurer, passed away Friday night at her home in Bellevue, after a brief illness of asthma. She was 65.

Mrs. Maurer was well known throughout the county, having been active in civic and church affairs during her entire life. She was an active member of the Bellevue Baptist Church and the Eastern Star Lodge. Bellevue and the county as a whole will greatly feel the loss of this good woman.

Many deeds of kindness, and her helping hand in time of need will ever be remembered throughout the county.

She is survived by her husband, John Maurer; two sisters, Mrs. Grace Rice, of Burlington and Mrs. Andy Cook, of Petersburg; one half-sister, Mrs. Sherman Burkhart, of Bellevue; one half-brother, Stanley Clore of Burlington.

Funeral services were conducted from the Bellevue Baptist Church Sunday afternoon, with Rev. W. C. Guth, pastor officiating. The large number in attendance was testimony of the high esteem in which she was held.

Services were conducted at the grave by the Eastern Star. Burial was in the Bellevue Cemetery.

Palbearers were Arthur Maurer, Luther Smith, William Rudolph, Allen Burkhart, William Clore and Russell Cook.

Chambers and Grubbs, Walton funeral directors were in charge of arrangements.

Second Degree Burns Suffered By Florence Child Wednesday

Everett Maxwell, 3-year-old son of Mr. and Mrs. Everett Maxwell, of Price Pike, suffered severe burns to his back and arms Wednesday, when he fell into a tub of hot water at his home. He was removed to St. Elizabeth Hospital, where he is reported to be convalescing nicely. He is reported to have suffered second degree burns.

Asbury Student Will Fill Local Pulpit Sunday

The pulpit of the Burlington Methodist Church will be supplied Sunday by a student from Asbury Seminary, Wilmore, Ky. In the absence of the pastor, Rev. O. B. Thomas, who will be conducting a revival in Farmland, Indiana.

A cordial invitation and welcome is extended to all to attend these services.

Candidate For Senator Visits Burlington Tues.

Hopeful Cemetery Is Incorporated

The Hopeful Lutheran Council has through the process of legal action, effected the incorporation of the Hopeful Lutheran Cemetery and the establishment of an By election of the Council, Mr. Raymond Beemon was appointed agent of the incorporation.

Five directors have been elected from the Church Council, consisting of Mr. Willis Berkshire, chairman; Mr. Albert Rouse, secretary; Mr. Raymond Beemon, treasurer; Mr. Clifford Tanner and Mr. Howard Kelly. These men have been entrusted with the business of establishing the endowment fund for the cemetery, and are now ready to accept contributions from anyone that is interested in the cemetery endowment fund.

If you do not understand the purpose of the endowment fund, any of these men will be glad to explain it to you. Your contributions now will insure a well kept cemetery in the future.

Homemakers' Training Class Held March 27th

At a Homemakers' Training Class Tuesday, March 27, in the courthouse, twenty-four persons from nine county clubs were present. The "Live-at-Home" lesson was presented by Mr. John S. Gardner, garden specialist from the University of Kentucky and Mr. James Humphrey, poultry specialist, also of the University.

To this all day meeting the local clubs sent representatives who took notes, and who will relay the lessons to the other members at the regular April meetings of the various Homemakers' clubs of the County.

Mr. Gardner urged that in tending a garden every tick he made to count. He said there must be fertile soil, insect control, and cultivation not "working" of the soil. He advised that all sprayers or dusters be put in good condition now, or that a new one be obtained. If it is not done at once, it may not be possible later. Tips on garden planning and proper fertilizers were given.

Mr. Humphrey emphasized the importance in brooder houses of practicing the four S's—sweep, scrape, scrub and spray. He talked about culling a flock, treating for lice, proper feeding for various chickens, and constructing various poultry houses.

The "Live-at-Home" program is most important in the War effort, and advice from these experts is of great value. Boone County is fortunate to have had them.

Arthur Maurer, of Cincinnati, was calling on relatives here Sunday and attended the funeral of Mrs. Lou Maurer, at Bellevue.

TURN IN USED KITCHEN FATS

STORES WILL PAY FOUR CENTS AND TWO RED RATION TOKENS PER POUND FOR ALL FAT TURNED IN AT STORE.

A partial list of stores in the County which will accept used kitchen fat has been compiled and includes: Dougherty's, Devon; Richmond Store, Richmond; Craddock's, Hebron; Whitaker's, Bullittsville; Hensley's, Grant; Martin's, Florence; Brothers', Lima; Anderson's, Union; Newman's, Union; Lusby's, Walton; Ellis', Constance; Constance Service Station; Ernest Brown & Son, Waterloo; Ryle Bros., Rabbit Hash; Stott's, Petersburg; Gault & Pettit, Burlington; and Karparkich's, Burlington.

These stores pay four cents and two red ration tokens a pound for all fat, but it must be strained and put into a tin container. Any tin can will do, such as one from which you have used fruits or vegetables. Simply tie a piece of waxed paper over the top to serve as a lid.

Save every teaspoonful of grease and turn in frequently—do not wait until you have a large amount. Used fats are urgently needed in the war effort in the making of certain medicines and ammunition. It is the patriotic duty of every person to help in this necessity. The need is greater than ever before.

If any stores in the county accept fat, whose names do not appear in the above list, please notify the County Fat Salvage chairman, Mrs. Alan Gaines, Walton.

CRIMINAL CASES WILL BE HEARD

DURING SESSION OF BOONE CIRCUIT COURT WHICH CONVENES MONDAY—TWO FACE ARMED ROBBERY CHARGE.

Four men will face criminal charges when Boone Circuit Court convenes Monday, for its regular April session. Judge Ward Yager will be on the bench with Raymond L. Vincent, as Commonwealth Attorney.

Norbert Zitt, and Albert Gray, of Cincinnati are being held on the charge of armed robbery in connection with the hold-up of the Rainbow Tourist Camp, Florence, Thursday March 1st. The robbery took \$200 in cash, a radio, a revolver and a cash register in the hold-up. W. L. Steger, operator of the tourist camp and other employees were locked in a refrigerator by the bandits.

Leroy Wilson and Carl Slaton, of Dearborn, Mich., charged with the theft of a car owned by Lute Bradford on February 9th will be tried at the April session. These youths were unable to give bond and are confined to the Burlington jail awaiting trial.

Several civil cases are on the docket of the April term, but it is expected that the session will be as brief as possible, due to farmers in this section being delayed with their crops.

FARMING WORK BEHIND SCHEDULE

DUE TO RECENT RAINS—FARMERS FACE ACUTE SHORTAGE OF LABOR—INCREASED EFFICIENCY URGED.

Boone County farm work, because of recent rains is getting behind schedule according to Will Smith, farm labor assistant. Farmers are faced with the most acute shortages of help since the start of the war. Increased efficiency through labor saving practices, assistance of custom machinery operators and neighbor assistance appears to be the most practical means of meeting maximum food production needs in 1945.

Recent studies show that many farmers through a careful study and reorganization of their work are able to produce three times as much per man. Wartime cooperation of neighbors in doing major farm jobs has contributed more to getting the war food production job done than any other one labor factor. The year 1945 promises to be the most critical production year to date and it is hoped that this spirit of cooperation will be enlarged and used to the maximum.

Custom operators of power equipment have enabled many farmers to get their land plowed, planted, and through the emergency farm labor period. A recent survey of men who have tractor equipment that will be available for plowing and land preparation includes: Joe Buckler, Burlington; Ben Stephens, Grant; Lloyd Slekan, Petersburg; Albert Parker, Walton; Dance Bros., Walton; Victor Webster, Walton; Harry County, Verona; Harvey Hughes, Verona; Lester Gline, Hopeful; Nick Mikkelson, Hebron; others will be announced.

There are many more operators who are available for work, but have not been contacted. It is hoped that all farmers who have machinery that will be available for some outside work will notify the County Agent's office.

Rev. H. B. Hensley And Wife To Visit County

Rev. and Mrs. H. B. Hensley of Fort Worth, Texas, parents of R. S. Hensley, of Bellevue, will be in our county Sunday, April 8th. Rev. and Mrs. Hensley will be at the home of R. S. Hensley on the above date and would welcome their many friends throughout the county, who care to call on them at this time.

Fiscal Court Meets

The Boone fiscal court met in regular session Tuesday, April 3rd, according to Judge C. L. Cropper. The regular business session was conducted and business disposed of as usual.

Local Man Participates In Raid On Jap Homeland

William W. Jarrell, 31, of U. S. N. R., who is spending a 12-day furlough with his wife, the former Ruth Janet Tucker and other relatives at Burlington, Ky., participated in the raid on Tokyo in February of this year. He has been aboard one of the Navy's Fast Carriers as a Loader in the Gunners Department during all of the Third and Fifth Fleet operations from July 1944.

During this period he experienced many Jap aerial attacks and participated in the battle for Leyte Gulf.

"Bill" will leave the latter part of next week for California to rejoin his group. Bill can relate many interesting stories of his adventures while spending the past ten months at sea.

Everett Cress Returns To California Hospital

Everett Cress, of the U. S. Navy returned to Long Beach, Calif., Saturday, after enjoying several days' furlough with his parents and other relatives in Burlington. Everett has been confined to the Navy Hospital at Shoemaker, for several months, due to a back ailment.

Connected with the Seabees, he spent twenty-six months overseas, landing with the Marines on Guadalcanal in the first invasion forces of that island, where he remained until all organized resistance was subdued. He was also stationed on numerous Southwest Pacific Islands during his period overseas.

Grant Maddox Named Director Of Cooperative

The Area Committee of the Ohio Valley Egg Cooperative met in Milford, Ohio, Friday, March 23 as guests of the Milford Kiwanis club. The Area Committee, meeting in charge Harold Koker, chairman, devoted the morning to committee reports and to the consideration of the by-laws of the organization which is now incorporated.

Grant Maddox, well known Florence man, was elected as a member of the Board of Directors.

The Board of Directors conducted the business of the association, and met at Milford on Thursday evening March 29 to finish details necessary to the operation of the organization.

A building has been secured at Milford, Ohio, which will house the plant of the new marketing organization. The Board of Directors have authorized a \$25 war bond to be given to the individual who submits the trade name for the eggs handled by the cooperative that is selected as the trade name by the Board of Directors. This contest is open to anyone desiring to make a suggestion.

The procedure is simple. Simply write out the trade name you wish to suggest on a sheet of paper, putting your name and address on same and send to your nearest County Agricultural Agent. He in turn will submit it to the Board of Directors.

The Area Committee will meet again on April 27 which will be near the end of the membership campaign. The Area included in this marketing organization includes in Kentucky, Carroll, Gallatin, Boone, Kenton, Campbell, Grant, Pendleton, Bracken, Mason and Lewis counties.

Youth Revival In Progress

The Youth Revival now in progress at the Burlington Baptist Church is truly one of the greatest revivals ever held in that church. Rev. W. T. Gardner has been bringing great sermons based upon God's word. There has been fine singing and beautiful special music each evening.

Sunday morning there were 208 in Sunday School and the building was packed for the morning worship service.

Everyone is cordially invited to attend the revival. Services begin each evening at 8:00.

Fish And Game Club Meeting Is Postponed

The Boone County Fish and Game Protective Association will postpone their regular monthly meeting scheduled for Thursday, April 5th due to the revival meeting now in progress at the Burlington Baptist Church. The meeting will be held on the regular date, Thursday, May 3, according to Irvin Rouse, president.

\$75,000 DAMAGES IN BOONE COURT

DEATH OF HUSBAND IN ACCIDENT GROUNDS FOR SUIT BY ANNA ALBERTSON OF PETERSBURG.

Anna Albertson, Petersburg, has filed a \$75,000 damage suit in the Boone County Circuit Court, charging negligence on the part of the driver of an automobile that killed her husband, February 4th, on the Lakeland-Hebron road one mile west of Hebron.

Filing as administratrix of the estate of her husband, James Albertson, 39, Mrs. Albertson names May Aylor and her son, Harry, 20, a sailor in the United States Navy, as defendants.

The plaintiff charges that the automobile owned by May Aylor, Route 20, Burlington, was driven by her son, home at the time on furlough.

Records at the office of Boone County Sheriff, Glenrose Williams, show that it was early in the morning and dark when the accident occurred. Albertson and his wife had stopped to aid another motorist who was making efforts to repair his car, when the auto operated by the sailor, struck him.

Aylor, arraigned before County Judge C. L. Cropper, was fined \$15 and costs for leaving the scene of an accident and held for the grand jury on a charge of manslaughter. He provided bond in the sum of \$1,500 and was released. His case is expected to be heard by the grand jury that convenes at Burlington, Monday.

WOOL POOL ELECT OFFICERS FOR 1945

Wool growers met at Burlington Monday and elected H. E. White, president and Lillard S. Scott as secretary-treasurer for the 1945 Wool Pool. Directors and solicitors elected were: C. S. Riddell, Hebron-Bullittville; J. C. Bedingfield, Walton; J. W. Conley, Beaver; F. L. McLaughlin, Taylorport; H. E. White, Burlington; Lillard S. Scott, Grant; Walter Johnson, Verona; Clint Blankenketter, Florence; Almay Riley, Union.

Sacks and strings are being ordered. They will be available in a few weeks at Gault and Pettit's, Burlington; Hammond's Feed Store at Florence; Conrad Hardware at Walton and Goodridge & Goodridge at Hebron.

Lillard Scott reported the Boone County Pool received the highest price in the U. S. in 1943 and the highest price in Kentucky in 1944. All sheep owners are urged to list their wool with their local solicitor at the earliest possible date. Only a signed-up pool will receive the full benefit of cooperative selling. Ninety-five percent of all wool grown in the county last year was sold through the pool.

QUOTA SET AT \$350,000 FOR SEVENTH WAR LOAN DRIVE. CAMPAIGN WILL CLOSE JUNE 30, ACCORDING TO COUNTY CHAIRMAN.

The following letter just received by A. B. Renaker, County Chairman, from the State Chairman, fully explains the terms of the approaching Seventh War Loan Drive. The maturities of the coupon bonds to be offered in this drive will be announced by the Treasury Department later.

"Mr. A. B. Renaker, Chairman War Finance Committee for Boone County, Burlington, Kentucky: "Against a national goal of \$14 billion dollars for the Seventh War Loan, Kentucky has been assigned a quota of \$113 million dollars. This is broken down into \$44 million dollars for E Bonds, \$37 million dollars for other securities to individuals, and \$32 million dollars for corporations. Boone County has been assigned the following quotas:

"Individuals—Series E \$160,000; other \$100,000; corporations \$90,000; total \$350,000.

"The drive for sales to individuals will extend from May 14 to June 30. However, an intensification of activities in the sale of Series E Bonds will begin April 9. All Series E, F, and G Bonds and Series C Savings notes processed through the Federal Reserve Bank between April 9 and July 7 will be credited to the drive.

"In addition to the Series E, F, and G Bonds and C Savings notes, the Treasury will offer for sale 2 1/2 percent E Bonds and 3 1/2 percent bonds and 7 1/2 percent certificates of indebtedness. (The 1 1/2 percent bonds will not be offered in the drive to corporations). During the final phase of the drive, which will cover the period from June 18 through June 30, subscriptions will be accepted from corporations and all other non-banking investors for the 2 1/2 percent bonds, 3 1/2 percent bonds, and Certificates of Indebtedness.

"It is really apparent that your quota for E Bonds and for other sales to individuals has been materially increased as compared with the Sixth War Loan Drive, whereas the quota for corporations has been decreased. However, you will recall that three campaigns were conducted in 1944 while only two are contemplated for 1945. Heretofore the period of time covered by the sale of E Bonds and other sales to individuals was normally a period of sixty days instead of approximately ninety days covered by this drive.

"While Kentucky has always done a good job in over-all War Bond sales, Washington has reminded us that she ranks among the lowest (64th place) in sales per capita, although she is far from the bottom in income per capita. Only through increased sales of E Bonds and other sales to individuals can this situation be corrected.

"We hope that you will get our organization started off immediately, in order that you may take full advantage of every opportunity to at least meet your quota of E Bonds and other sales to individuals in this campaign. If you will do this, we believe that for the most part, corporation quotas can be met without much trouble.

"Please feel free to call on us for any assistance that we may be able to render.

"Very truly yours,
Ben Williamson, Jr., State Chairman
A. A. Hines, Executive Manager."

LESSON TEXT—Psalm 145:10-17.
GOLDEN TEXT—The word of the Lord endureth forever.—1 Peter 1:25.

Christians are the people of one book—the Bible. They read and use other books, but the book is God's Word, and everything else must be in accord with its teaching.

In this blessed Book they find the only revelation of God's saving grace. Other attributes of God may be found in the book of nature. There we find that God is powerful, orderly, wise, etc., but nowhere in nature is it written that God saves a man from his sin. We find that only in the Bible, God's written Word as it reveals Jesus Christ the Savior who is the Living Word.

I. The Eternal Glory of God's Kingdom. (vv. 10-13)

The kingdom of God refers to His reign over all things and beings, but with special reference to those who are willingly subject to Him and eager to live for His glory.

Everywhere in the Bible there is to be lifted up in praise of that kingdom. All His works shall praise Him. They reveal Him in part, but even that limited revelation is glorious. The man who cannot see God in nature is indeed a blind man. The heavens declare His glory and the earth shows forth His handiwork (Ps. 19:1).

Greater and more precious in God's sight is the praise of His saints. Dumb adoration is acceptable only from a dumb creature. We, His saints, are to speak His praise, to "bless" Him (v. 10). We are to praise abroad among all men (v. 12) the news of God's greatness and goodness.

"His kingdom is an everlasting kingdom," and thus it at once takes its place as so superior to what men call kingdoms as to have been mentioned in the same breath. There is no limit to God's kingdom either in its extent or its duration.

How stupid then that some, yes many, foolish men and women set themselves up in rebellion against God. That is the height of all folly and leads only to disaster. How wise are those who yield their lives to His control that their little span of life may find rich meaning in the One who endures forever.

II. The Abundant Provision of God's Mercy (vv. 14-18).

We are all completely dependent on the mercies of God for everything that we need for life—physical, mental, and spiritual.

Consider the food for the body. God opens His bountiful hand and every living creature is provided with the food necessary for its sustenance. How much more abundant is a mystery and a marvel to us, but God is able to do it.

Centuries ago men were fearful that the earth could not produce enough food to keep the increasing population of mankind alive, but God sees to that even when He has to do it in spite of man's waste and destruction.

However, life is not just material. There must be a satisfying of man's spiritual nature. He needs someone to save him from his own sinful weakness, to deliver him from his sorrow and affliction. Who can do this but God? And He does it (see v. 14).

How does He do it? Through the ministry of His Holy Word. There in man finds salvation and satisfaction. The Bible is the light that shines upon his way. It is his comfort in sorrow and his strength in temptation. It exhorts and encourages, convicts and cures.

How endless and how overflowing is the mercy of God! Let us "wait upon" Him, knowing that He is not only mindful of our need, but eager to do for us more than we can ask or think.

III. The Saving Power of God's Grace (vv. 17-19).

The Lord, who "is high unto all them that call upon him" (v. 18), is able to save because He is "righteous in all his ways and holy in all his thoughts" (v. 17). Only a just and holy God can deal with sin, and yet only a merciful God would provide redemption; but in our God mercy and truth meet (Ps. 115: 1; Ps. 103). He is both "just and the justifier of him that believeth in Jesus" (Rom. 3:26).

He it is who is near to all that "call upon him in truth" (v. 18), and surely it is such a calling on the Lord which is in mind in Romans 10:13, where we read that "whosoever shall call upon the name of the Lord shall be saved."

Notice that God's nearness, His salvation, and His fulfillment of the desires of man are for those who call on Him and who "fear Him" (v. 19). This is not a matter of magical use of a name, or an outward profession of faith. It must come from the heart, and when it does, God responds.

So we find God's word to be the source of our instruction concerning those things which can make us wise unto salvation (II Tim. 3:15). It is the Book of our faith!

BULLITTVILLE HOMEMAKERS

Our club held an enjoyable all-day meeting at the home of Mrs. W. T. Gardner Thursday, March 15. The president called the meeting to order and we sang two verses of "In the Garden," accompanied by Mrs. William Hill at the piano.

We were glad to welcome Mrs. Louise Townsend, assistant to Mrs. Gillaspie. In her talk to us she outlined timely hints on care of meat during the summer months. She also asked each one to save waste fat and paper.

After a short business session we were adjourned for lunch, during which we celebrated the birthday anniversary of one member.

Our afternoon session was opened by singing two verses of "Battle Hymn of Republic," after which our honor guest, Mrs. Anna L. Grant, delighted the club with a very interesting talk on her duties as a nurse with our armed forces overseas.

Mrs. William Hill, assisted by Mrs. Pfalzgraf, gave the club lesson on "Curtains and Draperies." Eleven members and four guests were present.

Our next meeting will be held at the home of Mrs. V. E. Ware on April 19. Visitors are welcome.

—Club Secretary.

HEBRON HOMEMAKERS

Mrs. Beale Acra was hostess to the Hebron Homemakers' Club when they met on March 14th. The meeting was called to order by the president, Mrs. Marie Ashbury who led in singing "God Bless America."

During the business session the club voted to give \$10 to the American Red Cross. Arrangements were made to send cookies to the Ft. Thomas Convalescent Hospital on March 20th.

The club welcomed three new members, Mesdames Leonard Campbell, Russell Kittle and Roscoe Newland. There were 19 old members and Miss Gillaspie present, also three visitors, and Mrs. Townsend, Mrs. Nell Kottmyer and our former H. D. A. Mrs. Curtis Moore and small son.

After a most delicious lunch the lesson on "Window Treatment" was given by Mrs. Alice Schneider and Mrs. Sue Rogers.

The next meeting will be held at Mrs. Ethel Lee's on April 11th.

Garden Plans For April

If Boone County's "Live-at-Home Program" is to be a success, gardeners should be carefully planned so that a variety of vegetables for the family will be coming on from the earliest to the latest possible date. One-tenth of an acre of garden for each member of the family with fifteen varieties of vegetables is the minimum recommendation.

By this time of the year the garden should have been broken, the fertilizer broadcast and disked in deep. Asparagus, cabbage, rhubarb, onions and lettuce should have been set. Radishes, turnips, beets, peas and potatoes should have been planted. Because of the season this work may have been delayed, but should be attended to as soon as possible.

It is also time to begin planning to plant sweet corn, carrots, beets, beans, cucumbers, cantaloupes, tomatoes and sweet potatoes.

Garden pests may begin their work in April and it is well to be prepared to battle them. A poison bait may be put out for cutworms and transplants can be protected by wrapping their stems with four or five thicknesses of newspaper as they are being set. General control for all leaf-eating insects is by poison placed where they feed, but if plant parts affected are those that are to be used for human food (as green beans), use rotenone, which is harmless to humans. When first "cabbage butterflies" are seen, start spraying and repeat every few days until heading starts, then use only ready-prepared rotenone dust. Start spraying when the first potato beetle is seen.

This year, more than ever, it is necessary to raise a good garden, with sufficient vegetables for canning purposes. Not less than one hundred quarts of vegetables and fruits should be canned and seven bushels stored per person.

As a guide to amount of space required for each vegetable for a family of five, the following suggestions have been made by the University of Kentucky: Peas, 2 plantings totaling 200 feet; onions, 150 ft.; spring green, 150 ft.; fall greens, 1-4 plantings 150-500 ft.; early cabbage, 100 plants, 150 ft.; other cabbage, 200 ft.; beets, 150 ft.; carrots, 250 ft.; beans, 6 or 7 plantings, 350 ft.; early tomatoes, 50 plants; other tomatoes, 400 ft.; sweet corn, 3-5 plantings, 600-1700 ft.; turnips, 2 plantings, 300-400 ft.; radishes, 3 plantings, 100-150 ft.; lettuce 3-5 plantings, 100-300 ft.; sweet potatoes, 350 slips; potatoes, 100 lbs. 1500-2000 ft.

Plant your canning crops in your early garden because most early crops are better in quality, there are fewer insects and fewer weeds, there is less danger of crop loss from drought, and the hardest work is done before the heat of mid-summer. Plant your storage crops in your late garden, as vegetables grown in late season are more suitable for storage.

Check your supplies and equipment for growing and conserving your food supply now, and buy need seed, fertilizer, fruit jars, rubbers, lids, pressure cooker, garden tools. If you wait until you need to use them, it may be too late.

Provide good storage for canned goods. A dry place, protected from light and as cool as possible is desirable. Build permanent structures for storing fresh fruits and vegetables for winter use, if you do not already have one. Examples on Home Storage structures may be obtained from the office of the Home Demonstration Agent, Miss Mary Hood Gillaspie.

AN ELSMERE MAN FELT LIKE SWOLLEN BALLOON FULL OF STOMACH GAS

Recently, an Elsmere man stated that he used to feel like a swollen balloon full of gas and spit up acidulous liquids for hours after eating. Was terribly constipated. This man is one of the hundreds in this vicinity who now praise ERB-HELP.

He states he was amazed at the results when he took this medicine. Now he eats what he wants without gas or bloating, and bowels are regular for the first time in years. He feels like a new man.

ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get ERB-HELP! Elsmere Pharmacy, Dixie Highway.

HE'S OUR
EDITORIAL
RIDGE RUNNER

VANCE ARMENTROUT . . . Editorial Writer for The Courier-Journal, cast aside a legal career to become a newspaper man . . . but he still holds license to practice law in Kentucky, Tennessee, and in Ohio, where he passed the bar examinations after graduating from Ohio State. Instead, he worked on newspapers in all three states, and was State Editor of the Associated Press when he joined The Courier-Journal as Frankfort correspondent, later opening the Bureau there when Judge Bingham bought the paper.

A militant writer in behalf of clean government, Armentrout has locked horns with many a careless state official. He was once incarcerated for an hour in the capital city bastille, by a legislative committee, because he would not reveal the identity of an irate contributor to the paper's "Point of View" column. One of his early tasks was a survey of state institutions, and he took an active part in reorganizing the state school system.

With this rich background of state experience, Vance was brought back to Louisville in 1926 to serve on the paper's editorial staff. Some of his keenly analytical contributions are contained in a handbook still found in many libraries. He was President of the Kentucky State Press Association in 1943.

With legions of friends in every section of Kentucky who consider him an authority on state matters, Vance is a favorite at newspaper gatherings where his reminiscences are found personally and historically colorful. The Armentrouts' living-room faces Cherokee Park, favorite hiking spot, where editorial ideas are developed daily over a four or five-mile course. Time magazine once credited him with getting his ideas on a roller coaster.

PETERSBURG HOME MAKERS

The Homemakers' Club was entertained in the home of Mrs. W. O. Rector and daughter Mary. The morning was given to the business session of the club and conducted by the president Miss Johnna Mae

Terrill.

Mrs. Lois Kloppe's report on gardening and poultry was very interesting and timely. The afternoon was devoted to the major project, Home Furnishings. Mrs. Vernon Pope was our leader and gave the lesson in a most interesting manner. The club is very grateful to the gracious lady for giving us so much of her time. Miss Gillespie told of facts on wartime living. It was a very profitable day for all who attended.

POLITE... to your pocketbook

Other prices have gone "high hat," but electricity is still cheap... still extra polite to your pocketbook.

Not only has the cost of electricity stayed down; it is still available in ample supply for civilian use despite unprecedented war production demands.

"All you need at pre-war prices" is something rare these days, but that's what you get when you buy electric service.

COMMUNITY PUBLIC SERVICE COMPANY

Large Alfalfa Acreage Planned

Boone County farmers planned to seed a record alfalfa acreage this spring, according to reports received from farm leaders in the Community Agricultural Improvement Program. April was selected by many farmers as the ideal month for seeding in 1945. One acre of alfalfa per cow has been set as a goal.

Farmers are greatly handicapped because of an adapted seed scarcity, according to H. R. Forkner, County Agent. Kansas or Oklahoma common varieties or the northern grown varieties are recommended because of the seed shortage several million pounds of Argentine and foreign seed have been shipped into this country and are offered by dealers to farmers. Argentine seed are stained orange or red and have been found not adapted to Kentucky conditions, the plants usually dying the first year and as a result are not recommended. Farmers who go to the trouble and expense to prepare their land for this crop are urged and advised to use only adapted seed. If one dealer can not supply the order, another should be contacted.

A few of the most important rules for getting a good stand of

alfalfa are listed as follows:

1. Do not plow land for alfalfa that is to be seeded immediately—cultivate top season—alfalfa wants a firm underneath seed bed.
2. Use only adapted seed that are inoculated.
3. Seed from 12 to 20 pounds of alfalfa seed per acre with 3 to 7 pounds of grass. Bluegrass, orchard grass, timothy and often red top make good companion crops.
4. See that fertility needs such as lime, phosphate and preferably a light coat of manure are met. There are thousands of acres in Boone County that have been limed and phosphated sufficiently in recent years to grow good alfalfa.

GRANT P-T. A.

The Grant P-T. A. will hold a program and picnic party at the school house, April 12. Everyone is cordially invited to attend. This is to help on the lunch room for remainder of term. All canned goods left over will be stored for next semester. We will also have a bazaar table. Anyone who wishes to donate any item they do not care for themselves to this table, do so, for what you don't want someone else may make use of. Come one, come all, help make our school a success.

Red Cross Meeting Held At Ferguson Home

The March meeting of the Red Cross Nursing Committee was held at the home of Mrs. Walter Ferguson, Elm Tree Place, Union. The attendance was good, and the meeting which was conducted around the tea table was both enjoyable and interesting.

On account of difficult transportation, it was decided to change the meeting time from once a month to every two months.

The nurses report was read and various plans discussed to assist with the 131 cases which were carried by the nurse during the past month.

There are six tuberculosis patients being cared for at various sanatoriums in the state. A number of chest X-rays were taken care of by the County Tuberculosis Association.

The State Commission for Crippled Children now provides a every month on the second Wednesday at St. Elizabeth Hospital beginning at 11:00 in the morning. Anyone having a crippled child, would best see their family physician, and if he advises, take the child to this clinic for expert care.

Florence Juniors Present Play Friday

The Junior class of Florence High School will present a 3-act comedy entitled "The Adventures of Tom Sawyer" Friday night, April 6 at 8:00 p. m. Admission will be 35 and 25c. Everyone invited to attend.

CARD OF THANKS

I want to thank everyone for their kindness and sympathy, during the illness and death of my beloved wife. I especially thank Dr. M. A. Yelton, the nurse Mrs. Christena Kirtley and those that assisted them. The donors of the flowers, Rev. W. C. Guth and Rev. R. A. Johnson for their consoling words, the singers, the Eastern Star Lodge for their services, Chambers and Grubbs for their efficient manner which they handled the funeral arrangements.

Obituary

Louinda Clore Maurer, daughter of Perry and Cynthia Kelly Clore was born April 12, 1880. United in marriage to John J. Maurer Aug. 27, 1908. One little daughter came to bless this union, who preceded her mother in death Aug. 27, 1914.

Deceased this life March 30, 1945. Mrs. Maurer leaves to mourn her passing, her devoted husband, two sisters Mrs. Cordia Cook, Mrs. Grace Rice and one half-sister Mrs. Tennie Burcham, one half-brother Stanley Clore, many other kin and friends. She was a faithful member of Eastern Star Lodge, Bellevue Chapter No. 330.

She united with Bellevue Baptist Church Nov. 1898, when Rev. T. L. Utz was pastor and Rev. Hoover evangelist. She was a devout christian and loved her church, all those finding her in the Lord's house and doing some good deed in His name.

She was a loyal wife, devoted daughter and sister, good neighbor and friend and all can testify that she was always ready to lend a helping hand in time of illness or distress. Her good deeds will live after her. We realize that one of our best has been called home, but our loss is her gain.

"Blessed are those that die in the Lord"

HEBRON P-T. A. TO MEET

The Hebron P-T. A. will meet at the school house Tuesday evening, April 10th at 8 p. m. The speaker will be Mr. George C. Bliger, who is assistant vice president and general manager of the Employee Relations for Radio station WLW. He has recently returned from England where he studied the economic and social conditions there. His topic will be "War-time Living in Britain."

Lodge Contributes To Fund For AAF-Hospital

The Modern Woodmen Lodge of Burlington has made a generous contribution to the Boone County fund for use at the AAF Convalescent Hospital, Ft. Thomas. It is gratifying to see an organization like this show such a patriotic spirit, and its members, who are in the Armed Services, may well be proud of it.

This is the thirty-first organization to have contributed to the fund, and all these organizations are listed in a framed plaque on display in the Boone County Day Room.

UNION W. M. U. NOTES

On March 7th the W. M. U. of the Union Baptist Church enjoyed the book "Home Missions in the New World," taught by Mrs. J. N. Carnes, of Erlanger.

March 14 we had an all-day session observing our Home Mission Day of Prayer and our monthly meeting. Twenty members answered roll call. There were good reports from all junior auxiliaries.

After a delicious covered dish dinner, Miss Lucy Newman had charge of the program. Devotional from Isaiah 45 and Psalm 33, song "America." Those taking part on program were Mesdames James A. Huey, Hal Presser, Jim Fothergill, J. T. Bristow, Myrtle Marshall, Raymond Newman, Charles Hedger, Austin Gschwind, Winston Mason and Pearl Blankenbaker.

After singing "Ready," a general offering was collected for "Anne Armstrong" offering. We were dismissed by prayer by our president.

Burlington Takes Opening Game Saturday

Saturday afternoon the Burlington Baptists traveled to Bellevue to play the opening game of the season. The game was played on the new Bellevue ball ground.

Ivan Carson, Bellevue lefthander started the game and was relieved in the fourth inning. Joe Smith started for Burlington and was relieved by Phil Yelton in the fourth. Bellevue failed to score on the hill for Bellevue the remainder of the game while Bob Brown served them up for the winners. Burlington pitchers were credited with seventeen strike outs.

Burlington had a decided edge in the hitting column, collecting 14 hits against 8 for the losers. "Red" Benson, Burlington's slugging first baseman had four hits for four trips to the plate. Sebe Scott led the Bellevue attack with three hits.

Burlington will go to Bellevue again Saturday. Game time has been announced for 2:30.

Mrs. Reuben Kirtley and daughter visited her parents, Mr. and Mrs. Leslie McMullen, Monday.

FERTILIZER WILL INCREASE CROPS

SAYS S. C. JONES, SOILS SPECIALIST AT MEETING HELD IN BURLINGTON, MARCH 30—LIBERAL APPLICATIONS URGED.

S. C. Jones, soils specialist from the College, recommended heavy applications of commercial fertilizer to increase crop yields in a meeting at Burlington, March 30th. Where heavy applications to row crops all but 300 pounds should be turned under or disked into the soil. The 300 pounds should be drilled beside the row.

Farmers are experiencing difficulty in getting fertilizer and while only limited amounts are available, it should be drilled beside the row when used in amounts of 300 pounds or less.

Jess Brooks, agricultural engineer from the College, conducted farmers on a tour of loess terraces and hillside ditch demonstration following the soils meeting. Brooks said that the loess terraces and George Spertl of near Burlington were visited. Brooks complimented the local S. C. S. supervisors on the work done. He advised farmers not to construct terraces or ditches unless they planned to follow up and take care of them after construction. Contour cultivation, terraces and hillside ditches offer farmers great possibilities in their erosion control problems. Jones added further that increased soil fertility adds greatly to the quickness in getting a new cover crop which is fundamental in a long time erosion control program.

Successful Revival Closed Sunday At Local Baptist Church

The Youth Revival of the Burlington Baptist Church closed last Sunday night with ten additions, according to a report released this week. Those added to the church roll were H. R. Forkner, Jr., Billy Ray Hickman, Gayle Rouse, Raymond Wayne Smith, Ruth Maynard, Loretta Maynard and Melva Partin for baptism and Mrs. Hugh McArthur, Mary McArthur and Louise McArthur by letter. Splendid messages were brought each night by Rev. W. T. Gardner, the evangelist, the special numbers in music brought by different young people were very good. The work of Mrs. W. T. Gardner among the junior boys and girls was very good as was the work done by Russell Andrews.

Large numbers were present at services throughout the week with excellent attendance Sunday morning and Sunday night.

Baptismal services will be held next Sunday afternoon.

TO HOLD POUND PARTY
The Grant P-T-A. will have a pound party and bazaar table at the school house Thursday night, April 12, 1945. Come one, come all and help make this a great success. Bring anything you can, for all will be appreciated.

CANCER CONTROL DRIVE UNDERWAY

APRIL SET AS CANCER CONTROL MONTH—EVERY COMMUNITY IN BOONE COUNTY URGED TO HELP IN DRIVE.

The designating by act of Congress and the proclamation by the president of April as "Cancer Control Month" constitute cumulative evidence of the increasing realization that cancer control is a public health problem and so, a public responsibility. This year, more than ever before the attention of the American public will be focused on a disease which takes an annual toll of 165,000 persons in the United States and more than 2500 in Kentucky alone. Last year cancer headed the list as causes of death in Boone County. Medical men who have given this subject long and searching study, are convinced that this toll can be reduced at least one third through education of the people as to the knowledge and facilities we now have for controlling the disease and the proper use of such knowledge and facilities.

The Women's Field Army of the American Cancer Society has for several years past been waging an intensive nationwide educational campaign with the slogan, "Fight Cancer with Knowledge." The Kentucky division has a state executive committee, consisting wholly of physicians representing the State Medical Association, which cooperates closely with the Field Army in setting up policies and carrying out diagnostic and hospitalization programs. This committee, working with the State Health Commissioner, has approved the policy of applying state funds entirely to hospitalization of cancer cases cleared through the diagnostic centers and recommended for X-ray, radium or radical surgery—the only cures for cancer. A diagnostic center has been established at Booth Hospital, Covington and any patient unable to provide diagnostic and treatment services for themselves may be referred there. This is of special interest to Boone County citizens.

The first thing necessary to successful cancer control is early diagnosis; the next is early treatment. The public must be taught to recognize the early symptoms of cancer and urged to consult their family physicians immediately upon the appearance of any such symptoms.

Cancer control needs the cooperation and support of every intelligent citizen. If you are interested in helping this fight financially, don't fail to contribute this month. Each community in the county will have a part and you will be given a chance to give, if not send your gift direct to County Chairman, Cancer Control.

Brush Saw Demonstration Will Be Held April 27th

The first Boone County brush saw demonstration will be held at the Bert Rouse farm three-fourths mile east of Burlington on Friday, April 27th, at 1:00 p. m.

SEVENTH WAR LOAN OFFICERS NAMED

SPECIAL COMMITTEE SELECTED FOR PURPOSE OF RAISING SALES—DRIVE STARTS MAY 14TH.

In Boone County the following precinct chairmen for the Seventh War Loan Drive to start May 14th will continue to serve, as they have in all past War Loan Drives, according to a statement made this week by County Chairman, A. B. Renaker and A. D. Yelton, Co-Chairman:

Beaver, R. L. Green; Bellevue, C. E. McNeely; Bullittsville-Hebron, John L. Conner; Burlington, C. D. Benson; Carlton, W. H. Presser; Constance, C. E. Lister; Hamilton, Thomas Huff; Petersburg, J. H. Huey; Union, Miss Lillian Bristow; Verona, G. A. Ransom; Walton, Charles W. Thompson.

In addition, a special subscription committee for the county is large, has been appointed and is composed of Mrs. W. M. Townsend of Burlington and Walter D. Vest of Walton. In past drives many persons living in Boone County, but operating businesses elsewhere, or living outside of Boone County but owning property in the county, have failed to place a part of their bond subscriptions in this county. The special subscription committee has been appointed to contact such persons and explain that since precinct quotas are based on the taxable property in a precinct, each land owner is responsible for his proportionate share, if all quotas are to be raised.

These people enjoy the benefits of our county government and other agencies and organizations within our county by having an investment in Boone County, and it is felt that if this matter is presented properly, quite an increase in subscriptions may be obtained, which our county has been losing in past drives.

Special emphasis is being made in this Seventh War Loan Drive on Series E Bonds and a closer canvass of every home must be undertaken than has been made in past drives if we reach our quota of \$180,000,000 in Series E bonds and \$190,000,000 of other bonds. In past drives we have worked toward and "over all" quota but in this Seventh War Loan Drive we are expected to make our quota of \$180,000,000 in E Bonds alone, besides the \$190,000,000 of other bonds. The grand total of \$350,000,000. If any precinct Chairmen have special cases which they desire the services of Mrs. Townsend or Mr. Vest, they should advise either member of the Special Committee at once before these prospects have made their subscription, otherwise the mail drive does not start until May 14th but all subscriptions to Series E, F, G and Tax notes made on and after April 9th will count on the County quota. Precinct quotas will appear in this paper next week, broken down in the amount of each issue a precinct is expected to raise.

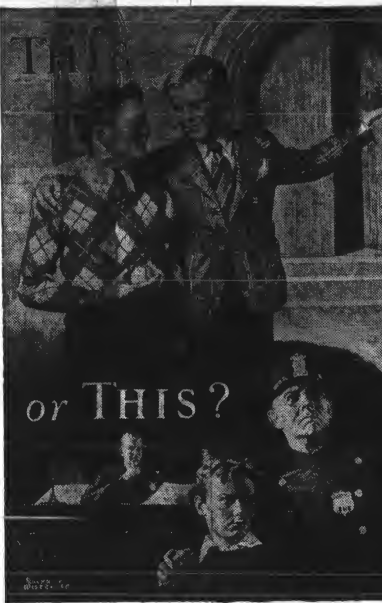

It would appear that our county quota can be raised this time if every one will do his or her duty. We failed to raise our county quota in the Sixth War Loan Drive, it must not happen this time. Precinct Chairmen are requested to perfect their precinct organization immediately and begin to take subscriptions for Series E, F, G and Tax notes. Subscriptions for other bonds will be received beginning May 14th and will be dated June 1st with the following maturities: 2 1/2% maturing June 15, 1972, redeemable 1967; 2 1/4% maturing June 15, 1962, redeemable 1959; 1 1/2% maturing December 15, 1950. Non-callable before maturity; 7% maturing June 1, 1946.

Banks will not be permitted to own the 2 1/4% or the 2 1/2% marketable bonds offered in the drive until within ten years of their respective maturity dates. Banks are not permitted to subscribe for any of these bonds except the F, G, 1 1/2% and the 7% in an amount not exceeding 10% of their Time and Savings deposits, and this does not count on the county quota.

sharp, according to H. R. Forkner, County Agent. This is a new date from the original one set. The brush saw gives promise of being a solution to the cheap clearing of thousands of acres of brush land in the county and as an aid to converting this land to profitable pastures. Much interest is being expressed and it is hoped that all interested farmers will attend. The demonstration will be completed by 2:30 p. m.

National Sunday School Week

April 9-15

American children everywhere will stand up and be counted this week, when National Sunday School Week will be observed throughout the country.

This movement is sponsored by the Laymen's National Committee, a non-sectarian, non-profit organization with headquarters at the Vanderbilt Hotel, New York.

The Committee, now entering its sixth year of operation, is putting forth every effort to bring about a revitalization of a sober realization that America was founded on God's man's daily labor and the fruits therefrom.

The purpose in sponsoring National Sunday School Week is to develop a serious acknowledgment that, "As the twig is bent, so the tree inclines", and that every parent owes his child a knowledge of God, whose light always shines for those who seek it.

National Sunday School Week represents an additional annual activity of the Committee, who sponsor National Bible Week, the third Monday in October each year.

The above program in color is obtainable at Chambers of Commerce throughout the country, or at the offices of the Laymen's National Committee.

PRODUCERS URGED HOMEMAKERS WILL TO FILE RECEIPTS COLLECT CLOTHING

FOR JANUARY FEBRUARY AND MARCH—CLOSING DATE SET MAY 31, 1945, ACCORDING TO REPORTS.

Producers of whole milk and butterfat are urged to file their sales receipts for January, February and March as soon as final receipts for March have been received. The closing date for accepting these receipts is May 31, 1945.

The rate of pay for the January, February, and March period will be 70¢ per hundredweight for whole milk and 11¢ per pound for butterfat, or its equivalent.

The payment periods will continue to be on a three months basis instead of two months as it was in 1944.

Plans for continuation of the Dairy Production Payment Program beyond June 30th, are necessarily contingent on approval by Congress.

Former Boone Countian Passes Away in Ludlow

George Martin, a retired farmer, and a former Boone Countian, passed away Sunday at the residence of a daughter, Mrs. Linton Denham, 202 Adella St., Ludlow. Mr. Martin, who was 67 years old, had been ill a long time.

He was a member of the Verona Lodge of Mason, and a member of the Council of the Junior Order of United American Mechanics, Ludlow.

Besides the daughter with whom he lives, he is survived by his widow, Mrs. Anna Petty Martin; another daughter, Mrs. Herbert Britton, Cambridge, Ohio; a son, Edgar Martin, Independence; a brother, Grover Martin, Lexington, Ind., and nine grandchildren.

Funeral services were held at 2 p. m. Tuesday at the Beaver Lick Christian Church. Burial was in the church cemetery.

The Catherman funeral home, Ludlow, was in charge of arrangements.

The W. S. C. S. will meet at the Burlington M. E. Church on Wednesday, April 13 at 2:30 p. m.

Poultry Specialist Will Discuss Problems With County Breeders

On Friday, April 13, J. E. Humphrey, poultry specialist from the University of Kentucky, will meet with Boone County poultry flock owners, in four different farm groups to discuss poultry breeding problems. Problems to be discussed at the meeting are B. W. D., Coccidiosis, Bronchitis, and other breeding and management questions.

These meetings will be held in Florence, Rabbit Hash, Constance and Petersburg communities, and the public is invited. The exact place and date of the meetings can be secured from the office of the County Agent, Burlington 412. This is a part of the County "Live-at-Home" program, and all farm flock owners are advised to attend.

LOCAL BOY WITH GEN. PATTON'S ARMY

Mrs. Alberta Dickey received letters from her husband the past week stating that he is now in Germany. Cpl. Dickey has traveled over most of England and into France. While there he saw part of Paris, spent one night in Metz and then on to Luxembourg and Belgium. He has now crossed the Rhine and says the Germans are really on the run. He is with the Third Army under General Patton.

DAMAGE TO FRUIT SEVERE IN PLACES

WHILE OTHER SECTIONS WERE ONLY SLIGHTLY DAMAGED BY HEAVY FROST—FARM CROP IS PREDICTED.

The fruit crop suffered severe damage in some sections of the county and practically no damage in other sections, according to a survey made by the County Agent's office. Grapes, cherries and plums suffered most with certain varieties of apples damaged more than others.

Burlington and Hebron orchards appear to have suffered most with Constance and Taylorsport fruit sections suffering very little damage. Growers point out there are still possibilities for a good crop of apples and a fair crop of peaches if no further damage appears.

Melon Growers Purchase Seed

Watermelon growers of Bellevue and Petersburg bottoms, recently pooled their orders and purchased 60 pounds of special wilt resistant seed from California. The seed arrived on Monday of this week. Sixty pounds of these seed will plant a large number of acres of watermelons. The variety is rated as exceptionally high in quality. Here is hoping we have plenty of good watermelons to eat next August. Boone County seed is rated as the best on the Cincinnati market.

their first (hologed) points and extend at their second and third joints, so that the ends of the toes are pressed upon and grip in standing so as to form powerful propelling levers as the body swings forward upon the toes.
Now, take off your shoes—and look at the bottom of your toes. In every case (there are few exceptions) you will see where the fleshy tissue on the bottom ends of the toes come to a point, from being forced tight together and in many cases the toes themselves lap over one another. This is positive evidence of ill fitted and ill shaped shoes. This continued distortion of toes in many cases leads to bunions, Hammertoes and other toe defects.
Lack of balance will cause you to walk incorrectly, and create strain in other parts of the body, inducing fatigue, pain and more misery, NOT ONLY in the feet, but even in the back of the neck and headaches. Resolve right now to correct this condition.
It costs you nothing for a thorough analysis of your foot problems and difficulties. Remember you can't be HAPPY with UNHAPPY FEET.—Adv.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

PIONEERS OF FAITH

LESSON TEXT—Genesis 12:1, 2; Acts 7:4-7.
GOLDEN TEXT—By faith Abraham, when he was called, obeyed . . . and he went out, not knowing whither he went.—Hebrews 11:8

Bible history is a story of men of faith called and used of God to carry out His purpose in the world. These thrilling accounts of worthwhile lives are to be our special concern during the three months we study the history of Israel and of the Church.

I. A Call and a Covenant (Gen. 12:1, 2).
God was now ready to make known His choice of a man to be the father of His chosen people. He went down into Ur of the Chaldees in the midst of heathen worship, and called out a man who had faith in the true God.

Abraham, "when he was called to go out into a place which he should after receive for an inheritance, obeyed; and he went out, not knowing whither he went" (Heb. 11:8). The Lord called him out from his own land and kindred, to get him away from his heathen forebears and their worship. God wants separated believers in our day, too (read and ponder II Cor. 6:17, 18). That call comes to every believer. To those who are to serve Him, there is a definite call much like Abram's (see Matt. 10:37-39).

With the call came a great covenant, a seven-fold promise given in Genesis 12:3, 3. That covenant God repeatedly renewed with Abraham and his descendants. It has been partially fulfilled, and God has put Himself on record that every bit of it shall be completed. He keeps His promises.

Why did God choose Israel? It was an act of His sovereign grace, not based on their merit or goodness. He had a threefold purpose: (1) That they should be the repository for His truth (the Old Testament) in the earth; (2) that they should be the channel for the coming of the personal Redeemer to the earth; (3) that they should be a national witness to the one true God amid the nations of the earth.

They accomplished two of these, but failed in the last, and are now under God's judgment for that sin and failure.

II. Obedience and Opportunity (Acts 7:4-7).
Abram went out at God's command, even though he knew that it meant suffering and trial, being obedient without question or hesitation. Bible history reveals that God delights to do mighty things for those who give Him unquestioning obedience.

God did great things for Abraham, as yet he had many lives to see the fulfillment of the promise. He knew it was to be so, realizing that God's plan was to be carried out in the children which he did not yet have (Gen. 15:1-11).

Here is a lesson for us. Our faith today, and the measure in which we apprehend the grace of God for life and service, will bless not only us, but our children (Ps. 103:17). For their sakes we ought to seek to increase the spiritual heritage of our families. Certainly we should do nothing to blight their lives (Exod. 34:7).

One may not be able to boast of the greatness and fitness of one's ancestors, but one can be determined by the grace of God to be a good ancestor.

Observe that Abraham's obedience opened up the whole history of blessing and usefulness to the entire nation of Israel, a history not yet concluded by any means. Think what opportunity he might have destroyed by disobedience.

III. A Family and Its Faith (Acts 7:12-17).

Stephen, a portion of whose address of defense before the council is here before us, reviews the history of God's dealings with Israel. Tracing the line down through Abraham, Isaac, Jacob and Joseph, he recalls how God provided a haven of plenty for them in Egypt until they were brought up into the possession of their inheritance—the land of Palestine.

Lack of space forbids the review of the lives of these pioneers of faith. The study would be most illuminating, for it repeatedly throws into sharp contrast the awful failures of these men when they forgot God, and the mighty victories they gained when they believed Him.

In spite of their failures they were essentially men of faith, for God has counted them worthy of a place in that remarkable list of heroes of faith found in Hebrews 11 (see vv. 17-22).

The days in which we live are not pioneer days in the usual sense, but they are days when God is calling for new pioneers of faith to serve Him in a befuddled and bruised world. There are stirring days ahead for the Church of Christ if we as Christians will, like Abraham, hear the call of God and go out in loving obedience to Him.

Check Your Canner

Now is the time to check your pressure canner to make sure it is in good condition for the approaching canning season, warns Mary Louise Townsend, War Food Assistant for Boone County.

If any parts need to be repaired they should be sent to the factory at once to avoid the last minute rush, and to insure their being returned before they are needed.

A Master gauge to use in testing gauges on pressure canners has been ordered by Boone County. It should be in the office of Miss Mary Hood Gillaspie, Home Demonstration Agent, this week, and anyone desiring to use it may do so.

Loosen the gauge on your canner before bringing it in, but be sure to bring the whole top, so that other parts may be checked.

WOULD INCREASE FARM EFFICIENCY

Caldwell County Agent J. F. Graham says farm efficiency could be increased by (1) balancing livestock numbers and feed production, (2) balancing rations fed to livestock, (3) using larger quantities of fertilizer, and (4) more intelligent use of labor and equipment.

GRANT TRUE BLUE 4-H CLUB

The meeting was called to order by Lyle Miller, president, on February 26, 1945. We talked about the projects we were taking. More captains were elected. We sang "America" and said our club pledge. The secretary read the minutes of the last meeting and the roll call. Mr. Robertson gave us a talk on "Paying Attention" and "Good

Posture." Mr. Forkner told the club that we had a good start and was expecting a good report at the end of the year. Miss Mary Hood Gillespie was absent from this meeting due to illness, but we hope she can be at our next meeting. The meeting was then adjourned.

HE SPONSORS LISTENING PLEASURE

Combining top radio talent with product appeal...

JOE EATON... Commercial Manager of WHAS, is the listener's liaison officer between talent and the sponsors. This job demands a broad knowledge of radio... plus rare diplomatic form. Born in Omaha, Nebraska, he completed his schooling there, to enter the theater. The stage was set for World War I, and Eaton was soon cast in the role of U. S. Navy man.

Joe made a dramatic entrance into radio in 1922, after the war, bringing before the early-day mike his talents as a singer and trouper. It was an American Legion Convention in 1929 that brought him to Louisville, where he met executives and staff of WHAS. He has been with us ever since.

Moving forward in practical fashion, Joe Eaton scored outstanding success as an announcer with WHAS and is well remembered by listening audiences. After the memorable public service performance of radio during the flood of 1937, he was made Program Manager.

Still bearing the stamp of a successful leading man, Eaton looks back over radio's growth to see many changes. He regrets that mass production of sponsored shows has in many instances directed regional talent away from smaller stations. The electrical transcription may have the uniformity that sponsors desire... but it lacks the variety that regional talent offers.

Joe's prime interest is his twelve-year-old son... but his hobby is listening to radio... critically.

Tell Joe when you like a show, and he will tell the sponsors.

WHAS

DON'T MISS LITTLE BROTHER,
a very original story of an orphan boy. He tells his own story from earliest recollections till past twenty. After happy home life with a

kind elder brother he is suddenly and rudely thrown upon his own resources, becomes a homeless wanderer and goes thru experiences that would have driven most boys to a life of crime. Here is the first chapter.

I remember that I called her Mom, and that every night she tucked me in bed and kissed me fondly. Always there was that heavenly smile, still—tendered in memory—always until—I shall never forget that dreadful night when there was a look in her eyes that I could not define, only knew that it terrified me. And that night I cried myself to sleep.

After that it was Jack; Jack with red, swollen eyes, who tucked me in bed; his tears falling on my face as he kissed me good night. And night after night I cried myself to sleep.

Then there was the day when the front yard and "front room" were filled with people; strangely solemn-looking people. They took but little notice of me, and, timid child that I was, I did not resent that. But the manner of all made me feel lonely and disconsolate.

"Poor child," said one woman. "Of course he does not realize his loss; he is far too young for that, and perhaps that is the reason he doesn't cry." Another and another would look at me in an inscrutable way, and say, "Poor little fellow, or something similar. But I have no remembrance that I was anywise benefitted by such remarks.

Next my curiosity was aroused by the sound of a solemn voice in the house, and I resolved to draw near-

er the speaker. I could not endure the thought of trying to make my way thru that terrifying crowd to the front entrance. The men and women were as giants to me, and I feared they would smother me or trample me to death. Not that I could have expressed it that way then. So I went to the back yard and up the porch steps, thru the "back room" and the "middle room" to the rear door of the "front room," which door stood ajar.

I was relieved to find that all the people in the room save one had their backs toward me. And that one, a solemn-looking man, wearing a long black coat, was not looking at me. Instead his eyes appeared to be fixed upon a long, strange-looking box. But I looked at the man, and in the looking my timidity was in some measure overcome for the time. His countenance fascinated me, for his expression the serious appeared to be kind, and even then I felt that he might be my friend.

Very little that he said was intelligible to me, but I did catch the words, God, Jesus, angels; words I had often heard Mom use. One other word he used somehow greatly impressed me; but had I not heard it frequently thereafter I could not recall it. That word was resurrection.

The discourse by the man in black being finished, there was an outburst of weeping that startled me. And I, overwhelmed by the sense of an indefinable but dreadful loss, could not find relief in tears; not then.

The long brown box was carried out of the house, placed in a strange-looking vehicle and borne away. The house and yard were soon cleared of people, and some riding away in buggies and carriages, some walking. Only Jack remained with me. Much as I disliked a crowd, so many leaving increased my loneliness, and I half wished to follow them, but dared not mention this to Jack.

After the crowd had left, Jack, too burst into hysterical weeping. I gazed at him with mingled pity and dread. Then unexpected tears flooded my eyes and streaming

down my face surprised but greatly relieved me. Jack, after an evident struggle, gained the mastery of himself, and dried his tears. Then taking me in his arms, he held me close to him, and implored me not to cry.

I had not been in the number that walked around the brown box. I could not even have guessed that Mom would never again kiss me good night.

Again that night it was Jack who put me to bed. He looked very sad, but he did not cry. And as he did not I it seemed could not. But I felt as sad as he looked, and however much I loved him, I still longed for Mom's comforting kisses.

In my childish way I tried to reason things out. The last time I had seen Mom, she was walking the pathway leading to the home of a neighbor she often visited. This time she was surely making a more prolonged visit than ever before.

On the following morning while strolling about the house I found Mom's shoes; the shoes I had last seen her wear. "Why didn't Mom take her shoes with her?" I asked Jack.

"She didn't need 'em then this time," he answered chokingly as he wiped his eyes.

Entire Nation Mourns Death Of Franklin D. Roosevelt; Vast Tasks Face Truman

AS THE guns of America's fighting forces sounded ever closer the doom of Nazi Germany and Imperial Japan, Franklin Delano Roosevelt died in Warm Springs, Georgia, where he had been resting for 10 days.

Death resulted from a cerebral hemorrhage at 4:35 p. m. on April 12. Mr. Roosevelt was 63. He had been President for 12 years, one month and nine days. The White House was announced as the site of the funeral, with interment at the family estate at Hyde Park, N. Y.

Less than four months had elapsed since he had taken his historic oath of office for a fourth term. Only a few weeks before he had returned from the Yalta conference where in company with Marshal Stalin of Russia and Prime Minister Churchill of Great Britain he had labored to build an enduring peace.

Fate denied Franklin Roosevelt the chance to enjoy the fruits of victory over the Axis. Yet history seemed destined to enshrine him as one of the immortal American Presidents. And every citizen who mourned the untimely passing of the Commander-in-Chief felt that he was a casualty of the war just as every G. I., Marine and Sailor who had fallen in battle.

Never before had an American President died in wartime. Abraham Lincoln fell during the war with the Confederacy. His death followed the surrender of General Lee's army at Appomattox in 1865. Woodrow Wilson lived to see victory over Germany in World War I, but he fought a losing battle for the League of Nations and died early in 1918, a defeated leader. Many historians believe Lincoln's greatness might have been dimmed in the conflicts over reconstruction that followed the War Between the States, just as Wilson's prestige was lost in the conflict over the league that followed World War I. Thus Franklin Roosevelt, dying at the height of his career just as victory was to be achieved over Germany, seemed likely to live in history as a great man.

As the American people from Main Street to Riverside Drive mourned the death of Franklin Roosevelt, they went up for his successor, Harry S. Truman. For on the shoulders of this slight, gray, 60-year-old Missourian had been laid a responsibility such as no American President had ever borne.

What the consequences of the President's death would be to the United States and the world, time alone would tell. But as Americans recovered from their first shock at the news, they quickly determined two things. The war must be prosecuted to its speedy and victorious finish as possible. Lasting peace must be established.

And so, regardless of party or of past political differences, the people have rallied behind Mr. Truman. The new President faces the immediate task of directing American participation in the United Nations' blueprints for a permanent world organization. He likewise faces the responsibility of establishing working relations with other members of the Big Three, so that the personal cooperation which existed between Franklin D. Roosevelt, Josef Stalin and Winston Churchill in leading the Allies toward victory

HARRY S. TRUMAN
33rd PRESIDENT OF U. S.

may be maintained in helping win the peace. He faces the long-range job of guiding the nation to postwar economic prosperity once Nazi Germany and Japan are finally defeated.

Known as a plain, modest man who has not dramatized himself personally, President Truman nevertheless has demonstrated on many occasions that he can be a leader of force and determination. His work as chairman of the Truman committee in the U. S. senate investigating the conduct of the war is cited as an example of this. And his conduct of the Vice Presidency has shown that he can work successfully with political leaders of both parties in getting needed measures passed and in reconciling opposing points of view.

The 33rd President was born in Lamar, Mo., May 8, 1894, although the home of the family for four generations had been on a farm near Independence, Mo.

Served in World War I. When World War I broke out, Truman became captain of Battery D in the field artillery of the 35th Division and saw action at St. Mihiel and in the Meuse-Argonne offensive.

Back in Independence, Truman and a war buddy opened a haberdashery business. He married his boyhood sweetheart, Bess Wallace, and they have one daughter, Mary Margaret.

Truman later turned to politics for a career, which started with his election as County Judge of Jackson county. In 1926 he became the presiding judge of Jackson county, with the endorsement of Tom Pendergast, political boss of Kansas City. He studied law at night and supervised the construction of a great highway system.

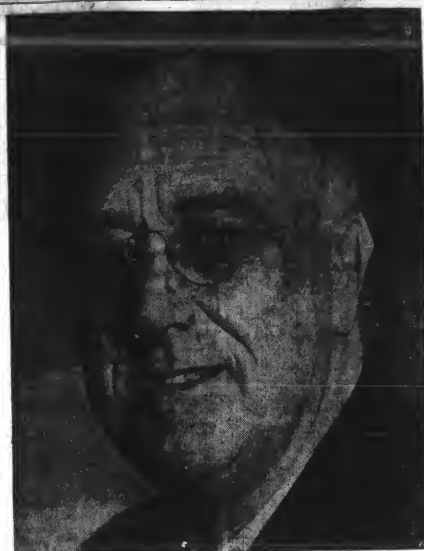

Louisa Frances Delph
Louisa Frances Delph, 81, passed away at her home on Woolper Creek Monday night after a prolonged illness.

She is survived by one brother, Arthur Delph with whom she made her home. She was a member of the Bullittsburg Baptist Church.

Funeral services were conducted Wednesday morning at 10:30 a. m. at the I. O. O. F. Cemetery, Burlington by Rev. Roy A. Johnson.

Chambers and Grubbs, Walton funeral directors were in charge of arrangements.

Tuberculosis Association Will Hold Meeting Tues.

RED CROSS FINAL REPORT FOR CONSTRUCTION

SHOWS CONTRIBUTIONS OF \$8,435.77 ON A QUOTA OF \$6,800.00—BOONE COUNTY SHOWS FINE SPIRIT OF GENEROSITY.

Final reports from the precincts have been received by Chairman Irvin Rouse, showing that Boone County has raised a total of \$8,435.77 on a quota of \$6,800.00 in the Red Cross War Fund Drive.

This shows the splendid spirit and generosity of Boone County people, and chairman Rouse expressed his thanks to everyone who helped in any way.

Precincts, chairmen and quotas follow: Beaver, Mrs. R. L. Green, \$498.14; Bellevue, Miss Kathryn W. Whitaker, \$314.75; Burlington, Mrs. J. G. Smith, \$1,033.54; Carlton, Mrs. John Ryle, \$272.25; Constance, Mrs. George Kottmyer, \$443.40; Florence, Mrs. Louis Houston, \$1,552.85; Hamilton, Mrs. J. C. Acree, \$25.00; Hebron, Mrs. J. C. Aylor, \$595.87; Petersburg, Mrs. Albert Stephens, \$498.00; Union, Mrs. Joseph Huey, \$635.00; Verona, Mrs. Grover Bansom, \$410.00; Walton, Mrs. Helen Jones, \$1,326.52; Richmond, Mrs. Grace Abdon, \$241.65.

Boone County has answered the call, and has kept the Red Cross at the side of each of its service men.

JURY GIVES ZITT 21-YEAR TERM

IN STATE PENITENTIARY FOLLOWING TRIAL IN BOONE CIRCUIT COURT—TRIAL OF GRAY HELD WEDNESDAY.

Norbert Zitt, 27, of Cincinnati, one of two men charged with the holdup of Rainbow Tourist Home, Florence, received a 21-year prison term Friday following trial in the Boone Circuit Court.

Albert R. Gray, 22, also of Cincinnati, and who was indicted on two charges of armed robbery in connection with the holdup of a Florence tourist goes to trial Wednesday morning at 10 a. m. to press.

Commonwealth Attorney Raymond L. Vincent, who successfully prosecuted Zitt, said he will seek a severe penalty for Gray.

Four witnesses identified Zitt as one of three men who staged the holdup and he was the bandit who placed a gun at the back of W. L. Stegner, proprietor of the tourist home, and order him to hand over his money.

They said also that it was Zitt who stood guard with a gun while seven patrons on the first floor of the home were ordered into a four-by-six-foot ice box and its door locked. Upstairs patrons were placed in a linen closet, and witnesses told the jury that Zitt locked that door and took the key with him.

Defense offered by Zitt was that he was the victim of mistaken identity.

William E. Aylor Awarded Purple Heart

With U. S. Forces in France—Private First Class William E. Aylor, 32, husband of Mrs. Marion E. Aylor, of Taylorsport, Kentucky, has been awarded the Purple Heart for wounds received in action on the Western Front.

Pfc. Aylor was hit by shrapnel on February 1, 1945, while serving with the Infantry near Aldorf, Germany.

The decoration was presented by Lieutenant Colonel L. A. Alley, Commanding Officer of the U. S. Army's 200 General Hospital in France.

Edward Newman
Funeral services were held Friday at 2:30 p. m. from the Florence Baptist Church for Edward Newman, retired farmer, who died Wednesday at his residence on Shelby Street, Florence. Burial was in Hopeful Cemetery.

Mr. Newman was a native of Boone County.

He is survived by his widow, Mrs. Pearl Newman and several nieces and nephews. He was a member of the Florence Baptist Church.

Phillip Tallaferro, Erlanger funeral director, was in charge of arrangements.

PRECINCT QUOTAS LISTED FOR COUNTY

WAR LOAN DRIVE STARTS MAY 14TH AND CLOSES JUNE 30TH, ACCORDING TO CHAIRMAN A. B. RENAKER.

The quota for each precinct in Boone County, broken down in amount of Series E and other bonds in the Seventh War Loan Drive is as follows:

Beaver—Series E quota, \$6,438.14, other quota \$7,445.28, total quota \$14,083.42.

Bellevue—Series E quota, \$5,680.93, other quota \$6,746.11, total quota \$12,427.04.

Bullittsville and Hebron—Series E quota \$13,215.78, other quota \$15,093.74, total quota \$28,309.52.

Burlington—Series E quota \$21,985.42, other quota \$26,107.68, total quota \$48,093.10.

Carlton—Series E quota \$5,522.07, other quota \$6,567.46, total quota \$12,079.53.

Constance—Series E quota \$7,257.43, other quota \$8,618.20, total quota \$15,875.63.

Florence—Series E quota, \$32,108.60, other quota \$38,129.33, total quota \$70,237.93.

Hamilton—Series E quota \$4,854.87, other quota \$5,764.93, total quota \$10,619.80.

Petersburg—Series E quota, \$8,278.21, other quota \$9,830.36, total quota \$18,108.57.

Union—Series E quota \$15,925.43, other quota \$18,436.44, total quota \$34,361.87.

Verona—Series E quota, \$7,593.78, other quota \$9,017.59, total quota \$16,611.35.

Walton—Series E quota \$31,539.26, other quota \$37,452.88, total quota \$68,992.14.

No precinct can be credited with having reached its quota unless the full quota of Series E bonds has been sold. The actual money received in the sale of bonds is the amount credited and not the par value of bonds sold. Banks are requested to bear this in mind and report the actual money received on subscriptions and not the par value of bonds sold.

The drive starts May 14th and ends June 30th but all subscriptions for Series E, F, G and tax notes made on and after April 9th are counted in the drive.

Some banks in the county have already reported unofficially on subscriptions in E and G bonds since April 9th. Any subscription to Series E, F and G made during the month of April will be dated and bear interest from the first day of April, and count in the drive. Make your subscription early and take advantage of the full month of April.

Burlington Soldier Wins Combat Commission

With the Fifth Army, Italy—Albert W. Mullins of Burlington, Ky., recently was awarded a combat commission as second lieutenant. Heretofore a first sergeant, Mullins has been serving on the Fifth Army front in Italy as a member of the 36th "Spearhead" Regiment, 88th "Blue Devil" Division.

In recommending the commission Colonel Franklin P. Miller of Carmel, California, Mullins' regimental commander, praised "the exceptionally fine leadership ability displayed by Mullins and said that 'by his tireless efforts and absolute fearlessness, he has earned the respect and confidence of all the officers and men of his organization.'"

On at least two occasions under enemy fire, Mullins performed duties of officers who became casualties. While on a reconnaissance mission as an acting officer, Mullins was wounded by enemy shrapnel. He was evacuated to a hospital but returned to duty within the month.

Mullins has been awarded the Combat Infantryman Badge, the Good Conduct Medal, the European Theater Ribbon with a battle star, the Purple Heart and the American Defense Ribbon.

His wife, Jewel, lives at 420 North Street in Lancaster, South Carolina.

Major General Paul W. Kendall commands the 88th Division.

LABOR CRITICAL FARM PROBLEM

SURVEY OF FARM MACHINERY AVAILABLE HAS BEEN MADE BY WILL SMITH, FARM LABOR ASSISTANT.

Farm labor is the most critical farm production item in 1945, according to the County Agent's office. Available farm labor is practically non-existent. The late plowing season is adding to the seriousness of the situation.

Neighbor cooperation on major jobs, especially in the exchange of power machinery and the full use of power custom machinery may yet save the day in getting land prepared and this year's crop planted. A survey of power machinery for plowing, harrowing, planting, and sheep shearing has been made by Will Smith, Farm Labor Assistant. Farmers who will need this service are urged to notify the County Office at the earliest possible date. War food and return from the farm are dependent on one factor, "production for market." Failure to produce will hurt both the nation and the farmer.

There are several critical needs for day and month help. Everyone who knows of available help should notify the County Agent's office immediately. Those who are already employed will not be considered. Good active high school youths could fill some of the present requests.

Enjoying Furlough

Sgt. James W. (Pete) Carpenter, son of Mrs. Lucy E. Carpenter, of Walton, has arrived home on a 30-day furlough, after spending 20 months in the South Pacific. He reports at a hospital in North Carolina for treatment.

Sgt. Carpenter is a signal corpsman. He took his training at Ft. Monmouth, N. J., and Camp Crowder, Missouri. He was then sent to India, from there to Burma and was with Merrill's Marauders. His division were awarded the Presidential citation.

Mrs. Longenia Brunner

Funeral services were held at 2:30 p. m. Tuesday at the Phillip Tallaferro funeral home, Erlanger, for Mrs. Longenia Brunner, 70, who died Sunday at her home on Erlanger road, Route 4, after an illness. Burial was in Constance Cemetery.

Mrs. Brunner was a member of the Bullittsville Christian Church. She is survived by her husband, George Brunner and several nieces and nephews.

Phillip Tallaferro was in charge of funeral arrangements.

BODY OF WOMAN FOUND IN RIVER

AT CONSTANCE FRIDAY—HAD BEEN MISSING SINCE MARCH 27—NO MARKS OF VIOLENCE FOUND ON BODY.

The body of a woman found in the Ohio River late Friday near Constance, was identified Saturday at the Catherine funeral home, Ludlow, as that of Mrs. Freda Moore, 35, 2136 Eastern Avenue, Cincinnati. Identification was made by her husband, Clarence Moore.

Moore said his wife had been missing since March 27 when they were staying at the home of relatives at 510 Lock St., Cincinnati. They had been there, he said, because of flood conditions at their own home.

Joel Pemo discovered the body when he was rowing home from work in Cincinnati. Edgar Graves, Boone County Coroner was notified. He stated there were no marks of violence on the body. The body had been in the water approximately three weeks.

REMEMBER WHEN

—Ice cream socials were a popular way of raising money for a good cause? Each family donated a freezer of cream and a cake or two. You were served at tables on the lawn decorated by Japanese lanterns. The event was always a success because nobody counter- their calories, and that homemade ice cream was the best you ever tasted. THE FOUNDING OF THE NATION

LESSON TEXT—Exodus 18:1-12:4.
GOLDEN TEXT—Righteousness exalteth a nation; but sin is a reproach to any people.—Proverbs 14:34.

God has a purpose for the lives of men and of nations. Happy are those who seek His guidance so that their lives may be directed in right and useful channels.

God's threefold purpose for Israel, which we noted in our lesson of last week, could only be worked out in a nation which was separated unto Him, following holiness in its life and service.

Moses, one of the greatest and most able figures of all history, was God's appointed leader. His success is explained by his willingness to follow God's leading. He sought:

I. God's Counsel (18:10).

Jethro, the father-in-law of Moses, having observed how he was burdened constantly by the affairs of the people, came to offer him advice. He started in the right place, by urging Moses to continue to seek God, yes, to spend even more time in the Lord's presence, asking His wisdom and guidance.

No man can lead a people in the right way if he does not have his own life in constant touch with the throne of God. Much of the failure of all men is due to this. We talk much to other men about our national and international problems. There are multiplied meetings and conferences. They do have value, but very little unless there is a seeking of God's will.

A day of national repentance and prayer would do more for us than many weeks of discussion and debate. We need to seek God's counsel.

Note that the coming of Moses to God concerned the daily affairs of his people. That reminds us that not only the life of our nation, but that of our own homes—and our personal beings—all need God's counsel.

To aid Moses in administering the affairs of the nation, Jethro recommended the appointment of men who were to serve as:

II. God's Counselors (18:24-28).

There has been not a little criticism of Moses for accepting this advice. It is pointed out that when God puts heavy burdens on us, the way out is not to shift the load on someone else, but to seek God's special grace to bear it and to do it acceptably.

There is value in such an interpretation; but when one considers the devout and careful approach of Jethro to the matter (Ex. 18:2) and his evident desire to glorify God in it all, there is ground for believing that he was giving Moses good advice.

The great unorganized host of possibly two million people were going through a very difficult experience. The result was dissension and strife, often over trivial things, which needed to be settled. For all this to come to Moses seemed undesirable; therefore other men were chosen to be counselors to the people, interpreting for them the law and the will of God.

While each of us should carry every God-given responsibility with gladness, that does not mean that we are to assume that only we are able to do things. There is no more tragic figure than the pastor or church officer who tries to do everything. Why not put others to work? How can our young people and new converts ever find a place of service if older Christians hold on to every job in the church? Let us train them; then trust them with real responsibility. Counsel, encourage, pray, direct if need be, but do not try to do it all yourself!

Now we come to the solemn and crucial moment when God was ready to establish His people and they were ready to accept:

III. God's Covenant (19:3-8).

In the sacred and awe-inspiring meeting place before Mount Sinai, where the Lord was to give them His law (Exod. 20), they made a solemn covenant with God.

In preparation for it He reminded them of what He had done for them in the past. God is the unchanging One. If He was tender and gracious toward them in the past, they could enter the future confident of His blessing. And so may we!

Note verses 5 and 6, for they give us God's great purpose for Israel. All they had to do was to obey His voice by keeping His covenant. This, they, in solemn assembly, agreed to do (v. 8). How different their history—and that of the world—would have been had they kept their promise.

We lament their failure, but what about us who are so highly favored that we have Christ in our midst? Are we obedient?

Following the making of the covenant (which God will one day fulfill in spite of their failure), we have the giving of the Ten Commandments, and the establishment of Israel's center of worship in the tabernacle. It was the dwelling place of God among His people. How precious!

We have a purpose for the lives of men and of nations. Happy are those who seek His guidance so that their lives may be directed in right and useful channels.

BIG BONE W. M. S.
The regular monthly meeting of the Big Bone W. M. S. was held at the church on April 12 with seven members and three visitors present. We had the pleasure of enrolling a new member, Mrs. Emily Conley. After a social morning and a fine lunch, our meeting began by singing "Lead On, O King Eternal" and "Send The Light."

An inspiring devotional and prayer were rendered by Bro. Hogan. Our watchwords were repeated and Mrs. Huff began the program on "Facing Our Opportunities Through the Cooperative Program." Others taking part were:

Mrs. Jim Aylor, Mrs. Wm. W. Aylor and Mrs. Wharton. Mrs. Conley led the society in prayer.

A special song "Wonderful Words of Life" was rendered by Marie Hogan and Jane Aylor.

After a short business session and roll call, we were dismissed in prayer for our shut-ins by Mrs. Huff.

So the city folks have done it!
Well, watch our speed!

WORD comes from Washington that the fat-salvage problem has got to be licked in the small cities, the towns and on the farms.

We women have to save enough used fats in our kitchens to help make munitions, medicines, fabrics, soap for military and civilian use, and many other essentials.

The job, to date, has been done largely by city people, because arrangements for collecting the fats were made in the cities first. Now we're called on. And will we meet our goal? Just watch our speed!

HOW TO DO IT: Scrape broiler and roasting pans, skim soups and gravies. Melt down meat trimmings and table scraps. Add the liquid fat to your salvage can. Take the can to your butcher when full. He will give you two red points, and up to four cents for every pound. If you have any difficulty, call your County Agent. This message has been approved by WFA and OPA and paid for by Industry.

100,000,000 More Pounds of Used Fats Are Needed This Year!

Early cancer can be cured. If this knowledge had been brought home more forcefully to the citizens of Boone County, cancer would probably not have headed the list as cause of death the past year in our county.

WITH OUR BOYS IN SERVICE

Following is the address of one of our boys stationed overseas: Pfc. Clarence Merrell, 35468790, Battery B, 411 AAA, Gun Bn., APO 403, care Postmaster, New York, N. Y.

Another address is that of Pvt. William H. Merrell, Troop B, 83rd Cav. Ron. Sq. (Mech), APO 263, care Postmaster, New York, N. Y.

We are in receipt of the following letter from Lt. James L. Aylor, stationed somewhere in Germany:

"Well, today I was rewarded after a lot of wishing. I finally ran into a fellow with whom I could talk 'Boone County.' It was Dr. (Capt.) Coe, who used to throw pills down in Boone County.

He exchanged news and word about home and fellows in the service.

"He is still the same old 'Doc' and his sense of humor is still sharp as ever. He is in a Field Hospital in support of a certain Infantry Division over here. It's no need to tell you he is busy—ever see a doctor that wasn't?

"I told him I would probably be writing you and he said to tell all the Boone County people hello for him and he hoped it wouldn't be too long till he would have the privilege of visiting them. There are plenty of other servicemen wishing the same thing, including myself.

"I hope over-optimism doesn't sweep the States again as it did once before. Anyone who thinks the fight is all out of the Jerries should try a couple of days over here in the Infantry in a foxhole. They might learn that Jerry's artillery and bullets aren't shot in fun. He isn't that happy to have us in Germany.

"Hope the bad weather soon breaks for you all. I hear it has been pretty rough.

"My best regards to everyone and to the fellows in the Service a special 'Good Luck.'"

The following letter was received by Mr. and Mrs. William H. Presser from their son Pfc. Wm. R. Presser, stationed overseas:

"In this letter I have copied an article that appeared in the Stars and Stripes. I did not get a paper for you as there were not enough for us all. The article follows:

The 916th Field Artillery Battalion, the first 91st Infantry Division artillery unit to send shells against the enemy, has fired more than 184,000 rounds of 105mm ammunition in 173 combat days.

"Coming into the line just after the Anzio breakthrough, the battalion participated in the drive through Rome to the Arno River, after helping to crack the Gothic Line fortifications. It was one of the first artillery outfits to move through Futa Pass. It winched its guns in and out of positions along Highway 65 and in the bloody fight for Livorno was a 916th special artillery problems, its fires were important in the capture—and then the recapture of the mountain village.

"During this fighting its 'indestructible' commander, Lt. Col. James S. Shaw of St. Louis, Mo., had one command post literally blown from under him, and others shattered by bombs and shell fire. The battalion is proud of the fact that it works close in support of its regiment, the 361st, and close enough to receive rounds from short range German mortars. Decorations conferred upon men of the battalion include 10 Silver Stars, one Soldier's Medal, 45 Bronze Stars, 60 Purple Hearts, and 10 Air Medals.

Initiated June 3

"The 916th took its first combat position near Viellari on June 3, and soon afterwards fired its first mission. Jerries digging into the Alban Hills were left lying in the holes they had dug for themselves. Moving forward along Highway 7 Infantrymen riding with them on their trucks, the battalion passed through Rome on June 5.

"Often during the 91st Division's race to the Arno, the 916th formed its own forward elements as near a part of line infantry as an artillery unit can become—only to find itself nearly out of range a few hours later. It fired four separate positions in a single day during this period.

"Just east of Grosseto on the pitch black night of June 18, darkness impeded the rapidly advancing 361st Infantry. Suddenly a tremendous blast of flame lighted the entire countryside. The 916th had made a direct hit on a Kraut gasoline dump. Firing rounds into it through the night, the 916th kept the area well lighted for the doughboys.

"As well as being lamp lighters, the battalion holds the distinction of being one of the few field artillery units to do naval firing. During the fight along the Arno it

bagged four river boats in a single day.

Gothic Line Tough

"Back in the Infantry regiment to the limit as it cut through the rugged Apennines, the battalion had its toughest fight at the Gothic Line. Ahead of most artillery units, it threw up to 4,400 rounds a day at the steel and concrete fortifications, in spite of heavy enemy mortar and artillery fire. Under the increasing pressure of such tremendous fires—that part of the enemy line cracked—and gave away.

"Working against unfavorable weather conditions, and increasingly stubborn enemy resistance, the 916th fought through Futa Pass and participated in the division's capture of the towns of Pietramala, Monghidoro, and Lolanò, beating them down to rubble, and ringing them with artillery fire against counter attack. At Livorno there was a bloody, seven-day battle with the Infantry finally broken driven from the town. Only after heavy fires by the 916th on the flanking hills and on the town itself, did they effect its recapture.

"During its 173 days of combat the 916th has fired in support of elements of the 36th, 34th and 1st Armored Divisions, but it is an integral part of the 91st Division."

Try A Want Ad—They Sell

County's Waste Paper Into "Suits Of Armor"

Residents of Boone County can supply enough waste paper for 36,000 "suits of armor" for 105 mm. shells, if they will buckle down and save an average of 10 pounds of newspapers, wrapping paper and boxes a month. The 105's are the big ones that have been helping American forces in their advance toward Berlin and Tokyo.

Last year Americans saved 104½ pounds of waste paper per capita, or enough for about 35 containers each for the 105 mm. shells.

For each ammunition container or "paper suit of armor" used to protect the shells from salt water, dunks, nicks and corrosive dirt, approximately three pounds of waste paper are required, according to W. J. Wardell, vice president of the American Can Company, which is manufacturing millions of the containers. Ammunition container board, one of the principal materials used in making the "suits of armor," is made from mixed paper waste. Another material used is called "tube and can stock," which is made from all types of waste paper.

CARD OF THANKS

We wish to express our sincere thanks to everyone, who assisted in any manner during the illness and death of our beloved husband and father,

J. E. (Bert) Gaines

Especially do we wish to thank Rev. Roy A. Johnson, Dr. M. A. Yelton, Chambers & Grubbs and all donors of flowers. Your kindness will never be forgotten.

SHEEPMEN URGED TO TREAT FLOCKS

PROGRAM CALLS FOR TWO INDIVIDUAL TREATMENTS—RESULTS ARE GOOD FROM PROGRAM LAST YEAR.

Sheepmen are urged to follow the Phenothiazine program for control of stomach worms in 1945, according to H. R. Forkner, County Agent. This program has done the best job toward keeping flocks healthy since internal parasites first became a serious problem. The program is more expensive than former treatments but simpler and more effective.

The program calls for two individual treatments and flock treatment during the warmer weather period when infestation is likely to be greatest.

The outline of the program is as follows:
1. Individual treatment with 1 lb. Phenothiazine to 18 adult sheep or 2 pills of 12½ grams each as soon as the flock is through lambing. Lambs are not treated individually.

2. Flock treatment from May 15 to November 1st with a mixture of 9 parts salt and 1 part Phenothiazine before the flock at all times.

3. Individual treatment (same as No. 1) between November 15th and December 15th.

4. Where tapeworms become a problem, the old Bluestone, Black 2 and 40 solution may need to be used once or twice during the summer.

This program to be effective must be carried out in a whole. Farmers who followed the program last year in whole secured outstanding results. Leaflets and further information is available at the County Agent's office.

RIVER FARMERS TEST SOIL NEEDS

TESTS MADE IN COOPERATION WITH LOCAL SOIL CONSERVATION DISTRICT TO DETERMINE FERTILIZER NEEDS.

Seventeen typical river bottom soils were tested last Thursday for lime, phosphate, and potash needs, according to H. R. Forkner, County Agent. These tests were made in cooperation with the local Soil Conservation District to determine the fertilizer needs for better crop production.

Contrary to common belief, practically every test indicated that more efficient crop production could be secured from the application of lime, phosphate and potash. These tests verify some of the recent experiences of a few farmers in recent years who have used fertilizers for the first time. River bottom land generally is considered the most productive and most fertile land in the county. It is land that can probably be improved easily.

It is expected that river bottom land will grow less corn and cowpeas and more alfalfa and pasture crops after the fertilizer needs are met. The later crops on all except the overflow land are expected to prove more profitable. Additional fertilizer tests will be made during the growing season. The growing crop indicates the plant food deficiencies more accurately than the chemical soil tests.

WITH OUR BOYS IN THE SERVICE

We are in receipt of the following letter from Calvin C. Kelly, 6176 ARM. NAGS Class 19-45, Purcell, Okla.:

"I thought perhaps I had better drop you a few lines in regards to my change of address and new duties. I sincerely appreciate your generosity in sending The Recorder to the boys who unfortunately are unable to receive and read it at home. I realize it takes time and trouble to chase down address and mail the paper to each of us. My new address is included."

"I have completed my eighteen-week course in aviation radio and two weeks of radar operations at Memphis. I have received my Seaman First Class rate for this and have been sent to flexible air gunnery school at Purcell, Okla., for a six weeks' course. Upon completion here I'll be sent to an operations base either at Corpus Christi, Texas or Banana River, Fla., to form in a squadron and receive training overseas or land based patrol duty."

"I would appreciate it if you would publish my new address and ask all of my friends to write." Ed. Note: Calvin's new address will be found at the head of this article.

We are in receipt of the following letter from Pfc. Harold Thomas Rich, somewhere in the Philippines:

"It's been sometime now since I've thanked you for the old Boone County Recorder, but nevertheless, it still arrives and I appreciate and enjoy it a lot."

"I have been in the Philippines now for quite some time. It was pretty tough for a while, but things are well under control now."

"The Philippines are beautiful

when it isn't raining," and that's practically all the time. The people here are very friendly and can speak very good English."

"I hope it won't be too long before all the boys can be home again for good. Although I left not been there since the day I left, I'm hoping I'll get there soon, and do the things we like best, rather than have someone looking you all the time."

"As for what I'm doing now, I can't tell you, although I could tell plenty if I was back there."

"I was wounded on December 9 but not seriously. I am just fine and in the very best of health at the present time. How is everyone back in old Boone County? Tell all my friends, I said 'hello,' and that I hope to see them all this time next year."

"Pete, army life is sure a hard one. When someone tells you they like army life they have told something that is not true. I haven't received any papers that were dated after August 31st. The mail sure is bad, but I hope it gets better before long for I really enjoy getting The Recorder and enjoy reading the news of the home front."

"Well Pete, I have to go now, but

I really appreciate the paper and your effort in getting it to me, and you're doing a good job of it. Thanks a million and keep it coming."

"Well time is short, so tell my friends to write. Thanks again for the paper."

We are in receipt of the following V-mail letter from Sgt. Ralph E. Barlow:

"A few lines tonight to let you know I received The Recorder dated Jan. 12th. First one I have seen since last fall sometime."

"I have been lying here in the hospital reading every word. I told one of my buddies I know nearly every name."

"I am doing just fine, don't think I will be here much longer. I was wounded Nov. 10th in France. I had a broken arm and shoulder, and will just take a long time before I am able to use them."

"Hope everyone in old Boone County is doing fine, and I can be back before very long to see all my friends."

Following their study of landscaping, homemakers in Ohio county improved the appearance of 71 churches, school and cemeteries.

Wilma Huff returned home Monday the past week from a week-end visit with Sarah L. Miller.

Pvt. Alva Wood, Jr., arrived

home last Tuesday morning from Camp Robinson, Ark., for an eleven-day furlough. He will return to Fort Ord, Calif.

Mr. and Mrs. Lute Bradford and son Lucian spent Thursday with John Huff and other relatives at Hamilton.

Lewis Ryle took Dick Readnour to the doctor at Walton Thursday, after being knocked unconscious by a falling limb from a tree. He suffered a severe cut on his head.

BIG PAYMENTS FOR CONTOUR FARMING

County Agent R. O. Johnson says Garrard county farmers could earn approximately \$38,000 under the AAA program, by planting corn and tobacco on the contour. This payment would be in addition to regular farm practice allowances. Also, contour farming probably would increase yields of both tobacco and corn, on many farms.

HE Produces "AIR SHOWS"

The man behind
the scene at
WHAS

JEAN CLOS . . Production Manager of station WHAS, is a Harvard man who studied to become a stock broker, and now supplies a large market of listeners with shares in his carefully executed shows. Directing the workshop of the air, hundreds of undefined details require "Clos" attention. His day begins at nine, but it may, or may not, stop at nine that night, depending upon local issues involved.

Born in New York City, Jean Henri Clos had a wonderful boyhood, traveling about the world with his father, who was correspondent for the London Times. He learned to speak Spanish, in Cuba, before he undertook English . . and has been equally at home in France, England, or Mexico. He doesn't remember Vienna, where his father was stationed before the outbreak of World War I.

Angular as a weathervane, Clos has a well developed nose for changing trends in radio. He may have learned this during his eight years on the New York Stock Exchange . . or the New York Daily News, which he left in 1940 to enter the field of radio, as an announcer. Jean subsequently became, in rapid succession, control operator, newscaster, Special Events Director, Publicity and Program Director. Since joining WHAS in 1943, he has done outstanding work handling every type of show, from religious broadcasts to sports programs, including many from remote points.

RABBIT HASH

Mrs. Anna Ryle celebrated her 80th birthday Saturday, April 14th. Sunday she entertained her children with a lively dinner. We wish for her many more happy birthdays. Other birthdays were Mrs. H. M. Clure and son Cpl. Paul I. Clure overseas and Mrs. Adah West. Thaddeus Ryle has been serving on the jury in Burlington this week. Lee Trapp left this week for service with the U. S. Army. Pvt. Junior Stephens is in Florida. Cpl. Herschel West is in Germany. Guests of Mrs. Wanetta Woods and family Thursday for dinner,

were Mrs. Lizzie Acra, B. W. Clure wife and son and Mrs. Mattie Hodges. J. W. Woods is building a new porch to his house. Roy Acra and family spent Friday in Cincinnati. Robt. Wilson and wife and Mrs. Adah Wilson spent Saturday in Cincinnati. Mrs. Matt Hodges took dinner with Mrs. Pauline Louden and husband, Friday. There was a large load of horses went down the river last week. Mr. and Mrs. Mason Riggs, of Rising Sun, visited Press West and wife, Tuesday. Sunday guests were Alford Wingate, Gene Wingate and wife. Mrs. West returned with Mr.

Wingate to Connersville, Ind., to be at the bedside of her sister, who is in the hospital there. We are glad to report Mrs. Vernon Stephens and small daughter returned home Friday from the hospital. Joe Hodges and wife, of Burlington, visited their children, Mr. and Mrs. Russell Finn over the weekend. The little son of Mr. and Mrs. Wallace Dameron has been named William Dameron. Mrs. Dameron has been quite ill, not improving as rapidly as her friends would like to see her. We are sorry to hear of the death of Zeke Rice of Waterloo. S. B. Ryle and family visited in East Bend over the weekend.

FLORENCE HOMEMAKERS

The next regular meeting of the Florence Homemakers will be held at 10:30 a. m. at the Town Hall on Friday, April 20th. We are planning to beautify our term and to that end we are offering prizes of \$5, \$3 and \$2 for the prettiest yard, specializing in petunias. These prizes are not for Homemakers only, but for every man, woman and child in the town to try to win. Let's make Florence "Petunia Town."

PEOPLE'S SHOE STORE

Ninety-nine out of a hundred babies are born with good feet, even if they do appear to be flat at the start. We say babies are born with flat feet because the bony masses in a new-born baby's feet are held in place by fat pads. As the baby starts to stand and walk, these fatty pads are absorbed and muscles take their place. But about the third year the arch of the foot should be pretty well defined if the child is going to have any arch. We say it, because everyone is not meant to have the same color of hair or eyes.

Perhaps when the child starts to stand he is overweight, or under-nourished or has gone through a serious illness. In that event the muscles may not develop enough to produce an arch in the foot. He then grows with a natural flat foot. The condition is rarely pain-

ful. However, many cases of flat feet can be averted if the child is provided with shoes that hold the weak foot in alignment. Such shoes are usually wedged slightly under the inner border of the heel bone. This prevents tipping in of the ankles and by over correction has a tendency to cause the muscles on the inner border of the leg to shorten. These muscles are the ones which keep the foot arched.—Adv.

FLORENCE HOMEMAKERS

The meeting of the Florence Homemakers on Friday, March 16 was well attended and was graced by the presence of Mrs. Mary Louise Townsend, who was most welcome. As always, the Salute to the Flag and reading of the collect opened the session. We answered to roll call with "a favorite radio program."

The secretary reported an inflated treasury from providing lunch at two sales for which we sincerely thank those who carried the burden of the work. Miss Gillaspie talked of the lessons for next year and slips of paper were handed each woman for her to write any suggestions that might appeal to her. Mrs. Fitzgerald gave the report of the Exterior Beautification program and Mrs. Ossman the "Live-at-Home" program. Mrs. Ann Conner read the "Rocking Chair Tour of the Netherlands East Indies." (This series of articles is one of the most interesting things we have had presented to us and are most thoroughly enjoyed by a all.) A beautiful and bountiful dinner was spread. We certainly have no reason to complain of a shortage of good food for only the meat is conspicuous by its absence.

After dinner Mrs. Townsend re-

minded us how important it is that we save every bit of kitchen fat and waste paper which our government so urgently needs. The lesson on "Curtain and Drapery" was given. Mrs. Fitzgerald had made such extensive preparations of illustrations, and gave the lesson so beautifully that the club was moved to give her a rising vote of thanks at its completion. Mabel G. Sayre, Reporter.

BURLINGTON NO. 3-4-H CLUB
The Burlington No. 3-4-H Club meeting was held on February 27, at 11:00 a. m. at our school. The members present stood and repeated the 4-H pledge which was led by our song leader, Robert Kelly, after which the minutes were read by Helen Louise Johnson who acted as secretary. In the absence of the president, Lillie Mae Alderson presided. Miss Gillaspie had a talk on the girls' projects and Mr. Robertson had a talk on the boys' projects. In three weeks our club will meet on March 19th at 10:00 a. m. Geraldine Kelly, Reporter.

Electricity

...IS AN EXCEPTION
AMONG RISING
LIVING COSTS

Almost alone, electricity has defied the upward sweep of living costs. While other prices have been rising steadily in the last three years, the cost of electricity has remained at pre-war level.

Not only has the cost of electricity stayed down—there has been an ample supply of power for all civilian needs in spite of tremendous war production demands.

"All you need at pre-war prices" is something rare these days, but that's what you get when you buy electric service.

NEW INSECTICIDE NOW AVAILABLE

**CYOLITE WILL TAKE PLACE OF
MANY INSECTICIDES NO
LONGER AVAILABLE DUE TO
THE WAR.**

Cyolite, a new insecticide, may be the garden savior for Boone County this year, according to Mary Louise Townsend, War Food Assistant.

Many of the old familiar preparations are no longer available, due to war, but this newcomer has proved to be a successful substitute for the arsenicals, and deadly to any chewing insect. Gardeners may accept it with full confidence. Cyolite is a by-product of table salt and aluminum, so it is plentiful and cheap. It may be used as a spray when mixed with water, or

as a dust when mixed with flour. Rotenone will be about as plentiful as last year, but should be used sparingly. It is suggested that Cyolite be used on chewing insects so that the Rotenone may be saved for the sucking insects.

Now is the time to secure the bluestone for making Bordeaux. Then you will be prepared to stop all leaf-spot diseases on all vegetables.

Other safeguards against insects are, pull up the stub after a cabbage head is cut, so that it will not form a breeding place for cabbage worms. This also applies to mustard and kale going to seed. If cabbage flies are found on such plants, use tobacco tea or nicotine extract, or rotenone. Dusters and sprayers are on the market now, but supplies are limited. Better check your duster-to-see if you need a new one, or any spare parts. Buy now—next month you may not be able to get what you need.

President's Life Was Characterized By Vigorous Action

Unlike the "log-cabin" presidents, Franklin Delano Roosevelt was not born into poverty. When Franklin arrived at Hyde Park, N. Y., on January 30, 1882, he came into a family that had possessed wealth for many generations. The Roosevelts had been thrifty land-owners in the Hudson valley since the first of the family came over from Holland. On his mother's side also there was a substantial fortune. Among his ancestors were many men who had served the state in various capacities.

Young Franklin attended the very fashionable Groton school, where he prepared for Harvard university. After completing the liberal arts course he entered Columbia U. law school, from which he was graduated in 1907. Two years earlier, however, he married his distant cousin, Anna Eleanor Roosevelt. Eleanor was a niece of Theodore Roosevelt, at that time in the White House.

After two years of legal practice, Franklin entered politics, running on the Democratic ticket for the New York state senate. He unexpectedly defeated a strong Republican candidate. From the beginning of his career he identified himself with reform movements, opposing the powerful Tammany organization in the statehouse. He was re-elected in 1912, by which time he had become a leader of the anti-Tammany faction.

Woodrow Wilson appointed Roosevelt assistant secretary of the navy. When World War I broke out Roosevelt proved himself an efficient administrator, handling billions of dollars' worth of contracts for ships and supplies. He served in this post throughout the war.

Ran for Vice President. In 1920 the Democratic national convention chose him as running mate for James Cox. While campaigning for the vice presidency Roosevelt made many acquaintances valuable in later political life. Cox being defeated, F.D.R. returned to legal practice.

The following year the great tragedy of his life struck him—infantile paralysis. The big, strong young man became a bedridden invalid. For months he lay without ambition, almost without hope. Slowly his powerful will took command, however, and by persistence he partially regained the use of his muscles. It was during his convalescence at Warm Springs, Ga., that he determined to do what he could to eradicate the scourge that heaped its misery on him. The "March of Dimes" campaign was the result.

At the Democratic conventions of 1924 and 1928, he aligned himself with the group supporting Alfred E. Smith, New York's governor. When Smith was nominated in 1928, Roosevelt ran for governor of his state and was elected. At the end of his two-year term he was again elected, this time by the greatest majority ever given to a New York governor.

As governor he continued the reform and improvement policies of his predecessor Smith. His achievements attracted nationwide attention. As the depression that began late in 1929 deepened, his efforts to cool the mounting business failures, unemployment and distress in his state revealed his abilities as a vigorous leader in grave times.

Swept in as President.

When the national convention met in Chicago in 1932 Roosevelt was quickly chosen. He was swept into office by a plurality of seven million votes, carrying 42 states. Both houses went Democratic.

Before he could take office a wave of bank failures threatened the whole economic structure. The famous "F. D. R. Memorandum" order, one of Roosevelt's first official acts, closed all banks until they could be re-organized on a sounder basis, thus preventing disastrous runs. In the spring of 1932 came the repeal of the 18th, or prohibition amendment. Then came the National Industrial Recovery Act, or "NIRA," under which extensive emergency powers were granted to the President. A series of public works were authorized to combat unemployment, together with huge appropriations for direct relief.

The numerous executive and legislative acts of this first term were approved in general as necessary in the face of widespread suffering. A phrase from one of the President's speeches began to be developed into a title for the whole Roosevelt program.

In 1936 the convention in Philadelphia nominated Roosevelt by acclamation on the first ballot. He carried 46 states in the elections. This second term majority was so overwhelming that many New Dealers began to call it a "mandate from the people." During this second term a great number of measures were passed to increase the economic security of the individual, particularly the workers, farmers and small businessmen.

POULTRY OUTLOOK BRIGHT FOR 1945

SAYS J. E. HUMPHREY IN FARM MEETING HELD HERE FRIDAY—FEED SUPPLIES ARE MORE PLENTIFUL

Poultry should return farmers a good profit in 1945, according to Jim Humphrey, poultry specialist from the College. Both poultry meat and eggs are expected to be in good demand and feed supplies are more plentiful than during the last two years.

Four farm meetings were held in the county last Friday in which Humphrey advised with poultrymen on their problems. The disease factor was considered the most important production problem. Clean chicks, clean ground, and clean management were considered the foundation for all disease control work.

Poultrymen who buy chicks from the hatcheries are experiencing difficulty in getting orders filled when wanted. Shortages of good hatching eggs rather than increased demand was stated by local hatcherymen as the chief cause of delay in filling orders. Unfavorable prices of the past two years is reported as having caused farmers to greatly reduce their flocks.

RED CROSS PRAISED BY ROBT. EASTMAN

WHO WAS SERIOUSLY WOUNDED IN GERMANY—NOW IN U. S. ARMY HOSPITAL—AT CLEVELAND, OHIO.

The following letter was written by Robert Eastman, Jr., who suffered severe wounds while fighting with the U. S. Army in Germany:

"Believe it or not, but two days ago I was in Scotland and now I am in Cleveland. It's hard for me to realize that I am back in the States but I guess I'll get used to it after awhile. I imagine you thought that I was back in the U. S. I was supposed to leave England the 29th of March but they couldn't fly because of bad weather. I think I finally left the 3d, and when we got to Scotland there was more bad weather. We left there the 7th and got to New York yesterday morning. You can see how good places in 28 hours by plane. From Scotland we went to the Azores, from there to New Foundland and then New York. I flew from New York to Cleveland in two hours, 40 minutes and here I am. Small world isn't it?"

"When we got to New York we were given choice of either a free telegram or phone call, so since I can't talk I sent Jackie the telegram."

"The Red Cross certainly has been swell to me since I have been wounded. They are just about in every place you go, and always wanting to do something for you. From what I hear they really treat you well here in this Hospital. I've heard a lot of people say the Red Cross don't do anything for the boys, but they are wrong. If they ever go to a Hospital they will change their minds. There isn't much they can do for a man on the front line but they can and do do plenty for us."

Burlington Youth Supplies Ammunition For Troops On Luzon

With the 3th Infantry Division on Luzon—Sgt. James R. Louden, son of Mr. and Mrs. Jessie Louden, of Burlington, Ky., R. 2, and veteran of Bataan campaign serves with the 149th Infantry Regiment of the 38th Division, the unit that battered its way thru the strong positions of the Japs in Zigzag Pass, and now on its mopping-up operations in Zambales Mountains of west central Luzon. Sgt. Louden brings ammunition for the front line troops over the rugged and dangerous mountains of Zambales under enemy sniper fire.

His efficiency has won him the promotion from Private First Class to Sergeant, his present position. In civilian life, Sgt. Louden attended the Burlington School, Burlington, Kentucky and was later employed as a woodworker for the Olin Blahop Co., Lawrenceburg, Indiana.

He has served overseas for more than a year in the Central and Southwest Pacific and is entitled to Asiatic-Pacific and Philippine Liberation Ribbons.

His wife, Mrs. Loraine Louden, resides at 2406 Warren St., Covington, Ky.

TRACTOR OWNERS TO ASSIST IN WORK

RAINY SEASON WILL REDUCE CULTIVATED CROP PLANTINGS THIS YEAR IF COOPERATION IS NOT GIVEN.

GOV. WILLIS CALLS SPECIAL SESSION

TO FACILITATE PASSAGE OF THREE EMERGENCY MEASURES—AIRPORT BILL STARTED ON WAY.

Gov. Simeon S. Willis asked Kentucky legislators in special session Monday night to facilitate passage of three emergency measures, including one to supplement public assistance funds by an estimated \$350,000.

The Governor outlined the urgency of legislation proposed in his special call in a brief talk before a joint session of the House and Senate shortly after the opening of the special session. He pointed out that sufficient unappropriated money was available in the treasury to take care of the proposed supplemental appropriation.

The call includes legislation to enable war veterans under 21 years of age to borrow money under the GI Bill of Rights and to enable Kenton County to complete financing of the Greater Cincinnati Airport in Boone County.

Bills dealing with these subjects were introduced in both the House and Senate with the airport measure receiving first reading in the House.

The administration's version of a public assistance bill, calling for \$350,000, was introduced but was not reported out of committee. First reading of this measure was deferred until the Democrats, who control committees of both branches, have decided the attitude they will adopt in regard to the form of the bill.

A bill to appropriate \$75,000 to cover expenses of the special session was given first reading in the House.

The length of the special session was a subject of discussion, with most legislators expecting the session to extend beyond the minimum five days.

Butter And Cottage Cheese Demonstrations

The public is invited to all butter and cottage cheese making demonstrations being given thru-out the County by Mary Louise Townsend, War Food Conservation Assistant for Boone County.

The newest and easiest methods, advised by the University of Kentucky, will be shown, and an opportunity will be given to have gauges of pressure canners checked for accuracy. This is made possible by the Master Gauge recently bought by the County Homemakers' organization, but the service is available to everyone regardless of whether or not a Homemaker. Bring the entire top of the canner, but have the gauge loosened for easy removal.

These community meetings are sponsored by the Homemakers and the 4-H Clubs for the benefit of all interested persons, adults and older children.

Meetings now scheduled are Burlington, April 28, 2:00 p. m.; Verona, April 27, 2:00 p. m.; Hebron, May 1, 2:30 p. m.; New Haven, May 4, 2:00 p. m.; Florence, May 10, 2:00 p. m. Each meeting is to be held in the school house of the community.

A demonstration also will be given at the next regular meeting of the colored Walton Homemakers' Club, May 18, 8:00 p. m.

Any community not listed, desiring a demonstration, call Mrs. Townsend, Burlington 412.

Sgt. Watts Returns To States For Treatment

Sgt. James Watts, who was seriously wounded December 16th in Germany has been returned to the States and is in the Percy Jones General Hospital, Battle Creek, Mich., where he is recovering.

His address is Sgt. James Watts, Percy Jones General Hospital, Battle Creek, Mich., Ward 17.

PIANO RECITAL

Mrs. Ella Bradford will present her students in a piano recital Friday evening, May 4, 8:30 o'clock at the Burlington Christian Church. The public is cordially invited to attend.

Mrs. George Freeland and Mrs. Myrnon Mills and daughter, of Florence were guests Sunday of their parents, Mr. and Mrs. Thomas Hensley.

Certificate Of Merit Sent Sister Of Tech. Paul Shields

Mrs. Everett Jones received the Certificate of Merit from her brother Technician 5th Grade Paul Shields, Jr., 8th Cavalry Reconnaissance Squadron Mechanized in recognition of conspicuous performance of military duty.

"For outstanding service and devotion to duty as a member of the 87th Cav. Recon. Sqdn. from 10 August 1944 to 25 September 1944, during the epic drive of the 7th Armored Division across France. Signed, R. W. Hasbrouck, Brigadier General, U. S. Army, Commanding 7th Arm'd Div."

Facts upon which to base a unit citation for Troop "B" 87th Cav. Recon. Sqdn. (Mechanized) 7th Armored Division:

On Dec. 17, 1944, the Commanding General, Combat Command (V) 7th Arm'd Div., arrived at St. Vith, Belgium, after being told by the Commanding General—Corps that the situation at St. Vith was serious and that the Division had been badly overrun and needed help.

The situation at St. Vith was found to be critical. The first unit of the 7th Arm'd Div. to arrive was Troop "B" of the 7th Arm'd Div. Troop "B" was in the center of the line dismounted. It received the brunt of many attacks and threw them back each time from 17 December until the night of 21-22 December when the enemy overwhelmed the line to the east of St. Vith, breaking through in three places and cutting off many of the defenders.

Troop "B" went into line on 17 December. On Dec. 21 the troop repulsed two attacks alone killing 200 Germans in so doing. The stand of the 7th Arm'd Div. at St. Vith is reported to have had a tremendously beneficial effect at that critical time. All units of the 7th Arm'd Div. acquitted themselves with great distinction during the defense of St. Vith but none bore more of the brunt of the battle and accomplished more with the means available than "B" Troop.

The gallantry of the unit collection individually and was outstanding.

I recommend it for a citation for its heroic stand at St. Vith. Signed R. W. Hasbrouck, Brigadier General, U. S. Army, Commanding 7th Arm'd Div.

Orville E. Hodges Receives Honorable Discharge, Recently

Pfc. Orville E. Hodges has received an honorable discharge from the U. S. Army, after being wounded in France July 28, 1944.

He was wounded while serving with the First Army, Co. G 28 Inf. He was overseas 11 months.

Pfc. Hodges received the Purple Heart, Good Conduct ribbon, 3 Bronze Stars and a Citation rope. He was discharged from Percy Jones Convalescent Hospital, Fort Custer, Mich.

Florence Man In England

A U. S. Strategic Air Force Station in England—Cpl. Raymond W. Meyer, husband of Mrs. Raymond Meyer of 261 Dixie Highway, Florence, Ky., recently arrived in this war theatre of operations and received a brief orientation course at this station designed to help adjust himself to life in a combat zone.

Cpl. Meyer will soon transfer to his permanent station from which America's fighting planes cover our advance into Germany.

Prior to entering the Army Air Force, he was employed as an accountant by the Baldwin Piano Co., in Cincinnati, Ohio.

BRUSH CONTROL IS FARM PROBLEM

Brush control is considered by farmers in several communities as one of their major pasture problems. According to H. E. Forkner, County Agent, Brush crowds out valuable pastures and decreases the livestock feed supply.

Two major steps in pasture improvement are the clearing of the brush and the keeping of the new growth down after the clearing has been completed.

The brush saw has proven in many counties the cheapest and easiest way of clearing the land. A demonstration in the use of this saw will be held one half mile from Burlington on the Florence road at the Bert Rouse farm on this Friday, April 27th, between 1:00 and 2:30 p. m. Farmers interested in cheap brush cutting are urged to attend this demonstration.

Livestock management, regular mowing over cut, over brush land are the best aids in keeping pastures clean after the brush is cleared.

Mr. and Mrs. William Wallace and family were calling on friends in Burlington, Saturday night.

ORGANIZATIONS AID COLLECTION

OF CLOTHING DURING MONTH OF APRIL—COLLECTION CENTERS SET UP BY COUNTY CHAIRMAN.

All organizations of Boone County are cooperating in the United National Clothing Collection, in progress during the month of April.

Collection centers have been set up, and the county chairman asks that all clothing and other usable articles be turned in by Friday, April 27. This will give time for the articles to be packed and sent to Headquarters by the end of the month.

Following is a list of places where anyone may leave articles to be donated to the collection: The room formerly known as Conner's Restaurant, Burlington, (get key from Miss Gillespie); Building and Loan Garage, Florence (key with Mr. Lutes); Vallandigham's Garage, Walton; Edging Store, Idlettsville; Scothorn's Store, Idlettsville; and Hamilton's Store, Verona.

Henry J. Kaiser is National chairman of the collection, and the goal is five pounds of usable clothes or bedding turned in for every man, woman and child in the United States, to make a total of 150,000,000 pounds. All good substantial used clothing, for both winter and summer is needed, including suits from baby garments to the largest, men's women's, boys' and girls'. Also needed are practical shoes, caps, soft crushable hats, serviceable bedding, and usable remnants.

The style of the clothing is not important. Many of the people who will receive the articles, escaped from the enemy five years ago with only the clothes they were wearing, and have been unable to obtain new supplies since. Only by sharing garments are they able to place together a costume suitable to be seen in on the street. During the winter months deaths from exposure equalled and in some sections surpassed those due to starvation.

This desperately needed clothing is available, lying forgotten in the storage places of the American homes. Clean out your closets today, turn in everything you do not use yourself.

Remember the slogan "What Can You Spare that They Can Wear?"

Lamp Shades Made By Leaders At Meeting

A demonstration of how to make lamp shades was given at the leaders' training class last week. Miss Vivian Currutt, home furnishings specialist, University of Kentucky has a display of shades that could be made at home. Following her demonstration of making a shade, seventeen cloth and parchment shades were started by the leaders.

A demonstration of making a lamp shade will be given at each of the eleven Homemakers Clubs during May. Anyone interested in making shades is welcome to attend a meeting according to Mary Hood Gillespie, Home Demonstration Agent.

W. L. McBee Purchases Service Station, Dwelling

W. L. McBee purchased the oil station and dwelling adjoining in Burlington from Mr. and Mrs. F. W. Dempsey this week, through A. B. Renaker.

This property was owned by the late Marce Riddell, the father of Mrs. Dempsey, who operated this station prior to his death several years ago.

Mr. McBee has been operating the station several years and has built up a good business at this stand.

Thomas High School Graduates Leave For Great Lakes Center

Robert Renaker Miller and Paul Grayson, two of our Hi School graduates of Florence High School this year are at Great Lakes for Naval Training. These boys enlisted in February and were called the 14th of April.

The school regrets losing these boys just before graduation exercises, but wish them the best of luck and a speedy return.

Lt. Homer Lee Osborne Liberated In Germany

Lieutenant Homer Lee Osborne, 23, husband of Mrs. Marie Cross Osborne and son of Mr. and Mrs. Homer Osborne of Walton, has informed his family in a letter that he has been liberated from a German prison camp. He was captured last February.

Lieut. Osborne is a former basketball coach and teacher at Walton High School, and is well known throughout the county. He was listed as missing in action last February.

WATERS CLOSED TO FISHING MAY 1-29

EXCEPT NAVIGABLE STREAMS, HERRINGTON LAKE AND DALE HOLLOW LAKE, WHERE POLE AND LINE FISHING IS LEGAL.

All public waters in Kentucky will be closed to fishing during the period from May 1 to 29, with the exception of those "navigable streams" under government lock and dam; Herrington Lake and Dale Hollow Lake, where pole and line fishing will be permitted, Earl Wallace, Director of the Division of Game and Fish, announced today.

Among the "navigable" streams in the state are the Kentucky; the Ohio; the Green and its two tributaries—the Levisa Fork and the Tug Fork. The four tributaries that are mentioned above are open to fishing below the locks and dams that have been placed some distance from where they flow into the larger streams.

The Game and Fish Law states: "It shall be unlawful to take fish or attempt to take fish in any manner or by any means in any of the public waters of this State during the period from May 1 to 29, each year, except that this shall not prohibit fishing with pole and line in any navigable streams but not above the last lock and dam."

The locks and dam in each stream and going on up to the number of the last lock and dam on the river. Using the Kentucky River for example: The No. 1 lock is located at Carrollton, Ky., at the mouth of the Kentucky river where it enters the Ohio River. The locks are numbered consecutively up to Lock No. 1, which is located at Heidelberg, Ky. This is the last lock and dam on the Kentucky river and under the Game and Fish Code, it will be unlawful to take fish in any manner above that lock and dam during the period from May 1 to 29. Fishing with pole and line will be permitted in all the above mentioned streams during the period of May 1 to 29, below the last lock and dam. Remember this: the last lock and dam will always be found toward the headwater of any river.

Herrington Lake was left open for pole and line fishing by action of the State Game and Fish Commission recently as an experiment on more adequately harvesting the game fish supply in the water impounded by Dix Dam. Officials say that the lake is now overstocked with fish and by permitting the taking of fish during the month of May, part of the surplus crop might be harvested. Similar action was taken for Dale Hollow Lake, part of which extends into Kentucky out of Tennessee.

Celebrates Birthday

Pfc. Raymond H. Jackson, son of Mrs. Mary Jackson, of Constance celebrated his 19th birthday with a party given by his mother while he was spending a 14-day furlough at home. A number of his friends were present to help celebrate the occasion.

Pfc. Jackson returned to Ft. Ord, Calif., April 12th for duty.

ALBERT GRAY SENTENCED

TO TWENTY-ONE YEARS BY JUDGE WARD YAGER WEDNESDAY—CONDEMNATION SUITS HEARD THURSDAY.

Albert Gray, 22, of Cincinnati, one of two men charged with the kidnapping of a Florence tourist home was sentenced to 21 years in the State penitentiary Wednesday in Boone Circuit Court by Judge Ward Yager after Gray had pleaded guilty to the charge.

Walter Zitt, 27, was sentenced to twenty-one years Friday, April 13, in Judge Yager's court, and both men were transported to the State penitentiary Wednesday afternoon by Deputy Sheriff Irvin Rouse and Jeff Edward Eddins.

Condemnation suits heard in Boone Circuit Court for right-of-way were decided with the following results. Chambers received \$2286.00, Parke \$5880.00, West \$5934, and Knox \$5732.00.

The April term of Boone Circuit Court was adjourned Thursday afternoon.

Bellevue Whitewash Burlington Nine Sat.

Saturday, Bellevue collected revenge over the Burlington Baptist for the 4-4 defeat Burlington handed them last week when they trounced the Burlington nine by a score of 10-0.

Jack Roland, Bellevue right-hander had the visitors baffled throughout the game, with Burlington collecting only two hits off his offering. He struck out 10 and walked two. Scott was on the receiving end for Bellevue. Burlington used Smith, Yelton and Brown on the mound, with Benson behind the plate. Smith was the losing pitcher.

Dave Glone had a perfect day at bat with 2 doubles and 2 singles for four trips to the plate. Bellevue had 16 hits.

Saturday, April 28, Burlington will play Petersburg at Petersburg, 3:30 p. m.

MILLER'S BAND TO APPEAR AT HAMILTON SCHOOL

FEED SUBSIDY TO BE CONTINUED

THROUGHOUT THIRD QUARTER OF THIS YEAR—TEN CENTS FOUND ON BUTTERFAIT TO BE MAINTAINED.

Recommendation to Congress by the War Food Administration to continue the present feed subsidy of 10 cents a pound on butterfat throughout the third quarter of this year, beginning on July 1, is welcome news to Boone County cream producers.

There were some predictions that this subsidy would be reduced to 6 cents a pound during the third and fourth quarter of 1945.

Further stimulation to the production of cream for buttermaking was given by the recommendation that the subsidy be increased to 16 cents a pound for the fourth quarter of the year, beginning on October 1.

Officials of the National Cream quality program point out that with a subsidy of 10 cents a pound for 9 months of the year and 16 cents for three months, the average subsidy for the year will be 11 1/2 cents. Figuring conservatively that the average annual butter fat production of cows is 175 pounds, this means that the cream producer will receive a subsidy payment of \$20.12 1/2 cents per cow. A producer with a herd of 6 cows will receive \$120.75. This sum is increased, of course, when the cows produce more than 175 pounds of butterfat a year.

Government reports indicate that 1,810,000 pounds of butter were produced in the United States last year. It took 1,448,000 pounds of butter fat to produce this amount of butter. To produce this amount of butterfat, 38,200,000 pounds of 4 per cent milk was required. This was equivalent to 212-3 per cent of the 130 billion pounds of milk produced in the United States during 1944.

SETTLEMENT AND STRUGGLES IN CANAAN

LESSON TEXT—Judges 2:6, 7, 11, 12, 13, 14, 15.
GOLDEN TEXT—Be strong and of a good courage; be not afraid, neither be thou dismayed; for the Lord thy God with thee whithersoever thou goest.—Joshua 1:9.

God keeps his promises. Israel found that to be true as He brought them into the promised land of Canaan. Those who rebelled against Him had died in the wilderness, but now a new generation had come into possession of the land.

Here they met the challenge of the heathen, and were victorious over them as they trusted the Lord. Joshua, their leader, after faithful services was ready to go to be with the Lord, but before doing so, reminded them of God's promise and of the danger of unbelief and disobedience. As our lesson opens, we find the people settled in the land, as far as they had taken it. We find:

I. God's Promise Fulfilled (2:6). The Lord had promised the land to them as they went in and possessed it by faith in Him. He fully kept that promise in the measure that they believed Him. They never did take the whole land, but that was because of their failure, not God's.

The story speaks to us. God has provided a rich inheritance for the believer in Christ, but it must be appropriated by faith. How much have we taken out of the riches we have in Christ?

We are also reminded of the absolute faithfulness of God. There is little in this world in which we may repose complete confidence, but we may and should trust God. He has never failed anyone, and He will not fail us.

II. Man's Promise Broken (2:7, 11, 12).

The people had solemnly promised to keep God's commandments (see last week's lesson). That promise they had renewed in response to Joshua's farewell challenge (see Josh. 24:20, 21). They kept their word only as long as those who remembered Joshua were alive, and then they "forgot the Lord."

This fall of Israel has its counterpart in what is taking place in our land today. The great mass of decent people in America were reared in Christian homes. They know what is right, and they live on the spiritual and moral momentum received from their godly parents. The next generation now coming into power, without the benefit of spiritual training in the home and church, are forgetting the Lord and following other gods, the gods of pleasure, of money, of lust.

III. God's Plan of Deliverance (2:18, 19).

One would have thought that God would give up on such an ungrateful people. He did not. He provided deliverance for Israel. That gives us courage, for we know that He has not given us up, but has provided in Christ a sure deliverance—if America will but turn to Him.

For Israel's deliverance God provided judges, who were not only judicial, but, in fact, primarily administrative in their work. They were God's men to call Israel back to Him. The repeated failure and backsliding of Israel brought new acts of mercy on God's part in calling out new judges. It is interesting to note that God works through men. Some of these judges were great men. Others were just ordinary men. But each in his appointed place at the appointed time, was God's man.

God is looking for men today who will serve Him. He wants brilliant, capable men, but He also calls the ordinary, everyday variety, and as they are faithful, He blesses them. Has He called you? Have you responded?

IV. God's Presence and Power (8:11-16).

Israel had long been under the oppression of the Midianites, who would sweep over the land and steal their crops and their flocks. Israel finally turned to God for help, and He met their need by calling Gideon as the fifth of the judges.

God knows better than to call an idle man, one who is sitting around waiting for opportunity to knock. He seeks out the busy person and gives him more to do.

Note the entirely adequate provision made for Gideon's success. "Surely I will be with thee." That means both the presence and the power of the eternal and omnipotent One.

Gideon at once began the tearing down of the heathen places of worship in his own community. It was the hardest place to start. It always is. But the one whose light is to shine afar must see that it shines brightest at home. The humility of Gideon as he looked at himself (v. 15) is commendable. But note that he did not permit it to shut the door of faith, as he believed God and did mighty exploits for Him. Don't trust yourself, but do trust God!

HAMILTON SILVER LEADERS

The regular 4-H meeting of the Silver Leaders was held at Hamilton School, April 2, 1945. The meeting was called to order by our president, Leland Sullivan. After repeating the 4-H pledge, group singing was led by our song leader, Alma Atterkirch. The roll was called and the minutes of the last meeting were read by the secretary, Bertha Carroll. Mr. Forkner and Mr. Robertson each gave talks on the different projects, stressing the necessity of getting started early and completing our projects. In the absence of

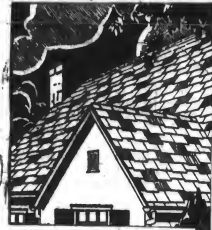

Miss Gillaspie, Mrs. William Townsend gave a short talk on canning. We hope we will hear more from her later. We were glad to have two adult leaders present. Owing to the scarcity of materials our sewing units are having difficulty in getting started on their projects.

There being no further business, we adjourned to meet May 7. The high water having cut us off from school makes it necessary to have two meetings at close intervals.

4-H ST. PAUL TROJANS
April 17th found the members of St. Paul 4-H Club enjoying their meeting in the form of a broadcast. The program was interesting and enjoyable. This was the fourth community meeting for 1945. Plans were made to train demonstration teams for 4-H Spring Rally, May 19th.

ST. PAUL 4-H FOODS MEETING
The 4-H meeting on foods was held April 18th at 2 o'clock at St. Paul School. Mrs. R. Lipp is the adult leader. It is the third meeting of its kind to be held this spring.

FLORENCE 4-H CLUB NEWS
The Florence 4-H Club girls have had three 4-H meetings. Our officers are: President, Betty Chittwood; vice president, Ann Mudman; secretary-treasurer, Patricia Osmun; sergeant-at-arms, Bonnie Schram.

The cooking classes are coming along just fine. We could not find any leader for Unit II so they joined in with Unit III. Mrs. Kobman and Mrs. Alyce Blackburn are our leaders.

The sewing classes are having a hard time getting their materials.

Patricia Osmun, Reporter.

PETERSBURG 4-H CLUB

The meeting was called to order March 26 by the president. We said our 4-H Club pledge. Talks were made by the captains Alan Berkshire, tobacco; Paul Leek, labor service; Ruth Nixon, clothing; Alice McWeathy, Home Labor service. Mrs. Townsend gave a talk on the "Basic Seven Food Groups" telling us what food to eat and can. Mr. Robertson asked about the new members. Miss Gillaspie told us about Petersburg ranking third in points for the year, and Spring Rally Day at Burlington School this year. We sang a song, "Tramp! Tramp! Tramp!" The meeting was adjourned.

4-H SEWING MEETING AT GRANT

Our meeting was called to order by Mrs. Florence McArthur and Mary McArthur. There were three members present. Mrs. McArthur gave us our books on what we were taking. Joy Stephens took "Dress-up Dress"; Janet Pope "Play and Work Clothes"; and Angie McDaniel, "Play and Work Clothes." We talked about our materials. By our next meeting we are going to have our material. The meeting was adjourned.

Sloping Houses Save Pigs For Local Farmer

Charles L. Hays, Taylor, reported, saved an average of two more pigs per litter the past year thru use of sloping farrowing houses, according to report at the County Agent's office.

Charles this spring, raised 110 pigs from twelve litters or 9.2 pigs per litter in houses on sloping floor. Eleven other sows, farrowing on level floors, raised only 79 pigs or an average of 7.2 pigs per litter.

Sloping farrowing houses are reported by the College of Agriculture as saving many pigs this year. Sloping the farrowing house does not incur additional expense. Farmers who plan to use this system for the first time should make a study of special problems involved in the use of this improved practice.

NORBER 4-H CLUB

We held our second community meeting at Hebron School. The meeting was opened by our president Norma Jarboe. We gave the 4-H pledge led by our cheer leaders Margie Master and Betty Jarboe.

Minutes of last meeting were read and approved. We received good reports from our group captains concerning their projects. During the short business session we elected Marilyn Heims to be our Labor Service captain.

There were fifteen members present and Miss Gillaspie, who gave us a pep talk on Labor Service and announced the date of Spring Rally, May 19.

After singing one verse of "America" we were adjourned.

Martha Pfalzgraf, Reporter.

GRANT 4-H HOME LABOR SERVICE

The Grant 4-H Home Labor Service project group held a meeting on April 20. We have had two meetings, one on dish washing and one on ironing. We have seven members in our project.

We talked about some demonstrations to give. We have three demonstrations made up. The meeting was adjourned.

WALTON 4-H CLUB
The Walton 4-H Club held its second monthly meeting at Walton School, March 19th. As visitors we were glad to have our home demonstration agent, Miss Gillaspie; Food Conservation Assistant, Mrs. Townsend; County Agent, Mr. Forkner; Assistant County Agent, Mr. Robertson our community leader Mr. Baker and assistant community leader, Miss Scott.

Miss Gillaspie, Mr. Forkner and Mr. Robertson made very interesting talks on the importance of completing our projects and getting in our record books. The captains gave reports.

It was decided our meetings were to be held the third Monday of the month.

We are glad to have Mrs. Townsend with us. Welcome Mrs. Townsend!

Mary H. Chipman, Reporter.

GRANT 4-H CLUB

The meeting was called to order by Lafe Miller, president, March 26, 1945. The roll was called with fourteen members present. The minutes of the last meeting were read. The captains of each group gave a talk on what their group was doing. Mrs. Mary L. Townsend gave us a talk on foods. We were glad to have her with us at the meeting. Mr. Robertson asked the club how many members had cows. Miss Gillaspie gave us a talk on the nice work we had done last year and some reasons why we won the trophy. We were glad to present to Mary McArthur the 4-H Club metal which was given for the Home Labor Service work which she had done last year. We were sorry Mr. Forkner was not with us at this meeting. The girls had a talk with Mary on Home Labor Service. Mr. Robertson had a check-up with the project captains. The meeting was adjourned.

Janet M. Pope, Club Reporter.

HEBRON HOMEMAKERS

Mrs. Ethel Lea entertained members of the Hebron Homemakers Club when they met recently. Mrs. Marie Asbury, presided at the business session at which time she announced the projects for coming year. A motion was made to give a donation to the Cancer Control Drive also one to the Booth Hospital.

Hilda Hogan read a paper on the Philippines.

The timely lesson on "Gardening and Poultry" was presented by the Live at Home leader, Mrs. Ruby Hollis and assisted by Mrs. Hilda Hogan.

Thirteen members answered roll call with a gardening hint in keeping with the lesson.

The club was delighted to have Mrs. Mary Louise Townsend present for the meeting. Utility bills for the soldiers are being made again.

The citizenship chairman reminded everyone to save paper and have it ready for the drive on May 3rd and 4th.

COVER CROP FEEDS

BIG LOT OF STOCK

Simpson County Agent Woodrow Coots says more farmers should know about the cover crop experience of O. D. Meador. He sowed 12½ acres to a mixture of 1½ bushels of balbo rye, a bushel of barley and 15 pounds of crimson clover to the acre on Aug. 19. A month later he turned into the field 20 cattle, 30 sheep, 40 hogs and five horses and mules. The field furnished them sufficient feed until cold weather. Three hundred pounds of superphosphate and 50 pounds of ammonium nitrate an acre were applied.

Mr. and Mrs. K. W. Aylor spent the week-end with their son, Wm. Wesley and family.

LADY NEARLY CHOKED WHILE LYING IN BED DUE TO STOMACH GAS

One lady said a few days ago that she used to be afraid to go to bed at night. She was swollen with stomach gas, which always got worse when she went to bed, and the gas would rise up in her throat after she lay down and would nearly choke her. She couldn't lie flat. Had to prop herself up on pillows. Recently this lady got ERB-HELP and now says gas is gone, stomach feels fine, bowels are regular and she can go to bed and sleep soundly.

ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get ERB-HELP. Helms Pharmacy, Dixie Highway.

Is Your Refrigerator Ready
for Its Summer Work?

NOW'S THE TIME TO CHECK UP

Don't wait until hot weather to have your electric refrigerator checked over and any needed repairs or adjustments made. Refrigerator repairmen are busy now and will be extra busy during the midsummer rush. You'll save possible food losses and inconvenience later on by having your refrigerator put in first-class condition now.

Follow These Tips—For That "Ounce of Prevention"

Defrost whenever frost reaches thickness of one-quarter inch.

Wash interior, including freezer, with weak baking soda solution each time you defrost.

Wash exterior with mild soap and warm water. A thin coating of wax will help protect finish.

Wipe grease from the door gasket promptly. Grease deteriorates rubber.

See that gasket makes tight seal.

Do not open door oftener than necessary and always close it quickly.

Cover all liquids and keep defrosting tray dry to retard formation of frost on freezer.

Don't set control for colder temperature than necessary. Use fast freezing sparingly.

Keep unit compartment clean. Do

not let dust accumulate on condenser coils.

If an open unit model, check to see that belt is not worn and fits properly.

Oil open unit models periodically as per manufacturer's instructions. Sealed unit models need no oiling.

Place refrigerator in coolest part of kitchen where there is plenty of room for ventilation.

The play "Hollywood Bound" will be presented by the Senior class at Hebron High School, Friday, April 27 at 8:00 p. m.

S. D. Hempling purchased part of the McKenzie property at Panama City, Florida. This property was owned by R. L. McKenzie former mayor of Panama City and is located in the newly discovered oil belt of Florida.

Mr. and Mrs. Sel' Vahlsing, of Bromley spent Sunday with her parents, Mr. and Mrs. Lewis and family.

Mr. and Mrs. Fred Vahlsing, Sr. spent Sunday with Mr. and Mrs. Harry Larin and daughter, of Coryville, Ohio.

Mrs. Henrietta Craven is somewhat improved at this writing.

Forty-five farmers in Marshall county have placed orders for about \$2,000 pine and locust trees to be used on gullied and waste land.

CARD OF THANKS

I wish to thank our friends and neighbors for their many deeds of kindness shown me in the illness and death of my beloved husband Edward Newman.

I especially wish to thank our pastor, Rev. Harold Mopperton for his consoling words, and Philip Tallaferro for the efficient manner in which he conducted the funeral.

Mrs. Pearl Newman.

CARD OF THANKS

I wish to thank everyone for kindness shown me during the illness and death of my beloved sister.

Louisa Frances Delph

Especially do I wish to thank Mrs. Clara Seebree, Virgil S. Vice, Rev. R. A. Johnson, Dr. M. A. Yelton, Chambers and Grubbs and the donors of the flowers.

W. A. Delph

CARD OF THANKS

We wish to express our sincere appreciation to our friends in the illness and death of our beloved husband and uncle Glen Crider.

To those who sang, gave flowers and the consoling words of Rev. Demolise and Rev. Walcott and Dr. Rouse for their faithful attendance.

The continuation of the dairy payment production program thru

March, 1946, and the rates at which payments will be computed were announced on April 27, according to information received by the Kentucky State IAA Committee today. The revised rates for Ken-

today. The revised prices for Kentucky are as follows: For April, 60c per hundredweight for whole milk and 17c per pound for butterfat. For the period May through June 30, 25c per hundredweight for

whole milk and 10c per pound for butterfat. For the July-September quarter, 45c per hundredweight for whole milk and 13c per pound for butterfat, and for the next six months, October 1, 1945, through

March 31, 1946, the rate for whole milk will be 60c per hundredweight and for butterfat 17c per pound.

Previously announced rates for April as revised had been 60c per hundredweight for whole milk and 10c per pound for butterfat. The payments for April, May and June

will be made beginning July 1.
"As has been previously stated, this program was initiated in October, 1943, to offset increases in dairy production at high levels, and at the same time maintain prices to consumers at present ceilings."

commented M. D. Royse, Chairman of the State Committee. "The rates are revised from time to time to reflect seasonal variations in production costs."

IMPROVED SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D.
 of the Moody Bible Institute of Chicago.
 Released by Western Newspaper Union.

Lesson for May 6

Lesson subjects and Scripture texts selected by the International Council of Religious Education; used by permission.

THE HEBREW MONARCHY AT ITS HEIGHT

LESSON TEXT—1 Kings 9:1-7, 26; 10:26-28; 11:4-11.
 GOLDEN TEXT—Blessed is the nation whose God is the Lord.—Psalm 23:12.

Keeping up with the neighbors is not always a desirable thing, but both men and nations do it. When the last judge, Samuel, had become old, Israel began to demand a king like the nations round about. Although the rejection of his direct rule over them through his chosen men was a sad development, God permitted them to choose a king. Saul, their first king, was evidently selected for his appearance and his physical superiority. He began well, in dependence upon God, but came to a tragic end because of sin.

David, who followed Saul, had his faults, but was essentially a man after God's own heart. He wanted to build a temple for God, but because he was a man of war, God decreed that his son, Solomon, who succeeded him, was to build it.

With the reign of Solomon, and especially with the building of the temple, the monarchy in Israel reached its highest development—only to go down to ruin because of his physical superiority. He began well, in dependence upon God, but came to a tragic end because of sin.

I. Dedication Accepted (9:1-3). God was pleased with Solomon's intelligent and spiritual prayer and the act of dedication, and He allowed the house of the Lord by putting His name on it and assuring them of His continual presence.

It is a delightful thing that God is willing to accept at the hands of man the dedication of either himself or his possessions for God's glory. The Lord is Maker of heaven and earth and surely has no need of what we have. And yet He does have need of it, and is ready to use it as we present it to Him.

Our act of dedication results in His act of acceptance and consecration of our talents, our time, our money, or our goods for His glorious service. But God expects His people to continue in devotion to Him if they are to have His continued presence and blessing.

II. Consecration Expected (9:4-7). The throne of David was to remain in the lineage of Solomon as long as he and the people of Israel walked uprightly before God. He expects obedience to His commandments, and apart from it He cannot give His blessing.

Note the faithfulness of God. No man would ever have introduced such a note of solemn portent and of warning into an occasion which seemed all gladness and light. Prosperity was at its height. The king was in favor with both God and man. Into that picture of success and grandeur God paints with bold strokes a great and startling "IF."

It is presumption to think that we can coast along on past attainments or former piety. If we are to be used and blessed of God tomorrow and the day after, we must look to our consecration to Him and our obedience to His will.

III. Possessions Glorified (9:26; 10:26-28). We read in 10:23 that "King Solomon exceeded all kings of the earth in riches and wisdom." He had reached the pinnacle. The Chinese have a proverb, "The man who stands on the pinnacle has nowhere to step but off."

It need not have been a snare for Solomon to be rich if he had maintained his simple faith in God, but the temptations brought in by heathen wives whom he foolishly married, cooled with the pleasures of riches (Matt. 13:22), soon led him into the downward path.

The almost unbelievable riches of Solomon could have been used for the glory of God, but instead they were an end in themselves. When money takes the ruling hand in a man's life, he loses out spiritually. His life becomes an empty farce; his soul can be satisfied with only more and more gold.

Solomon was soon led into the folly of turning to the worship of heathen gods. Little wonder that we find:

IV. Judgment Decried (11:4, 11). It would seem that a man who knows the Lord should grow in grace and become even more intimate with God as he grows old. One might expect that the passing of years should mellow and sweeten life. But so to say, it is often not the case.

"When Solomon was old," he went after false gods. How tragic! Little wonder that one of the saintliest men this writer ever knew prayed constantly as he went on into his eighties, "Lord, keep me from ever becoming a wicked old man." Other old men and women (yes, and all of us) could well pray the same prayer.

So it became necessary for God to wrest the kingdom out of the hands of the great Solomon, and Israel goes on to its history of a people divided, of disobedience to God and of ultimate judgment. Of that we shall see more in the weeks just ahead.

BELLEVIEW

Mrs. Esby H. Ligon returned home last Sunday after spending two weeks with relatives in Ft. Worth and Ft. Stockton, Texas. The community was sorry to hear that her grandmother, Mrs. H. B. Hensley fell and broke her hip a few days after returning home from a visit here.

The young people here gathered at the home of Charles Joe Stephens last Wednesday to celebrate his 21st birthday. A very enjoy-

able time was spent with Joe receiving many gifts. Those present were Charlotte and Genevieve Ashcraft, Lucinda Burcham, Imogene and Pauline Rouse, Joy and Lillian Stephens, Evelyn Ann Rogers, Willa M. Deck, Betty Cason, Carolyn Cropper, the hostess Agnes Stephens, Mr. and Mrs. Robert Rogers, John C. Rogers, David and Leland Clore, Robert and Cliff Scott, Lyle Miller, Jr., Ivan Cason, Harry Sroggin, Hubert Kirkpatrick, Bobby Brown and Ray Patterson.

Mr. and Mrs. Franklin Clore pur-

chased the Clayton Brown farm recently.

Mr. John Maurer spent Sunday with Mrs. Alene Brady, Mrs. Mary Jones and Linda.

Mr. and Mrs. Bernard Sebree, Mrs. Clara Sebree and grandson spent Sunday with Mrs. Bertha Rice and son.

The Wm. Deck family spent the week-end visiting relatives in Erlanger.

J. D. McNeely spent Sunday with Mr. and Mrs. C. E. McNeely.

Mrs. Mary E. Schelen and daughter were week-end guests of Mr. and Mrs. Sherman Burcham and daughter.

Mr. and Mrs. Lyle Miller and son were six o'clock dinner guests of Mr. and Mrs. Herbert Greve and son of Bond Hill, Cincinnati, Sunday.

Mr. and Mrs. Bernard Rogers were visiting Mrs. Stella Gaines, of Petersburg, Saturday.

Wm. Ryle, of McViney spent the week-end with Mr. and Mrs. Willard Ryle.

Miss Osceola Williams was the week-end guest of Mr. and Mrs. Robert Rogers.

Miss Mary Charlotte Ashcraft spent last Thursday night with Miss Jean Day, of Commissary.

Rev. W. C. Guth received his Th. M. Degree from the Louisville Baptist Seminary this week.

The graduation exercises of the Senior class at Burlington High School were well attended by citizens from this community.

Mr. and Mrs. R. S. Hensley and Mr. and Mrs. Marvin Ligon and daughter were Sunday guests of Mr. and Mrs. H. R. Hensley and daughter of Ft. Thomas.

Lt. Anna Lucille Grant of the Army Nurse Corps, Miss Rena Mae Grant and Mrs. Chester Grant spent last Tuesday with Mr. and Mrs. W. B. Rogers, Jr., and daughter.

Mrs. Carry Hook, of Cincinnati and Miss Eva Whitenock were the week-end guests of Mr. and Mrs. Edward Rogers and son.

Mrs. J. Elbert Clore and mother, Mrs. Ellis are receiving treatment at the Mayo Hospital, Rochester, Minn.

WATERLOO

Mrs. Kermit Mallicoat is on the sick list.

Mr. and Mrs. Jack Purdy, E. E. Clore and Mrs. Best Clore were in Covington Friday. The Clores were having teeth extracted.

Miss Sherl Rector and Mr. and Mrs. Cliff Pope and daughter Janet were shopping in Erlanger, Saturday.

Mrs. Marion Bishop entertained the Rabbit Hash Homemakers on Wednesday.

Mrs. Lella Kite of Burlington visited her niece and family here last week.

Miss Mary Lou Williamson cele-

brated her 15th birthday with a dinner, Sunday.

Mr. and Mrs. Geo. Friggle and children were Sunday guests of her family, the Stevens here.

Neil Jo Purdy spent the week-end with Mary Fresser, of McViney.

Bro. Carl Waincott and family entertained his brother over the week-end.

Miss Mabel Pope, of Covington was the week-end guest of Mr. and Mrs. Geo. Walton and family.

Mrs. Rosa Stevens spent the past week with relatives in Ohio.

Miss Corrine Walton, of Georgetown, visited with her parents, Mr. and Mrs. Geo. Walton this week-end.

RABBIT HASH HOMEMAKERS

The April meeting of the Rabbit Hash Homemakers met with Mrs. Marion Bishop at the beautiful home of her parents, Mr. and Mrs. J. C. Hopkins near Waterloo, April 25, with five members and four visitors present.

The meeting was called to order by Mary Wilson. Old business was taken care of and plans for new business discussed.

Mrs. Leo Pope gave a very interesting "Live at Home" lesson which was discussed and enjoyed by all.

Miss Gillaspie gave us some idea of our next lesson "Lamp Shade Making" and what we would need to bring. She stated we could recover any shade as long as we had a wire frame with ribs of wire to hold the top and bottom wires together in order to get a pattern.

She also asked that we do nothing to our old shades until we come to the meeting.

She tells us we can make very interesting shades from small fig-

ured wallpaper, feed sacks or glazed cardboard.

Since next meeting is the election of new officers every one should make an effort to attend if possible.

We meet with Mrs. Adah Wilson on May 23 a little earlier than usual time due to the length of time needed for the new lesson.

GOL. LUTE BRADFORD, AUCTIONEER

There's a man that I know, and he lives near you,
In a town called Everywhere.
You might not think he's a man from his hat
Or the clothes he may chance to wear;
But under the jacket with many a pocket
Is a heart more precious than gold—
The heart of a man 'neath the coat of a boy.
A man who is twelve years old.

We never may know what the future will make
Of the boys that we constantly meet,
For many a student is now at school.
And presidents play in the street.
For many a boy with playthings now
Is a man of power and bold;
So I take of my hat and gladly salute
The man who is twelve years old.

—Francis Smyth

As the Delegates convene at San Francisco

... the prayers of all people, regardless of race, color or creed, join in one mighty chorus in the hope that guidance and wisdom shall be bestowed upon the delegates at the Conference, so that with foresight and courage a righteous and enduring peace shall be established for the generations that follow.

Demonstrations Well

Attended Last Week

Butter and cottage cheese making demonstrations given the past week in Burlington, Verona and Hebron have been well attended.

Other demonstrations have been scheduled to be held in the school houses of New Haven, May 4, 2:00 p. m. and Florence May 10, 12:30 p. m. A demonstration will also be given at the regular monthly meeting of the Walton colored Homesteaders' Club, May 18.

The public is invited to these demonstrations, to see the easiest and latest methods advised by the University of Kentucky, and explained by Boone County's War Food Assistant, Mary Louise Townsend.

Following the demonstrations an opportunity is given to have gauges of pressure canners checked for accuracy, against the master gauge bought for the County by the Council of the Boone County Homesteaders' Club. Many gauges have already been tested and it is important that every gauge in the County be known to be accurate to insure safe canning.
